The Michigan football team was taught the meaning over confidence in Chicago Thanksgiving day.

Bark, Smith & Nelson have completed the pier work of the harbor at Saugatuck and have returned to Muskegon.

The 9-year-old son of M. Szwarc was thrown from his sled Sunday while coasting and an ugly gash was cut in his thigh by the iron runner. Dr. J. J. Mersen attended him.

The G. R. H. & C. Interurban Railroad company has greatly improved the road between Holland and Saugatuck by putting in new ties in many places.

Leo, H. Decker, the five year old son of Mr. and Mrs. N. E. Decker, living on the north side of the bay, died Sunday morning after an illness of six weeks of bronchitis. The funeral was held Tuesday from the residence, Rev. A. T. Luther officiating.

Frances Van Putten, daughter of Mr. and Mrs. M. Van Putten, while coasting last Saturday afternoon lost control of her sled and struck a barbed wire fence. Her face was badly cut and Dr. D. G. Cook found it necessary to take several stitches in dressing the wounds.

F. K. Colby has closed up his affairs at Macatawa Park for the season and has gone to Chicago. Mrs. Colby went to Jackson, Mich., her old home, last week. She will join Mr. Colby at Chicago and from there they will go to California and then to Honolulu. They will return at the opening of the Park business in the spring.

John Vandersluis will give away absolutely free a \$2.50 gold piece to any man, woman or child guessing the nearest to the number of handkerchiefs on the form in the west show window. The handkerchiefs will be counted Jan. 10, and the money given to the party guessing the nearest correct. Guesses are absolutely free.

The harbor emergency fund will have to be drawn upon heavily to repair the damage done to the piers by the recent storms. The north pier from the shore line out is in bad shape and will have to be reconstructed to within a few feet of the shore line. C. H. W. Smith, chief surveyor of the U. S. engineer's office at Grand Rapids was here Saturday and in company with Contractor Will Van Anrooy inspected the harbor. He made arrangements with Mr. Van Anrooy for temporary repairs.

The Craig Ship Building company of Toledo has been made defendant in a damage suit for \$80,000 brought by the Graham & Morton Transportation company. Legal action was caused by the steamer City of Benton Harbor failing to make the guarantee speed of eighteen miles an hour after being in commission two years. The company asks for an injunction restraining the Craig company from selling or conveying the steamer or depriving the complainant from possession of the same.

Capt. Thomas Honner, of Grand Haven, who until last year, when he was succeeded by Capt. Geo. W. Pardee of this city, was inspector of hulls for this district, was one of the victims of the storm, that raged on Lake Superior last week. Capt. Honner was aboard the steamer Ira H. Owen, as a guest of Capt. Hulligan. He only recently finished the season as commander of the Hackley line steamer City of the Straits. The Owen left Duluth Monday noon loaded with barley and was last seen about forty miles off the Outer island of the Apostle group in very heavy weather. She was sighted by the steamer Nye and was at that time blowing distress signals. Later another steamer passed through the wreckage of the Owen, an indication that she went to the bottom. Capt. Honner was well known in this city and the news of his death was received with keen regret. By a strange freak of fate the order from Washington which cost him his job as inspector of hulls also cost him his life.

Two new boilers will be installed in the C. L. Ling & Co. factory.

John Vandersluis, chorister of Third church, has decided to have the annual cantata Thursday evening, December 14. The program will consist of choruses, solos, duets, trios and orchestral music by an orchestra of seven pieces, all violins. The several numbers will be provided by talent included in the membership of the church.

When the Graham & Morton company bought the Holland-Chicago line they would not take over the old wooden tub, City of Holland. They took the Soo City but unloaded her as soon as possible. The old City of Holland was torn from her mooring at Rogers City and is being beaten up on the rocks.—Benton Harbor News Palladium.

Chris Cook who formerly lived in Port Sheldon, but who of late has lived in Colorado, has left the hospital at Chicago where he went to undergo treatment for cancer of the face, and has returned to Colorado. His wife and family are still at the home of William Bourton of this city. The doctors at Chicago told Chris that the climate of Chicago at this time is too severe to undergo vigorous treatment and advised him to return to Colorado for treatment with a specialist there named Dr. Powers.

Marshal Dykhuis arrested J. C. Brown last Saturday on the charge of keeping his place of business open Sunday. This move is in line with the recent determination to strictly enforce the Sunday closing law by including confectionery stores and fruit stands with other places. When arraigned in Justice Van Duren's court Mr. Brown stood mute and the court entered a plea of not guilty. Brown gave bond in the sum of \$100 for his appearance in court this afternoon at 1 o'clock for trial.

One of the best customs prevailing in this city is that of making unusually large donations at the Thanksgiving services in the churches. The collections are always large and this year has been no exception to the rule as bountiful contributions were made. In the First Reformed church the sum of \$226 was collected, which will be distributed as follows: To apply on indebtedness of the church, \$75; for the seminary, \$25; for missions and church societies, \$60. Charles Doesburg, formerly employed in the Holland Furniture factory, has gone to Grand Rapids, Wis., to take the position of superintendent of Overbeck Bros. furniture factory. His wife and family accompanied him and they will live there in the future.

The Holland Sugar company closes its campaign for the season in two weeks, and a call has been issued to farmers to deliver their stock not later than December 15. The crop this season is only 22,000 tons, against 32,000 tons last season. The shortage in beets is attributed to the rainy weather of the summer.

At the annual meeting of the Third Reformed church Sunday school A. Visscher was reelected superintendent, B. DuMez chosen to succeed John Winter as vice superintendent, and the other officers named were: Treasurer, D. J. TeRoller; librarian, Herman Van Ark; chorister, John Vandersluis; organists, Misses Hannah TeRoller and Minnie Sprietsma.

A collision of a carriage and an automobile last Thursday afternoon resulted in serious injuries to the occupants of the carriage, Dr. and Mrs. J. N. Peppeler of Graafschap and Dr. Ellison of Muskegon. While Dr. Peppeler was driving the carriage to the depot the automobile in charge of Mr. Perkins of Grand Rapids, encountered it at the corner of Columbia avenue and Eighth street. Mr. Perkins at once turned north on Columbia avenue as Dr. Peppeler's vehicle reached the pavement, but the snow on the pavement caused the machine to skid and it struck the buggy broadside. Dr. Peppeler landed on the front of the machine and then fell to the ground, rolling under the auto. He was very badly bruised, and was cut about the face by his broken eyeglasses. Mrs. Peppeler was also thrown out, striking on her hip, and was carried in a semi-conscious state to the office of Dr. J. A. Mabbs, where the injured persons were given medical attention. Dr. Ellison jumped from the buggy and was injured slightly. The horse was found at Stratton's barn with the buggy partially demolished. The auto was but little damaged in the collision. Dr. and Mrs. Peppeler returned home Thursday evening, and although very lame he was able to look after his patients the next day.

Wanted—Students for The County Normal.

Inasmuch as a County Normal Training Class will very probably be established either in Holland City or Grand Haven, and as the State Department requires that, before the same can be established, at least ten persons shall pledge their intention to join the class. I very much desire that all persons who now expect to join this class next year, send their names to me at once.

As only ten of these Training Classes can be established in the State during any one year, and as other counties are anxiously pushing for place among the ten to be established next year, it is important that no time be lost in fulfilling the legal requirements, else we may be too late to get our application in on time.

The course consists of thirty-six weeks of the highest professional and academic training, which secures from the County Normal Board a diploma entitling the holder to teach in the rural schools of the county three years with the privilege of repeated renewals.

In order to enter this training class, the applicant must have completed the tenth grade of high school work, or be able to pass a second grade teachers' examination, or have had two years' experience in teaching in the public schools, and be at least seventeen years old.

Tuition, use of library, apparatus etc., are entirely free, and no pains will be spared to secure for students comfortable boarding places with good home environments.

There is great need of trained teachers in our rural and small village schools, and there will be a great demand for graduates from our County Normal at salaries much in excess of that received by the untrained teacher. Prepare for the work. Demonstrate your ability and inclination to do the work, and we will prove to you that our district boards are willing to pay most liberally for liberal returns. There are many fifty-dollar positions in Ottawa's rural schools waiting for the fifty dollar teacher. If you will agree to attend the county normal only on condition that it be established at a particular one of the above named cities,

make your preference known in your application, and your wishes will be respected.

Any prospective student desiring further information can secure the same by writing me.

TO WEAK WOMEN.

Of Holland and Vicinity, We Make the Following Proposition.

"There are hundreds of women in this vicinity who are dragging themselves through life in pain and misery, without vitality, strength or health," said Mr. DePree. "They get no happiness out of life and are just in a condition to be attacked by almost any disease. They need a vitality making and strength-creating tonic."

"Now at our expense we want to ask every such woman in Holland to try our cod liver oil preparation, Vinol, which contains in a highly concentrated form all of the medicinal elements of cod liver oil, but no oil or grease. It is delicious to take, creates a healthy appetite, makes pure, rich, red blood and gives strength and vigor to every organ of the body better than any medicine we have ever sold in our store, and when a woman is in poor condition it makes life worth living. When we say 'at our expense,' we mean that if the medicine you buy from us and pay for does not benefit you, we will refund every cent paid us for it."

Miss Mary A. Woodward says: "I think Vinol is the best remedy in the world for a weak, tired, worn-out system. I was just in that condition when I commenced to take Vinol. It gave me new life and energy. I feel well, strong and better than I have for years."

"We can only ask Holland women to try Vinol on our guarantee." Con DePree, Druggist.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At W. C. Walsh druggist, price 50c and \$1.00, guaranteed. Trial bottle free.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won, and cured my diseases, by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by W. C. Walsh druggist, at 50c a bottle. Try them today.

Decide Yourself.

The Opportunity Is Here, Backed by Holland Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Holland endorsement. Read the statements of Holland citizens. And decide for yourself. Here is one case of it:

John Kloosterman, two miles south east of Zeeland, says, "For ten or twelve years I looked in vain for some medicine to free me from distressing kidney complaints. I suffered at intervals during that period with aching pains through the loins, twinges up and down the muscles of my back, irregular and unnatural condition of the kidney secretions and frequent attacks of dizziness. My son, John Kloosterman, a tailor, 133 East Eighth Street, Holland, noticed Doan's Kidney Pills advertised in the Holland papers and highly recommended by people who had used them. Thinking they might help me he secured a supply at J. O. Doesburg's drug store and sent them out to me. I noticed shortly after I commenced the treatment that it was doing me good and as I continued, my condition improved. In my estimation Doan's Kidney Pills are by far the best remedy on the market."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

MESSAGE OF THE PRESIDENT READ

CONGRESS RECEIVES ANNUAL
DOCUMENT FROM NATION'S
CHIEF EXECUTIVE.

SENATE ADJOURNS AS
A MARK OF RESPECT

House to Take Up the Panama Canal
Appropriation Bill Immediately—
Resolution of Sympathy for Jews
Presented.

Washington, Dec. 5.—President Roosevelt's message to congress was read in both branches of the national legislature Tuesday. It had been awaited with great interest because it is regarded by his friends as the first message Mr. Roosevelt has framed in expression of his own views as distinguished from the policies outlined by his predecessor, President McKinley, which the present president had practically assumed as a heritage.

The reading of the message consumed two and a half hours' time in the senate and at its conclusion that body at 2:50 p. m. adjourned as a mark of respect to the memory of the late Hon. Benjamin F. Marsh, member of the house from Illinois. Representative Hepburn of Iowa, at the conclusion of the reading of the president's message in the house, asked the unanimous consent of the house for the consideration of the emergency Panama canal appropriation bill on Wednesday. This programme had been agreed upon by republican leaders.

A resolution expressing sympathy for the Jews in Russia, presented by Representative Goldfogle (N. Y.), was read in the house. It requests the president to use his good offices with the Russian government to prevent atrocities in the future. The resolution was referred to the committee on foreign affairs. A protest signed by 90 citizens of the Fifth congressional district of Illinois was presented in the house by Representative Rainey (Ill.) against the seating as a member of the house of Anthony Michalek on the ground that he is an alien. A special investigation committee will be asked for.

Senate.
The annual message of the president was read to the senate very soon after the convening of that body. The document was delivered by Secretary Barnes and followed immediately upon an announcement by Senator Allison, chairman of the committee appointed to wait upon the president and notify him that congress was organized and prepared to transact business. In making the announcement of the committee's call at the white house, Senator Allison said that the president had asked that "his greeting be extended to the members of congress individually and collectively." There was an exceptionally large attendance of senators and most of them followed closely the reading of the message by Secretary Bennett and his assistants. The reading of the message was preceded by the swearing in of Senator Brandegee, of Connecticut, and the retirement of Senator Proctor from the committee on military affairs.

House.
When the house met at noon there was a full attendance of members present and the galleries were comfortably filled in anticipation of the reading of the message of President Roosevelt. Mr. Humphreys (Miss.) and Claud Kitchin (N. C.) presented themselves and took the oath of office. Mr. McCleary (Minn.) reported as chairman of the joint committee that President Roosevelt had been notified of the convening of congress. Pending the reading of the president's message, the house, after the reading of the journal, took a recess for ten minutes. The reading of President Roosevelt's message was begun in the house at 12:25 o'clock, it having been delivered at that time by Mr. Barnes, assistant secretary to the president. Printed copies of the message were at once distributed to members, and the reading was followed with attentive interest.

When Will We Have An Inter-urban To Chicago?

The news item telling of the letting of contracts for three new inter-urban railways in Michigan is an indication of the rapid progress being made in the development of these roads. It will not be long before Michigan and the states immediately surrounding it will be gridironed with this means of transportation. There are some of these roads leading out of Detroit that challenge the steam roads successfully for rapid service. The same can be said of roads that touch Jackson, Kalamazoo and Battle Creek, and the traveling public, quick to take advantage of rapid transportation, is passing up the steam roads for the interurbans.

With the travelling public showing this appreciation it is stretching the imagination too far to say that inside of three years we will be able to go from Holland to Chicago on an interurban railway? We have gotten as far as Saugatuck. Saugatuck wants to go to South Haven, South Haven wants to go to Benton Harbor, Benton Harbor wants to go to the next point, and so it goes all along the line from here to the Windy City. Will desire soon be fulfillment? It is safe to say yes. History is being made very rapidly these days in every walk of life in every nation under the sun, and the interurban railways are no exception.

Just as soon as Capitol sees that the game is worth the powder we will have a line to Chicago.

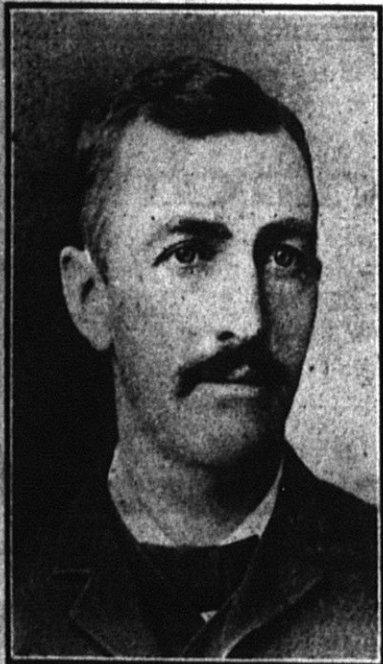

Will Capitol see it before three years have passed?

Annual Meeting of Fair Association.

Jacob Lokker, of the form of Lokker & Rutgers, was elected president of the S. O. & W. A. Agricultural society at the annual meeting held last Tuesday; H. Kooiker was re-elected vice president; N. J. Whelan was re-elected secretary and Henry J. Luidens was re-elected treasurer.

A. B. Bosman the retiring president was tendered the office but in accordance to a notice given a year ago that he would not again accept the office, he advised that another man be chosen, and Mr. Lokker was elected on the first ballot.

Mr. Bosman was in every respect an ideal executive head of the fair and was a great factor to it's success. His retirement from the presidency does not mean that he has ceased to work for the fair for he was elected to the board of directors to take the place of F. J. Everhart, whose term expired.

Jacob Lokker, newly elected president of the S. O. & W. A. Agricultural Society.

In electing Mr. Lokker to the presidency, the board made a good move. He is one of Holland's most progressive citizens and knows well the needs of the fair, having been a director for the last two years. The place on the board made vacant by his election to the presidency was filled by the election of Folkert Derivis of Beverdam.

John A. Kooyers, whose term as director expired this year, and who was re-elected, suggested that in order that the country outside of Holland should be represented his resignation should be accepted and that a man outside of Holland be elected in his place. The board accepted his resignation and E. P. Simpson of Laketown, the well known lecturer on farming subjects, and one of the most progressive farmers of this locality was elected in his place. The other directors whose terms expired were: J. H. Boone, Zeeland; H. Kooiker, Overisel; Dr. J. W. Vanden Berg, New Holland; G. J. Deur, Holland; H. Van Kampen, R. F. D. No. 1; G. Van Hees, Zeeland; and all of them were re-elected. Those who hold over are: John Meeuwssen, New Holland; Klaas

Koster, Laketown; Eugene Fellows, Holland; Jas. L. Conkey, R. F. D. No. 1; Con De Pree, Holland; Al. Hidding, Holland; Henry Siersma, Olive. They with those mentioned in the foregoing paragraphs constitute the board of directors.

The committee consisting of A. B. Bosman, N. J. Whelan, H. Kooiker, Jacob Lokker, G. J. Deur and Albert Hidding, appointed to investigate the obtaining of new grounds for the fair and the disposal of the old grounds, reported progress and asked for further time.

Death of Czar Giddings.

Czar Giddings died Tuesday morning at 2 o'clock at his home 685 Michigan avenue at the age of 86 years. Mr. Giddings had a tinge of romance in his life. In the early days when the veins of men were fired by the silver fever he went west and engaged in silver mining in Nevada where he stayed 42 years. Now rich, now poor, he encountered all the toil, the hardship as well as the transient prosperity of the men who sought riches from the mines. Behind him in this city he had left his wife and as the years went by, wearying with waiting for him, she got a divorce. He married another woman out west. His second wife died, and about ten years ago he returned to this city and finding here the wife of his early love he again laid siege to her heart and they were re married, and have since lived happily in this city. His wife, who survives him, is the sister of the late Isaac Fairbanks. Now that her husband is dead, she will live with her daughter, Mrs. O. E. Yates and family on Eleventh street.

The funeral services were held this forenoon at the home, Rev. J. T. Bergen officiating. Four nephews of deceased were pall bearers.

296 Votes For County Normal. Only 17 Against.

The election for the purpose of ascertaining the feeling of the citizens of Holland in regard to the establishment of a county normal class in this city resulted in a vote of 296, Yes, and but 17, No.

Though the vote was light, as is every vote when there is practically no opposition, it can be taken as an indication that if the entire vote of the city were cast there would not be many more than 17 against it, while the ballots for it would be in an overwhelming majority.

The vote cast yesterday means that Holland wants the normal badly.

Holland Secures Large Plate Glass Factory. Machinery Being Installed

Another industry, a large plate glass factory, has been secured for Holland. It is the plate glass factory of Kinsella and Donnelly of Chicago and the deal has been closed by the bonus committee.

Machinery has already arrived and is being put in place in the old Stamping Works plant north of the Ottawa Furniture factory. The Stamping Works will be occupied until spring when a new plant will be erected.

The plant will soon be ready for operation and 40 men will be employed at first. Later 100 men will be employed.

J. J. Kinsella, senior member of the firm, has been coming to this city a number of years in the interests of the plate glass factory as he does a good deal of business with the local furniture factories. He has made a very favorable impression with those with whom he has come in contact and his friends here are glad to see him cast his lot with Holland.

All they want now is good weather and the work will be comparatively easy.

Capt. Charles Morton, superintendent of the 13th U. S. L. S. S. district, has ordered Capt. Poole to keep the Holland life saving station open until further orders. This rescinds an order for closing the station November 30. The beaching of the Argo, the demolition of the north pier and consequent danger to navigation are the causes of the new order.

GREAT DEBT TO CANADA.

An American Congressman Properly Appreciated an Inestimable Treasure.

The members of the naval committee of the house of representatives not so many years ago had a little cruise in the waters of the northern Atlantic. At St. John a stop was made, and there the men from Washington received much attention from the Canadians, relates the New York Sun.

At a dinner one evening the Americans vied with the Canadians in expressions of friendship and comity. Among the speakers was Congressman Capron, of Rhode Island, and it was generally agreed that he made the hit of the evening.

"Gentlemen," observed Mr. Capron, "it is indeed difficult for me to say anything that at all approaches the cleverness of the speakers preceding me, but I am in deep sympathy with all efforts to strengthen the ties of friendship between our two countries. Personally, I rest under a sense of deep gratitude toward Canadians, especially those of the islands. Many years ago there came to my home a girl from Prince Edward Island, and she has ever since remained there to brighten it."

This bit of sentiment from Mr. Capron was greeted by vociferous applause. Clearly the Rhode Islander had surpassed all the others. After the dinner one of Capron's colleagues, well acquainted with him and his family, said:

"Your speech surprised me. I didn't know that your wife was from Prince Edward Island."

"Nor is she," replied Capron; "but our cook came from that place."

A Talk With the Man

Who Honestly Wishes to Sell His House at an Honest Price.

Eight Reasons why He Should List it with the R. H. Post Agency for the season of 1906.

FIRST—Because he advertises more extensively than all other Holland agents combined, and will agree to advertise all property placed in his hands.

SECOND—Because he sells entirely on commission, giving all property an equal chance, and an equally energetic effort.

THIRD—Because located in the center of the downtown business district, all new comers inquiring about real estate go directly to him.

FOURTH—Because his sales during the past season were over \$50,000.00, including more than 35 houses, every one bona fide sales, made and carried out entirely through his efforts.

FIFTH—Because he will gladly furnish a list of those who have sold or purchased houses through his agency during the past year—every one satisfied.

SIXTH—Because he attends to every detail of the business for you, places loans, make out deeds and mortgages, examines abstracts, takes the whole responsibility from you.

SEVENTH—Because early in 1906 he will issue a booklet advertising Holland and Holland property, and will gladly include your house, without charge.

EIGHTH—Because his motto is

No sale—No charge.

STILL TRYING TO SOLVE THE PUZZLE.

CUBA REELECTS PRESIDENT PALMA

QUIET ELECTION IS HELD IN THE ISLAND REPUBLIC—MODERATES ARE VICTORIOUS.

Withdrawal of the Liberals Leaves Party with a Clear Field, and It Elects Its Nominees Without Apparent Opposition.

Havana, Dec. 2.—The political agitation which began six months ago with the national convention of the liberal party, and which has dwindled since the withdrawal of Gen. Jose Miguel Gomez, the presidential candidate named by that convention, ended Friday in an election that was so quiet and uninteresting as to cause scarcely a ripple of excitement. The vote cast was very light, this being due to the lack of interest in the wholly one-sided election and heavy rains. The withdrawals of the liberals from all nominations as a protest against alleged injustices by the government and the people in conducting the primaries, left a clear field for the moderates, and every moderate nominee was elected, from President Palma to the provincial councilors. The only liberals who will have seats in the new congress, which opens in April, will be the hold-overs, and consequently only a third of the senate and a fifth of the house will be composed of members of that party.

The senate will have 14 moderates, one liberal nationalist or Nunez follower, and nine liberals. Included with the latter, however, are four so-called independents, who may or may not vote with the liberals. The house will have 12 liberals, eight liberal nationalists, 41 moderates and three independents of moderate tendencies. Gov. Nunez, of Havana province, who, after he failed to receive the liberal nomination for the presidency, joined the forces of the Palma party in ousting the liberals from the Havana city and provincial offices, is reelected. Moderate governors and councilors in every province were elected. The tickets used were large and apparently complicated. The candidates were 18 presidential and 47 senatorial electors, besides the congressmen and provincial officers.

ACKNOWLEDGES AWFUL DEED

Iowa Man Confesses the Brutal Murder of His Wife and Five Children.

Independence, Ia., Dec. 2.—Weakened by the strain to which he was subjected, William S. McWilliams on Friday confessed to the murder last week of his wife and five children, whose mutilated bodies were found in their home near this place last Friday. McWilliams says that he committed the act because he believed his children better dead than alive and could live no longer with his wife, whom he accused of driving him to desperation with her demands for money and her jealousy. The confession recites in detail the murder of each member of the family, McWilliams first knocked them down with a hammer and then stabbed them with a butcher knife.

MICHIGAN DEFEATED.

Chicago Wins Greatest Football Game of Season by Narrow Margins of Two Points.

Chicago, Dec. 1.—In the presence of nearly 30,000 persons the greatest football game of the season was played Thursday on Marshall field. The Chicago team defeated the great Michigan eleven by a score of 2 to 0, scoring the two points on a safety by remarkable playing after the Maroons got the ball on a fumble De Tray on a buck gained two yards and Bezdek added two. Bezdek made first down. Chicago was penalized five yards, but Hitchcock regained the ball. De Tray made two yards. Eckersall kicked on Michigan's 53-yard line. The ball went out of bounds on Michigan's 5-yard line. Garrells on a fake punt lost two yards and Tom Hammond made two. On the third down, with one yard to gain, Garrells punted 13 yards to his own 45-yard line. Eckersall failed to catch the ball, but touched it. Barlow tried to recover, but failed. Chicago recovered the ball and Eckersall punted from the center of the field over Michigan's goal line. Clark caught the ball, but was downed behind his own goal. It was a safety, which scored Chicago two points. The ball changed hands several times, fake plays failing both teams. Time was called with the ball in possession of Michigan on its own 50-yard line.

Commissioner Yerkes Reports on Its Operations for the Year—Some Extracts.

Washington, Dec. 4.—The annual report of Commissioner John W. Yerkes, of the internal revenue bureau treasury department, shows that the receipts of the bureau for the year ended June 30, 1905, were \$234,178,976, an excess of \$1,284,195 over the collections for the fiscal years of 1904. Using as a basis the collections for the first three months of the current fiscal year the commissioner estimates that the receipts from all internal revenue sources for the fiscal year ending June 30, 1905, will aggregate \$242,000,000, or nearly \$8,000,000 in excess of those for the last fiscal year. During the last fiscal year there was collected from the tax on distilled spirits \$129,512,628; on fermented liquors, \$49,459,539, and on tobacco, \$45,659,910. The leading states in the payment of internal revenue taxes for the past year are: Illinois, \$51,892,703; New York, \$47,991,572; Indiana, \$24,652,244; Kentucky, \$21,754,399; Ohio, \$19,782,615; Pennsylvania, \$19,196,170.

HOUSEBOAT BURNS.

Nine Persons Are Roasted Alive—Fire Breaks Out While Victims Are Asleep.

Mobile, Ala., Dec. 2.—Nine persons, whose names are not yet known, occupying a "pull" boat on Middle river, which runs between the Texas and Alabama rivers, met a terrible fate early Friday morning, all being burned to death in a fire which destroyed the boat. Sidney Wheat, the negro steward, was the only survivor of ten men who lived in the craft. Wheat escaped death by being awake owing to illness. The crackling of burning timbers warned him in time, he making his escape just as the huge structure of the boat collapsed. Stewart and Butt, of Mobile, who own the craft, say there had been no steam on the craft for three days, and they were at a loss to account for the burning of the vessel. According to Wheat's story the nine men were dumped into a roaring furnace, while some of them were asleep, and roasted alive.

LANE IN FIFER'S PLACE.

Appointment as Member of Interstate Commerce Commission Makes Body Democratic.

Washington, Dec. 5.—The announcement is made that the president will appoint Franklin Lane, of San Francisco, to the vacancy on the interstate commerce commission created by Mr. Fifer's resignation, which takes effect January 1 next. Mr. Lane, whose nomination will be sent to the senate today, is a democrat and his appointment will change the political complexion of the interstate commerce commission from republican to democratic. Former Gov. Fifer, of Illinois, whom Mr. Lane will succeed on the commission, is a republican, as also are Commissioners Knapp and Prosty. Commissioners Cockrell and Clemants are democrats. While Mr. Lane always has been a democrat in politics, he was a supporter of President Roosevelt in the last campaign.

DISASTER IN A MINE.

Explosion in a Colliery at Diamondville, Wyo., Costs Lives of Eighteen Men.

Salt Lake City, Dec. 4.—An explosion occurring late Friday night in mine No. 1, at Diamondville, Wyo., caused heavy loss of life. The explosion was caused by a "blown" shot. Through telephonic communication with the mine offices at Diamondville it is learned that 18 men, all who were in the mine, were killed. Nearly all of these were English miners, who came to the Wyoming mines direct from England.

The "Lid" on in Rock Island.

Rock Island, Ill., Dec. 4.—Rock Island's saloons were all closed Sunday for the first time in many years. Mayor G. W. McCaskrin ordered all bars closed during Sunday, and the order was obeyed. A campaign for Sunday closing has been waged by Rock Island newspapers for some time. The attack has also been directed at gambling, and, as a result, all slot machines have been ordered out of business. Several resorts have also been closed. The mayor says he will stop all business on Sunday in Rock Island.

Indicted for Murder.

Mount Carmel, Ill., Nov. 30.—The Wabash county grand jury returned an indictment against William Lacer and his wife and August Neigen for murder. Lacer's mother was killed December 20, 1903. She was sitting at a table eating supper when some one fired a rifle ball through the window, killing her instantly. Lacer was arrested at the time, but was not indicted. New evidence, however, has since come to light.

Acquitted.

Boston, Dec. 4.—A verdict of not guilty was reported in the superior court here by the jury which deliberated the case of Dr. Percy D. McLeod, charged with being an accessory after the fact to the illegal operation which resulted in the death of Susanna A. Geary, the victim of the suit-case tragedy, and with concealing the crime. The prisoner was discharged.

Special Session Begins.

Madison, Wis., Dec. 5.—The legislature, which has been called together for a special session by Gov. La Follette, met here at three o'clock Monday afternoon, but beyond organizing, nothing was accomplished.

SEVEN MINERS SUFFOCATED

Wooden Stack of Ventilating Furnace Catches Fire and Victims Are Overcome by Smoke.

Charleston, W. Va., Dec. 5.—At Horton, on Calsin creek, in this county, late Monday, seven coal miners were suffocated. They were working in a drift mine when the wooden stack of the ventilating furnace caught fire and was consumed. The men outside busied themselves with trying to put out the fire, and, failing in that, with keeping it from spreading to other structures in the immediate neighborhood, paying no heed to those in the mine, not supposing them to be in danger. But there was a strong draught from the burning stack directly into the mouth of the mine, and the smoke rushed in with overwhelming fury. The miners who were in the more remote sections of the mine were unable to get out and were overcome with the smoke. There were seven of these, and but two could be resuscitated after being brought out. The Horton mine is the property of the Cardiff Coal company, which has eight or ten mines in the Cabin creek field.

WILL FORM NEW CABINET.

Sir Campbell-Bannerman Accepts Task Imposed by King Edward of England.

London, Dec. 5.—Sir Henry Campbell-Bannerman saw the king at Buckingham palace Tuesday morning and accepted the task of forming a new cabinet. The duke of Devonshire, liberal unionist, former lord president of the council, was among the callers on the new premier before the latter went to the palace, and in political circles importance is attached to the visit as possibly signifying some kind of a working agreement on certain points of policy between the anti-protectionist unionists, of which the duke has been the recognized leader since his secession from the Balfour cabinet, and the new government.

Wright and Griscorn Return.

San Francisco, Dec. 5.—The Pacific Mail liner Manchuria arrived at an early hour Tuesday morning from the orient. Among her passengers are many well-known people, including Lloyd C. Griscom, United States minister to Japan, and Luke E. Wright, governor general of the Philippines.

JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Women Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children? Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My Dear Mrs. Pinkham:—During the early part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me, I had no more bearing-down pains, and felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home. Lydia E. Pinkham's Vegetable Compound is certainly a splendid remedy, and I wish every woman who wants to become a mother would try it.

Actual sterility in woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me." **CHARLES GOODRICH, Caruthersville, Mo.** **Dr. Miles' Heart Cure** is sold by your druggist, who will guarantee that the first bottle will benefit. PIERCE BATTLE CRUSHES MUTINY

DESPERATE FIGHT BETWEEN REBELLIOUS SAILORS AND TROOPS AT SEBASTOPOL.

Mutineers Surrender After Struggle Lasting Over Two Hours--Cruiser Otchakoff Riddled and Sunk--Five Thousand Are Killed.

St. Petersburg, Dec. 1.—Sebastopol was on Wednesday the scene of a desperate battle between the mutinous sailors and the troops in the forts on shore. During the battle the town and the forts were bombarded by the guns of the cruiser Otchakoff, which lies a burning wreck off Admiralty Point, its hull riddled with shells and its flaunting red ensign of revolution hauled down.

Mutineers Surrender.
 According to a more detailed report received from another source and purporting to come from the admiralty, the battle began at three o'clock Wednesday afternoon, when Lieut. Schmidt, not receiving a reply to the demands of the mutineers, opened fire from a fleet of ten ships, to which the northern batteries at Fort Alexander artillery posted on the shore and several vessels which remained loyal, replied. During the naval battle the sailors on shore, entrenched in the barracks, defended their position with machine guns and rifles against the attacking infantry. After an engagement lasting two and a half hours, with the Otchakoff riddled and on fire and the cruiser Dnieper and another vessel sunk, Lieut. Schmidt, who had been badly wounded, surrendered the entire squadron. The mutinous sail-

ors on shore surrendered to the first and Bielstok regiments. According to this report the Panтелейmon (formerly the Kiaz Potemkine) was injured below the water line and a torpedo boat is ashore on the rocks.

Five Thousand Killed.
 St. Petersburg, Dec. 1.—The newspaper accounts of the details of the fighting at Sebastopol, which are based on the reports circulating in the city, are very conflicting, but they all say the battle ended at about 5:30 in the afternoon when the ships of the mutineers surrendered. The Novosti says that 5,000 men perished on both sides. The leaders of the mutineers, it is added, have already been executed, two battleships have been blown up and mines have been laid at the entrance of the roadstead.

To Mobilize Cossacks.
 London, Dec. 2.—A dispatch from St. Petersburg says the government intends to mobilize all the Cossacks, numbering 430,000.

Fifty Killed at Kieff.
 Kieff, Russia, Dec. 1, via Warsaw, Dec. 4.—There has been serious street fighting between mutinous sappers and Cossacks, and between workmen and bands of the "Black Hundred." Fifty mutineers were killed and 100 wounded.

Alarm in St. Petersburg.
 St. Petersburg, Dec. 2, one p. m. via Berlin, Dec. 4.—Intense alarm prevails here. Communication with the outer world by telegraph ceased this morning when the Finnish operators joined their Russian comrades. The embassies, legations and banks are hastily organizing courier services to both the Finnish and German frontiers. The population is almost in a state of panic, fearing that the railroads will stop running and that the inhabitants therefore will have no mode of flight in the event of the cataclysm which they seem to fear is imminent.

This situation has greatly increased the dangers of a financial crash. The people, fearing the commercial interests, are withdrawing their money from the banks, converting it into gold, hoarding it or demanding foreign exchange which the state bank is issuing upon the foreign balances of the government.

Indicts Brick Trust.
 Chicago, Dec. 4.—Indictments for conspiracy to injure the business of another were returned by the grand jury against seven men and three companies after a "brick trust investigation." Five of the indicted men are among the most prominent in the brick-making industry in Chicago. The other two are labor leaders of equal prominence among their fellows. Independent firms, who claim to have suffered as a result of the manipulations of the alleged brick trust, are mentioned in the indictments.

Seed Dealers Complain.
 Washington, Dec. 4.—Thirty of the leading seed dealers of the country have sent President Roosevelt a petition protesting against the free distribution of seeds by members of congress. The petitioners allege that the present practice is a "grievous restraint of trade," and that the United States should abolish the practice as unfair as a class legislation, antagonistically so against a branch of commerce unbecoming a great government.

Author Passes Away.
 Kennebunkport, Me., Dec. 5.—Col. Samuel Adams Drake, the well-known author and historian, died Monday of Bright's disease. He was 72 years old. He had written more than a score of books, mostly relating to historic events in New England and the middle west.

The Public Debt.
 Washington, Dec. 2.—The monthly statement of the public debt shows that at the close of business November 30, 1905, the debt, less cash in the treasury, amounted to \$999,752,831, which is a decrease as compared with last month of \$12,899,294.

Another victim of the bullets of Carl Kogovinski of Robinson township is dead. His little son Max has passed away. It is thought Frank Dabrowski will recover. The dead now number three. Mrs. Kogovinski appeared to be touched by the death of her son, but paid more attention to the condition of Dabrowski, her lover, who has a bullet wound in his lung. During the time her son was dying the mother sat by Dabrowski's bedside and left the care of the child to others. Just what will become of Dabrowski and the woman is not known. Threats are made in the neighborhood of the crime that it will not be well for them to try to live together at the scene of the slaughter.

At the congregational meeting of the Reformed church of Graafschap on Thanksgiving day the collection for Hope college and the seminary amounted to \$38.69. In addition \$158 was raised by subscription; this with \$550 raised last April makes over \$700 raised in less than a year for improvements in the parsonage. Reports showed that all regular expenses had been met and that during the year \$140 had been raised for missions and \$18 for education. The congregation numbers but fifty-three families. It will be remembered that year before last this congregation built, without debt, a four thousand dollar church, to which the congregation contributed and raised \$2500. The whole church property is thus practically without debt.

The records in the office of Deputy Collector of Customs Ten Cate show that 200 vessels entered and cleared the port of Holland during the season which opened April 1 and closed November 30. The records do not show the number of boats that entered and left the harbor with clearance papers for other ports in the districts, and does not include the boats that entered and cleared to points within the district. The Argo made 35 trips to Holland, the City of Chicago 13 trips, the Holland 144 trips and the Puritan 107 trips. Other boats that entered and cleared from this port are the schooner Abbey, two trips; the schooner Elva, one; the schooner A. W. Lucky, two; the tug Calumet, one; the steamer Harvey Watson, one; the schooner Helen C. LaMoore, one; the schooner Defiance, one; the schooner Nellie Johnson, one.

The death of Adrian K. Roos, who for the last 25 years has been a practically helpless invalid, occurred last Friday evening at the old Kanter's home. For many years Mr. Roos suffered from nervous trouble of a paralytic nature but he was not confined to his bed until about three weeks before his death. During his last days he could scarcely partake of nourishment and his sufferings were intense. Mr. Roos was born in the Netherlands 58 years ago. His parents died when he was nine years old and he was taken into the family of Rokus Kanter. He was a nephew of Mrs. Kanter. He came to this country with the family and always lived with them. Since the death of Mr. and Mrs. Kanter he was cared for by the Kanter children. The funeral services were held Monday afternoon from the Kanter family home, 88 East Eighth street, Rev. J. T. Bergen officiating. The pall bearers were G. J. Diekema, H. Boers, G. J. Van Duren, J. G. Van Putten, E. Vaupell and John Dinkebo.

In a letter addressed "To the keeper and crew of the Holland Life Saving station," and which he signs as "Your friend and admirer," Graham Taylor of Chicago, who has a summer home at Macatawa, expresses his appreciation of the work done by the life savers when the steamer Argo went ashore. The letter follows: "To the keeper and crew of the Macatawa life saving station: As a cottager for many years at Macatawa I have always had a personal interest in all the men of your crew, many of whom I have known well enough to consider personal friends, so I may be permitted to send this word of congratulation and appreciation for your heroic work in rescuing the passengers and crew of the Argo. It was a deed of brave men. Each and all of you deserve the hero's medal but better than that is it for each one of you to feel that you played the man and did your duty and saved many lives. We are all proud of every man of you, and I feel like coming clear across the lake to shake hands all around. God bless you for it, boys, and every one."

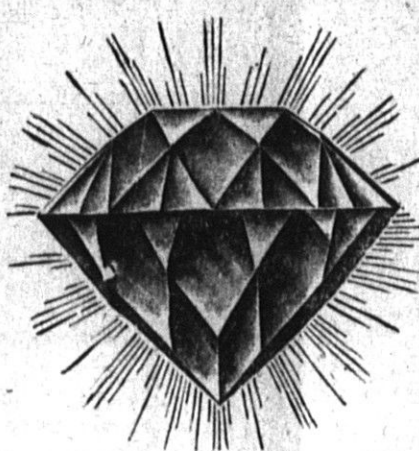

Burglars are abroad in the land. They prowled around this city early Thanksgiving morning and tried to enter more than one residence in their travels. They succeeded in entering the residence of Dr. G. J. Kollen by picking the lock of the kitchen door and stole a valuable fur muff, a fur boa, the Doctor's new winter overcoat, and a small amount of money. So quietly did they ransack the house that the slumbers of the family were not disturbed. Owing to a light snowfall the footprints of the burglars were easily discernable and it could be seen that they had approached the residences of William Brusse, B. D. Keppel, Professor Kleinheksel and Mrs. Charles L. Mulder and vainly tried to enter these places. At Prof. Kleinheksel's home a jimmy was used in a vain attempt to raise a window. The fur muff and fur boa stolen from Dr. Kollen's residence was found Saturday under the porch of the home of Mrs. Charles L. Mulder where the burglars had hidden them. The thieves caught the early morning Pere Marquette train to Grand Rapids. They carried two suit cases and two large grips, and their actions excited suspicion. At Grand Rapids they boarded a train for Kalamazoo.

"Thank you," "God bless you," "Is that for me?" were some of the exclamations that greeted the delivery man as he brought in the baskets, the bundles, the pumpkins, the flour and the clothes at the homes of those remembered on Thanksgiving Day," says Henry Vander Ploeg in describing the Thanksgiving distribution made by the committee consisting of Mrs. C. V. R. Gilmore, Mr. Vander Ploeg, James Westveer and Mayor Geerlings. Continuing Mr. Vander Ploeg says, "Such an abundance of goods—edible and wearable—had never been received by the committee in any previous year. From 12 baskets twelve years ago the work has increased so that this year over eighty families were supplied, many of them with two baskets. From two barrels of flour the amount has increased to one and one-half tons. There still remains a huge pile of clothing—new and old. There are clothes for babies, for little tots, for children, for young people and for old folks. These the committee hardly felt competent to distribute properly, and they now request that parties interested should call at 44 East Eighth street and get what they can use."

Mrs. Alice Lawrence, wife of the late Amos Lawrence, who was murdered in this city several years ago and whose body was sunk in Black River near the Grand Haven bridge, came again into public notice in Detroit last week. It will be remembered that Mrs. Lawrence, who, with Ray Coates, was convicted of the murder of Lawrence, was sentenced to prison for 20 years, and that her sentence was committed by Gov. Pingree after which she was set free on the representation that she could not live long in prison. Mrs. Lawrence and her daughter Grace have been living with Mrs. Lawrence's parents, Mr. and Mrs. A. M. Coates, and two cousins, at 41 Butternut street, Detroit. The girl was about six years old when her father was murdered and has supported herself ever since she was old enough to work. She declares that the influence of her mother is bad and she cannot live a moral life with her depraved parent. Other relatives advised her to leave, and Saturday she sent for her clothing. Mrs. Lawrence was at home and followed the messenger, having the girl taken in custody, but when the girl's story was told they merely detained her until investigation could be made. Grace has a sister Adeline who also lives with her grandparents. Coates is serving a life sentence in Jackson.

According to the new city directory published by the Inter-State Directory company the population of Holland is placed at 10,179 of which 5,593 are males and 4,586 females. The publishers say that "these figures are not from an estimate made by multiplying the names in the directory, but the result of a careful enumeration from house to house canvass." The directory contains a great deal of valuable information. Besides the names it has a complete street directory, a classified business directory, a church directory and a secret and benevolent society directory.
