## Early Christmas Mailing Is Urged by Postmaster

### Start Installing Yule Decorations Downtown Today

Work was started Monday on the Christmas decorations in the commercial section and will be completed by Friday.

According to Tony Last, president of the Retail Merchants' association, the boulevard light poles will be painted silver and a large wreath of evergreens will encircle the light. Each pole also will have a large durable red plywood bow just under the light.

Evergreen for the wreaths was obtained from the A. C. Keppel Memorial forest, operated by the biology department of Holland High school. The silver poles will be repainted green in the spring, Last said.

Colored lights will be strung at three intersections with neon stars in the middle. Christmas carols will be broadcast on an amplifying system from 4 to 9 p.m. for five days, Thursday, Dec. 20, through Monday, Dec. 24, including Sunday.

Downtown stores will be open Wednesday afternoons on Dec. 12 and 19 and will be open three nights until 9 p.m., Thursday, Friday and Saturday, Dec. 20, 21 and 22. Stores will close Monday, Dec. 24, at 6 p.m. and also will be closed Wednesday afternoon, Dec. 26.

## Major Relates Jap Atrocities

Advocating compulsory military training and the purchase of more and more bonds, Major Ellisworth Chunn of Jonesboro, Ark., gave a detailed description at an Armistice day rally in his home town, of Japanese atrocities while he was held prisoner for three years and three months.

Details of the event were given in a newspaper clipping received recently by Raymond Sly, 118 West 15th St., formerly of Jonesboro. Sly fought in World War I with an uncle of Major Chunn, Robert L. Kirby. The major at that time was about seven years old.

As a member of the army reserve, Chunn, a language professor in a university in Oklahoma City, was called to active duty before war was declared and was sent to Manila. He was captured and his escape to Corregidor which held out a month longer.

He spent 2½ years in Cabanatuan prison camp in central Luzon suffering boredom and impatience and witnessing unbelievable atrocities against Americans. The major's weight fell to 85 pounds but is back again to his normal weight of 170.

He described his most terrible experience when crammed with 1,619 prisoners in the filthy hold of a Jap "hell ship" which was bombed 15 times by American navy planes. Given no food or water, the prisoners shouted complaints and Japs put the hatch covers on, causing men to suffocate. A total of 150 men died that night mostly of suffocation but many were murdered by thirst-crazed Americans.

Next morning when the ship was sinking from an American bomb, Japs fired into the hold to kill Yankees trying to climb out. After the Japs finally allowed the prisoners to climb the ladder, they machine-gunned the Americans in the water.

She left Holland Monday for New York.

## Few Seats Left For Premiere

Very few seats remained today for the Victory bond premiere tonight of the motion picture "Stork Club" starring Betty Hutton and Barry Fitzgerald.

Theater operators said the amount of money represented in the sale of premiere tickets amounted to roughly \$60,000 which is somewhat below the

total of other premieres. One reason is that seats were assigned for \$25 bond purchases in this premiere whereas other premieres sometimes limited seats to \$30 or \$100 bonds.

The premiere which opens at 9 p.m. is sponsored by the Junior Chamber of Commerce.

Meanwhile sale of individual bonds continued at a rather slow pace throughout the city, the total for Wednesday being \$11,213.75, according to Clarence Klaasen, statistical chairman. This brings the individual total here to \$155,456.20 which is \$304,543.80 short of the assigned \$550,000 quota for Holland city and Holland and Park townships.

Wednesday's total is broken down as follows: Industrial, \$306.25; merchants, \$7,013.75; schools, \$562.50; homes, \$3,131.25.

## Flier, Missing Over a Year, Is Presumed Dead

Word Received by Wife  
Of Flier in Toledo, O.,  
From War Department

Lt. Col. Clarence J. (Jack) Lokker, a squadron commander with the 15th AAF in Italy who has been missing in action over Germany since Nov. 20, 1944, is "presumed to be dead," according to a letter from the war department in Washington received here Monday.

The letter was addressed to the flier's wife, the former Sybil Brailey, who at present is in Toledo, Ohio, visiting her parents. With her is her son, David John,

who will be two years old in December. The flier's parents are Atty. and Mrs. C. A. Lokker, 30 East 12th St.

Although little or no information was forthcoming the past year through the war department, the Lokkers learned that their son was living when he bailed out from a badly damaged Liberator last November. His co-pilot, Capt. Duckworth of Jackson, Miss., visited the Lokkers here last summer after he had been liberated from a prison camp and explained that he and Jack had been captured by civilians following their descent and were held in a farm house from which they managed to escape.

They managed to evade their pursuers for several hours. Capt. Duckworth said, but the pursuers finally caught up and he surrendered when bullets penetrated his clothing, but Lokker made for a woods which he seemed to reach safely.

Col. Lokker, who was awarded the Distinguished Flying Cross and the Air Medal with several citations, was graduated from West Point military academy in June, 1941, receiving a commission in the field artillery. He later was transferred to the army air force and received his wings in June, 1942. He arrived in Italy in February, 1944, and participated in approximately 40 missions over France, Italy, Germany, Austria, Romania, Hungary and Yugoslavia.

The fire department which decided some weeks ago to greet royally each of the seven volunteers in the service when they return home with discharges almost skipped up on the third returner Tuesday, but fate intervened and had a local fireman pick up the hitchhiker in Grandville.

As fate decreed, it was Fireman Teno Vande Water returning home from Grand Rapids, who picked up two discharged coast guardmen in Grandville, one of whom was Pathuis. The other was Petty Officer 2/C Jason Ryman,

## Declare Dividend For Holland Bank

Grand Haven, Nov. 29 (Special) — A decree filed in circuit court Wednesday afternoon, in terminating the liquidation of the Peoples State bank of Holland, ordered the distribution of another seven per cent to approximately 1,400 depositors in the bank. This additional dividend brings the total realized by the depositors to 72 per cent of their deposits. Checks are expected to be mailed out within approximately three or four weeks in time for Christmas.

The bank was closed in 1933 and was organized on the basis of the bank paying 50 per cent of the deposits, and the poorer assets were to be liquidated for the purpose of paying as much as possible to the depositors. Part of the liquidation was done by the depositors' committee in the bank, and in 1938 the remainder of the poorer assets were turned over to the liquidating company, which have since been sold.

Wednesday an accounting was given in circuit court of the expenses incurred in the sale of these assets and the income derived. After the original 50 per cent paid the depositors, later an additional 10 per cent was granted, and still later, another five per cent.

## Home and Family Week Is Planned

Initial plans for the local observance of "Michigan Home and Family Week," instituted by Gov. Harry F. Kelly, and designated for the week of Dec. 2 to 8, were discussed Monday afternoon at a meeting of representatives of local organizations in Holland High school. The state-wide observance is sponsored by the Michigan Youth Guidance commission. Superintendent of Schools Carroll C. Crawford presided at the meeting.

"Plan one night at home with the family," was the theme adopted by the local group in discussing observance of the week here. Other possibilities, to be arranged with the cooperation of churches, schools and clubs, are sermons and programs emphasizing the importance of family life, suggestions and displays showing possibilities of home recreation, and emphasis placed on the cooperation of parents and children in establishing stronger home ties through P. T. A., luncheon clubs and other organization meetings.

## Declare Dividend For Coopersville

Grand Haven, Nov. 29 (Special) — A decree was filed in circuit court Wednesday declaring a further dividend of approximately 32 per cent to more than 900 depositors of the Coopersville State bank which makes the total amount received by depositors about 92 per cent.

The bank was closed in 1932 with C. Leo Ver Plank named receiver. Following a meeting of the receiver with Clarence Jalving of Holland and Judge Fred T. Miles, the bank was reopened with depositors being paid 60 per cent of their deposits and the remaining 40 per cent as a "gift" to the bank unless the bank would realize something on assets then thought worthless. Since then many of the assets have been liquidated.

This afternoon, a similar hearing was scheduled for the People's State bank of Holland but the amount to be realized by the depositors, if any, would not be determined until after the report is made to the court.

## Doors of Coast Guard Station Are Smashed By High Velocity Winds

Savage winds with a velocity estimated at 50 to 60 miles an hour tore down board walks and cement walks at Macatawa park, smashed in four doors of the coast guard station, broke up about 40 feet of cement on the south side of the channel, tore two large fishing boats from their moorings and caused considerable more damage on Thanksgiving day in what is thought to be the worst lake storm in this area in the last 10 or 15 years.

Swirling snow and slippery roads also added a toll of car accidents, although none were serious, police said.

According to Coast Guard Chief A. B. Berg, the winds came up about 11 p.m. Wednesday, blew steadily all day Thursday and finally quieted down between 6 and 7 a.m. today. The local station has no velocity instruments, but he estimated the peak at 60 miles an hour.

Two 26-foot steel boats of Casey's Boat livery located at Macatawa park were torn from their winter moorings in the bay and are now submerged, considerably damaged. Casey Landman, the owner, explained that the boats each year are moored on timbers well above the water line and chained securely.

The high seas lifted the boats from their moorings and they hung suspended by their chains for several hours until the chains broke and the boats sank. Landman said the boats will be salvaged Saturday and it will be determined then whether the hulls can be repaired. The boats are used to ferry fishermen out to the piers. The livery has a third boat in storage.

The two boats, the Sea Foam and the Sea Splash, are well known to Holland folk. The owner estimated their value at \$6,000.

The snowfall here was estimated at three inches according to Chief Weather Observer Fred Silkkers. The precipitation officially measured .25 inch for the 24 hours ending 7 p.m. Thursday and .08 inch from then to 11 a.m. Friday. Silkkers described the new snow as a very wet variety and said that Friday's sunshine probably reduced the depth an inch in a few hours.

Many car wheels spun helplessly at downtown curbs Friday, although accidents were few and only minor.

The street department had its workers out at 3 a.m. today cleaning the streets and walks and sprinkling sand at the intersections. Downtown merchants also were out early shoveling their walks.

Several youngsters got out last night's Christmas sleds for a workout. Dealers in footwear enjoyed brisk business Friday, as many rubbers realized overtaxed rubbers and galoshes could not serve another year.

Thursday night more than a dozen cars went off the road between here and Grand Rapids due to slippery roads, brisk winds and poor visibility. Travel was hindered in several sectors because of slippery highways. Grand Rapids reported over seven inches of snow and the heaviest snowfall of 12 inches was reported in the Sturtevant-Grange City area.

Lt. Comdr. Jerold H. Van Alsburg, who served as a specialist on equipment design and ship repair at numerous overseas navy bases, has returned to Holland after 3½ years with the navy and he and his wife are at present staying at the Warm Friend tavern. Now home on terminal leave, his discharge will be effective shortly.

From Pearl Harbor he went to shore bases at Tulagi in the Guadalcanal area and then was assigned to ASD-4 (advance base sectional drydock) in the Admiralties. Only recently was news released regarding these large floating drydocks which are credited with much of the success of the allied offensive. From the Admiralties he went to shore stations on Manicani islands and on Leyte gulf in the Philippines.

He will return to his old position as sales engineer at Hart and Cooley with which he was affiliated for 13 years before entering the navy. While he was in the service, his wife was employed by the navy bureau of medicine and surgery in Washington for three years.

Lt. William G. Winter, 291 West 12th St., now home on leave, served with a Pacific navy service force group whose personnel was credited with saving the lives of 75 survivors of a small tanker during the height of a raging typhoon off Iwo Jima. ## Survivor of Plane Crash Speaks at Local Church

Capt. James Whittaker, who spent 21 days adrift on the Pacific after crashing in the plane on which Capt. Eddie Rickenbacker was a passenger, spoke to a large audience at Trinity Reformed church Friday night. Whittaker, co-pilot of the plane, related his experiences from the time of the take-off from Hickam field, Honolulu, on Oct. 21, to their rescue 21 days later.

The eight men in the plane managed to escape from the crashed plane and take to three life rafts without any serious casualties, but in doing so, lost all food and water supplies except four oranges, which they rationed over a four-day period, he said. They made several attempts to catch fish in various manners. One of the men discovered that he had some bare hooks in his wallet.

Using the famous sea dove, which landed on Capt. Rickenbacker's head, for bait, the men finally landed two small fish and divided them among the eight of them. Their total amount of food in the 21 days consisted of two fish, three small fish each, two large fish, which jumped in to the raft, and some sea lice which scraped off the backs of sharks, as they rolled under the raft. They had no water until the 18th day, when it rained, and they caught enough for a two-day supply.

A collection was taken in the church to support an association, described by Capt. Whittaker, which furnishes chaplains with funds to provide radios and other equipment to servicemen who have been blinded or have received other wounds.

## Christian Lineup Set For Opener; Altena Captain

Coach John "Cooney" Tuls of Holland Christian had a lineup set today for his Maroon cagers who will battle Western State High of Kalamazoo at Western's gym in Kalamazoo Friday night. It's an all veteran crew that will seek revenge on Western which last season spoiled Christian's opener by rushing the locals off their feet and scoring a 30-14 victory.

Kearney Zoerhof and Fred Brieve will be at forwards, George Slikkers and Bob Altena at guards and Dale Artz at center. Altena was unanimously elected captain by the players of this season's club.

The Maroons are using a set-up style of play this season and with a year's experience behind them should make it more effective than last season. In practice sessions lately they have looked good but the real test will come in the first few games when the Maroons clash with class A teams of Grand Rapids.

Artz is the ball handler in the set-up. From his position, mainly, but also from the entire back line, made up of Artz, Zoerhof and Slikkers, the plays develop. Zoerhof is listed in the scorebooks as a forward but on offense he shifts to a guard position.

The team has fair height and its a cinch they'll not be pushed around by bigger teams. They are well built for their height. Altena, Slikkers, Brieve and Artz all measure around the six foot mark.

Coach Bob Quiring of Western State High has two veterans on his 1945 squad. They are speedy Bobby Burns and Jim Ralston, a rugged guard. These are the only two regulars which return from last season's outfit but Coach Quiring has high hopes of a successful season because he has several other outstanding boys who were first line reserves last season. Gene West, Bill Ryan, Dick Cain and Paul Rafferty.

## Sophomore Play Cast Announced

Announcement is made by Coaches James Bennett and Peter Veltman, of the cast and committees for the annual Sophomore class play which will be presented in Holland High school auditorium Dec. 4 and 5. Robert Miller as Herbert Kalne, successful business man who, however, is unfriendly to modern ideas, will share the lead with Jeanette Bobeldyke who will play the role of Elizabeth, his patient and understanding wife. Their three children of high school age will be played by Norman Ratering, Marjorie Metzger and Robert Weller. Jacquelyn Michelsen rounds out the household as Martha, Irish born maid.

## Commitment Rate To Boys School Greater in State

Lansing, Nov. 29.—Michigan has 6,916 boys and girls of juvenile age serving time in correctional institutions or under probation supervision.

The number represents 145 in every 10,000 juveniles between the age of 12 to 17, according to Ayres P. Raymond, state corrections commission research expert assigned to study youth problems.

Admissions to the Boys Vocational school at Lansing in relation to all boys of committable age are 20.9 per 10,000 boys—a rate greater than in other large states. The Ohio rate is 16.7, New Jersey 11.6, and California 5.4.

The rate of commitments to the Adrian Training school is 12.7 per 10,000 girls.

Raymond said statistics show that of the entire current juvenile correctional load, 500 boys are confined to the Lansing Vocational school, 519 under parole supervision of the Lansing school, 308 at Girls Training school, 114 on parole from the Adrian institution, 5,324 on probation from the juvenile divisions of probate courts in their own communities, and 154 in state prisons.

Michigan has 151 boys 15 and 16 years of age in prison as a result of a 1939 state law which requires probate courts to waive jurisdiction over juveniles for offenses which are punishable by a sentence of over five years. In 1938 before passage of the act, there were only 31 younger boys in prisons.

Raymond said statistics show the Boys Vocational school has a runaway rate of 27.3 per cent of its admissions last year. In other states the average is 20.3 per cent.

Michigan's parole violation record is better than the average, however. Violations in Michigan were only 10.1 per cent compared to the average of 20.3 per cent for other states.

Subsequent convictions of boys in higher courts are 15.5 per cent in Michigan and 16 per cent in other states. Commitments of Negro boys averaged 13.6 per cent or 3½ times more frequent than white boys in relation to their population ratio.

## Scarcity of Low Priced Furniture

Washington, Nov. 9.—Alarmed at the "almost complete disappearance" of low and medium-priced furniture from the market, the OPA announced today that it plans to increase manufacturers' ceiling prices as much as 20 per cent to encourage production.

Details of the proposed increases were disclosed by OPA representatives to members of the Southern Furniture Manufacturers' association meeting today in Winston-Salem, N. C., and also made available here.

The price increase to manufacturers will not become effective until sometime next month, OPA said. The agency does not know whether the increase will be passed on entirely to consumers or whether part of it will be absorbed by distributors.

In any case, OPA said, consumers should be able to buy less expensive furniture than is now available as a result.

The agency pointed out that since a five per cent increase was given to furniture manufacturers in December, 1943, the industry has been faced with sharply increased costs of lumber and textiles.

As a result, OPA said, most manufacturers have produced high-priced furniture on which they received the highest profit. Consequently it added there has been "almost a complete disappearance of essential low-cost" furniture from the market.

Manufacturers who produced high-priced furniture in 1942 will also be entitled to some price increases if they spread their production among the low, medium and high priced items which they carried at that time.

## Basketball Opens; CHS at Kalamazoo, G.H. at Zeeland

Basketball opens for Holland Christian and Zeeland cagers today this week but Holland fans will have to wait until two weeks from tomorrow to see their first game unless they follow the local teams out of town. The Maroons clash with Western State High at Kalamazoo Friday and Zeeland is host to Grand Haven.

The following week five games crowd the schedule but none will be played in Holland. Godwin Heights meets Zeeland Dec. 3 at Zeeland. Grand Rapids South is host to Holland Christian on Dec. 4 and on that same night Hope will be battling in Battle Creek with Percy Jones hospital. On Friday, Dec. 7, Pearl Harbor anniversary, the local Christian five clashes with Grand Rapids Christian and Holland locks horns with Grand Rapids Ottawa Hills. Both of the Friday games are in Grand Rapids.

Although most local fans will not see their favorite teams in action until after two weeks of the season are completed they will get a look at each team in three games on successive nights here Dec. 12, 13 and 14. On Wednesday, the 12th, Hope clashes with Percy Jones in the local armory. The next night Christian faces Ottawa Hills and then on Friday, Holland and Muskegon tangle in the first Southwestern conference game of the season.

All of the local teams and Zeeland show definite signs of strength, but the schedule makers have not made it easy and the teams must be strong to win more than they lose on the 1945-46 cards.

Christian has a 100 per cent veteran team. Holland High has a winning background with Coach Malcolm Mackay. Two lettermen also brighten the Dutch prospects for a successful season. Zeeland is getting set, under new Coach Al Jones, to defend a record of 21 victories and two defeats registered in 1944-45. Hope is of more uncertain strength than the others but shows signs of power.

## UNANSWERED QUESTIONS

There are so many unanswered  
questions floating around these  
days that the average citizen is  
hardly short of being bewildered  
by them. Thus there is the inex-  
plicable situation in Java.

The idea of the Dutch govern-  
ment going in there and reducing,  
or trying to reduce, the current  
rebellion would be wholly under-  
standable. We would do some-  
thing of the kind if rebellion raised  
its head in any of our so-called  
"possessions" — the Philippines,  
Puerto Rico, Hawaii. Wherever  
our sympathies might lie as in-  
dividual American citizens, we  
could at least understand the logic  
of such a situation.

But suppose any one of our  
"possessions" should rise, in revolt  
against our government. Then sup-  
pose we should call upon the British  
government to send in its war-  
ships and armies to club the revo-  
lutionists into submission. To say  
the least, that would be a baffling  
situation. It would raise questions  
that could not be answered on  
any reasonable grounds.

But that is just what is hap-  
pening in Java. The average per-  
son with no axes to grind is in-  
clined to ask: Why should the  
British quell the revolt in a coun-  
try that's none of their business?  
If revolt develops in the Singa-  
pore area, or in any other area  
that has for centuries been Eng-  
land's affair, it is quite another  
matter. Questions would still re-  
main as to the rights and the  
wrongs of the issue, but Eng-  
land's involvement could at least  
be understood. But why a British  
force, why British warships, why  
British bombers to beat into sub-  
jection the 40 million Javanese  
natives who have risen in revolt  
against the Dutch government?  
What is the answer? No question  
is involved of whether the Dutch  
government has or has not the  
right to quell the revolt? But  
why the British involvement in a  
revolution against the Dutch govern-  
ment?

The question becomes all the  
more baffling when it is remem-  
bered that the present Labor govern-  
ment in England was elected,  
in part at least, on the issue of  
independence for British "subject"  
peoples like India. Yet that govern-  
ment is undertaking to club  
into subjection a nation that is  
rising up against the rule of an-  
other government. It is entirely  
too baffling for an ordinary in-  
telligence.

Sunday School  
Lesson

December 2, 1945

The Christian and His Economic  
Relations—Luke 12:18-21By Henry Geerlings  
The rich man in the parable  
had three things in his favor.

First he was rich. Fortune had  
smiled upon him. He knew how to  
select seed and soil, and how to  
take advantage of shower and  
sunshine, and soon his barns were  
full to overflowing. In this there  
is evidence of wisdom. There is no  
sin in being rich. Many of God's  
most illustrious people were men  
of large possessions. Abraham and  
Isaac and Jacob and Job and David  
and Solomon were men of  
great wealth. A man is not a fool  
for being rich, but for resting his  
soul on his financial attainment.  
Money answers many things and  
he is wise who knows how to ac-  
cumulate and keep it, but he is a  
fool who risks his soul on his  
stocks and bonds. Neither are  
men to be classed as fools today  
who are diligent in business and  
successful in the accumulation of  
property. The folly is in permit-  
ting these to so occupy the at-  
tention that the great winter of  
death, so soon to fall, is entirely  
neglected.

Second, he was a prudent man.  
As he looked at his barns and  
then at his harvest, he saw that  
the one could not contain the  
other, and so he resolved to make  
larger barns, that none of the  
fruits be wasted. This, too, is most  
commendable. Waste is one of the  
sins today. God commends the  
diligent and the prudent. This  
man was not condemned for his  
economy. His folly was not in  
seeking to protect his crop, but in  
neglecting to guard his soul. In  
attaching supreme importance to  
that which should have been sec-  
ondary.

Third, he had come honestly by  
his goods. It had not been secured  
by gambling in stocks or corner-  
ing wheat, but his grounds brought  
forth abundantly. He had care-  
fully tilled his soil and selected his  
seed. He knew when and how to  
sow, and the result was a mag-  
nificent harvest. But still he lacked  
wisdom. There are many who  
have no other ground of hope for  
the soul than their integrity. This  
man had wealth, economy and in-  
tegrity but these will not float  
him safely through the black sea  
of death.

Viewed from the Judge's stand-  
point he stands condemned. First,  
he left God wholly out of his cal-  
culations. The pronouns "I" and  
"my" occur no less than eleven  
times in three verses, but there is  
never a mention of God at all. A  
man may retain a thought of God  
in his head, and yet have no place  
for him in his heart; and it is the  
man who in his heart says there is  
no God that Jehovah calls a fool.  
A self-centered life is a doomed  
life and he who lives without God  
will perish without hope.

Second, he made elaborate pro-  
vision for time and none for eter-  
nity. Early and late he toiled and  
planned and stored away his goods  
but his body might never hung-  
er, but his prudence lay all in one  
direction. No one questions the  
wisdom of making provision for a  
rainy day, but what about provision  
for a fiery day? And there is  
this difference too, the rainy  
day may never come, but the  
fiery day is sure. Are not the  
needs of the soul as great as the  
needs of the body? Then why  
make elaborate provision for one  
and entirely neglect the other?

For a life that may end tomorrow,  
and at most must pass away in a  
few years, he gave so much care,  
while for the life that must abide  
eternally, no provision was made.

Third, he counted on many  
years when God has not promised  
one. At any moment the death  
angel may summon. We insure our  
homes because there may be a fire.  
We ought to be as thought-  
ful about the home of the soul.

Fourth, the man thought that  
hoarded wealth could be a blessing.  
It never has been and never  
will be. Wealth is like the manna  
rained upon Israel. To those who  
gathered it and used it, it brought  
blessing, but for those who hoarded  
it, it bred worms. Wealth  
hoarded always corrupts. Had the  
rich man, instead of pulling down  
his barns and building greater,  
stored his surplus in the barns  
of widows and orphans, it would  
have brought a double blessing.

Fifth, his folly is seen in that  
while he wrought hard to secure  
the bread that perisheth, he re-  
fused to accept as a free gift the  
bread that endureth. If God asked  
us to work as hard for the soul as  
for the body, he would be foolish  
who neglected the former for the  
latter. Then surely, he is doubly  
foolish who neglects the soul's  
need when offered a full supply  
free. Surely one can see the just-  
ice of God's sentence and our own  
folly in making all provision for  
this and none for the other life.

Holland  
In 1914

(Following is the 233rd in the  
series of weekly articles taken  
from news of the Holland Daily  
Sentinel published more than 30  
years ago.)

Coroner Cook this morning im-  
paneled a coroner's jury to take  
evidence as to the method in  
which Mrs. John Ploegama and  
her three children came to their  
deaths in the disastrous fire yes-  
terday morning, according to a  
story appearing in the Saturday,  
April 25, issue of the Holland  
Daily Sentinel published in 1914.

The jury is composed of H. Van  
Tongeren, chairman, J. B. Mulder,  
A. Van Putten, J. W. Kramer,  
Nick Hoffman and Simon Bos.

Gouthrop became the promised

for the ministry, the wedding to  
take place later in the summer.  
In addition to his college duties  
Mr. Fisher has also occupied the

The senior class "County Fair"  
held last night in the high school  
gymnasium for the purpose of  
raising funds to buy a memorial  
for the first graduating class of  
the new high school, was a great  
success both from the financial  
standpoint and from the stand-  
point of enjoyment. The moving  
picture shows, "Trail of the Lone-  
some Pine," "P. M. Railroad  
Wreck," "Fortune Teller" and  
"Blue Beard's Wives" were all  
well patronized by the visitors.

A large audience gathered in the  
Woman's Literary club hall last

ment and banquet in their hall last

Fire from an unknown origin  
yesterday morning destroyed the  
large flour mill in Oversiel at the  
east of the village. The mill was  
owned by John Hoffman, father of  
Prof. M. Hoffman of Hope college.  
The fire that destroyed the large  
building was discovered about 7  
o'clock. The loss it is estimated  
will amount to about \$4,500 includ-  
ing a great deal of grain amount-  
ing to about \$1,800. The fire was  
discovered first under the porch  
but all efforts to check it were of  
no avail.

The Ottawa County Social Ser-  
vice Society and the National  
Child Welfare League have united  
in a campaign for ten thousand  
annual aid membership in Ottawa  
county and the campaign will be  
carried on vigorously for 30 days.  
Ten thousand Aid memberships  
will enable the above associations  
to look after the needs of the less  
fortunate in Ottawa county in a  
systematic way with the service of  
trained social workers and also to  
establish an educational depart-  
ment which will present to the  
public the needs of the poor, the  
causes of their poverty and the  
best methods of relief, cure and  
prevention.

South Ottawa and West Allegan  
Fair association is getting ready  
for the erection of the large cat-

the barn on the grounds that will  
accommodate the cattle to be  
brought to the fair next fall. This

the Holland Fair association the  
finest accommodations for cattle  
that it has ever had during the 30  
years of its history.

The construction of the water  
tank at the North Side Tannery is  
well under way. When completed  
it will be higher than the new  
smokestack that was built last  
summer. With one exception it will  
be the highest structure in or sur-  
rounding Holland. The city's water  
tank on Sixth St. is the highest.

Miss Opal Conkey left Sat-  
urday for Benton Harbor for a few  
days' visit.

Holland is once more to be called  
upon to decide on the question of  
"Saloon or City Prohibition." At  
least that is the plan now being  
worked out and for which the  
preliminary steps are being taken,  
according to a story in the Tues-  
day, April 28, issue. Immediately  
this morning when it became  
known that the council last night  
had passed an ordinance putting  
the liquor business in Holland un-  
der straight wholesale state regu-  
lation, steps were taken to prepare  
petitions for purpose of having the  
people of Holland decide by a refer-  
endum vote whether they want  
saloons or whether they want the  
city to be completely "dry."

The senior class of the Western

subject "The Value of Pure Water."

tin Schipper of Oversiel. Rev. Pet-  
er Muijskens performed the double

ment of palms, ferns, candelabra  
and bouquets of pompons and

and "The Lord's Prayer." She was  
accompanied by Miss Mildred  
Schuppert, organist, who also  
played the Lohengrin wedding  
march.

The bride, given in marriage by  
her father, wore a Victorian gown  
of moire crepe with long sleeves,  
pointed at the wrists, and a long  
train. Her finger tip veil was held  
in place with orange blossoms and

Naber and Miss Dorothy Mills.  
They wore pink and blue sheer

gowns and carried bouquets of  
roses, sweetpeas and pompons.

meyer, wore a white satin gown

Century Club Informed  
About Atomic Energy

Century club members were en-  
tertained Monday night in the  
home of Mr. and Mrs. Jay H. Den  
Herder with an interesting pro-  
gram which included an informa-  
tive talk on "Atomic Energy," by  
Dr. J. Harvey Kleinhesel of the  
Hope college chemistry depart-  
ment, and piano solos by Miss  
Nella Meyer, also of the Hope  
faculty.

Miss Meyer, who returned to  
Holland this fall after a number  
of years in New York city, played  
"Impromptu in A Flat," Chopin;  
"Reflections in the Water," De-  
bussy; and the encore, "It's Rain-  
ing in the City," a descriptive  
Hungarian number.

Illustrating his explanation of  
atomic development by means of  
charts, Dr. Kleinhesel briefly re-  
viewed the history of chemistry in  
relation to the atomic theory,  
showing the various steps which  
led up to the structure of the  
atomic bomb. All credit was given  
to distinguished present day sci-  
entists who made the development  
possible.

Dr. Kleinhesel said, in discus-  
sion of the potentialities of the dis-  
covery, that while the scientist  
does not regard himself as a  
political expert, he does suggest  
that "the only possible alternative  
to disaster is to create a  
world organization which can con-  
trol the manufacture and use of  
the bomb, and promptly to turn  
over to it all our information  
while we still have an opportu-  
nity to exercise a decisive influ-  
ence."

An international technical panel  
responsible directly to the world  
security council should be set up,  
he declared, for "if the people of  
the world are to escape destruc-  
tion within the next generation,  
they must obviously be willing to  
trust somebody to police this weap-  
on."

President Vernon D. Ten Cate  
presided and announced plans

## City to Get New Snow Loader by Council Action

In a brief meeting called at 5 p.m. November 21 instead of the regular 7:30 p.m. session, common council approved a recommendation of the committee on streets to purchase a snow loader at a cost of approximately \$5,650 to aid in the snow removal program this season.

No firm was listed for the new type of equipment, but the committee pointed out that council approval was needed now in order to avoid delays in delivery which may be around Dec. 15. Council also approved the purchase of an underbody scraper to be purchased from the Lake Shore Machinery and Supply Co. of Muskegon for \$680.

Council referred to the ways and means committee a communication from City Attorney Vernon D. Ten Cate calling attention to act 127 of the public acts of 1946 whereby defense of government immunity has been abolished in actions brought to collect damages for the negligent operation of motor vehicles by any officer, agent or employee of political subdivisions.

The city attorney stated that such legislative action is in line with the tendencies of the courts and he suggested that the matter be turned over to the ways and means committee so that consideration may be given for insurance coverage on all city vehicles if there are any that are not now covered.

On recommendation of the public lighting committee, council approved installation of a new street light at 27th St. and

Maple Ave., also two more street lights on 10th and 12th Sts., adjoining Hope college campus, making three lights in that block instead of two.

The license committee recommended the transfer of the tavern and SDM license of Harry Tutta to Bastian Bouman for the eating place at 200 East Eighth St.

Clerk Oscar Peterson presented a communication from Holland city employees, local 515, through Jacob De Graaf, secretary, thanking the council and other individuals for adopting the pension plan.

A communication from the Automobile Club of Michigan acknowledging receipt of council's request for a traffic survey was accepted and filed. The letter stated that the club appreciates the opportunity to perform this service and anticipates that such traffic survey will be made during July and August, 1946.

The matter of sewers for the Montello park area, which has been under discussion for several months was referred to the sewer committee, the city engineer and the city attorney. The city engineer explained that the particular area lies considerably lower than the city proper and that extensive engineering in the way of pumps and wet wells would have to be installed to operate such a disposal system. He further pointed out that 95 per cent of the homes that would benefit from these improvements lie in Holland township.

Claims and accounts amounted to \$6,664.61; hospital, \$3,440.80; library, \$333.02; park and cemetery, \$2,021.10, for a total of \$12,459.53. The board of public works payroll and claims amounted to \$109,609.30 which included purchase of war bonds at \$100,000. The city treasurer reported BPW collections of \$32,192.65 and regular collections of \$7,336.06.

## Medal Is Given Posthumously

Mrs. Douglas C. Bloomfield of Allegan whose husband, 2nd Lt. Bloomfield was killed Dec. 27, 1944, in the Battle of the Bulge about four miles outside of Bastogne, Belgium, has received word announcing the posthumous award of the Air Medal to the glider pilot.

The award is made "for meritorious achievement while participating in aerial flight. From Dec. 23 to 27 when as pilot of a troop carrier glider flying over extended routes at dangerously low altitudes, braving hail of flak and small arms fire, Lt. Bloomfield successfully delivered vast quantities of critically needed supplies and ammunition to isolated troops defending Bastogne, Belgium, during a desperate German counter offensive."

The decoration will be forwarded to the commanding general of the sixth service command in Chicago who will select an officer to make the presentation.

Lt. Bloomfield was a son of Dr. Leroy E. Bloomfield of Holland and Mrs. Florence Bloomfield of Battle Creek.

Canada's population of 11,600,000 persons is not quite equal to that within the metropolitan area of New York city.

New ideas gathered from visits to upholstery shops in England by Herbert Lake, will be valuable to the business of the Lake Upholstery shop, 179 East Eighth St., owned and operated by C. H. Lake and son, Herbert, who recently was discharged after spending many months overseas, and is now associated with his father in the upholstery business. Mr. Lake started his business 14 years ago, specializes in recovering overstuffed furniture and is also equipped to repair all types of furniture.

Herbert Lake, while in England, visited several upholstery shops there and states that some ideas can and will be used in their business here.

## Donate Property For Playground

At a recent meeting of the school board of the Waverly school, Holland district 13, Mr. and Mrs. H. P. Zwemer donated one acre of land adjoining the school property on the west with the stipulation that it be used as a playground for the children and for community interests.

The board plans to enclose all the school property with a wire fence and plant trees and shrubbery. Outdoor fireplaces and picnic tables also are planned.

The school district had been attempting to purchase property next to the school for some time and had raised \$300 for the purchase when the Zwemer offer was made. The property has been deeded to the school district trustees rather than to the district so that in the event of future school consolidation, the property will remain intact for community uses.

Trustees at present are Adrian Caauwe, Gary De Jonge and John Bronkema.

## Corrections Program Is Explained to Club

Positing that if something is not done to the habits of thinking, to the attitudes of social life, and to the spirit of aspiration of "the man behind the walls," prison life will not be a deterrent from crime, Garrett Heyns, director of corrections in the state of Michigan, informed the members of the Woman's Literary club at their meeting Tuesday afternoon, in regard to the program set up for the rehabilitation of state prisoners.

The new idea of penology, said the speaker, is radically different from the former conception of criminology. Today mass treatment of those sentenced to prison life and emphasis on their being sent for punishment, has given way to treatment of each man as an individual, for "it is not true that all criminals are alike," said Mr. Heyns, "and the man may be sent to prison as a punishment, but more for rebuilding his character and life."

The department of corrections was set up in this state in 1927 and is composed of three bureaus: paroles and pardons, prisons, and probation, explained the director, and the setup in Michigan is regarded as one of the best in the country. Quoting statistics, Mr. Heyns spoke of the three prisons for men, Jackson having 5,200 inmates, Ionia Reformatory housing 1,300 boys below the age of 22, and Marquette, called the Michigan Alcatraz, confining about 800 hardened criminals. Besides, there are many women in the Detroit House of Correction, "the larger proportion of those confined there being sentenced for murder."

In outlining the program which the board of corrections has adopted, the speaker emphasized the steps concerned in it. These are for each man, being registered in the receiving station at Jackson prison, appearance before the committee for assignment to handle the individual, appearance before a parole board, if a classification committee deems the man worthy of such action, and freedom, with supervision by a parole officer in the community where the parolee has found a job.

Mr. Heyns made appeals for understanding by the community of the former prisoner after his release. He added that the real problem for any community is "to do something for the delinquent when his crime is in the incipient stage; to emphasize the business of home life, and to help the school in its personal relation problems, and the church in its spiritual efforts."

Mrs. Randall Bosch introduced the speaker as a former superintendent of the Holland Christian school system. She announced that next week's program was to be changed because of the illness of the lecturer slated, and that Julia Fox Harwood would give her presentation of "People Around the World," with costumes to illustrate her talk.

At a meeting of the child study group at 1 p.m., Mrs. Winnifred Loerch Gomez of Hope college gave helpful suggestions on how mothers can help and encourage their children in music study and practice. She also explained her interesting new method of teaching music in rural schools through the use of records manufactured specifically for that purpose.

Paul "Dizzy" Trout, Detroit Tiger pitcher, will be here Monday with Watson Spoelstra, assistant sports editor of the Detroit News and former Holland Evening Sentinel sports editor. Spoelstra will speak at the annual Exchange club football banquet for the Holland High football team in the Warm Friend tavern at 6:30 p.m.

Trout was an important member of the Tigers' pitching staff that carried the team to a world series title this past baseball season. He hurled the Detroit club to a 4-1, five-hit victory over the Chicago Cubs in the fourth game of the series.

Trout won 27 games for the Tigers in 1944 when his club just missed winning the pennant. The St. Louis Browns won the pennant when Dutch Leonard of the Washington Senators set the Detroiters back in the last game of the season.

"Waddy" Spoelstra was sports editor of the Sentinel for several years in the early 30's. He is now one of Detroit's leading sports writers and is official score-keeper at the Tigers' home games.
