Many applications from high school bands over a wide area have been received for Saturday's parade of bands. Decisions on selection will be made after the first of the year.

He said he was hit by the flu bug himself, and was back at work today for the first time since Friday. He said most victims are out three or four days, but there also have been lighter and more severe cases.

Dr. Schaftenaar said most of the flu has been in southern Ottawa county with only a few cases in Grand Haven area. He said it moved from school to school, hitting junior high age at one time and senior high another, and spreading to elementary ages.

## 'Project Thank You' Support Is Mounting

Collections to provide gift packages to U. S. combat troops in Vietnam are mounting today, following the marathon broadcast over Holland radio station WJBL Saturday.

Officials from the Laymen's League of the Christian Reformed Church, sponsors of the drive, estimated between \$38,000 and \$40,000 has been collected to date. The latest estimate was made by Marty Hamstra of Grand Rapids, a co-ordinator of "Project Thank You."

Jack Severson, WJBL news editor, said contributions and pledges were still pouring in at the radio station with 258 letters received this morning. Some \$33,000 was raised during their Saturday marathon broadcast.

It was reported several area churches donated their entire Sunday collections or took up special collections for the project.

One church reported the collection plates were overflowing," Severson said.

Interest in the project is widespread and Holland Police were interviewed by phone by an all-night radio station in California, KABC of Los Angeles, early this morning.

Holland police said radio personnel asked about the project and congratulated the people of Holland area for their interest and support in such a project.

The drive was organized by the Laymen's League of the Christian Reformed Church to raise enough money to send 100,000 gift packages to American servicemen on the front lines in Vietnam.

Dr. Robert Plekker, president of the League, said the goal of supplying the first 100,000 packages was made and they are working on the second 100,000.

Dr. Plekker said "We need a lot more money to fill the requests coming in... and we will continue as long as the people support it."

Dr. Plekker added there may be more radio marathons conducted in other cities throughout the United States to aid the project and follow the example of WJBL.

The project drew messages of support from President Johnson who dubbed it "Project Thank You" and Gen. William Westmoreland, commander of the troops in Vietnam.

## High Speed Chase Climaxes in Crash

Jose Lopez, 17, of 176½ West 14th St., was arrested by Holland police after the stolen car he was driving crashed as it was being chased by police on Eighth St. at 2:17 a.m. Saturday.

Police gave chase to the car Lopez was driving after it was noticed headed east on Eighth St. from River Ave. Lopez veered around a roadblock which was set up at Central Ave. at a high rate of speed.

Police said the chase reached speeds of 90 miles per hour as the car approached Lincoln Ave. As they reached the C and O depot, police noticed a car in the traveled portion of the road further down the road, and began easing off.

Lopez, however, continued in the same lane and crashed into the rear of the car, which was operated by Vernon Lee Rankens, 21, of Hamilton. Rankens' car traveled 247 feet after the impact and struck a utility pole, police said. He was treated at

Holland hospital for contusions of the back and forehead lacerations.

After Lopez struck the Rankens auto, he veered off the left side of the road and struck a car parked in the Ken Nienhuis Auto Sales lot, 285 East Eighth St., pushing it into a bus owned by the Holland Youth for Christ. The car was owned by William Beckman of Holland.

Lopez' car finally stopped when it crashed into the car lot office, police said. Lopez was treated at the hospital for lacerations of the nose and scalp. Police said the car Lopez was driving was reported stolen by Allen Chamber of New Richmond shortly after 1 a.m. today from the Old North End Tavern parking lot, 22 West Sixth St.

Police arrested Lopez for reckless driving, no operators license, fleeing a police officer and unlawfully driving away an automobile. He was held in the Holland jail.

## Holland Falls, 76-60 In Opener

Holland High's basketball team flirted with victory for the first half Friday night but ultimately toppled into the lost column.

Grand Rapids Ottawa Hills, playing without their starting guards who were suspended earlier in the week for disciplinary reasons, finally outthrust the Dutch to win 76-60 before a capacity crowd in the Holland High fieldhouse.

The considerably taller and more experienced Indians controlled the boards and the ball in the second half after barely managing to tie the score at the half, 39-39.

Senior guard, Dan Shinabarger, playing as though he intends to repeat as the Valley-Coast Conference leading scorer again this year, noted 14 points in the first half and 13 in the second to keep Holland in the game. Last season Shinabarger averaged 22 points a game.

The Dutch held a first quarter lead, 23-14, their widest margin of the game, but saw it dwindle in the second period as Ottawa Hills connected on 10 of 24. Holland scored only four field goals in the second quarter of 13 attempts.

The Indians tied the score with :04 remaining in the half but edged out a five point lead early in the third period. Biggest offensive and defensive threat against Holland was 6'3 forward, Otis Smith who poured in 27 points, to share high point honors with Shinabarger.

Trailing by only three points, 53-50, at the end of the third quarter, Holland failed to move any closer, and watched the Indians dominate the last period.

Holland grabbed nine offensive and 22 defensive rebounds while the Indians seized 13 and 25 respectively. The Dutch also committed a sizeable number of ball control errors, 24, but understandable for an opening game.

The young Dutch squad displayed fine finesse despite their relative inexperience. Coach Don Piersma noted that the Ottawa Hills "height and quickness hurt us but Gosselaar and De Witt played well for their first game."

"I was happy with our team. We will do well in the conference. The press and zone hurt us but we intend to work against it this week," Piersma said.

Next Friday the Dutch travel

to Muskegon Mona Shores for their first league game.

## Holland Wins Second NABL Tilt

Putting on a strong fourth quarter, the Holland Carvers defeated the Chicago Bombers, 120-113, Thursday night in the Holland High fieldhouse before 1,400 fans.

The win boosts the Carver record to 2-1 in the North American Basketball League.

As far as the Bombers are concerned it was a case of too much Willie Merriweather. Playing a superb game, Merriweather scored 20 points in the first half, then came back with 18 more, for a game high of 38. From the floor he hit on 15 of 24 shots, along with eight of ten at the free throw line.

His 19 rebounds and 16 assists also were high for both teams.

The win was not accomplished easily, though, as the lead changed hands 10 times and the score was tied seven times, the last at 92-91 with 10:42 left in the final period.

Charley North then sank a foul shot and Holland led the remainder of the game.

With the exception of a Merriweather basket which gave the Carvers a 2-1 lead, Chicago held the upper hand for the first seven minutes of the game. With 4:47 left, Bob James scored, giving the Carvers a 22-21 lead.

Baskets by Billy (The Hill) McGill and Hubie Marshall and a foul shot by Henry Hughes brought the score to 27-21. The quarter ended with the Carvers leading 31-29. Merriweather and Marshall each scored eight in the period.

Gerry Jones scored on three successive free throw attempts to knot the score at 55-55 with 9:33 left in the half. The rest of the half was a see-saw affair with neither team able to get more than a four point lead. Merriweather scored his 12th point of the period with a half minute remaining, to give the winners a 59-55 halftime advantage.

Jones scored 10 points for Chicago in the period, giving him 19 at the half.

Scoring 29 points in the first nine minutes of the third period, the Carvers opened up an 88-74 lead with 2:50 remaining.

James, Merriweather, Hughes and McGill contributed to the cause.

The Bombers, however, refused to fold and came back with 13 straight points to cut the margin to 88-87 at the end of the third period. Porter Merriweather, the league's high scorer last season, found the range with 12 of his 16 points in this period.

Rufus Calhoun scored the first basket in the final quarter to give the Bombers an 89-88 lead, after which the teams traded baskets until the 92-92 tie on a free throw by Brady McCollom.

McGill, with his beautiful watch hook shot, along with Merriweather and James kept the Carvers ahead the rest of the game.

In addition to the play of Merriweather, Coach Ron Nykamp was pleased with the strong defensive play of Bob James, who played a very aggressive game.

After a slow start the Carvers shooting picked up, and they ended with 52 baskets in 104 attempts, for an even 50 per cent.

The Columbus Comets will be the next opponent for the Carvers on December 2 at the Civic Center.

## Maroons Roll To 84-68 Opening Win

The Holland Christian Maroons used a great first quarter to defeat the Hudsonville Unity Christian Crusaders, 84-68, in a basketball game played Friday night before a sell-out crowd of 2,500 in the Holland Civic Center.

Using its tall front line to good advantage, the Maroons completely dominated play in the opening quarter. After a basket by Unity's Steve Roelofs, Christian scored 10 straight points, and never again trailed in the game.

The Maroons showed flashes of outstanding play for the season opener, especially in the opening quarter, which ended with the Maroons leading 28-8.

Coach Art Tuls was able to substitute early and often in the game, and most of the game was played with reserves in the line-up. Although this hurt the overall quality of play, it did give many players some valuable game experience.

Center Dan Brower led the first quarter onslaught with four baskets, and forward Jim Vogelzang added seven points on two baskets and three-for-four from the free throw line.

Baskets by reserve Bill Hop and Vogelzang increased the margin to 32-8 before the Crusaders scored the next eight points.

The first half ended with the Maroons still enjoying a comfortable 42-29 margin. Dick Nyenhuus with seven, and Roelofs with six, led the Crusaders in the second quarter, while Lloyd Dozeman led the winners with four points.

With Tuls continuing to use subs freely the second half was fairly evenly played with the Maroons outscoring Unity 19-18 in the third period and 23-21 in the final quarter.

Holland Christian appears to have three guards of almost equal ability in starters Bob Van Langevelde and Bob De Nooyer, along with Dozeman. This trio, combined with the great height of the front line, kept the Maroons in control throughout the game.

Rebounding was the one big factor in the win for the Maroons, as they completely controlled both boards. In addition to outrebounding Unity 3-15, the Maroons scored on several tip-ins, particularly by Steve Bushouse.

Brower led the balanced scoring with 17 points. Vogelzang and Bushouse each tallied 13 and De Nooyer 12.

Roelofs with 17 was high for the Crusaders. Ric Coy followed with 16 and Don Bucholz ended with 15.

In the shooting department Christian hit on 34 of 78 field goal attempts and Unity on 24 of 53. Both teams hit well from the foul stripe with Unity hitting on 20 of 27 tries, and the Maroons 16 of 23 attempts.

Allegan will be the next opponent for the Maroons, on Dec. 5 at Allegan.

## Drives Too Fast Rushing Child To Hospital

GRAND HAVEN — State police Friday night charged a Spring Lake resident with reckless driving after a wild chase of several miles ending at Municipal Hospital where the man was taking his 11-month old son who was in convulsions.

Hospital authorities said the child was in good condition today.

The chase started at 10:45 p.m. when state police observed the speeding car on Fruitport Rd. and the chase continued through Spring Lake and Grand Haven at speeds of 85 and 90 miles an hour, disregarding traffic lights, flashers and forcing cars off the road.

Only at the hospital did police learn the intent of the chase.

The driver was Lawrence Davis of Spring Lake. His young son was Lawrence Jr.

Police are sympathetic to needs in such circumstances but indicated they cannot condone recklessness and endangering other lives in the process. The state police cruiser had its siren blowing and red lights flashing.

## Kliphuis' Pigeons Win Race, Take First Place

Fritz Kliphuis of 56 West 17th St., had great success this year racing his homing pigeons.

He has long been known throughout the state as one of the top fliers of racing pigeons.

In the recent 250 mile Michigan State Race, the 1967 Young Bird Honors went to Kliphuis after he took 1st, 2nd, 3rd, 9th, 10th and 11th places in this important annual race.

Kliphuis competed against 522 birds from 65 lofts in the state. This is the first time in the history of the state club that the first three places were won by the same loft.

Kliphuis credits this unique victory entirely to the birds which he personally imported from The Netherlands, his

birthplace, during the fall of 1966.

Kliphuis also has carried off two of the State Club's previous first place trophies in the past five years as well as being a repeat winner in the local club races. This first place makes it his third first place trophy that he has won.

For his success on the local level, the Holland Club this year awarded him their annual Total Points Trophy for races up to 500 miles.

Kliphuis spends all of his spare time training his birds. Although the racing season for this year is over, Kliphuis looks forward to the coming year and hopes for continued success in this fine art and active sport.

## LOST KIDS AND LONGING PARENTS

A great deal of reporting and  
rumination has hit the public  
press lately about the commu-  
nication gap between parents and  
children. In some cases the gap  
gets so big that the kids just up  
and leave home, panhandling  
their way through their youth-  
ful days, taking to drugs, and  
turning into flower children.  
Sometimes they stay at home  
tolerating and despising and  
ignoring their parents.

Having read considerable of  
the musings of concerned people  
about this social phenomenon  
we venture to comment that the  
problem is not really as difficult  
as most commentators like to  
make it. It seems to us that  
there are two reasons for this  
child-parent estrangement and  
that the solution lies in recog-  
nizing these reasons.

First, the parents are too busy  
with their pseudo-social preoc-  
cupations to pay enough serious  
attention to what their kids do,  
the friends they make, and the  
tastes they develop. Dad is so  
busy building a sunbun utopia  
that whatever leisure he has  
he needs strictly for himself;  
Mom has her bridge clubs and  
antique hunts that keep her  
from seeing and knowing her  
kids as well as she might.

Second, there is the false  
notion that no one's personality  
should be damaged by the appli-  
cation of a little discipline. We  
don't advocate the whooshed bit,  
but we do think that kids should  
know what will be tolerated and  
what will not. And kids, we  
found, want to know this, too.

What this boils down to is  
evidence on the part of parents  
that kids are important to them;  
that they care about them. When  
the kids suspect that their par-  
ents don't give a whoop about  
what they're doing and don't  
set standards and limits, it's to  
be expected that kids will turn  
away and try to find some kind  
of importance somewhere else.

Kids are parents' first respon-  
sibility. Money, business suc-  
cess, social status are all fine  
and good if they don't interfere  
with that primary responsibility.  
Kids want to know that they  
are wanted and that their par-  
ents consider them valuable.  
Kids want to know that their  
parents are for real, that is that  
their motivations and actions  
are harmonious. Kids can't be  
fooled with expensive clothes  
and sports cars given them with-  
out love or concern, as bribes  
for them to accept parental  
neglect.

Honest, simple love solves  
most human problems. A little  
of this will keep the kids from  
getting lost and the parents  
from having to look around to  
find their kids back.

## Sunday School Exchange Evening Vows Lesson

Sunday, Dec. 3, 1967  
What God Requires of Man  
Micah 6:1-3  
By C. P. Dame

In a time when all kinds of  
people make demands it is most  
timely to consider God's de-  
mands. We have a responsibil-  
ity to God. May the study of  
this lesson deepen our sense of  
responsibility to our God.

I. Consider first a few facts  
about the author, Micah, who  
spoke for God. Amos empha-  
sized righteousness, Hosea love,  
Isaiah trust, Micah God's de-  
mands. Micah lived in a village  
called Moresheth, which was  
about twenty miles from Jeru-  
salem.

He prophesied from 742 to  
700 B.C. in Judah in a time  
when Assyria was becoming  
more powerful. His message  
was non-political, strictly ethi-  
cal and religious. He knew, his  
book shows it, what was going  
on in the nation. The book is  
divided in three parts, chapters  
1-2, 3-5, 6-7 and every section  
tells about the wickedness of  
Judah and foretells the coming  
punishment and expresses the  
hope of the coming of a better  
day.

Micah portrays a courtroom  
in which makes charges against  
Judah and summons the moun-  
tains and hills to be witnesses  
and the jury. "O my people,"  
thus God addresses Judah which  
had forsaken Him in order to  
worship idols. Why do millions  
ignore God today? It is because  
they are interested in material  
things only—the spiritual have  
no value in their sight.

II. God calls upon his people  
who forget easily to remember.  
God delivered Israel from Egyp-  
tian bondage and gave the na-  
tion outstanding leaders. Moses  
was the lawgiver and teacher,  
Aaron, a priest, and Miriam a  
prophetess, all members of one  
family. In a providential man-  
ner God led the nation through  
the wilderness.

Numbers 22-24 tell how God  
nullified Balaam's counsel.  
Shittim, the last city on the  
west side of Jordan and Gilgal,  
the first city on the east side  
of the Jordan spoke of the ful-  
fillment of God's promises. Read  
Joshua 3 and 4 for the story.  
God charged the nation with  
forgetfulness. God's people still  
forget. "O my people, remem-  
ber now"—these words are for  
us too because we easily for-  
get.

III. God has the right to make  
demands. "Wherever shall I  
come before the Lord, and bow  
myself before the high God?"  
These words show the concern  
of a person who wants to be  
acceptable to God. In times  
past many thought that offer-  
ings pleased God. Human sac-  
rifices were even made. Today  
millions are not concerned  
about being right with God.  
Micah's words, "He hath show-  
ed thee, O man, what is good  
and what doth the Lord require  
of thee, but to do justly, and  
to love mercy, and to walk  
humbly with thy God?" These  
are golden words!

God has shown us what is  
good. That is the reason why  
there is a universal conscious-  
ness of the good. To do good  
is to do justly, to love mercy,  
and to walk humbly with God.  
Note the human relationship,  
doing justly, loving mercy; and  
the Divine relationship, walk-  
ing humbly with God. The  
supreme thing is to walk humbly  
with God for when that is  
done the other will follow. God  
teaches us to do justly and to  
love mercy. This we learn when  
walking with Him.

Micah stresses the law. He  
sets forth God's demands. When  
we study the demands we feel  
like failures. The next step is  
to turn to Jesus Christ who  
kept the law for us. Trust in  
Christ, remembering that we  
are saved by grace, for we  
can't keep God's law, even  
though we have the desire to  
do so.

chapter of the Quilters met  
Monday night at the home of

Mrs. Charles Vander Ven gave  
a talk on bells stating that bells  
are very primitive. The first  
cast bell was made 4,000 years  
ago in China, she said. The largest  
bell was made in Russia in  
1737 weighing 32 tons and in 1792  
Paul Revere made the first  
church bell. There were 48  
church bells known that have his  
signature.

Mrs. Vander Ven also said  
that the Town Crier used a bell  
to call the people to the town  
hall for the latest news. There  
were many different kinds of  
bells such as school bells,  
smoke bells, sleigh bells, tele-  
phone bells and several others.

Bells were made of brass,  
china, glass, delft, Bristol, dres-  
den and many other materials.  
The most important of all, the  
Liberty Bell, was cast in Eng-  
land and brought to Philadel-  
phia. The first time the bell was  
rung it cracked, but it was mended,  
bringing out a clear and loud  
tone. In 1963 bell ringing  
was revived.

The business meeting was  
called to order by the president,  
Mrs. William De Vries. The  
Christmas potluck and antique

11 at the home of Mrs. Jane

On Nov. 15, the Four Season  
Blue Bird group met at the  
home of Mrs. Klomprens. We  
started working on our mothers  
Christmas gifts and took a tour  
through Ebelink Florist where  
we each bought a part of our  
Mom's gift. They let us watch  
them make arrangements and  
we saw all the beautiful ones  
they already have made up. All  
but two girls turned in their

## League Service Program Benefits by Charity Ball

The welfare of Holland area children is the main concern of the Holland Junior Welfare League, and the annual Charity Ball provides the financial support for this goal.

Profits from this year's Ball which will be held Saturday, Dec. 16 at the Civic Center, will support a service program that consists primarily of parties and field trips for special education students and puppet shows for all the children of the community. Mrs. Lawrence Den Uyl is chairman of this year's service program.

Junior and senior high special education students were treated to a Halloween party this October by Junior League with the help of the Jaycee Auxiliary. A roller skating party in February is among the future events planned for these youngsters. Mrs. Lyle Sanders is senior high chairman, and Mrs. Robert Van Wieren is in charge of junior high activities.

Last year's art festival for elementary special education students was so enthusiastically received that it will be repeated in February, according to chairman Mrs. Arnold Dood.

A new project for League last year was working with the children at Ventura School. League members took them swimming three times at the West Ottawa pool as well as providing Halloween, Christmas and Valentine parties. This fall the youngsters visited Windmill Island, and in December they will have another swimming party. The Ventura program is being organized this year by Mrs. Jack Bonham.

The Ventura School children are among those who have viewed "The Magic Hat," a puppet show produced by Junior League members. It was also shown recently for children of the Holland Day Care Center and for children who are victims of cerebral palsy. The traveling puppet stage will be taken to Gerium School in December and to Lakewood School in January.

Next March a new puppet show will be given on four Friday evenings in Herrick Library Auditorium. Co-chairmen Mrs. Robert A. King III and Mrs. Charles Bradford report that these presentations will be open to all children.

Besides helping special education students and giving puppet shows, Junior League has for a number of years provided funds for eye examinations and glasses for needy children. Mrs. Arthur Klamt says that in 1966-67 League paid for six exams and six pairs of glasses. So far this fall two exams and three pairs of glasses have been furnished.

Another service project, started in 1959, has been the distribution of vitamins to needy school children. Mrs. Paul Dykema reports that last year 18,000 chewable vitamins were given while this year's total is 16,200. The vitamins have all been donated by drug companies except for 12,000 which League purchased last year.

The Holland Day Care Center is a community project of great interest to Junior League. Mrs. Thomas Buis is League's representative to the Center's Board of Directors. Besides its financial support, League has provided birthday cakes and transportation for the children. Plans are being made to sponsor an art project at the Center. With guidance and materials from League members, the children will be helped to make collages and to model clay.

A new activity for League members during the past year was helping 10 pre-school children become better prepared to enter kindergarten. Learning kits were made under the direction of Mrs. Ray Backus. These kits helped to teach such things as use of scissors, crayons, buttons and shoelaces.

During the summer these kits were distributed to the West Ottawa pre-schoolers. The League members, all former teachers, who gave the kits to the children also spent four afternoons at Sheldon Woods School, helping give the youngsters some learning experiences they needed before starting school. In addition the children

were taken on a bus trip to a farm and on a picnic at Tunnel Park.

The League members who helped with this project were Mrs. Roger Doolittle, Mrs. Max Doolittle, Mrs. Delwyn Van Dyke, Mrs. Carl Van Krimpen and Mrs. Fred Leaske.

## CD Fallout Survey Near Completion

The Defense Department fallout survey conducted by the U.S. Bureau of Census has been completed in southern Ottawa county (outside Holland), according to Harold W. Boone of Holland who conducted the survey.

A crew of 16 started work Oct. 18 calling on some 11,000 households outside Holland. This city (classified with cities over 10,000) was covered through questionnaires in the mail.

Persons in the city who have not returned the questionnaires to the Census Bureau at Jeffersonville, Ind., where they are being processed, are urged to mail them in without delay. Out of 1.5 million questionnaires sent out to 72 cities in Michigan, 691,000 or 45.9 per cent have been returned, according to Col. Fredrick E. Davids, CD director for Michigan.

Boone said local residents were exceptionally cooperative in calls to homes, and fewer than 10 persons refused to give the simple information requested. All one, two and three-family dwellings were covered, with information received either by a personal visit, by observation or by information in the neighborhood.

Trailers, motels and apartment buildings were excepted. Larger buildings already have been examined and evaluated for fallout protection.

Boone said Ottawa county has many homes that have shelters, but most of them were designed for tornado protection rather than fallout. He said a good share of these home shelters were in the Hudsonville area where 17 persons were killed and about 100 injured in the April 3, 1966, tornado. He added that some homes have fine fallout shelters built to specifications.

In the near future, Boone said each dwelling unit with a basement will receive pertinent information on safety features. A sheet of facts was left at each dwelling at the time an enumerator called. A general information booklet on protective measures will be sent occupants of all homes with basements.

Similar work has been completed in many areas over Michigan and eventually the entire United States will be covered.

Each county in Michigan has a permanent civil defense director. In Ottawa county, the director is Glenn Timmer. Further information on CD matters may be obtained from the CD office in the county branch building at 327 North River Ave.

CHRISTMAS IN HOLLAND—A Christmas atmosphere pervades Holland these days with colorful decorations in the downtown area which is brilliantly lit at night. This year marks the final phase of a decorating program by Downtown Merchants begun two years ago. Bright festoons are wound on all boulevard light poles inter-

twined with red-orange ornaments, plus the large suspended ornaments with twinkling lights and overhead decorations across the street at midblock! The Salvation Army's Tree of Lights is in right foreground. Downtown stores are open every night until 9 p.m. until Christmas.
