Army Caravan, Two Miles Long, Stops in Holland

Dutch Hospitality Is Extended Group on Brief Visit in City

Holland was "blitzed" for about an hour and a half this forenoon by the U. S. army when its recruiting cavalcade from the sixth service command, with headquarters in Chicago, paid a surprise visit here while en route to Muskegon and thence to Grand Rapids for a two-day stay.

News of their anticipated visit was not received until about 10 a.m. and by 10:45 a.m., the first part of the caravan had arrived here. The last of the motor caravan departed shortly after noon.

Considerable excitement, especially among school students, prevailed about Junior and Senior high schools and in the downtown business district while the army unit was in Holland. Classes were dismissed to permit students to inspect the equipment and to talk with the officers and soldiers.

Included in the party were 170 officers and men and 79 vehicles. On the road, the caravan is two miles in length. The equipment included two light tanks, two armored scout cars, 40 jeeps, mobile ordnance repair shop and army recruiting trailers.

Purpose of the caravan is to spur the enlistment of 18 and 19-year-old boys in the army since the selective service act has been amended to permit their induction into the army. By enlisting in the army now, the youth is given his choice of the branch of the army he desires to serve.

In charge of the motor caravan was Capt. George Spence, Jr., of the armored forces. He recently returned from Egypt where he fought against Field Marshal Rommel for three months.

Popular among the boys and girls was Capt. Wayne King, well known orchestra leader who is better known as "the Waltz King," now serving in the army. He as well as other officers were swamped by the students for autographs.

Upon being introduced to E. P. Stephan and Vaudie Vandenberg, chairman of the local selective service board, Capt. King said he had made attempts every year to visit Holland's Tulip Time festival, "but I never was able to make it."

While the army group was at the schools, the students swarmed over the two light tanks, climbed in and out of jeeps. A band also was in the party and provided music for the group.

Brief talks were made over an amplifying system by Capt. Spence, Capt. King, Lieut. Roswell Freedman of the army air corps and Lieut. Aubrey Etchison, master of ceremonies.

From the schools the caravan moved down town and parked along River Ave. and West Eighth St. Dutch hospitality was extended to the city's visitors who enjoyed coffee and doughnuts at the Mary Jane restaurant where the Holland Rotary club invited any man in uniform to be their guests at any time for coffee and doughnuts.

One hundred and fifty soldiers were served at the restaurant. Michigan state police provided an escort for the convoy and local police directed traffic and escorted the caravan through Holland.

The chest board's meeting time was changed from Tuesday to the first Monday of each month during the year.

Twenty-four firms filed reports with the Chamber of Commerce during the past month.

Milk in Holland Back to 11 Cents

Dealers Learn They Must Have Permit of OPA to Hike Prices

Refunds on cash sales of milk on Monday were being made here by Holland milk dealers after they had been advised by the local war price and rationing board that the retail price of milk could not be raised unless approved by the OPA.

At a meeting of dealers Friday night, it was decided to raise the price of milk one cent per quart from 11 cents to 12 cents. To meet with OPA requirements, the dealers have returned the price of milk to 11 cents per quart and are making refunds to those who paid the extra cent Monday.

A spokesman for the milk dealers said the dealers couldn't get approval of an OPA permit soon enough, thus it was decided to retain the old price until the OPA sets the price for Holland.

As application for an increase in the price of milk must be filed with the Grand Rapids district OPA office, representatives of the dealers went there Monday afternoon to inquire about the need of and to make application for a permit after they were informed that one was needed. When the dealers decided to raise the price they had the impression that a permit was not needed, the spokesman said.

Milk dealers contend that the proposed increase in price is due to the increased price of butterfat and also the increased price of milk of 31 cents per hundred weight from producer to dairy.

Donald Derks, in Battle of Casablanca, Comes Home

Fifteen days ago, Seaman Second Class Donald M. Derks was aboard one of the United States ships which had just helped subdue Casablanca, chief city of French Morocco, during the American invasion of North Africa.

Today, Derks, now a veteran at 21 of one of World War II's major engagements, was at his home on route 2, Holland.

That's the speed of modern warfare.

Without a scratch, but with memories of close calls in the African offensive, Derks reached an east coast port Saturday and arrived here Sunday to see his mother, Mrs. Henry Derks, and brothers and sisters. His father died several weeks ago. He has three brothers and four sisters, all of whom are married.

Derks will always remember Casablanca which with Oran put up the stiffest resistance against the Yankees.

For one thing, the harbor city surrendered on Nov. 11 his birthday which also was Armistice day. And he served under Lieut. Franklin Roosevelt, Jr., gunnery officer.

But more vivid will be the shell-fire he underwent while his ship pounded enemy craft and planes in protecting larger American ships which were blasting Casablanca's land batteries.

His ship, he said, was credited with sinking four enemy ships and bringing down one plane. The sea contingent sank the ships almost as fast as they steamed out of Casablanca's harbor. Only a few which escaped immediate sinking returned to the harbor in flames, he added.

Derks' ship, about three miles off shore, was under severe attack for about five hours Sunday morning, Nov. 8.

During the thick of the battle, shells were continually bursting overhead, but Derks' ship escaped with a mere broken aerial wire although, he said, one shell missed by a few feet.

After this siege, his and other ships began patrolling for submarines. One U-boat came up from behind and sent three torpedoes at his ship. Two missed by a few feet and one went under the craft. A dive-bomber's depth charge finished off the submarine.

An American plane, when shot down, fell near the bow of the ship and the flier was rescued.

The crew of his ship was anxious to get into the fight when the convoy of several hundred ships completed its crossing without incident.

Derks plans to remain here until Thursday when he will return to his ship. He received his basic training at the Great Lakes Naval Training station after enlistment last April.

Control of the Eagle-Ottawa Leather Co. has been acquired by the Hatton Leather Co. which Mr. Hatton founded in 1940 and which has had marked success in a "streamline" production plant.

Mr. Hatton was elected president and general manager at a directors' meeting in Chicago Monday. He filed that position with the Eagle-Ottawa Leather Co. from 1936 until 1939 prior to which he was vice-president.

William Hatton, his father, came to Grand Haven from the east in 1910 and brought the Eagle-Ottawa Leather Co. to a commanding position in the leather industry. It operates two plants in Grand Haven and one in Whitehall. The Eagle-Ottawa Leather Co. and the Hatton Leather Co. will retain separate identities but operate under the same management for the time being.

Many Motorists Fail to Register

But 36 Hundred Here Are Ready for Start Of Gasoline Rationing

A grand total of 3,638 automobiles were registered in Holland during the three-day period for gasoline rationing which goes in effect Dec. 1, it was reported here by Peter Veltman, co-chairman in charge of the registration at the five local elementary schools.

On the basis of an estimated 6,000 cars in Holland, nearly 2,400 motorists failed to register. (In Detroit, it was estimated that about 165,000 of Detroit's 500,000 motorists failed to register.)

The deadline for registering cars was 9 p.m. Friday and car owners who failed to register during this three-day period cannot register until Dec. 2 and then only with the local war price and rationing board.

Total number of "A" ration books which were issued by the five schools Wednesday, Thursday and Friday follow: Froebel, 528; Van Raalte, 809; Longfellow, 800; Washington, 845; Lincoln, 656.

Mr. Veltman said 10 "D" books for motorcycles also were issued.

Coupon Sheets for Fuel Oil Being Mailed

The local war price and rationing board has received word from the Grand Rapids district OPA office that it can mail coupon sheets for fuel oil to the consumers, thus eliminating some congestion at the board's office which has been prevalent there the past few days.

However, the consumer is instructed, upon receipt of the coupon sheet, to write the serial number of the coupon sheet on the face of each coupon before any fuel oil dealer can accept it. There is a space provided on each coupon for this serial number.

The date for the sales of fuel oil in exchange for coupons has been postponed until Nov. 30, thus allowing consumers another week to buy fuel oil on their promise to repay in coupons later.

Receive Word Son Is 'OK' After Sea Battle

Mr. and Mrs. Lane Kamerling, 194 East Seventh St., today received a V-mail letter from their son, Third Class Petty Officer Randall L. Kamerling, in which he wrote, "I'm OK."

The family has been worried about his safety after learning that the Meredith had been bombed and sunk in a recent sea battle near the Solomon Islands. When they last heard from him, he was aboard that vessel.

The origin of the letter was not given but he wrote that he was "well and happy" and he promised to write more later.

Jalopy Roundup Will Be Started In Local Areas

Worn-Out Autos Will Be Sought in Ottawa In Salvage Campaign

The Ottawa county salvage committee, at its regular meeting Saturday morning in the former Holland City State bank building, accepted a request from John J. McGillis, executive secretary for Michigan of the war production board salvage division to organize in Ottawa county a "Jalopy Roundup Program" which is intended to locate all automobiles which are unquestionably "junkers" and to convince the owners to junk them at once.

The drive will start Dec. 1 and continue through Dec. 15. In case owners cannot be located, serial numbers will be checked with police and sheriff's department to determine whether any abandoned cars have been stolen. Cooperation of the police department in a two-week test period in Detroit resulted in locating 1,100 "junkers" through this source alone.

The Holland salvage committee will participate in this drive and will request the aid of other volunteer groups in making this canvass. This is a job in which all citizens can be of great assistance.

It is pointed out, however, that age alone is not a deciding factor in determining whether a car should be junked. The condition of a car and the length of time it has stood idle and unlicensed and therefore has been of no transportation value to the owners are points to consider.

A coupon on which possible "junkers" may be reported is printed below. In case these are signed by the person sending them in, the name will be kept confidential. In no case will these cars be re-registered—the success of the program depends first on locating the cars and then persuading the owners to dispose of them.

Vern J. Reynolds, Allgen, has been named county chairman of the "Jalopy Roundup program," sponsored by Allgen county civilian defense office, from Dec. 1 to Dec. 15 to locate questionable "junkers" and to convince owners of junkers to sell them immediately for scrap.

In different vein was a short story called "Must You Keep Your Heart in Cold Storage?" read by Miss Laura Knooihuizen.

Mrs. Pas selected two beautiful songs, "A Song of Peace," from Finlandia by Sibelius, and "Prayer of Thanksgiving," an ancient folksong of the Netherlands, which she led in singing with Miss Gertrude Wickes at the piano.

Holland Man Pays Fine In Appeal of Sentence

Grand Haven, Nov. 25 (Special) — John Molenaar, 43, 190 West 16th St., Holland, was arraigned in circuit court Friday afternoon on a charge of being drunk and disorderly in Holland last Sept. 10, and upon his plea of guilty was sentenced to pay a \$50 fine and \$10 in costs, or serve 30 days in the county jail. Molenaar paid the fine and costs.

Molenaar, who was convicted in municipal court in Holland last Sept. 11, and sentenced to serve 30 days in the county jail by Judge Raymond L. Smith, had appealed his sentence to circuit court. He had been previously convicted in municipal court on a similar charge.

Yule Gifts Must Be Sent Early

The bulk of the 1942 Christmas mail must be in the post office by Dec. 1 if deliveries on time are to be assured, Smith W. Purdum, second assistant postmaster general, has advised Acting Postmaster Harry Kramer.

Unprecedented wartime demands on the postal and transportation systems, plus a prospective record volume of Christmas mailings, were cited by Mr. Purdum as necessitating earlier mailings than ever before.

"It is physically impossible for the railroads and air lines, burdened with vitally important war materials, to handle Christmas mailings as rapidly as in normal times," Mr. Purdum said. "If the bulk of parcels and greeting cards are held back until the usual time—the period of about Dec. 15 to 23—they simply cannot be distributed in time, and thousands of gifts will reach their destinations after Christmas."

In 1941, about 21,850 mail cars were required between Dec. 12 and 24 to deliver Christmas mail—enough cars to make a train 270 miles long. This year, the extra cars needed to move holiday mails are largely being used by the armed services, and a severe shortage is in prospect.

The postal service usually borrows about 2,500 trucks from the army and other government agencies, and rents about 10,000 from private owners, to handle the Christmas mails. This year, it will be extremely difficult to obtain enough of these vehicles to meet even a substantial part of the need. The army needs its own trucks and private owners are reluctant to let someone else use their tires.

Railroads are cooperating by converting some hundreds of steel box cars and similar equipment for mail transportation, and Joseph B. Eastman, director of defense transportation, has ordered that unnecessary travel be curtailed to the limit during the holiday season. But these measures cannot assure deliveries of gifts on time unless the public cooperates by mailing early and thus spreading the transportation load over a longer period than usual.

Mr. Purdum called attention to the task of the post office department in moving millions of pieces of mail every day to and from soldiers, sailors and marines throughout the world. This extraordinary job must be kept current, even while the holiday rush of mailings is handled. Also, he pointed out, the postal establishment is operating with many thousands of inexperienced personnel, employed to take the place of men called to the armed services.

Sgt. De Feyter Weds G.R. Girl

Word has been received here of the marriage of Mary Louise Bultendyke, daughter of Mr. and Mrs. Tony Bultendyke of Grand Rapids to Sgt. Edwin Merle De Feyter, son of Mr. and Mrs. Edwin De Feyter, 73 West Eighth St., which took place Wednesday in Long Beach, Calif.

The bride is a graduate of Marion Louise Withey School of Nursing, Blodgett hospital, and until August was employed in surgery at that hospital. Sgt. De Feyter was employed at The Holland Evening Sentinel as pressman prior to his induction into the army June 4, 1941.

FIND OUT IF TELEPHONE SERVICE IS AVAILABLE

before you move

It's a wise precaution to consult the Telephone Company about service at your new location before you go too far with your plans.

Today many materials used in telephone lines and instruments are more urgently needed in weapons for the armed forces. That's why the War Production Board has placed drastic restrictions on new telephone installations.

Except in cases where telephones are directly essential to the war effort, or to public health, welfare or security—

1. New telephone service cannot be provided at some locations.
2. Party-line service, only, can be furnished in many cases.
3. Temporary service, only, can be supplied at some points, subject to withdrawal on 48 hours' notice if needed for essential purposes.
4. Extension telephones cannot be installed in residences.

In so far as material shortages and war restrictions permit, we shall continue to provide the best service possible. And we look forward to the day when we again can give the kind of service wanted, "when and where wanted." But now, and for the duration, war needs come first.

THANKSGIVING DAY

Thankful? In time of war and
carnage, misery and death? For
what?

First of all, thankful for the
war itself—that we have the
strength of mind, heart, body and
soul to get out and fight for
freedom.

Thankful for such measure of
victory as so far has been given
us.

Thankful next for the power
and richness of our country which
enables us to provide for our
fighting forces and for those of
our allies the goods they need.
Thankful we have food for our-
selves, our allies and for the en-
slaved nations, whenever it be-
comes possible to get it to them.

Thankful also for the normal
things of American life—for
homes, schools, churches, fac-
tories, mills and markets.

Thankful for the courage of our
defenders who are brave and in-
telligent, strong beyond the
strength of ten.

This is a sorrowful year for the
families of those who have died
within it—but a year of exalta-
tion, too, for those who have
entered a new and happier world,
and for what they have accom-
plished before they went.

It is a year of anxiety and un-
certainty about many things. But
it is also a year of more cer-
tain direction, stronger unity,
surfer hope.

Americans give thanks this
year as never before. They ask
faith, hope and sustaining cour-
age for the days to come. They
lift their heads to meet the glory
of the coming of the Lord. For
Freedom marches on.

THE CHURCH INVITES YOU

Concerning all his patients suf-
fering from nervous breakdowns
in the second half of life, and
they come to him from every
country of the world, Dr. Jung of
Zurich in one of his books says
this: "There has not been one
whose problems in the last resort,
that has not been that of find-
ing a religious outlook on life,
and none of them has been really
healed who did not regain his re-
ligious outlook."

It is through the church that
the religious outlook on life is
presented. In view of this fact,
coupled with the fact that there
are many cases of nervous break-
downs, why not accept the invita-
tion to come to church next Sun-
day?

Hope Sophomore Girls
Take Annual Contest

Sophomore girls of Hope col-
lege "saved face" for their class
Monday night when they captured
the trophy in the annual Nykerk
cup contest in the Woman's Lit-
erary club before a large crowd
of students. Thus the class rival-
ry ended in a draw, the frosh
were victors in the pull and the
sophomores in the Nykerk con-
test.

According to contest rules, each
class presents an oration, a mus-
ical number and a short play to
be judged on a point basis for
the possession of the trophy do-
nated by the late Dr. J. B. Ny-
kerk, former professor at the
college who originated the con-
test when zealous coeds wished
to stage a feminine tug-of-war. Judges
for Monday night's contest were
Robert Cavanaugh and Miss Met-
ta Ross of the Hope college fac-
ulty and Miss Ruby Calvert of the
Holland high school faculty.

Eleanor Everse as freshman
orator delivered an oration en-
titled "The War of Words." For
the sophomores Ellen Giegel based
her oration on the various types
of windows through which an in-
dividual looks at life.

"Our Aunt From California"
was the sophomore play which
involved a humorous case of mis-
taken identity. Participating in
the drama were Audrey Scott as
the mother, Jane MacDonald as the
pseudo-cultured daughter,
Rosanna Atkins as the lazy
daughter, Jane Fichtner as the
actress daughter and make-believe
aunt, Josephine Fitz as the real
Aunt Mary, Joyce Mulenburg as
the dressmaker and Helen Wil-
helm, the maid.

Taking part in the freshman
play, "Ladies Alone," a short
comedy depicting girls and their
date troubles, were Elsie Parsons,
Shirley Romeyn and Betty Ten
Have. The story centered about
the girls' joint resolve to "swear
off" men and what came of it.

The freshman musical selection
was a vocal solo, "On Wings of
Song," Mendelssohn, sung by
Betty Christen, accompanied by
Betty Fuller, harpist. For the
sophomores, twins Mable and Mel-
dred Vander Linden played a two-
piano duet, "Dance of the Candy
Fairy" from Tchaikowsky's "Nut-
cracker Suite."

Announcements and droll hu-
mor by Student Council President
Clinton Harrison were featured
prior to the presentation of the
trophy to Mary Elizabeth Aldrich,
sophomore chairman, by
Larry Boltman who is in charge
of all inter-class activities for the
college. Assisting Miss Aldrich as
coach was Senior Edith Klaaren.
Elaine Messenger served as
chairman for the freshman class

with Junior Marjorie Emery as
coach.

Following the contest frosh

Well Is Drilled at
County Infirmary

Drilling operations for an oil
and gas test well on the prop-

the center of the north half of
the southwest quarter of section 4,
T1N, R14W, Ottawa county.

drilled to a depth sufficient to
test the upper traverse limestone
formation which likely will be
encountered at approximately 1-
800 feet.

At its last session, the board of
supervisors authorized the Ottawa
county department of welfare
commission to sign an agreement
with the Muskegon Development
Co. for the drilling of the well

Zeeland to Purchase
New Pumper Truck

Zeeland, Nov. 25—Common
council, at a special meeting here,
voted to purchase the fire pump-
er truck which had been demon-
strated to the aldermen.

The new truck is rated to de-
liver 500 gallons of water per min-
ute under pressure of 120 pounds.
The body is mounted on a Chevro-
let chassis and has a large tank
which will carry water for use in
rural communities where there is
no water supply for the pumper.

The need for the pumper was
felt due to the requirements of
Holland and Zeeland townships
adjoining the city on the east and
west respectively. Both townships
are co-operating in the essential
protection against fire.

Crash Damage
Judgment Given

Grand Haven, Nov. 25 (Special)
—A circuit court jury Monday
returned a verdict of \$383.95, plus
costs, in favor of the plaintiff in
the case brought by the Auto
Owners Insurance Co., of Lan-
sing, assignee of Theodore Kouw
of Zeeland, as plaintiff, against
Louis Hendricks, also of Zeeland,
in which plaintiff sought the
\$383.95 for damages sustained to
the Kouw car in an accident Dec.
31, 1941, on M-21 near Zeeland.

Hendricks was allegedly driv-
ing a truck in a southeasterly
direction and the car driven by
Kouw, coming from the west,
struck the Hendricks car, causing
considerable damage to both mo-
tor vehicles.

This is the first jury case of
the November term of circuit
court and the jury will not re-
port back until Friday when the
case of Luther P. Turner, 41,
route 2, Spring Lake, on a charge
of driving while drunk, second
offense, will be heard.

Hoekman-Kamps Vows Spoken in Zeeland

In a pretty wedding solemnized Friday evening in the chapel of First Christian Reformed church of Zeeland, Miss Thelma Elaine Kamps, daughter of Mr. and Mrs. George Kamps of Zeeland, and Henry Hoekman of Holland, son of Peter Hoekman of Colton, S.D. were united in marriage. The double ring service was read by the Rev. D. D. Bonnema before a background of ferns, palms and lighted candelabra.

Preceding the ceremony Theodore Zandstra sang "O Promise Me" and immediately following the service sang "The Lord's Prayer" accompanied by Jerome De Jonge. As the bridal party took their places the Lohengrin wedding march was played by Miss DeNelle Disselkoen, friend of the bride.

The bride, given in marriage by her father, was attired in a white satin wedding gown fashioned with a long train. She wore a fingertip veil and carried a bouquet of white roses. A three strand pearl necklace, a gift of the groom, completed her costume. Miss Marcella Kamps, sister of the bride as bridesmaid wore a formal gown of pink satin and carried a bouquet of pink and white roses. Joyce Disselkoen was flower girl and wore light blue taffeta with white trimming. Jerry Huyser, the bride's nephew, as ring bearer wore a white suit. John Bosch served as best man and ushers were Henry and John Blaquiere. Mr. and Mrs. Melvin Huyser were in charge of the gift room and Mr. and Mrs. John Ten Harnisel were master and mistress of ceremonies.

Mrs. Kamps, mother of the bride, wore a wine velvet dress with a corsage of white roses. A reception for 100 guests was

held and a two-course lunch was served by Senneta and Irene Kragt, Gladys Vander Veer, Clara Raak and Angeline Petroelje. Out-of-town guests included Miss Mary Ruth Sleight of Oklahoma City, Okla., Mrs. George Terryberry and Mrs. Ted Meyer of Chicago.

The bride was born in Zeeland and the groom was born in Monroe, S.D. and lived in Holland about five years. He attended schools in South Dakota and expects to finish his Hope college course the end of this semester.

Mr. and Mrs. Hoekman left Saturday morning for a short wedding trip. The bride wore a blue suit with red accessories. After Nov. 28 they will make their home in Holland.

G.R. Driver Is Given Summons After Crash

Chauncey C. Billman, 54, of Grand Rapids, received a traffic violation summons from the sheriff's department for driving his car on the wrong side of the highway after it has been involved in an accident on M-21, about 700 feet east of the Ottawa beach shortcut intersection, about 6:50 p.m. Friday.

Billman was driving east and Miss Ada Mae Bos, 19, route 2, Zeeland, was driving west on M-21. Investigating officers were informed Billman was driving on the wrong side of the road and Miss Bos fearing a head-on collision, cut to her left side of the road at about the same time Billman turned to the center of the pavement.

His car struck the right front of Miss Bos' car and sideswiped it. In admitting that he was driving on the wrong side, Billman told officers that his car was towing a trailer with a boat and that its swerving prevented him from turning to his side of the road.

The impulse to thanksgiving is not in circumstances but in the response of the heart.

To Feature Family Dinners on Holiday

Thanksgiving dinner as featured by the Warm Friend tavern will be a family affair as is customary. It is anticipated that many local families will enjoy Chef Kuhn's excellent food. During the past few years, under the administration of Mr. Kuhn, the Tavern has acquired an enviable reputation for the excellence of its food.

It has been announced that this year's dinner, which will be served in the Dutch Grill (shown above), will include turkey, chicken, roast beef, fresh ham, lamb chops, lake trout, veal steak, and omelette.

The Warm Friend tavern is noted for its fine foods at all times and seasons of the year. The hotel, whose motto is "Wel-

kom Vreemdelingen," carries out the Dutch atmosphere in the Grill, where all waitresses wear Dutch costumes.

In June, 1941 the American Hotels Corp. took over the operation of the Warm Friend tavern. At this time Chester S. Walz became the hotel's manager. Monday Nov. 16, Kenneth A. Dean assumed his duties as assistant manager of the hotel.

cans are thoroughly cleaned and sterilized and milk is pasteurized to 143 degrees Fahrenheit. Cleanliness, quality and service are the aims of the dairy which is owned and operated by Benjamin Speet. He has been in the dairy business in Holland for the past 31 years and he erected the present building about 14 years ago. It is air-conditioned and

equipped with modern machinery. Besides furnishing Holland homes with pure pasteurized rich cream and milk, it also makes a dairy orange, chocolate milk and buttermilk.

The Consumers Dairy was the first in Holland to adopt the modern step-in drive trucks. Shown in the above picture is the fleet of service cars of the concern.

Operate in Spite Of Restrictions

Mills Ice Cream, organized in 1938 by Arthur and Morris Mills and Tom Speake is continuing to operate and serve its customers despite the war and the curtailments given private concerns because of it. Although flavorings, cartons, dry ice, and essential ice cream utensils are definitely on the priority list, the local concern has thus far managed to remain open. The store hour have been shortened, from 10 a.m. to 10 p.m. and no deliveries whatsoever can be made. But, despite these handicaps, Morris Mills, local manager, is doing his utmost to keep satisfying the customers, and to insure them of a quality product, the same high grade that has made Mills one of the outstanding stores in the state.

The variety of flavors has been decreased, and some of the most popular toppings are gone for the duration, but the assurance of a quality product still remains to lure the customers to America's favorite dessert.

Has Forms for Truck Operators

The Steketee-Van Huis Printing Co. now has on hand a supply of "daily record" forms. This form is to be kept by all owners or operators of commercial motor vehicles engaged in transportation of property. This list includes grocers, lumber dealers, coal dealers, soft drink dispensers, in fact anyone who operates a fleet (3 or more) of commercial vehicles. This form has been required since November 15.

To enable drivers of trucks who make several trips from the office each day—such as coal companies, ice companies, building supply people, etc.—to keep the proper data for the office to complete the daily record forms, the Steketee-Van Huis Co. has a form known as "motor vehicle drivers daily record form." They come perforated, 31 sheets to a book, one book intended to last a month.

The firm, which is located at 9 East 10th St., has been in operation for more than 23 years. The present owners are Louis Steketee, John L. Van Huis and C. Neal Steketee.

Ex-Prep Captains Form Bulwark of Hope Cage Team

Good Season Seen as Dutch Drill for First Contest Next Month

Coach Milton (Bud) Hinga of Hope college, after experiencing his worst football season in years, is concentrating his efforts on basketball and if early season form gives any indication of a good or bad club he certainly has little to worry about. With a squad composed of almost all former high school captains, and all of them deserving of the honor, little trouble should develop in the Dutch camp, where intense preparations have been going on for two weeks under Trainer Jack Schouten and Coach Hinga.

Captain of the squad this year is "Ets" Kleinjans, former Christian high captain and long shot artist. His probable teammates in the opening game with Muskegon Junior college Dec. 3 will be Russ De Vette, former Muskegon high school captain; "Gaby" Van Dis, Kalamazoo Central captain and All-Southwestern conference player; Don Mulder, Blissfield captain, already a star in his freshman year; and George Dalman, formerly of Holland high school, also a captain.

Because of the loss of big John Visser last year, Coach Hinga is trying out several players for this important position, although De Vette seems to have it sewed up. Some of the taller boys attempting to fill in are Art Slager, former center for Decatur, last years state champions in class "C"; Harvey Buter, former Christian high school center and captain; Alf Hietbrink, center for Christian high last year; and Paul Van Dort, lanky player from Holland high school.

The remainder of the squad consists of Dick Higgs, Cedar Springs; Vern Boersma, Holland Christian; Hoots Rowan, Holland high; Merle Vanden Berg, Holland high; and Curley Vander Meer, Orange City, Ia.

The hope, for Hope this year lies in these 14 players, all of them good ball handlers and anxious to display their talents on the court. If the usual happens again this year the Dutch are assured of at least a second MIAA position for no lower birth has been reserved since Hinga took over.

The full schedule is not complete, but games have been planned with all the conference teams, the Grand Haven coast guard station, Calvin college, and the first contest with Muskegon Junior, last year junior college champion in Michigan.

10 Per Cent Drive Launched Here

At a meeting of representatives of local business establishments and manufacturing concerns Thursday night in the council chambers of the city hall, arrangements were made to conduct a campaign during the week of Nov. 23-28 when employees of firms using the employees' salary allotment plan will be urged to invest 10 per cent of their total payrolls in the purchase of U. S. war savings bonds and stamps. No percentage is specified under the salary allotment plan.

Those present at the meeting voted unanimously to support the drive. Cornelius Vander Meulen, a member of the speakers' bureau for the local war bond and stamp committee, said he would arrange for speakers if needed.

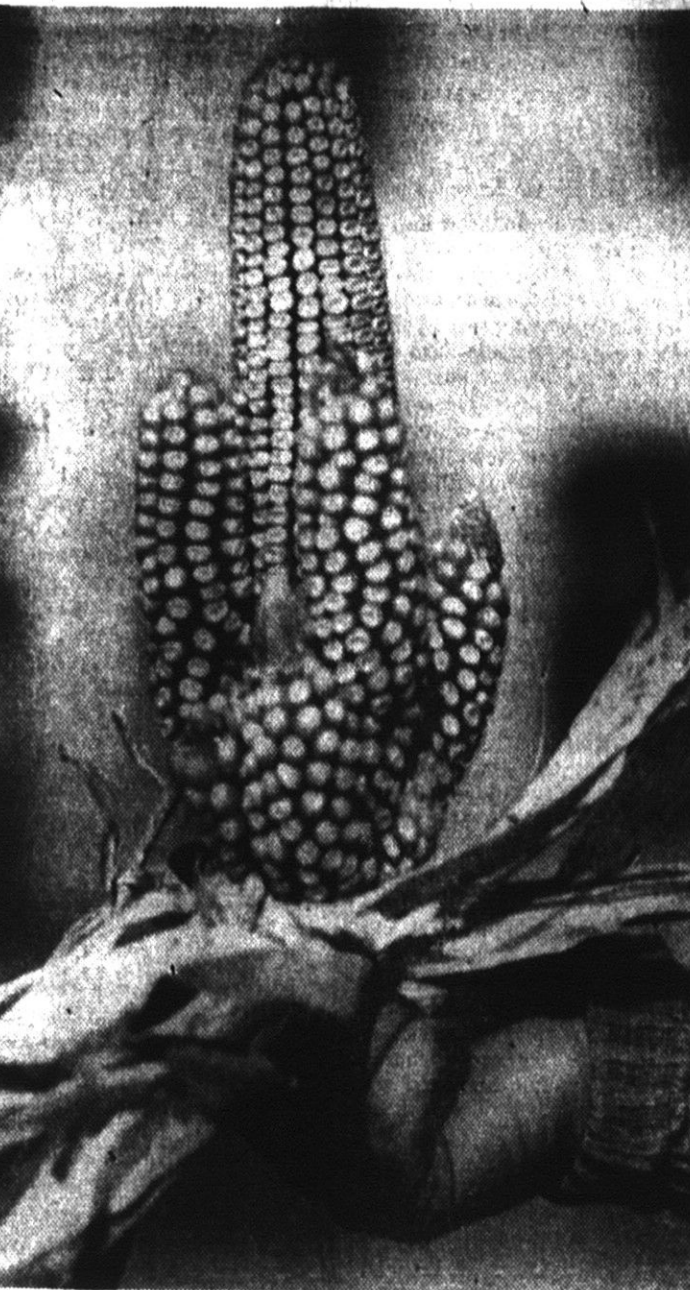

Peter Kromann, comptroller for Holland-Racines, Inc., told how this firm's employees cooperated by pledging 10 per cent of their income to enable the company to receive the treasury department's "bulldog" flag.

Local firms, having eight or more employees and which have installed the salary allotment plan follow: Armour Leather Co., Baker Furniture, Inc., Bay View Furniture Co., Bolhuis Lumber and Manufacturing Co., Buss Machine Works, Chris-Craft Corp., Cramp-ton Mfg. Co., De Pree Co., Donnelly-Kelley Glass Co., Dunn Manufacturing Co., Dutch Novelty Shop, Dutch Tea Rusk Co., Esenbush Building and Lumber Co., Federal Baking Co., Hart & Cooley Manufacturing Co., H. Hope Societies Present Variety of Programs

The Thanksgiving theme dominated the majority of sorority and fraternity programs at Hope college Friday night as literary societies held final meetings preceding next week-end's holiday vacation.

Milton Ver Burg and Carol Bos were co-chairmen for a joint meeting of the Emersonian and Dorian societies in the Emersonian house Friday night. Programs in the form of turkey gobblers, listed John Kleis and Frieda Grote as leaders of an opening song fest. Betty Mulder led in the singing of the Dorian song.

A humor paper with Thanksgiving as its theme was read by Dick Brown. Several duets were sung by Bud White and Frieda Grote. Injecting seriousness into the program was Corinne Poole who presented thoughts on the importance of Thanksgiving today. A musical interlude was furnished by pianist Ed De Young. Following the report of Polly Naas, program critic, refreshments were served. Miss Elizabeth Ogge was a faculty guest at the meeting.

Sibyllines and Knickerbockers also turned to the fall holiday for inspiration as they held a joint meeting in the Knickerbocker apartments in the Temple building with the Sibylline society as hostess. Jane Waldbillig was program chairman. Devotions, led by Ted Zwemer, were followed by a serious paper given by Bob Spaulding which contrasted the first Thanksgiving day with modern observances. Betty Christine sang two selections accompanied by Edna Blom.

A humor paper on "Men" was read by Frances Hillebrand. Serving as accompanist for a song service which concluded with the singing of the society songs was Mae Vander Linden. Refreshments and games were also featured. Chaperoning the affair were Prof. and Mrs. Garrett Vander Borgh.

A Thanksgiving reading by Betty Jayne Smith with soft hymn accompaniment by Dorothea Dixon was the opening number on the Thesaurian program Friday night. Norma Jean Walvoord turned special music with a piano solo and Ellen Gehel gave a Thanksgiving monologue. Chairman for the program was Josephine Fitz.

Ellen Jane Kooker was in charge of the attractive Thanksgiving tea held by members of the Sorosis society Friday afternoon. The table, appropriately decorated with turkey napkins and yellow tapers, featured a harvest centerpiece of fruit and nuts. Tea was poured by Mary Jane Raffenaud.

A special feature of the afternoon affair was the candlelight pledging ceremony in which Mrs. Harold Van Tongeren was welcomed as a new member of the sorority. In second term elections during the business session, Mary Jane Raffenaud was chosen president; Barbara Van Volkenburgh, vice-president and Barbara De Folsenbeck, secretary.

The "Delta Phi Hit Parade," arranged by Dorothy Kooker and Esther Van Dyke, was the theme for the regular Delphi meeting Friday night. Program members fitted in with the titles of popular songs and were posted as popularity ratings on a large bulletin board. Irene Lundie led devotions and Anna Ruth Poppen read a serious paper listed as "Light a Candle in the Chapel." "Kalamazoo" was Bud Witte who hails from the celery city, singing several popular selections accompanied by Marjorie Emery. A humor paper was presented by Betty Kampa. "Delta Phi Extra," the critic's report by Dorothy Wendt, and "Everything I Love,"

Gratitude is the echo of the pleasant words we speak to others.

Wyma Services Held on Monday

It was a sad homecoming for a group of Holland hunters whose deer hunting trip into the upper peninsula, northeast of Iron Mountain, ended in tragedy when one member of the party was accidentally shot by his companion Thursday morning while they were hunting in the Floodwood district in Dickinson county, about 35 miles northeast of Iron Mountain.

Victim of the tragedy was Theodore T. (Ted) Wyma, 35, 217 West 11th St., who was accidentally shot by Police Officer Ernest Bear, 40, 99 West 27th St. Other members of the party are Donald Rympa, 550 Washington Ave., and John Kemper, 179 East Fourth St.

Mr. Bear, Mr. Rympa and Mr. Kemper came home by automobile and arrived here Friday afternoon. Awaiting their arrival was Mr. Wyma's grief-stricken widow, sorrowing wives of the other men and numerous relatives and friends. Mr. Wyma and Mr. Bear are both well known in Holland.

Local police talked with Officer Bear Thursday night by telephone and learned the others were at the camp, packing up for the trip home.

Mrs. Wyma was not at home when news of the tragedy was received here. She was thought to have been in Grand Rapids with her parents but when Abe Nauta, public works superintendent, and Charles Vos, assistant public works superintendent, arrived there later in the afternoon, they learned Mrs. Wyma and her mother had gone to Lansing for the day. She and her mother did not learn of the shooting until late Thursday upon their return to Grand Rapids.

Mr. Wyma was an electrician of the board of public works. After five months employment, with the former Ottawa Furniture Co., he accepted employment with the board of public works March 22, 1926, as a laborer in the water department. Later, he was transferred to the electrical department.

He was born Oct. 1, 1907, in Holland to Mr. and Mrs. Richard Wyma.

Survivors are the widow, Mrs. Jean Wyma; the mother, Mrs. Reka Wyma, Holland; two sisters, Mrs. John Elferink, Holland, Miss Winifred Wyma, Holland; two brothers, John Wyma superintendent of Jamestown school and Pvt. Richard Roy Wyma, engineer battalion, New York.

He was a member of First Reformed church and of No. 1 company Holland fire department for 18 years and treasurer of the firemen's club for past 10 years. He was a member of the Metropolitan club and secretary of the Holland Fish and Game club.

Funeral services were held on Monday at 1:30 p.m. from the home, private, and at 2 p.m. from First Reformed church, with Dr. Seth Vander Werf in charge of the services at the home and at the grave and the Rev. Leonard Greenwood, pastor of Eighth Reformed church, Grand Rapids, in charge of the church services. Burial was in Pilgrim Home cemetery.

Buys Bond to Help Uncle Win War

Gordon H. Benjamin

Eunice Elizabeth Hapeman

Having saved her pennies, nickels, dimes and quarters, little six-year-old Eunice Elizabeth Hapeman, daughter of Mr. and Mrs. Charles Hapeman, 27 West Second St., finally had enough with which to purchase a \$50 war saving bond in order that her uncle who is now serving in the U. S. navy can have "plenty of bullets to fight with."

In company with her mother, she took her \$37.50 last Friday to buy the bond which in 10 years will have a maturity value of \$50. She feels that in buying this bond and others which she intends to buy in the future, it is her way of

paying tribute to her uncle, Gordon H. Benjamin, son of F. H. Benjamin, 197 East Ninth St.

Her uncle has been in the navy for the past six years. Following transfer to Texas from Washington, D. C., he is expected home soon on a furlough.

Eunice is in the first grade of school at Froebel school and with her future savings, she plans to buy war savings stamps which are offered for sale at the school.

Her uncle began his second enlistment in the navy in January, 1941, which was his last furlough. He formerly served on the presidential yacht Potomac.

Writing to Economic Administrator James Byrnes in Washington recently, H. M. Welder of Fennville, said:

"I have been an honest to goodness dirt farmer for many years and have made an extensive study of farming, therefore I am in a position to write you frankly and intelligently in regard to the critical condition the American farmer is in at the present time, and this condition is being greatly intensified by the proposed price ceilings on all his products.

"In the first place, I wish to say the American farmers as a whole are just as patriotic as any other group and are not asking for any special privileges; however they are asking for equal consideration by their government and an opportunity to compete with other groups on an equal basis, which is not being granted them at the present time. I happen to own three farms in this vicinity and my son has been taken into the army and I am not complaining about this. Nevertheless I am 67 years old and crippled so I cannot do farm work so I am in a position to know what it means to try to operate a farm with hired help, especially at the extreme prices one must pay for inefficient and irresponsible help, even when it can be had, and to show a profit under these conditions and the prevailing prices for farm products. It simply cannot be done, but inasmuch as the press quotes you as saying you are not interested in the farmer receiving a profit from his business, but you are only interested in keeping the prices of his products down, I shall drop this part of it for the present. Nevertheless, I just want to call to your attention a few facts for your consideration in dealing with the farm price situation.

"First, in regard to the anti-inflation bill, President Roosevelt or his appointees are given complete control over farm prices at present levels and to depress and lower them in some cases, but what about industrial labor and their unions. We all know that the administrator has petted and pampered the unions for years and given them practically every concession they have asked for and now in this new bill provision is made to allow them an increase of 15 per cent over present wages at the discretion of the president or his appointees. Now you and I and everyone else know that labor is being paid the highest wages ever known to be paid in the history of the U.S.A., and still they are constantly demanding more and getting it, so for a moment let us contrast this picture with that of the farmer. Labor is receiving higher wages today than during World War I, but what is the farmer receiving. Let us look at the two basic crops, wheat and corn.

"During World War I, wheat sold for from \$2 to \$3 per bushel and the government put a floor under it at \$2 per bushel. Today, in the middle west, wheat producing sections, the farmer is getting considerable less than \$1 per bushel for his wheat and in the case of corn in World War I he received from \$1.50 to \$2 per bushel for corn. Today in Iowa, the greatest corn state in the Union (I was reared there), all the farmers are being offered for their 1942 corn crop is 59c a bushel, less than 1/2 what they received during World War I, and we could follow on down the line of the minor crops with the same ratio but in the face of these facts we are told that if the prices of farm products rise 15 per cent to 25 per cent above present levels it will cause inflation and seriously cripple our war effort but it is strange that nothing is said about the exorbitant prices being paid to labor as constituting a threat to our war effort. I know of many workers in war plants who are receiving high pay with no investment, while the average farmer would shout if he could make that much money per month the year around even though he has an investment of from \$5,000 to \$25,000 in his farm and equipment. Now does this look like equality of opportunity to you? And yet the administration is jumping onto farm prices with both feet, seeking to depress them still further.

"Did it ever occur to you, Mr. Byrnes, that there might be other things that constitute a much greater threat of inflation than the prices the farmer receives for his products, if not I shall cite you one at least. Today the prices of cattle and hogs are the highest in proportion of anything the farmer has to sell, but at that he is receiving only an average of about 12c per pound for his dogs and cattle at the farm, but by the time they are slaughtered and prepared for the trade they cost the packers around 20c to 25c per pound, but go into any of the retail markets of any of our big cities and buy this same meat and you will pay from 50c to \$1.00 per pound for it.

"The retail price of the meat easily averages 60c per pound while the cost to the packers was not over 25c per pound. There is a spread of 35c per pound between the packer and the ultimate consumer. There, my dear Mr. Byrnes, is one item that constitutes a far greater threat of inflation than does the pittance paid the farmers for his products. Now let us look at the case of industry. Our large industries are specially protected by the government. They are allowed to compute all their costs of material and labor and all overhead costs such as taxes, insurance, etc., and they are allowed large salaries for their presidents, superintendents, managers and foremen. This is all charged against their finished products, then the government guarantees them a definite percentage of profit, above all this, but what of the farmer, does the government guarantee him any profit? Definitely not.

"Not only that but in this new law he is forbidden to figure his cost of production against the price of his finished product. Also he is denied a salary for himself for labor and management. He is not even allowed common labor wages, yet the government cries out—produce more and get more, and this is what they are already doing but are they receiving any remuneration for it? No, it is definitely denied them to receive any wages chargeable to the crop, but on the other hand, look at the wives of our industrial workers who are working beside their men in the factories, they are receiving just the same wages as their men for the same work.

"Now, Mr. Byrnes, it seems to me that anyone with 1/2 of 1 per cent of an eye could see that this state of affairs is outrageous discrimination against the farmers of our great nation, and unless there is a change brought about very soon, you are going to see the greatest shortage of many essential food stuffs that this country has ever known and the farmers will not be to blame for it either, but the blame will rest solely upon the shoulders of corrupt politicians. Therefore, Mr. Byrnes, I am asking you, in the name of justice, to all, to consider these facts very carefully before you place any permanent ceilings on the farmers' crops."

To the generous mind the heaviest debt is that of gratitude when it is not in our power to repay it.—Franklin.

In the face of all the bloodshed, persecution, and suffering abroad, we have every reason to be grateful.

Three From G.H. Survive Battle

Grand Haven, Nov. 25 (Special)

Three Grand Haven boys, known to have been in the Solomon Island battles, have been reported safe in American ports. They are Ensign Charles N. Jacobson, Marine Corps Pvt. Dan McFadden and Seaman Charles W. Grubham, Jr.

A telegram from McFadden in San Diego, Calif., saying "I am well, may see you soon" brought happiness to his mother, Mrs. Vincent G. McFadden who has a four-star service flag in the window of her home, 424 Slayton St. Mrs. McFadden knew her son was on an aircraft carrier in the battle zone and when it was announced one was sunk recently and the name was not given her fears mounted as Dan, 20, a faithful letter writer, had not written for weeks. He enlisted June 18, 1941, and was assigned to the marine corps detail on a carrier.

Mr. and Mrs. A. E. Jacobson, 618 Lafayette St., received a telephone call from their son, Charles, 24, who had been on a light cruiser that he was in Philadelphia. They knew the ship their son was on and news of casualties aboard it in the Solomon's action last October alarmed them. Commissioned last summer, Ensign Jacobson a year ago was sailing yachts for pleasure in Lake Michigan. He was to phone his parents again tonight and may come home.

Mr. and Mrs. Charles W. Grubham, Sr., 521 Franklin St., received a phone call from their son, Charles, Jr., from Philadelphia, telling them he expected to come home. Charles, 19, enlisted Dec. 26, 1941, against the wishes of his mother who, nevertheless, consented. His parents knew his ship was in the Solomons.

Mrs. McFadden's husband, Capt. McFadden, is in New Guinea. Two other sons, Pvt. Larry McFadden, who enlisted in the marines six weeks ago, is in San Diego and Patrick, youngest son, is a cadet in the army air corps.

Philadelphia, November 25.—The battered light cruiser Boise, which, outgunned and outnumbered, fired most of the shells that sank six Japanese warships, was being repaired today for a triumphal return to the Pacific. Sea and crew each home Thursday and received a hero's welcome. Three of her officers and 104 men were killed in the Oct. 11 and 12 battle. (Jacobson and Grubham were on the Boise.)

Though right it is to give thanks, true gratitude will live thanks.

We can be thankful in a topsyturvy world if our own lives are right side up.

Finds The Sentinel Is Like Letter From Home

These are two things which Robert Klomprens, fireman second class, U. S. coast guard, enjoys from Holland—letters from home and The Sentinel.

Klomprens, the son of Mr. and Mrs. C. Klomprens, 320 West 19th St., enlisted in the coast guard service July 24, 1941. In a letter which was passed by naval censor, Klomprens wrote The Sentinel as follows:

"After reading your article of Mr. Woltman, U. S. army officer, who spent six months in a foreign port and happened to come across an edition of The Sentinel and how he enjoyed it so, I felt that I would also like to say something about how we boys feel.

"I have just started to receive The Sentinel for which my family subscribed for me. Next to getting a letter from home, I like getting the home town paper. It gives me a chance to read what is going on in Holland and what they are doing to help out in this war.

"I think that I could justly say for all the boys of Holland who are in the service that our city is doing its share and we are proud to be from it.

"One of my shipmates, Stanley Loyer, formerly from Holland, also reads The Sentinel I receive and enjoys it as much as I do. You may print this if you wish."

"Don't Kid Yourself!"

We could lose this War!"

MISTER, if you think this war's a cinch, better read your paper or listen to the radio. You'll change your mind—*quick*.

If you think we're going to march to Berlin and Tokio just because we're *right*—forget it!

People just as clean and decent as we are—just as righteous—just as patriotic, have been ground to the dust under the hob-nailed boots of other people trained and toughened for one purpose—*war*.

Choose *now*. Either *we* give our boys the planes, tanks, guns, and ships they've *got* to have to win—or we're letting them march to their defeat and our destruction.

Planes cost money. Tanks don't grow on trees. And the storks don't bring subchasers.

We've got to *pay* for them. "*We*" means *all* of us—including *you*.

How? By buying WAR BONDS. By putting 10 percent of every dollar we earn into the Pay-Roll Savings Plan. A dime out of every dollar—a dollar out of every ten—every payday. And every time our savings amount to \$18.75 we get a Bond, worth \$25 in 10 years. That's \$4 back for every \$3 we put in.

Isn't that the *least* we who stay at home can do to help win the war? Stop and think about it—next time you're tempted to buy something you don't really need. Remember the President's words—"We cannot have all we want if our soldiers and sailors are to have all they need."

And if, every payday, we don't set aside every nickel, dime, or dollar we can possibly scrape together for War Bonds, we're letting our boys down.

That's the truth, every word of it—and *we know it!*

DO YOU KNOW?

When you buy WAR BONDS, you're saving, not giving! Series E WAR BONDS are worth 33 1/3 percent more in 10 years! You get back \$4 for every \$3 you invest!

These BONDS, when held to maturity (10 years), yield 2.9 percent per year on your investment, compounded semi-annually!

Joining a Pay-Roll Savings Plan makes saving easy!

Joining your bank's Victory Club (it works like any Thrift or Christmas Club) is a convenient way to save for War Bonds for those who aren't members of a Pay-Roll Savings Plan.

You can have enough money to do a lot of things you'd like to do, and to buy the many things you'll need after the war is over, if you save enough in War Bonds every payday NOW!

You can start buying WAR BONDS by buying War Stamps for as little as 10 cents.

EVERYBODY—EVERY PAYDAY 10% IN WAR BONDS
