Vision \$712,100 in City Projects

No Financing Included in Step for Post-Defense Improvements

Civic Center, Grandstand, Hospital Wing, Band Shell Listed

Five municipal projects, their estimated cost totaling \$712,000, were submitted to common council Wednesday afternoon for possible inclusion in the public works reserve program of the federal government which is being developed to provide employment after the national defense program has been completed.

These five projects, as listed by E. P. Stephan, secretary-manager of the Holland Chamber of Commerce, and Peter Elzinga, local designer, were:

Civic auditorium, \$370,000; 40-bed addition to Holland hospital, \$127,000; new boiler house and boiler equipment at Holland hospital, \$52,000; band shell at Kollen park, \$37,900; and grandstand at Riverview park, \$125,000.

Preliminary details and first estimates of costs of the different projects were outlined in individual projects prospectuses which were filed by these two men Wednesday afternoon with City Clerk Oscar Peterson who in turn submitted them to council. Aldermen referred the five proposals to its civic improvements committee and City Engineer Jacob Zuidema.

At council's Nov. 5 meeting, Daniel M. Van Noppen of Lansing, planning engineer for the PWR, explained that the new government agency's purpose was to list all municipal projects at this time, regardless of cost or how they would be financed, so that construction could be started on quick notice when there was a need for work by idle men.

Council at that time referred the program to its civic improvement committee and city engineer with the idea of listing various local projects with the agency. The board of directors of the Holland Chamber of Commerce is vitally interested in the civic auditorium and the band shell. It went on record at its Nov. 12 meeting as listing them as principal projects for the coming year.

According to the prospectus, the civic auditorium cost is divided as follows: Construction, \$285,000; equipment installed, \$32,000; other costs, \$53,000. Fifteen months is given as the estimated time to complete the project.

The building is described as follows: A masonry building, 100 by 150 feet, with the first floor to be used for auditorium and athletic activities, seating 3,600 with stage, dressing rooms, offices, boys' lounge and library, a girls' lounge and library and a kitchen. The ground floor would have a swimming pool, 10 bowling alleys, club room, Boy scout quarters, Girl scout and Campfire girls' quarters, dressing rooms and heating and equipment room. The upper section would have balcony seats, band and orchestra rooms, party room and display sections. Public rest-rooms would have separate outside entrances.

It would be used as a youth center and for public activities of every description that would be authorized by the city council and management. The auditorium would be used for all types of public gatherings.

Cost of the 40-bed addition to Holland hospital is divided as follows: Construction, \$80,000; equipment, \$36,000; other costs, \$11,200.

The wing which would make the present structure would be 40 by 120 feet, have three floors, be constructed of concrete with walls of masonry throughout and would include a 24-bed maternity department, including three four-bed wards, three semi-private rooms, two birth rooms, two labor rooms, one nursery with 24 bassinets and one small isolated nursery; one formula room and a nurses living room which would be large enough for use as a conference room; a new directors room as the present one is now occupied; one section of three or four beds designed to be separated with outside entrances; two beds to be properly equipped for psychiatric patients. The remaining beds in the wing would be used for medical cases in private rooms.

It is estimated that 10 months would be required to complete construction but that the wing would increase existing utilities by 60 per cent.

The present hospital is overcrowded at various times and the new wing would provide many additional rooms for private cases in the present building. The isolation section is necessary from the standpoint of contagious cases that may reach the hospital or develop in it, the prospectus set out.

Listed as a separate project is the new boiler house and boiler equipment, its costs divided as follows: Construction, \$28,000; equipment installed, \$22,000; other costs, \$4,000. Ten months is the estimated time to complete the project.

J. KLEIN KILLED AS HE CROSSES N. RIVER AVENUE

Body Thrown on Hood of Auto Driven by Youth of This City

Funeral Rites for Retired Worker Are Conducted on Monday

John Klein, 75, of 23 River Ave., Holland's third traffic victim in 1941, was fatally injured at 8:05 p.m. Friday when struck by an automobile while crossing River Ave. at First St.

He was struck by a car driven north on River Ave. by Frank Heenthal, 18, 297 West 22nd St.

His death, according to Coroner Gilbert Vande Water, was practically instantaneous as he suffered a skull fracture, severe head injuries and fractures of the left arm and right leg. The Nibbelink-Noter ambulance was called to remove the injured man to Holland hospital but he was already beyond assistance.

Holland's two previous traffic victims were killed in two automobile-train accidents.

Klein had just stepped off the east curb and was attempting to cross to the west side when he was struck.

Questioned by police after the tragedy, Heenthal said he failed to see the pedestrian until he was about 20 feet away from him. He said he swerved his car first to the left and then to the right to avoid striking the aged man and lost temporarily control of the vehicle while attempting to straighten it out.

Police said Heenthal halted the car 45 feet beyond the point of impact. Speed of the car was estimated at 25 miles per hour.

The driver told police that Klein started to run across the street and was struck when he (Heenthal) swerved to the left to avoid striking him.

The force of the impact threw Klein's body onto the hood of the car and the man's head crashed through the windshield.

Police reported that two large squirrel tails were hanging from the rear view mirror of the car and these may or may not have interfered with the driver's vision.

Frank Collins, 25 River Ave., was listed as a witness.

Collins, 66, told the coroner he saw Klein just before he walked into the street after waiting for another car to pass but did not see the accident because of the darkness. He said he heard only the noise of the car striking the man's body.

Klein had just left his home and was en route to the home of his daughter, Mrs. Joe Kolean, 55 West First St.

Survivors are the following children, John and Andrew Klein, Mrs. Joseph Kolean and Mrs. Egbert Beekman, all of Holland; 17 grandchildren and 13 great-grandchildren.

Mr. Klein was born March 5, 1866, in The Netherlands and lived here 54 years. He retired from active work some time ago, his last occupation being a furniture worker. He was a member of Central Avenue Christian Reformed church.

Funeral services were held on Monday at 1:30 p.m. from the home and 2 p.m. from Central Avenue church, with the Rev. D. H. Walters officiating. Burial was in Pilgrim Home cemetery.

OTTAWA YOUTH HELD FOR FIRING FATHER'S HOME

Probe of Robbery Hoax Is Climaxed by His Arson Confession

Youth of Near Jenison to Be Sentenced Later in Circuit Court

Grand Haven, Dec. 4 (Special)—Arthur William DuBois, 20, route 1, Jenison, entered a plea of guilty to a charge of arson, when arraigned in circuit court late Monday afternoon, and will be sentenced later.

DuBois is charged with setting fire to the home of his father, Ernest DuBois, on or about March 12, 1941, by lighting some newspapers and magazines which were in the attic of the DuBois home. He told the court he set the fire to get "even" with his father, with whom he had quarreled.

Unable to furnish \$3,000 bond, he was remanded to the county jail.

Investigation of his story of an attempted robbery from the home of his father, Ernest DuBois, in Allendale township Monday night, allegedly to cover up losses of food and other articles he had taken to supply the family of his girl friend who lived nearby, resulted in Sheriff William E. Boeve placing arson charges against the youth who works in a Grand Haven factory.

Sheriff Boeve said that after he became convinced the robbery story was a hoax he continued to grill DuBois with the result that one admission led to another and was climaxed by DuBois' confession that he set fire to his father's home on the afternoon of March 12, 1941.

The father told the sheriff that the insurance company paid more than \$1,000 for repairs to the home.

According to the sheriff, the elder DuBois left the home in charge of his son Monday, Nov. 24 while he attended a meeting. Upon his return, Arthur told of discovering an intruder in the basement. He said he got his shotgun, pursued the man down the road, overtook him and wounded him, but that the man finally escaped. He was, however, unable to give the officer any description of the alleged intruder.

To further substantiate the story of the intruder, Arthur admitted he broke some of the fruit jars on the basement floor and allowed the fruit juice to run out on the floor, out of the house and down the road a distance, the sheriff said.

Sheriff Boeve said the fire was started, according to Arthur's story, with newspapers which the father had accumulated in the basement and some rags which were in the boy's car. The paper and rags were tied together and set on fire in the attic of the home, the sheriff said. After the fire had a good start, Arthur went to the home of neighbors and told them of the fire. The neighbors turned in an alarm to the Pearl River fire department during which time the elder DuBois came home and attempted to extinguish the flames.

The sheriff said he believed the setting of the fire was a revengeful act on the part of the boy in an attempt to get even with his father for not allowing some of his more soiled clothing to be included in the family washing when sent to the laundry.

Boeve said he was unable to substantiate any of the facts of the alleged story of the attempted robbery and eventually obtained admission that it was a fake to cover up the losses, mostly of canned goods, from the basement.

He also stated that DuBois admitted taking articles from the variety woodworks, where he is employed in Grand Haven, and from the Wolbrink grocery and implement stores in Allendale.

Upon first being questioned, Arthur denied any part in the attempted robbery but after severe questioning signed a written statement which also set forth his participation in the fire. The DuBois home had been damaged by fire on two occasions within the past year.

Farmers Are Urged to Fix Farm Machinery

Grand Haven, Dec. 4.—Twelve implement dealers attended a recent meeting in Allendale which was arranged to discuss the serious situation that affects farm machinery.

George Anumdsen, extension agricultural engineer, Michigan State college, went over the problems with the dealers. It was said that priorities might have great effect on manufacture of farm machinery. The group felt that farmers could do much to correct the problem by checking up on machines and purchasing necessary parts now so dealers could order while parts are still available. L. R. Arnold, agricultural agent, urged farmers to consult dealers at once.

Park and Cemetery Board Offers Two Proposals for Triangle

The board of park and cemetery commissioners submitted two proposals to common council Wednesday afternoon, relative to the hazardous traffic condition at the six-point intersection of 21st and State Sts. and Central Ave. The board had been recently asked to remove Japanese cherry trees from the triangle inside the intersection.

Upon presentation of the board's communication, council voted to refer it to its public safety committee upon motion of Ald. Ben Steffens, seconded by Ald. Bertal H. Slaght.

"The board has studied this situation carefully and realizes that these trees constitute a traffic hazard. The board is of the opinion that the moving of these trees from their present location to the inside of the sidewalk would improve conditions but also believes that this would not entirely eliminate the traffic hazard."

The board's two proposals were: 1. Remove all trees from the State St. side of the triangle. 2. Leave the trees in their present location and have a stop sign placed on State St. to require all northbound traffic on State St. to stop before entering the intersection at State and 21st St. and Central Ave. the same as traffic is now required to stop before entering 21st and State Sts. and River Ave.

Two trees already have been removed by the board from the northerly point of the triangle but it desires council action before taking any further action.

The letters state that the chain has been approved by U. S. postal authorities but this was denied today by Assistant Postmaster John Greengood who said that any form of chain letter is illegal and that the government does not approve their use even to increase the sale of defense stamps.

Allegan County Man and Children Victims of Crossing Crash

Two Others in Car Hit by Freight Are Confined in Local Hospital

Fennville, Dec. 4 (Special)—The train-automobile accident which occurred Tuesday afternoon on the Pere Marquette crossing at New Richmond, five miles north of here, claimed its third victim Wednesday night when Dixie Hill, seven-year-old daughter of Mrs. Lavia Hill, route 1, East Saugatuck, died at 9:40 p.m. in Holland hospital of a fractured skull. She had been taken to the hospital in an unconscious condition and remained so with little hopes for her recovery.

Benjamin Thompson, 72, route 1, East Saugatuck, the girl's grandfather, was killed instantly in the accident and the girl's brother, Thomas Hill, nine years old, died about five hours later in Holland hospital.

Mrs. Hill and another daughter, Leona, 11, remain in the hospital at Holland. The hospital today reported continued improvement in their conditions.

The car which Thompson was driving was struck broadside by the engine of a southbound freight train. Earlier Mrs. Hill and her father had called at Colf school in New Richmond for the three children.

Funeral services for Mr. Thompson will be held Friday at 10 a.m. from the Burch funeral home here. Double funeral services will be held Friday at 2 p.m. from the New Richmond church for Tommy and Dixie. The three will be buried in Allegan city cemetery. G. Dykman, classical missionary of Holland, will officiate.

The Nibbelink-Noter ambulance was called from Holland to take Mrs. Hill to the hospital. Thomas was taken there in a private car while the other two were transported to the hospital in the Burch funeral home ambulance.

Several minutes elapsed after the accident before medical aid could be summoned as the telephone lines in New Richmond were out of order and it was necessary to drive to Fennville, five miles away, to obtain help. New Richmond residents took quilts and blankets to cover the injured until Dr. M. S. Roberts and ambulances arrived.

The road approaches the crossing from the south down a long hill. Visibility to the north from that side also is obstructed by the water tank on the side of the track, investigators reported. The freight train traveled for some distance before being halted.

Engineer S. Brown of Grand Rapids, only witness to the accident, was quoted as saying he saw the car coming down the hill but thought the driver would stop. Instead the driver drove in front of the engine without reducing the car's speed, Brown said.

Other members of the train crew were Dan Pepler, conductor, and Howard Zidler and Frank Pringle, brakemen. The train passed through Holland at 3 p.m. Tuesday.

Dr. E. D. Osmun, Allegan county coroner, said verdict would be accidental death. Thompson was driving the car.

Aiding Dr. Osmun in the investigation was Deputy Sheriff Kirby Gooding of Allegan.

Shortly after the accident a group of Holland hunters, including Neal Plagenhof, John Woldring and Ray Nykamp, arrived on the scene.

Mrs. Hill is the widow of Arthur Hill. Another daughter, Faith, was in school at the time.

Mr. Thompson's survivors are four sons, Leslie of Holland, Charles and Lee of Allegan and Clarence of Canada; three daughters, Mrs. Beulah Scott of Canada and Mrs. Eliza Wheeler of Allegan and Mrs. Hill and several grandchildren.

Growers Are Urged to Glorify Their Fruit

Grand Rapids, Dec. 4.—Louis R. Shamie of Detroit, editor of the Grocers' Spotlight, told Michigan fruit growers Wednesday to quit being tightwads and spend more money in glorifying their products before shipping to market.

Speaking before the joint convention of the Michigan Horticultural Society and the American Pomological society, the editor twitted the growers for being too stingy to experiment with some type of dress for their apples than crates, baskets and boxes. He declared retailers "stand ready and willing to cooperate with growers in the use of new packages for fruit."

Improvement is reported in the condition of Wayne Wright, two-year-old son of Mr. and Mrs. Lyle Wright, 131 West 32nd St., who is confined in Blodgett hospital, Grand Rapids. Believed to be suffering of infantile paralysis, he was stricken ill last Nov. 21.

JUDGES NAMED FOR HOLLAND'S LIGHT CONTEST

Five Will Decide Winners in Home Decoration Competition

Five persons were named today by co-chairmen Nelson Bosman and Hugh DePree to serve as judges in the Christmas home lighting festival which is being sponsored again this year by the Holland Junior Chamber of Commerce in cooperation with the board of public works.

The judges are Mrs. C. M. Selby, Miss Henrietta Althuis, the Rev. Marion de Velder, Henry Weyenberg and Gerrit DeWeerd.

A complete set of rules governing the contest and an entry blank appeared in last Friday's Sentinel. Entry blanks also may be obtained at any local drug store, the Northside grocery or the board of public works office in the city hall.

To be eligible for a prize, the entrant must fill out an entry blank and send it to the Chamber of Commerce headquarters.

Deadline for filing entries is Dec. 23 and the judges will inspect the displays between Dec. 23 and 30 between the hours of 7 and 10 p.m. The prizes will be awarded for homes which best symbolize the spirit of the Christmas season through the beauty and cheer of their decorations as seen by the passer-by, the co-chairmen said.

The judges will not enter homes to inspect interior decorations. Displays to be considered include Christmas trees, festoons of colored lights, floor lights and other arrangements in yards and on the outside of houses, and decorations in windows and on the inside of houses which can be seen on the outside and add to the effectiveness of the exterior display. There must be some form of exterior display.

The judges will make the awards on the basis of beauty, simplicity and effectiveness, rather than lavishness, the idea being to have the householder arrange some beautiful effective decoration symbolical of Christmas.

Residents in the rural districts in the vicinity of Holland are invited to participate in the contest. These outlying rural sections will be divided into two districts, all homes north of Lake Macatawa will be in district 1 and all homes south of the lake will be in district 2.

Electrical appliances having a total value of \$506.40 will be awarded for best decorated homes. Four prizes will be given away in each of the city's six wards and four prizes in each of the two districts.

Similar prizes to be awarded to the winners in each of the six wards and two districts. The prizes follow: First, hospitality set, including tray, two slice toaster and dishes to match; second, try set with grille stove, third, electric cookers; fourth, American Beauty iron.

As soon as the prizes are received by the board of public works they will be placed on display in the window of the James A. Brower Co., 212 River Ave.

Book Is Reviewed for Local Woman's Club

Mrs. Edward Donovan presented a delightful book review before members of the Woman's Literary club Tuesday afternoon which was both entertaining and instructive. In "Yankee Bride in Moscow," by Elizabeth Coffee Hampel, are humor and pathos, and a wealth of information about the Russia of 1935-7.

The book is neither fiction nor a war story, but rather the true experiences of a young American woman, who after an unusual courtship and marriage, started her housekeeping in the Russian owned and built American embassy building in Moscow.

Problems of shopping, and the difficulties of managing a home in Soviet Russia were cleverly set forth by the author. She told also of the social life in the American group, which was forced to "make their own fun" in that strange city of Moscow.

Over all Europe even then hovered the beast of war, said the author, who visited several European countries before returning to the United States with her husband in 1937.

Mrs. Donovan, formerly a teacher in Holland High school, where she directed many successful Senior plays, was introduced by Mrs. George A. Pelgrim, club president, who presided. Mrs. William Winter, chairman of the drama workshop, explained the typical observance of St. Nicholas day in The Netherlands which will be celebrated here on the Netherlands museum lawn Friday at 7:30 p.m. The drama group is assisting in the public observance.

Hostesses for the afternoon were Mrs. Frank Lieverse and Mrs. William Wismeier.

Earlier in the afternoon the Child Study group met to hear a talk on children's literature by Miss Catharine Mersen.

BASKETS TO BE GIVEN NEEDY AS HOLIDAY GIFTS

Organizations of Holland Prepare Lists; Clearing House Active

Hollanders will see to it again this year that the less fortunate citizens will not be forgotten at Christmas time. Arrangements are being made by local organizations for the distribution of food baskets, clothing, toys, candy and fruit to needy adults and youngsters.

For a number of years, this distribution has been one of the principal holiday activities in Holland as there is a strong feeling here "that it is far better to give than to receive."

Active again this year in preventing a duplication of food baskets and clothing to some families while others receive none will be the clearing house under sponsorship of the Council of Social Agencies. The work of this organization has been exceptionally successful in past years.

In charge of this year's clearing house will be Mrs. R. F. Keeler, 81 East Ninth St. All organizations or individuals who plan to assist families this year are being requested by the Council of Social Agencies to file with Mrs. Keeler a list of names and addresses of the families which they will aid.

Deadline for filing such lists has been set for Dec. 10. Persons and organizations desiring names of needy families may obtain them by calling Mrs. Keeler at telephone No. 4683.

Mrs. Keeler will be assisted this year by Ben Graham and Harry Kramer in preparing a list of needy families who will receive assistance.

Supt. George Trotter of the City Rescue mission said arrangements are being made to distribute at least 93 food baskets Wednesday, Dec. 24. This is the same number which the mission distributed last year.

A Christmas program also will be given Christmas night at the mission. Women teachers of the mission Sunday school are arranging the program which will consist of songs, music, recitations, pantomimes and dialogues. The children will be given their annual Christmas "treat" which will include candy, oranges and nuts.

Approximately 110 food baskets will be distributed by the Salvation army among widows and aged persons and to needy homes where there has been sickness and where there are large families.

The distribution will be made at 9 a.m. Wednesday, Dec. 24. At 7:30 p.m. Dec. 24, a Christmas program will be given at the city hall, featuring a play, "Ye Who Sit by the Fire" with a cast of Salvation army members. At the conclusion of the program, candy, oranges and toys will be distributed to the boys and girls.

The number of food baskets to be given out this year by the mission and Salvation army is somewhat under that of last year because of the increased prices of food. Also more persons are working this year and it is expected the demand for food baskets will be less. Canned foodstuffs which will be included in the baskets of the two organizations were obtained recently at the annual junior league party of the Holland Exchange club in which a can of food was the price of admission.

At Holland high school, the student council will again be in charge of the Christmas basket distribution. About 30 families were cared for this year at the distribution Friday, Dec. 19. The student council met Tuesday to complete plans for the distribution.

The local Forty and Eight club, fun organization of the American legion, also is planning to distribute food baskets. A meeting of the organization will be held later to complete arrangements.

Following a custom of the past few years, the Junior Welfare league will distribute 10 food baskets to families whose name will be obtained from the clearing house. Mrs. Stanley Boven and Mrs. Paul Vander Hill are co-chairmen of this year's project.

Various churches and other organizations are expected to distribute food and clothing to needy persons.

Another organization which will distribute food baskets will be the Junior Red Cross. During the week of Dec. 15-20, its members will collect canned foodstuffs from students in all the schools.

On Saturday, Dec. 20, the Junior Red Cross council will pack and deliver the baskets, Miss Beth Marcus, in charge of Junior Red Cross work in Ottawa county, said. Meat for these baskets will be purchased with money in a service fund of the Junior Red Cross.

HOLLAND TRUCK HAS ACCIDENT

Between 18 and 20 tons of brass castings which were being taken to the Holland Precision parts plant were scattered over the countryside following an accident Saturday at 4:45 p.m. when a big truck and trailer, owned by the company, was spilled into a ditch along US-31, two miles south of Ganges, in a collision involving a second car which attempted to pass.

G. A. De Jonge, 26, route 3, Holland, was driving the truck. He is reported to have escaped injuries.

State police said a car driven by Alvin Frank Freund, 38, Evergreen Park, Ill., attempted to pass the truck, but with another car approaching from the north, Freund cut to the right too soon, smashing into the truck.

The impact sent the truck out of control and it rolled over into the ditch, spilling its big cargo of castings. The Freund car veered and rolled over into the left ditch. The third car approaching from the north was able to stop without becoming involved.

State police said it required four hours to clear the highway entirely of the wreckage. Damage to the truck and trailer was estimated roughly at between \$800 and \$1,000, and from \$150 to \$200 to the car.

Freund was arrested by state police for illegal overtaking and passing. He will appear before a justice court in Saugatuck.

GOSSELINK WILL LEAD SINGING OF CAROLS DEC. 24

DAR Again Will Sponsor Traditional Event in Centennial Park

For the second consecutive year, the Rev. Nicholas Gosselink, pastor of First Reformed church, will lead community carol singing in Centennial park on Christmas eve. It was announced today by Mrs. C. C. Wood, regent of the Elizabeth Schuyler Hamilton chapter, Daughters of the American Revolution, which has sponsored the event every year since 1918.

Up until last year, John Vanderluis, former merchant, led the carol singing in the park each year and under his guidance and direction, the affairs would attract from 300 to 3,000 persons, with the weather the determining factor. Mr. Vanderluis, who passed his 75th anniversary a few years ago, was unable to continue the work last year because of ill health.

Plans have not been completed, but tentative arrangements call for the old-fashioned portable organ which was used last year and the trumpeters who have been assisting in the carol singing for several seasons.

All the old familiar carols will be sung in the park, the sing lasting perhaps 15 or 20 minutes. The crowd will gather at a designated place near the lighted Christmas tree where overhead lights will furnish illumination. Boy scouts in all probability will distribute song sheets.

Rev. Gosselink is a native of Pella, Ia., a graduate of Central college and Western Theological seminary. He served as pastor of East Lawn Reformed church in Muskegon for nine years before coming to Holland two years ago last summer. He is in great demand as a song leader, especially at hymn sings which have been popular in Holland the last few years. He is a soloist, cornetist and also plays the piano.

Plans also are being made for a Christmas eve service in Hope Memorial chapel from 11 p.m. to midnight in charge of Mrs. W. Curtis Snow of Hope college and Miss Trixie Moore of Holland high school. A musical program will be given by the Holland high school capella choir and by those members of the Hope college chapel choir who will be here for the holidays. The choir will wear vestments.

Century Club Is Shown Beauties of Guatemala

Members of the Century club were taken on a delightful trip to Guatemala in Central America at their meeting Monday night in the home of Mr. and Mrs. Phillips Brooks, by Anson Brown, ace cameraman and special travel feature writer for a Chicago Sunday paper.

Guatemala is a small tropical country of Spanish background where little English is spoken, and the three main industries are bananas, coffee, and chewing gum, explained Mr. Brown. He expressed enthusiasm for the political aspect, which is a successful republic.

Mr. Brown, who is a member of the Chicago Adventurer's club, took the club's flag with him in his exploration of the Petan or jungle area, where he succeeded in entering Tical, one of the so-called "lost cities." Mosquitoes, orchids, gardenias and monkeys abound in the jungle country, said Mr. Brown, as he related many amusing personal experiences of his travels.

The speaker showed in his remarkably fine colored moving pictures how bananas are grown and marketed; how coffee is grown and harvested, and the beans made ready for shipment; and the process by which the sap is taken from the chicle tree, a cousin of the rubber tree, to be made into chewing gum. Many beautiful scenic effects were achieved by Mr. Brown in his film.

Two Hope college groups presented an enjoyable musical program. A string trio composed of Miss Carolyn Kremers, violin, Murray Snow, cello, and Miss Adelaide Wandscheer, piano, played "Andante" by Beethoven, "Andante Melodique," by Dancila, and "Spanish Dance," Moszkowski.

The Hope college girls' sextet, composed of the Misses Marjorie Brouwer, Dorothy Wichers, Maxine Den Herder, Marilyn Van Dyke, Ellen Jane Kooiker and Mary Jane Raffenaud, sang "The Blue Swan," Mueller; "Morning," by Speaks; and for an encore, "Make Believe," by Jerome Kern. They were accompanied by Mrs. W. Curtis Snow.

Mrs. J. D. French, vice-president, presided at the meeting. A social hour was in charge of Miss Martha Sherwood, the Rev. and Mrs. Paul Hinkamp, Dr. and Mrs. G. W. Van Verst and Mrs. S. C. Nettinga.

COMMON SENSE IN THE WEST

A report comes out of Denver,
Colorado, to the effect that the
new so-called "streamlined" system
of state government there is a
success. So successful has the new
type of government proved that
the people of Colorado, with the
enthusiasm of political evangelists,
are urging other states to follow
Colorado's example.

And what is this "new" system
of state government. An unwary
reader might get the impression
that there had been a political in-
novation of some sort that had
caused a revolution in government-
al procedure. The reports of suc-
cesses are so glowing that it would
seem at first glance that nothing
short of something revolutionary
could have turned the trick.

But there was nothing of the
sort. All that was done in Colo-
rado was to use common sense in
the government's business. The
"streamlined" government of Colo-
rado is nothing else than any sen-
sible business concern would adopt
if it were placed in charge of the
business of the state government.

What Colorado did Michigan or
any other state could do without
altering its state constitution.

Take finances as a single illus-
tration. Colorado did nothing more
than consolidate its tax-collecting
agencies. It eliminated the waste-
ful overlapping system of collect-
ing the taxes, incidentally elimi-
nating the kind of thing that this
year caused the loss of many thou-
sands of dollars of sales taxes in
Michigan simply because there was
no one central agency that could
be held responsible. Merely by
tightening up its governmental
machinery Colorado boosted its
tax collections 10.7 per cent in the
first three months of its operation.

So with other reforms in the
Colorado state government. The
people of Colorado appear to be
more broad-minded than the citi-
zens of most states. They are will-
ing to recognize the fact that we
are living in a business world and
that business methods are neces-
sary if we expect to survive. In
most other states, Michigan in-
cluded, people cling so tenaciously
to their outmoded political machi-
nery that common sense has no
chance.

But more important even than
adopting the Colorado idea in any
given state like Michigan is the
necessity of adopting it in Wash-
ington. Just now the special com-
mittee of the senate on non-essen-
tial expenditures, under the lead-
ership of Senator Byrd, is trying to
persuade the government to lop
off two billion dollars from the non-
defense expenditures. A dash of
Colorado common sense could
bring this about. But politics is
against it, and it hardly has the
chance of a rabbit in a kennel of
wolf hounds.

Neither in the state nor in the
nation do we need revolutionary
changes. All we need is Colorado
common sense.

Nature and Work of the Church
Acts 2:41-47; Ephesians 4:11-16

By Henry Geerlings

The basis for our study today is
taken from the book of Acts and
Paul's letter to the Ephesians. The
deals with the early history of the
Christian church. The latter is a
letter from the first great Christian
missionary to one of the early
Christian groups. These Scriptural
passages throw much light upon
the origin, nature, and mission of
the church. The Christian church
grew out of the missionary com-
mand of Jesus. Independent of this,
it would have been quite natural
for an organization to develop
from the life and teachings of
Jesus. It has been the history of
the teachings of many a leader
that they have laid the foundation
for group organization. The Chris-
tian church is the extension of the
life of Jesus into the present. It
preserves His work, His teachings,
and His mission. In so doing it
gives us the benefit of the salva-
tion which He brought.

The church has a history. It
goes back much further than any
church building or any single con-
gregation. It is more than nineteen
hundred years old. In that time it
has made history. It began as a
small but powerful force in the
world. It made challenging claims
for its Lord. It believed that with-
in its members there was enough
power to conquer the nations of
the earth and to bring them to the
feet of Christ. It began to make
its belief come true. Very soon it
moved out from Jerusalem, its
birthplace, carrying its message to
other lands.

At every point it encountered
stern opposition. Nowhere was the
work easy. It had to fight for
every foot of ground won. There
were no people anywhere standing
with arms open to welcome it. Still
it made a new path across the
then known world. At the end of
three centuries it had become the
religion of the Roman Empire. It
made rapid progress in Asia, Euro-
pe and Africa. It has endured
through all these centuries, and to-
day it is the most powerful force
in the world.

The church has a meaning. We
get the word from the Greek which
means called out. It has reference
to an assembly, a congregation, or
a group of people, called out from
the world and belonging to the
Lord. That is a very fine descrip-
tion of what takes place when an
individual forsakes a lower alle-
giance and gives himself to Christ.
He may not change the place of his
abode, or the type of his occupa-
tion, but he himself is changed.

He has left the old haunts and
united with the people of God. He
is not the same person with a dif-
ferent name, but primarily a
changed person. To be sure, there
are people in the church who have
never come out of the world of
sin. They still live the old life,
though their names are on our re-
cords. They do not belong to the
church in any true sense.

The church has a message. It is
the Christ and him crucified. It
is what he has received from his
Lord to give to the world. It is
the body of saving and life-giv-
ing truth which men are to ac-
cept with the whole heart in or-
der to become the disciples of
Christ. Indeed, it is not a very
large message, in the sense of be-
ing bulky, but it is an important
message. When Peter and John
and Paul told inquirers what they
should do to be saved, they wor-
shipped it into a sentence or two.

The church has power. It may be
that we are not using it. It is
possible that the world is not
greatly startled at anything we do.
There are persons who say that the
church cannot prevent strikes, that
it did not stop the World War,
that it is little, if any, more gen-
erous toward the poor and the un-
fortunate than worldly organiza-
tions are. And there is much truth
in what they say. But these state-
ments only condemn us as Chris-
tians for not letting God use us as
He is anxious to do. Just because
Jesus went back to heaven he said
to his disciples that they would
receive power when the Holy
Spirit came upon them. And they
did. They drove back every hos-
tile force that rose up against
them. The early Christian cen-
turies were crowded with mighty
works, performed by men who had
no wealth, and little learning, and
no arm of the state back of them.
That divine power has never been
withdrawn from God's people. It
is as available to us as it was to
Peter and Paul and Augustine and
Luther.

The church is unity. It may not
seem so when there are more than
two hundred religious bodies in
this country. But the fact is, the
unity of the church exists now
among all Christians. A distinct
characteristic of the church as
expressed in the New Testament,
and in our creeds, and in our
hymns is its oneness. We must
not confuse inner unity with out-
ward union. The existence of many
denominations does not deny that
the church is one. Those who be-
lieve on Christ are saved, and
members of this one church. The
Lord knows who are His. There
are humble, devout and believing
souls in all denominations, and
these constitute the true church.
The numerous divisions of the
church we deplore, and the ef-
forts looking toward mergers and
closer cooperation indicate a
movement in the right direction.

HOLLAND
IN 1912

The rain of the last few days has
caused the waters of Black river
to rise considerably and this com-
bined with the heavy ice has
placed the interurban bridge
across the river in danger of be-
ing washed away by the spring
freshets, began a news item in the
Monday, April 1 issue of the Hol-
land Daily Sentinel published in
1912. The interurban company had
a force of men at work Saturday
afternoon and all night dynamiting
the ice and watching the bridge.

Christ Nibbelink in the second dis-

Brouwer on the Socialist ticket.

Will Kooyers and F. N. Jonkman
were the closest contestants in the
first district, Charles Ter Beek of
the Socialists running third. Kooy-
ers won by a good margin. In the
first district the vote was as fol-

terdink, Gerrit J. Deur, Samuel

SOLONS ACT ON INADEQUACY OF NEW FIRE SIREN

Sends Issue to Committee and Works Board for Adjustment

The inadequacy of the new fire alarm siren which replaced the old type "mocking bird" at the old Fifth St. power plant was recognized Wednesday afternoon by common council which voted to refer the matter to its board of public works committee and the board of public works.

Ald. Bruce Raymond advised council that firemen had complained to the various aldermen of their inability to hear the siren when it is sounded for a fire alarm. He said several firemen had missed responding to some of the alarms for this reason.

He moved that council take this action "for adjustment" of the problem.

Fire Chief Cornelius Blom, Jr., complained to the police and the fire board Monday afternoon and expressed belief that a serious fire may break out during the day and firemen may be slow in arriving on the scene due to their failure to hear the siren. The contention is that the siren cannot be heard in various parts of the city when the wind is from any direction except the east.

Council approved the recommendation of its committee on public buildings and property that the Commercial Electric shop, 79 East 24th St., be awarded the contract for changing over the electrical wiring in the city hall building at a bid of \$515. The committee reported having received two bids after considering changing over this service for several months due to a growing demand on the old wiring which has been overloaded and felt it is very necessary this matter be taken care of without further delay.

Claims against the city totaling \$5,347.66 were approved. Other claims, also approved, follow: Hospital, \$4,345.15; library, \$265.91; Police and fire (police), \$1,441.82; fire, \$582.13; \$2,023.95; park and cemetery (park), \$809.28; cemetery, \$1,392.83; \$2,202.11; board of public works (payroll), \$4,318.03; claims, \$9,252.71, \$13,570.74.

The report of City Inspector Ben Wiersma for November was accepted as follows: Pasteurized milk plant inspections, 22; pasteurized milk samples taken to laboratory for test, 26; raw milk samples tested, 18; producers inspected, 14; slaughterhouses inspected, 20; meat markets inspected, seven; grocery stores inspected, 10; restaurants, lunch rooms, etc., inspected, six; bakeries inspected, three; public restrooms inspected, six; complaints and investigations, 27.

Solons approved a decision of the board of appeals in denying John Knapp a building permit to construct a commercial building on the northeast corner of 15th St. and River Ave. since this is a residential district.

An agreement with the Michigan Gas and Electric Co. in which the company agrees to pay \$50 for a replaced tree to be planted by the park department on East 10th St., a short distance east of College Ave. on the north side of the street was approved and Mayor Henry Geerlings and City Clerk Oscar Peterson were authorized to sign the agreement.

A request of the board of public works that title to a piece of property between 25th and 26th Sts. and extending from Ottawa Ave. on the west to a point near the middle of the block between Cleveland and Harrison Ave. be transferred from the city of Holland to the board was referred by the mayor to the ways and means committee and the city attorney. The board reported it desires to acquire title to this property for the purpose of developing an additional water supply, three sample wells already having been drilled. The "supply of water looks promising," it was said.

Mayor Geerlings and City Clerk Peterson were authorized by council to sign an easement, between the W. E. Dunn Manufacturing Co. and the city, which would permit the board of public works to lay and maintain a water main from the source of supply near 25th St. and Cleveland Ave., if extended to the 24th St. water main. Payment of \$5 will be made for the six-foot right of way. The works board approved the easement Monday night and recommended similar action by council.

These two officials also were authorized to sign a contract and agreement with the Ottawa county social welfare board which provides for the city's participation in the expense of welfare relief in Holland to the extent of 50 per cent, exclusive of administration costs, from Dec. 1, 1941 to Nov. 30, 1942. This contract is the same as the one under which the city has been operating the past year.

In reply to an inquiry from Ald. Ben Steffens as to whether the food stamp plan will become effective soon in Ottawa county, City Attorney Clarence A. Loker said the board of supervisors did not favor the plan and that it likely would not be placed into effect in the county unless the state makes it mandatory.

Ald. Frank Smith, chairman of the street committee, recommended the closing of the alley between 19th and 20th Sts., and running west of Washington Ave. and council set its meeting of Jan. 7 as the time when a hearing on any objections will be held.

BLAZE CAUSES LOSS AT PAINT SHOP HERE

Fire, believed to have originated from a heating stove, damaged the interior of Sinke's Paint shop, located in the alley at the rear of the Hamilton Supply shop, 49 West Eighth St., about 4 p.m. Wednesday.

Frank Sinke, 46 East Sixth St., estimated his loss at between \$25 and \$30. Included in the loss were several quarts of automobile paint. He carried no insurance.

Mr. Sinke reported he had just completed spraying the automobile of Jimmy Thompson, 284 East 11th St., and left the shop for about 10 minutes. The fire had just broken out when he returned.

Holland firemen responded to an alarm. At first, water from a booster pump was thrown on the fire and then a line was laid from a nearby hydrant.

The heat blistered the fresh paint on the car and water caused other damage to the plant. Mr. Sinke spent considerable time after the fire to remove the paint before it dried.

PROPOSALS

(Continued from page one.)

Connecting tunnels would be run to the new building and the present building. The boiler house would be of brick construction with concrete floors and roof, if built at a lower level to the west of the present building. It would include a complete laundry, using equipment from the present hospital and additional new equipment. If coal fired boilers were used, coal storage space would be provided and if an oil burning boiler were used, oil tanks would be installed. The new boiler would have a capacity large enough to carry present and additional loads and the old boiler would be used in an emergency only.

"The present boiler is not adequate to carry on any additional load of the 40-bed proposed addition, and the room is inadequate in the present boiler room to increase it. The noise caused by the laundry and boiler room should be eliminated from the hospital proper and as the laundry space is also inadequate the new building could house both, leaving additional space for expansion for kitchen storage in the present building," the prospectus said.

Estimated cost of the band shell is divided as follows: Construction, \$31,000; equipment installed, \$3,500; other costs, \$3,400. The main structure would also include proper dressing rooms, store rooms, public restrooms and permanent seating to accommodate an audience of 1,000. It would be of masonry and fireproof throughout with reinforced concrete being used for floors and arches. Ten months would be required in its construction.

"The city of Holland does not have any facilities whatever to accommodate the local and visiting bands and orchestras and it has long been in need of a structure of this nature to use for concerts, patriotic programs, etc.," the prospectus set forth.

The new grandstand would be used for baseball, football and tulip time activities. Its costs would amount \$104,000 for construction, \$15,000 for equipment installed and \$6,000 for other costs. Eight months would be required to complete the project.

It would have a reinforced concrete floor in steps with a steel framed canopy and deck of reinforced haydite plank and built up roofing. The layout would include a ticket office, an administration office, locker rooms with toilets and showers under seats, equipment rooms, dugouts and loudspeaker system, would use present lighting material and would have a seating capacity of 3,500.

"The present grandstand is of wood and in very poor condition. Increased activities for the city demand a more permanent and larger seating capacity for all athletic events. Accommodations such as for large crowds, toilets, shower rooms, dressing rooms, etc., are poor and would be taken care of in this structure," the prospectus stated.

No proposed method of financing was given for the five projects.

DARLING SCHOOL IS DESTROYED BY FIRE

Saugatuck, Dec. 4 (Special) — The Saugatuck fire department was called Saturday afternoon to fight a fire of unknown origin which destroyed the Darling rural schoolhouse, located about two miles north of Glenn. A passing motorist noticed smoke issuing from the building and gave the alarm, but the fire had gained too great a headway for the building to be saved. It was said that transients had been breaking into the building to spend the night. It was undecided at present whether the school will be rebuilt. Loss was placed at about \$2,000. Saugatuck firemen received a second call Sunday afternoon to the north end of Holland St. to put out a fire in a car which was driven by Gene Lundgren of Holland, and which belonged to a Holland garage. The blaze was said to have been caused by overheating, due to lack of grease in the transmission. The damage was minor. Lundgren, whose home was formerly in Saugatuck, figured recently in a traffic accident in Holland, which had put his own car out of commission.

HOLLAND OPENS SEASON BY 43-8 WIN IN ARMORY

Holds Lee to Two Points in First Half; Seconds Easy Victors

Holland High got off to an auspicious start in the cage season by soundly thumping Grand Rapids Friday night.

The Dutch swept into a 10-0 lead then continued to pour it on and lead comfortably at the half, 25-2. Lee High never had a chance to cope with the height and speed of the Dutch and the outlook on a good cage season for the Maroon and Orange is bright.

Led by the shooting of Kenny Rotman and Zuverink, the Dutch swept into an early lead that was never headed. Zuverink tallied 9 points in the first half and Rotman 7 to give the Dutch a strong, 25-2 lead at the intermission. Lee's lone basket was scored on a dog-shot by Gort. The second quarter saw the Lee lads fail to score although missing 4 free throw attempts.

In the second half, the Dutch continued to pour in the buckets. Lee scored once again in the third period, but the Dutch piled up 12 points to lead, 37-4. In the final stanza, the Maroon and Orange coasted into the finale by dropping in 6 points to the invaders 4 and the final read, 43-8.

For the victors, Kenny Rotman led the scores with 2 points, while Zuverink followed closely with 11. The Dutch were uncanny with free throws, scoring 5 times from the line out of 7 attempts. For the outclassed losers, Gort scored 6 of his team's total points.

PLATE EXCHANGE IS NO LONGER REQUIRED

Alex Van Zanten, manager of the local license bureau, reports that he is in receipt of instructions from Secretary of State Harry F. Kelly that motorists purchasing 1942 license plates are not required to bring their 1941 plates with them, as has been the custom in past years.

However, the motorist must ascertain that his old plates are properly destroyed and are not used by any other person. Bringing in the old plates when new ones were bought has proved an inconvenience to the motorists. Mr. Kelley advised Mr. Van Zanten.

The secretary of state also suggested to Mr. Van Zanten that out-of-state motorists who established residence in this state should apply as soon as possible at the license bureau for a Michigan title to their car.

On the envelope of each set of license plates is a map of Michigan together with the names of the counties and license plates letters which have been assigned each county as an aid to motorists in identifying other state license plates on cars.

Outstanding Quartet Is Chosen for 'Messiah'

An outstanding quartet of soloists for the annual presentation of Handel's "The Messiah," in Hope Memorial chapel on the evening of Dec. 16, has been announced by Robert W. Cavanaugh of the Hope college music faculty, who will direct the performance for the second season.

Returning to Holland after successful appearances here on other years, are Thelma von Eisenhauer of Detroit, soprano; Paul Nettinga, tenor, of Chicago, formerly of the Holland and Hope college; and Hardin Van Deursen of Ann Arbor, bass soloist who also appeared in Holland during the Tulip Festival in May.

Tenor Paul Nettinga

peared in Holland during the Tulip Festival in May. New to the city this year will be Virginia Auyer, contralto, of Chicago.

A chorus of 200 voices will sing the "Messiah" this season. In addition to the nucleus of singers, many of whom, as members of the former civic chorus have sung the score for a number of years, will be the Hope chapel choir and the Holland High school capella choir.

The entire group has been invited to go to Kalamazoo on Dec. 12, to sing the "Messiah" there in a large combined chorus under the direction of Harper Maybee. Mr. Maybee will come to Holland Monday night to attend the regular rehearsal of the chorus.

In a plea to singers and former singers in the chorus, Mr. Cavanaugh has requested any persons who have in their possession copies of "The Messiah" which are the property of the chorus, to kindly return them to the chapel as they are sorely needed.

Mrs. W. Curtis Snow, who has assisted with the weekly rehearsals of the chorus, will again preside at the organ. James Meerns, also of the faculty has been rehearsing the piano score.

The "Messiah" is to be presented in Zeeland High school auditorium by the Zeeland Civic chorus of 80 voices Dec. 10, under the direction of Carl Senob, director of music in Zeeland High school.

Preparation for Pageant Recalls Early Days of Grownups

More Dutch is being spoken in Holland homes this week than at any time in the last several decades, Willard C. Wichers, Netherlands museum director, estimates.

This is likely because nearly 1,700 children of the elementary schools are learning in Dutch the first verse of the famous old Dutch song, "St. Nicholas," in preparation to be staged next Friday night on the museum lawn by the museum with the cooperation of the schools and museum and drama committee of the Woman's Literary club.

Children have been rehearsing the music daily and teachers and principals report no end of interest as children wrestle with Dutch words and music in order that they can participate in the group singing which will climax the short pageant.

Miss Margaret Van Vyven, elementary music supervisor for the public schools, said children readily grasp the music and many are whistling and humming the "St. Nicholas" song.

Parents were said to be amused at the ease with which their children pronounce the Dutch words and in many instances it has revived childhood memories. Grandparents are joining children in singing the song and retelling the story. In one family the children, who each year make a photographic recording of greetings for grandparents in another state, plan to record the St. Nicholas song as a personal Christmas greeting.

Miss Faye Conner, of the Hope college faculty, who wrote the script for the pageant, conferred on final revision with Mrs. William Winter, Jr., chairman of the dramatic committee and Mr. Wichers. Mrs. Winter also announced that Mrs. Nina Daugherty will direct the dramatization.

Miss Carolyn Hawes, elementary supervisor for the public schools, and Miss Frederica De Jong, principal of the Christian elementary grades, completed arrangements so that the story could be told or read in the various grades.

COUSINS ADMIT HARLEM CRIME

Chicago Boys Are Held in County Jail for Theft at Station

Grand Haven, Dec. 4 (Special) —Two boy cousins of Chicago are being held in the county jail while sheriff's officers continue their investigation of their alleged looting of the William Cole gasoline filling station at Harlem near Holland between noon and 1 p.m. Sunday. They are Carl Lenhardt, 17, and his 13-year-old companion. The two were arrested late Monday at Montague by a Muskegon deputy sheriff.

Lenhardt likely will be charged with breaking and entering. No decision has been made as to the charge to be filed against the younger boy. Sheriff William Boeve said.

Brought to the county jail last night, the two boys admitted entering the Krole filling station and taking candy, gum, tobacco, cigarettes, shotgun shells and tools.

Officers were given a lead as to the possible whereabouts of the boys, following discovery of the robbery, when a resident near the filling station overheard the boys say they were riding their bicycles from Chicago to Montague.

According to stories told Sheriff Boeve, the boys left Chicago about five days ago. They admitted robbing a filling station in Indiana, sleeping in a restaurant in Michigan one night, in a barn another and being on the road the last night.

A large knife was found by a deputy sheriff at the scene of the crime. It was used in cutting the screen over a window which allowed their entrance to the station.

The two boys, according to the officers, were first seen in the driveway of the home of Ryk Dykema, route 4, Holland. When the family returned from church, they found the older boy seated in the car of a boarder who lives with a Mr. Vanden Brink, a neighbor, and the younger boy was at the rear of the house. The larger boy asked the Dykema's if they had any work for them, saying they were hungry and had not eaten for four days.

The two got on their bicycles and headed north on US-31. A few minutes later, John Banger, route 4, Holland, who lives near the filling station, passed the two boys. Later, a member of the Banger family saw a box or carton being handed out through a rear window of the station but thought someone was working at the station.

When officers arrived, they were able to trace the two boys and their bicycles to a side road and where they had crossed the railroad tracks. Near the tracks, the deputy sheriff discovered where the had discarded and damaged some of the loot.

A check at the station revealed 21 packages of cigarettes, 60 packages of chewing gum, two smoking pipes, 24 packages of candy bars, 12 small pies, 12 small cakes, two large cakes, four pounds of cookies, six packages of smoking tobacco, six bottles of soft drinks, several 20 gauge shells and several rifle bullets had been stolen. No trace was found of the cigarettes, chewing gum, shells, tobacco or candy bars near the tracks.

Committee Is Selected to Voice Protest Against Allegan Plan

The Allegan County Ministers' association today sought support of other organizations for a strong protest against the proposal to extend the Allegan county fair next year to include a Sunday program.

Meeting Monday in the Rev. H. E. Maycroft's home in Saugatuck, association members appointed the Rev. Nicholas "Tozeboom" Hamilton as chairman of a committee to formulate the protest against Sunday activities.

The group in control of the administration of the county fair will be notified that the association will not sponsor any sort of religious service to be held in the fairgrounds on Sunday.

It also was voted to contact the farm cooperatives and range and ask them to voice a similar protest to the fair board.

Allegan fair officials recently made tentative plans for a seven-day instead of a six-day fair. According to reports of the proposal the extra fair day on Sunday would include a morning worship under direction of the ministers' association, an afternoon horse show and a stage show at night.

Several Mission Groups Hold Monthly Meetings

The meeting of Women's Missionary society held in Central park church Wednesday afternoon, Dec. 3, was well attended and a most interesting talk was given by Mrs. Bernard Rottschaefer, 31 years missionary in Katpadi, India. She told of the way the Christian women in India observe Christmas and how the girls in the boarding school would be widely scattered on December 25th kept "Supposed Christmas" in the hostel on November 25th. The service in the church on Christmas day is always crowded to the very limit of the capacity of the building and as there are no pews or chairs in the auditorium many more can be accommodated than would be possible in occasional churches.

Of special interest to Central park was the news about the native pastor, Rev. Joseph John, to whose support the Sunday school makes its annual contribution. He is building a new church edifice on a hill outside the village of Katpadi with a towering cross which can be seen for miles around. Just before leaving India the Rottschaefer's attended a most impressive communion service on the plateau of this hill which Rev. John has named "Mount Zion."

Mrs. John Teninga presided in the absence of the president, Mrs. Henry Van Velden, and conducted the devotions. Mrs. Henry Vanden Berg gave the secretary's report and read an interesting letter of appreciation from Mrs. John Keuning of Dulce, N. M. to whom the society sent a Christmas box containing among other things two dozen Scripture text calendars for 1942, a dozen pair of new woolen socks and several new Bibles.

Pelgrim who read the Christmas story and a Christmas poem, leading the group in repeating Henry Van Dyke's "Christmas Prayer for the Home."

Mrs. Edward Donovan gave a clever reading of the entertaining Christmas story by Bess Streeter Aldrich, "The Drum Goes Dead," in which the characters in a typical mid-western town find there is after all, something convincing in the real Christmas spirit.

The social hour was in charge of Mrs. Randall Bosch and her committee. The society will meet Jan. 7 in the church for a sewing meeting for the hospital of Dr. Paul Harrison in Arabia.

The annual business meeting of the Women's League for Service of Fourth church was held Tuesday evening. FISHING IS GOOD AT MONTELO; TWO GET MONEY FROM LAKE Fishing was exceptionally good in Lake Macatawa near the docks of the Globe Oil and Refining Co. at Montello park Tuesday afternoon.

While playing along the waterfront two local boys, Henry Harrington, 15, son of Mr. and Mrs. John Harrington of Montello park, and Jimmy Dwyer, nine-year-old son of Mr. and Mrs. John Dwyer, 253 West 10th St., recovered \$4 in bills from the lake.

Henry obtained three of the bills from the water's edge while Jimmy was forced to get his feet wet to get his dollar bill.

Source of the "floating cash" is only speculative but the Mercury, gasoline transport freighter of the Globe Oil and Refining Co., paid its last visit of the season to the company's local marine base Monday to unload about 700,000 gallons of gasoline. The boat which arrived about 10:55 a.m. and departed about 9 p.m. for Lamont, Ill., is reported to have been "flushed" while docked here and it is possible the loose money may have been washed into the lake as a number of papers, bearing the company's name, was also found floating in the lake. Another belief was expressed that a fisherman might have been walking along the dock and the wind might have blown the loose bills away when they fell from his pockets.

Several fishermen reported good catches of perch in that vicinity Tuesday afternoon.

NAVAL PLAN IS TOLD TO CLUB A sound movie portraying the year-round vacation season at Sun Valley, Idaho, entertained the Holland Rotary club at its meeting in the Warm Friend tavern last Thursday noon.

In addition, O. W. Lowry a co-chairman and the Rev. Marion De Velder a member of the new navy advisers committee in Holland, explained the naval campaign to obtain recruits to man the nation's growing fleet.

Mr. Lowry pointed out the recent decrease in the number of applicants for naval service. Rev. De Velder said that, according to Naval Secretary Frank Knox, the government may be forced to call upon selectees to fill out the navy forces.

Program Chairman Duncan Weaver announced that State Sen. D. Hale Brake of Stanton will speak at the club's next meeting.

The vacation movie was secured by John G. Howey and John Paulsen, Union Pacific railway employees who were introduced by Club President Randall Bosch.

Shown in technicolor, the movie dealt with the scenic beauty and the numerous recreational activities that are found in Sun Valley. An average American family on a week-end visit to the resort formed the theme of the film.

The meeting was opened with a prayer by Rev. De Velder. Visitors included Kiehl Brandt of Peoria, Ia., James Moody of this city who is a student at Pella college, Ia., and G. I. Stoltz, supervising manager of the Michigan Bell Telephone company's Grand Rapids district.

cost of \$10 for all speeding violations.
Chairman John Donnelly, at the board's regular meeting Monday afternoon, delegated William Deur, James Borr and Fred Kamferbeek to call upon the judge. At a recent board meeting, the commissioners adopted a resolution in which they made the \$10 recommendation.
Kamferbeek brought the matter before the board when he asked Police Chief Jacob Van Hoff what action the court was taking on the proposal. The police chief said he was unable to give a definite answer.
"We can't make the court abide by our recommendation," Deur said to which Kamferbeek agreed.
Deur pointed out that a minimum \$10 fine and costs "might make drivers take heed" and be more careful with their driving.
City Clerk Oscar Peterson informed the board that Judge Smith had informed him when he presented the court with the board's previous resolution that practically no "repeaters" were brought before him on speeding charges.
Calling attention to last Friday's fatal accident in which John Klein was killed when struck by a car, Kamferbeek expressed belief the police department should take action to remove obstacles that hinder the view of drivers. Two large squirrel tails hung from the rear view mirror of the car of Frank Helenthal, driver of the car that struck Klein, and officials are inclined to believe these might have obstructed his view.
Board members also discussed the inability of firemen to hear the new siren which has replaced the "old mocking bird." Kamferbeek pointed out that when the wind is from any direction there the east, the siren cannot be heard in other parts of the city.
It was believed that an alarm with a higher pitch will be needed. Fire Chief Cornelius Blom, Jr., expressed fear that a serious fire

may break out during the day and firemen will be unable to hear the siren. Mayor Henry Geerlings will present the issue to common council Wednesday night.
After Borr had informed the board that he was advised one fireman did not wish to have a red light installed on his car, the board was of the opinion that all firemen's cars should have such lights and suggested that Fire Chief Blom give this message to firemen at their meeting Monday night. Commissioners said these red lights will be an added protection to firemen and also aid them in entering and leaving fire zones.
Borr reported that a two-hour parking limit will be established on the south side of 10th St. between Pine and Maple Aves. instead of "no parking" as agreed upon at the last board meeting.
After Police Chief Van Hoff informed the board that two police officers are without uniforms and that a third will need one in six months, the board advised the chief that the officers will be allowed a clothing allowance of \$30 each towards the purchase of new uniforms.
The matter of purchasing a re-built typewriter for use by Dave O'Connor who conducts driver license examinations for the police department was referred to the committee on equipment with power to act. Van Hoff said O'Connor's present typewriter is not working properly.
The chief also advised the board that the price of street marking paint is increasing and the board, on motion of Herman Prins and seconded by Kamferbeek, voted to place an immediate order for paint to be used next year. The same amount as bought this year will be purchased for next year's use.
Municipal Judge Smith reported the collection of \$5.15 as officers' fees for October.

Huesing-Smith Vows Spoken

Miss Mary Jane Smith, daughter of Mrs. Belle Smith of 71 East Eighth St., and Donald Huesing of Detroit, son of Mr. and Mrs. August Huesing, also of Detroit, formerly of this city, were united in marriage in a candle-light ceremony Saturday evening in the home of Mr. and Mrs. Robert Greenwood on route 4.

Baskets of vari-colored chrysanthemums formed a charming background for the single ring service read by the Rev. W. G. Flowerday, pastor of First Methodist church. A white Bible lay on the white altar.
Mrs. Greenwood, sister-in-law of the bride, sang "I Love You Truly," Grieg, preceding the ceremony, accompanied by Mrs. Gerit Tyse at the piano. Mrs. Lester Thorpe played the Lohengrin Wedding march as the bridal party approached the altar.
The bride chose an ivory slipper satin gown made on simple princess lines with a heart-shaped neckline, long fitted sleeves ending with points over the wrists and a shirred bodice with orange blossom trim. Self-covered buttons marked the closing at the back which ended in a long circular train. Her fingertip ivory veil of bridal illusion was edged in lace and fell from a seed pearl tiara. She carried a shower bouquet of white chrysanthemums and tallies rose buds tied with streamers of illusion.
Her sister, Mrs. Clara Wagner, who attended as matron of honor, wore an ice blue bouffant net gown with a jacket of shirred rows of net pleating. With it she wore a blue tiara and shoulder-length veil. She carried a bouquet similar to the bride's but tied with pink.
Warren Huesing of Detroit attended his brother as best man. Little Marilyn Greenwood, niece of the bride, dressed in a floor-length gown of pink dotted swiss trimmed with white beading and blue ribbons, was flower girl and scattered rose petals in the bride's path and at the altar. Master Donald Smith, nephew, carried the ring on a white satin pillow.
For her daughter's wedding, Mrs. Smith wore a blue pin-striped crepe, with white neckline and a corsage of roses. Mrs. Huesing, the groom's mother, chose green crepe and a corsage of roses.
Out-of-town guests present from Detroit, Muskegon and Grand Rapids, included Mr. Huesing's 86-year-old grandmother.
Mr. and Mrs. Huesing will make their home in Detroit. A reception for nearly 100 guests was held in the Royal Neighbor hall after the ceremony.

Christians Rally in Third, but Lose to South, 33-26

Battle in Grand Rapids Is Clean and Hard Fought to Finish

Holland Christian invaded Grand Rapids Friday night and after a terrific battle bowed to a fighting South quintet, 33-26.

South took an early lead, held it until the middle of the third quarter, lost it to the Christian lads in the third stanza, then rallied and rode on to win.

Allegan Pastors Hear Dr. Nixon

The Allegan County Ministers association met Monday noon at the home of the Rev. and Mrs. Horace Maycroft, 521 Butler St., Saugatuck. Mrs. George Miller, wife of the former pastor of the Methodist church, was introduced and offered the invocation before the pot-luck dinner was served. About 29 ministers and their wives were present. Rev. Frank G. Wright of Schoolcraft conducted the devotions.
The Rev. I. W. Minor of Otsego introduced the main speaker on the program, Rev. Floyd Nixon, D. D. who is superintendent of the Albion-Lansing district of the Methodist church and former pastor of the influential First Methodist church of Battle Creek. He gave a very stirring address on the subject, "Facing the Factors in Successful Evangelism" in which he stressed the need for both religious education of the youth and also the evangelistic appeal to the unchurched adults in a community.
He illustrated what he had to say with a number of anecdotes from his own experience in this kind of work and told of one case in which 28 laymen of his church called on superintendent of schools in a community before finally getting him to unite with the church.
The following officers were elected to serve during the year 1942: President, Rev. Horace Maycroft of Saugatuck; vice president, Rev. Anthony Van Harn of East Overisel; secretary-treasurer, Mr. C. G. Ellinger of Wayland; Michigan Hospital Service treasurer, Rev. Olive Knapp of Hopkins; W. K. Kellogg Foundation committee chairman, Rev. Percy V. Graham of Otsego; program committee chairman, Rev. Robert Burgess of Saugatuck and Sunday school council chairman, Rev. Nicholas Rozeboom of Hamilton.
The secretary-treasurer's reports were read by the Rev. F. J. Van Dyk, secretary pro tem in the absence of Mrs. C. G. Ellinger. The next meeting will be held Monday, Jan. 12, 1942, in the First Reformed church of Hamilton.

Boy Held Responsible for False Fire Alarm

An unidentified boy was held responsible for turning in a false alarm Friday about 3:30 p.m. from 315 Harrison Ave. He first called the No. 1 station and his conversation led the driver to believe there was no fire. Later the waterworks plant received a call of the supposed fire.
