### Prospects Bright for New Factory.

It looks as if the plan to establish a plant here for the manufacture of boats and gas engines will be successfully carried out. Jacob Lokker and Capt. Austin Harrington kept agitating the project until sufficient interest was aroused to call a meeting of business men. This meeting was held last Friday night at the offices of Lagers & Miles and was attended by 25 of the leading men of the city.

After a lengthy discussion of the matter a committee of three was appointed to secure further information and to find a suitable site.

This committee has three sites in view, one near what is known as the old tub factory site, the other near Montello park, and the other the site formerly used by the Wolverine Boat works.

Capt. Harrington bought the Wolverine Boat works for the purpose of enlarging his coal yards, but he is willing to help the new project along by turning it over to the proposed new company without profiting by the deal. The site is admirably located for a boat company, as it is near the shipping center and has good dockage facilities. The other sites are desirable and much trouble is not expected in the securing of a good location.

It is proposed that a stock company capitalized at \$20,000 be formed and the assurances already received indicate that the entire stock will be subscribed in a short time.

Suitcases, neckties, shoes, mufflers, handkerchiefs, gloves and hats are some of the things suitable for Christmas gifts that you will find at the store of The Lokker & Rutgers Co. Call early and avoid the rush. Christmas gifts.

### CITY AND VICINITY.

It is reported that Dr. J. F. Peppier, the Graafschap physician, will move to Byron Center.

On account of pressing of Christmas advertising the makeup of the News is slightly different this week than usually. Some of the local items will be found on the second and third pages.

The addition to the Holland Furniture factory is completed all but the floors, which are being laid. It will be ready for use January 1. Contractor F. N. Yonkman is doing the work.

Contractor A. Postma has been awarded the contract for three new houses to be built for R. H. Post on West Seventeenth street to be placed on the market early next spring.

The Allegan poultry show will open January 11 and everything indicates that it will be far better than any previous year. A fine corn exhibit will be made by the farmers in connection with the poultry show.

Diekema, Kollen & Ten Cate have sold a lot on Twenty-second street to James Finch, and he is building a residence. A lot on Twenty-first street has been purchased by Ziba S. Owens. Both are in the Diekema Homestead addition.

At the annual meeting of the Ninth street Christian Reformed church held Monday evening the following members of the consistory were re-elected: Elders, A. C. Rinck, G. Vanden Berg, E. O. Holkeboer, J. Heeringa; deacons, H. Van Ry, G. Saggars, M. Ten Hoer.

Fred W. Jackson has sold to Guy R. Potter the residence at Twenty-fourth street and College avenue. Jacob Vander Wege has sold to Jacob Wabeke a half acre of ground at Michigan avenue and Twenty-sixth street. A vacant store is on the property.

The last installment of sugar beets is being delivered at the Holland factory and the slicing process will continue until the end of the month. The longest procession of wagons this season was witnessed yesterday, being fully a half mile in length. About 27,000 tons of beets will constitute this season's output.

Rev. H. O. Day of Grand Rapids is in the city and conducted services at the Wesleyan Methodist church, River and Third streets, last night and the two following nights. Meetings will be held each afternoon at 2:30, especially for Christians. Everyone is cordially invited to attend the meetings.

Marshal Kamferbeek arrested Tuesday near West Olive, G. Zuverink, a young man about 22 years old. Complaint was made by John Riemersma, the charge being assault and battery. In Justice Van Duren's court Zuverink pleaded guilty, and was sentenced to pay a fine of \$25 and \$8.10 costs, or go to jail for 60 days. He paid. The trouble between the two men occurred the night before Thanksgiving. Riemersma is janitor of the Christian Reformed church at West Olive, and at the service Zuverink persisted in expectorating on the floor despite the janitor's remonstrances. After the meeting was over Zuverink attacked the janitor, beating him badly about the head and shoulders.

The Grand Haven High School Association has appropriated \$80 for the purpose of buying monogram sweaters for members of the high school foot ball squad. The proceeds of the Thanksgiving Day game will go even farther, forty dollars were turned into the association treasury for the purpose of building an association tennis court on the school grounds and supplying it with proper equipment. Good for Grand Haven. It keeps the Holland boys hustling to pay expenses let alone indulging in the luxury of sweaters or improvements to grounds. At that the boys have no grounds to improve. But if the boys continue to do as well as they did this year the citizens will ultimately take interest in their success.

The sooner you buy the better the seat.

The board of supervisors will meet for the regular winter session on the second Monday in January.

The Grand Haven Tribune has the following regarding a former Holland boy: "Jerry Dykhuis of the Crosby steamer Naomi is taking his vacation. He has been visiting his parents on the farm in Polkton and Sunday he spent with Hans Dykhuis and family in Holland. It is rather unusual for Jerry to take a vacation and he is one of the most valued members of the Naomi's crew."

Word has been received here of the party of five men including W. J. Hancock of this city, purser on the steamer Holland, who left Holland October 17 on a trip down the Mississippi river, with New Orleans as their destination. The party has been broken up for intervals by the absence of two of the men. After leaving St. Louis Mr. Hancock was seized with pneumonia, and went to Sheridan, Wyo., but he has recovered and expects to join the party next week at Arkansas City. H. O. Weatherwax of Grandville left the boat at Memphis, and made a flying trip home, returning Saturday.

"Football is directly against the laws of God. It violates the sixth commandment that reads 'Thou shalt not Kill' and steps should be taken to obliterate such a game." So spoke Rev. Mr. Fles, pastor of the Second Holland Reformed church of Muskegon, to a congregation of 1,000 last Sunday evening. The protest is remarkable in that Fles' son, Isaac, was one of the best football players that Hope college ever turned out.

Under Sheriff Frank Salisbury returned Friday night from Detroit, where he went to get Cornelius Vander Veen of Grand Rapids, wanted for violation of the liquor law at the time of the Berlin fair. Vander Veen was serving a 90 day sentence in the Detroit House of Correction and his time is out. Saturday morning Vander Veen appeared before Justice Wachs and waived examination. He was bound over to the January term of circuit court and released upon \$200 bail with M. Dykhuis of Grand Haven as surety. Vander Veen has many relatives in Grand Haven.

Sheriff Woodbury has just finished making a supply of saur kraut for the winter and he states that if the health authorities do not interfere he will have the finest ever produced in Grand Haven when it has matured sufficiently. The stuff has begun to work now and the jar in which it is packed, is heavily weighted down. The sheriff himself, is very fond of the cabbage mixture, but the assistant cook at the jail recently tried a new one on him in the shape of a saur kraut sandwich. The combination of the odors, salt rising bread and saur kraut, nearly laid out the big sheriff.

### Talk of Opera House.

Martin Beukema may be the man to solve the opera house problem. He contemplates building an addition to his laundry building on West Eighth street, across the road from the engine house, and if his plans mature will construct it so that it can be used for theater purposes. The proposed addition will be two stories high and the second floor will be a large hall. It will be fitted up with a stage and other appointments pertaining to an opera house. The plan is also considered of having the seats removable so that the building can be used for a dance hall or a roller skating rink. Mr. Beukema is sanguine that the investment will prove profitable.

Of course you pay your money, But you get your money's worth. For what does money mean to you When Rocky Mountain Tea's on earth?—Haan Bros.

### Death of Prof. Boers' Youngest Son.

Henry Berkhoff Boers, the eight-year-old son of Prof. and Mrs. Henry Boers, died last Sunday evening at the family home, 124 West Twelfth street.

He had been ill two weeks with gastritis, which weakened his heart, causing death unexpectedly, as he appeared to be improving during Sunday. The shock to the parents is great and they have the heart-felt sympathy of friends and relatives.

Besides the parents one brother survives. The Hope college faculty attended the funeral, which was held yesterday morning from the home, in a body.

## CORRESPONDENCE

### Zeeland.

Jacob Poest has finished excavating for the basement of a new house which he is going to erect on his property on West Main street, west of Bert Veneklasen's home.

Miss G. Maurice, who taught the seventh grade in the public school last year, was in Zeeland last week visiting with her many friends. She now holds a position as teacher in the public school at Brooklyn, Mich.

The old house formerly occupied by C. Rozendal on South street has been moved to the newly opened addition in the west end, to Washington street. The building had to be moved over the Interurban tracks.

C. Roosenraad, finding that his office was too small to accommodate his business, has added to it the front part of what was formerly his furniture store.

The Pere Marquette spur which was put in for the Colonial factory is being extended to Mock's new mill so as to facilitate the unloading of lumber and logs.

### Vriesland.

Peter Leetsma, Sr., died at the home of his daughter in Grand Rapids last Thursday night. The funeral was held at Vries and Saturday, 12:30 from the residence and 1:30 at the church at Vriesland.

### Gibson.

Too late for last week.  
Mrs. Ozeo Spencer is visiting her daughter, Mrs. Stanley, in St. Louis.

Mr. Hunt's family have moved to Holland where he has employment in Beukens coal yard.

Mr. Clark expects to move to his home soon, which he purchased at Mr. Berlin.

Mr. Berlin is working at his home in Chicago.

Mrs. Easter has been kept quite busy evaporating apples, they have some they would like to sell. Green apples, Ballwin's, B. flowers, Seek no farther, 75 cents a bushel. Can deliver any time.

Mr. De Boer of Holland is our Mail carrier now. Mr. Kuitte has been very satisfactory and is deserving of much credit in the mail business during the past three years he delivered mail here. We wish him success in his new route. The number changes here every time the carriers change. First it was No. 2, then No. 8, and now it is No. 12, but it is the best way to get our mail. Uncle Sam's R. R. is all right.

Thanksgiving Day was observed around here as usual, many hunters from Holland and elsewhere spent the day here, but from all reports Martin Bush bagged the most game. Perhaps that was because he has such a fine hunting dog.

Mr. and Mrs. Tasker's children spent Thanksgiving at home. A fine dinner was prepared for them and greatly appreciated by a hungry guest who happened to pass that way from hunting and so was kindly invited in.

Christmas Day is near at hand, how many have thought of this the one day given us of all the 365 to remember our loved ones. Young men if you are addicted to the liquor or tobacco habit, frequently visit saloons and other bad places, stop, pause a little before you go farther down. Think of that mother at home, she will be pleased to be remembered on Christmas day and father too, sister and brother, yes, it may be worse, perhaps a wife at home and little ones who love you dearly whose dear little lips would be pleased to say papa gave me this and papa gave me that. If there are any who can face his dear ones on Christmas Day and not feel guilty and ashamed, your portrait is only fit to hang on prison walls where you yourself belong.

**WANTED**—Representative to represent the Fruit Belt and Wolverine Poultryman in this district. Must be alive, honest and furnish reference and bonds. We have no time to answer correspondence from any but reliable men, but can offer such a good position. Write at once to The Fruit Belt Publishing Co., Grand Rapids, Mich. Herald Bldg.

Regulates the bowels, promotes easy natural movements, cures constipation.—Doan's Regulators. Ask your druggist for them. 25 cents a box.

Its fame has spread from sea to sea; Be not surprised if in the other world, You hear of Rocky Mountain Tea. —Haan Bros.

### Hamilton.

Frank and Flossie Harmsen of Holland have returned to their home after a visit of two days here with their grandfather and family.

John Kolvoord last week shipped a large quantity of corn meal and flour to Holland and a number of barrels of flour to Fennville; also thirty tons of coal to near-by neighbors.

Mrs. G. Ensing visited her niece, Mrs. Zoerman of Graafschap last week.

H. J. Klomparsen and wife spent last week with their daughter, Mrs. H. Brower, in Allegan.

Messrs. Jacob Hoeksema, Daniel Kronemyer and Elzenaar attended the International stock show at Chicago last week.

H. J. Fisher of Holland was in town last week.

Dr. Thomas and his foreman of Allegan were in town last week and took part of the machinery out of the skimming station to Allegan. We understand the station was run at a loss, especially during the winter months, but it was not this which caused the removal.

The largest sale of postage stamps ever made in the Hamilton postoffice was to Mr. Davis of the drug store in this place when he paid out \$65 for stamps which were sent personally to each I. O. O. F. lodge in the state and to each officer.

The school board of this village have ordered that plans and specifications be made for a new schoolhouse, with immediate action. The present building is not adequate for the present number of pupils. The site has not yet been determined upon.

### A Miraculous Cure.

The following statement by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and \$1.00 at the Walsh Drug Co.

### Long Tennessee Fight.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface: this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c at the Walsh Drug Co.

### A Western Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by the Walsh Drug Co. 50c. and \$1.00. Trial bottle free.

### Fishermen's Meeting.

When the fishermen from all ports on Lake Michigan meet in Milwaukee this week, they will have some things to say about the fairness of the present law regarding the closed season for trout. All of the commercial fishermen are dissatisfied with such a law and many of them would rather there would be a closed season in everything than to have matters continue as they are. Under the present conditions, the fishermen are allowed to catch herring during the closed season now in effect, but no trout must be brought in. The tugs all use herring nets but if a trout is found in them it must be thrown back in the lake, to wash up on the shore and decay. It cannot be brought home nor can it be sold without making the fishermen liable to arrest and fine. There are very few trout caught during closed season, in the herring nets, but occasionally one is found which has managed to get in through the meshes. These meshes are permitted by law and fishermen believe that all trout caught in such nets, which comply with the law, should be legal fish. There is hardly a commercial fisherman, who objects seriously to a closed season but he does not believe that the present law is helping matters any. Many game wardens will be present at next week's meeting and this point will be taken up for discussion.—G. H. Tribune.

It is of course useless for dealers to talk of anything but Christmas gifts at the present time. The people are thinking along this line and their thoughts will not turn elsewhere until they have selected the presents that are to bring happiness to close friends or near relatives. There you will find in profusion rockers, couches, bookcases, tables, chairs, curtains, buffets, draperies, rugs, in fact numberless things that will add to the attractiveness or the comfort of a home. ### Tooth Troubles.

Cause—Prevention—Cure

A Tooth Talk Worth  
Remembering.

The food left on and between  
the teeth, decomposing, form  
an acid. The acid cuts the  
enamel and roughens it. Once  
roughened, the food can hardly  
be cleaned from the tooth and  
decay sets in rapidly.

Sweets, sour, hot and cold  
now hurt the tooth until the  
nerve dies. Even now, with  
the nerve dead, the trouble is  
not over. Take a slight cold  
your tooth aches, jaw gets sore,  
face swells, puss forms and  
finally works to the surface and  
a "gum boil" results.

To prevent all this suffering  
consult us frequently—at least  
twice a year—**consultation  
and advice is free.**

Let us talk the matter over;  
a little filling may save you  
much pain and annoyance.  
Perhaps some teeth may require  
treatment. Whatever you need  
we will help you, giving you  
the best possible service—the  
least possible pain.

The most sensitive teeth are  
easily treated by our method.  
An exposed nerve (that which  
all people dread most) is dried  
up or killed, without pain, in  
twenty-four hours.

It seems too good to be true,  
but we are doing just what we  
claim. Our patients place great  
reliance in us and we warrant  
their confidence. We always  
give good honest work. In  
every department of our profes-

made to help us do good work,  
studying all the latest methods

### Nature's Warning

Holland People Must Recognize  
and Heed It.

Kidney ills come quietly, myster-  
iously, but nature always warns you  
through the urine. Notice the kid-  
ney secretions. See if the color is  
unhealthy, if there are settlements and  
sediment, passages too frequent,  
scanty, painful, it's time then to  
use Doan's Kidney Pills, to ward  
off Bright's disease or diabetes.  
Doan's have done great work in  
Holland.

John Kloosterman, two miles  
from Zeeland, says: "For ten or  
twelve years I looked in vain for  
some medicine to free me from dis-  
tressing kidney complaint. I  
suffered at intervals during that  
period with aching pains through  
the loins, twinges up and down the  
muscles of my back, irregular and  
unnatural condition of the kidney  
secretions and frequent attacks of  
dizziness. My son, John Klooster-  
man, a tailor, 133 East Eighth St.,  
Holland, noticed Doan's Kidney  
Pills advertised in the Holland  
papers and highly recommended by  
people who had used them. Think-  
ing they might help me he procured  
a supply at J. O. Doesburg's drug  
store and sent them out to me. I  
noticed shortly after I commenced  
the treatment it was doing me good  
and as I continued my condition  
improved. In my estimation Doan's  
Kidney Pills are by far the best  
remedy on the market."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the  
United States. Remember "the  
name Doan's and take no other."

glowing vitality, makes the nerves

A lazy liver leads to chronic  
dyspepsia and constipation weakens  
the whole system. Doan's Regulets  
(25 cents per box) correct the liver,  
tone the stomach, cure constipation.

Thomas Hage of Moorland shot  
a white squirrel near that village re-  
cently. The squirrel was about the  
size of a red squirrel and a perfect  
albino. The white squirrel is one  
of the rarest of animals inhabiting  
the forests of this state.

Circuit court will convene on the  
second Monday of next month and  
it will find a great amount of busi-  
ness awaiting it. The new prose-  
cuting attorney, Corie C. Coburn,  
will have a large criminal calendar  
with which to begin his official  
career.

Contractor John Allmendinger of  
Benton Harbor, who is building  
the new launchway and foundation  
at the life-saving station at Holland  
harbor, met with his first accident  
last week during his 40 years service  
on the pile driver outfit. Two  
fingers were crushed by the hammer  
of the machine, necessitating am-  
putation.

The Ladies' Aid of the Robinson  
Circuit, at Ottawa, wish to thank  
the following merchants of Holland  
who so kindly contributed articles  
of clothing for their fair: Lokker-  
Rutgers Co., M. Notier, John Van-  
dersluis, G. Van Putten and Cash

the fair were \$23.30. Mr. F. Head-

The Fourteenth street Christian  
Reformed church at the annual  
election chose the following officers:  
Elders R. Mulder and P. Schoon-  
were re-elected and William Ven-  
huysen also elected an elder. Gerrit  
Deur and D. A. Klomprens were  
re-elected deacons and Bert Went-  
zel and John De Jong were elected  
deacons. The election of an addi-  
tional elder and two deacons was  
made for the purpose of enlarging  
the consistory consistent with the  
growth of the church.

Speaking of it's fire department  
outfit the Fennville Herald says:  
"The old hand fire engine and hose  
cart were brought out as a matter  
of habit, but, outside of keeping a  
few able bodied men busy, trying to  
make it work, the exhibition which  
it gave was a big farce. The town  
better transform it into a chemical  
engine or else sell it for old iron  
and thus avoid the damages which  
our present misplaced confidence  
in this mass of rust is liable to  
bring."

The sixth auxiliary meeting of the  
State Dairymen's association will  
be held at Coopersville, Saturday,  
December 15, 1906. Addresses will  
be given by some of the best dairy-  
men and most noted dairy experts  
in the state. Governor Fred M.  
Warner will talk at the morning  
session on "The Future of Dairy-  
ing in Michigan." Dr. Marshall,  
Prof. Shaw and State Analyst  
Robinson will discuss scientific  
phases of dairying. N. P. Hull, the  
popular dairy lecturer and Helmer  
Rabild, the dairy expert, will be  
there. Every dairyman should be  
present.

Mr. and Mrs. Albert Emory and  
three children ranging from four to  
fourteen years became stranded in  
this city last week and applied at  
the home of the Rev. and Mrs. E.  
J. Blekkink for meals and lodgings.  
Marshal Kamferbeek was notified  
and secured a place of repose for  
them and they were given free  
transportation by County Poor  
Superintendent A. Van Duren. The  
family was well dressed, but desti-  
tute. The Emorys came from New  
York city and were enroute to Chi-  
cago.

Did you ever stop to think how  
remarkable it is that every man who  
goes north to hunt deer gets exactly  
two, the number the law permits a  
man to kill, no matter how many  
may chase him up trees or run him  
breathless into camp? The com-  
pany may consist of a dozen  
hunters, some of whom could not  
hit the gable end of a barn at four  
rods with a shot gun, but no matter  
—each man gets two deer. Just as  
soon as he gets two he packs his  
rifle and turns to washing dishes—  
or violating the trout law. This is a  
subject which of late has caused a  
deal of puzzled reflection by the  
editor while taking gustatory de-  
light in the rich venison steaks with  
which his friends have supplied  
him, but no satisfactory solution of  
the problem has been found, though  
Martin De Wright says "It has to  
come out even in just that way."—

The annual meeting of the Alle-  
gan County Agricultural Society,  
which was to have been held Wed-  
nesday of last week, was adjourned  
until Wednesday, January 9, 1907.

Members of the Reformed church  
of Overisel surprised Rev. G. J.  
Hekhuis and wife, Thanksgiving  
day, by giving them a few valuable  
presents—a cutter, whip, robe and  
fur coat for the pastor and a fine  
shawl, fur, and a \$50 steel range for  
his wife. All the presents together  
amounted to \$150 in value.

Prospects for the early connection  
of South Haven with Grand Rapids  
and Kalamazoo are brightened by  
the sale of the old Michigan Central  
track to the Kalamazoo, Lake Shore  
& Chicago Traction company. It is  
hoped that the prospects will keep  
on brightening until somebody  
builds a road from South Haven to  
Saugatuck so that Holland will be in  
the game.

The Allegan county farmers' insti-  
tute will be held at Allegan, January  
23 and 24, and the one-day institutes  
will be held from January 2 to 17.  
Mr. N. I. Moore is to speak at the  
first ten places, beginning at Burnips  
Corners and ending at Glenn. Peter  
Voorheis of Pontiac will be at Fenn-  
ville, January 14, Douglas the 15th,  
Laketown the 16th and Hamilton  
the 17th. Secretary C. B. Welch  
thought that a speaker on general  
farm topics would answer for all the  
meetings, but it seemed to Superin-  
tendent Taft that especially for the  
last four, a speaker like Mr. Voorheis,  
who could also discuss fruit growing  
topics, would be desirable.

Chas. J. Byrns of Marquette, ad-  
juster for the Modern Woodmen,  
was in Fennville last week investi-  
gating the claim against the society  
on account of the death of Manley  
Bushee, who had been a member  
of the order for about three years  
at the time of his death. The family  
records could not be found, but  
Mr. Byrns became satisfied that at  
the time Bushee joined the order  
he was 47 years old, whereas he  
gave his age as less than 45, which  
is the limit of age at which mem-  
bers are accepted. Mr. Byrns stated  
that this misrepresentation of  
Bushee's age would destroy all  
liability against the order and that  
the claim would not be paid. He  
said he would however recommend  
that the widow be paid something—  
possibly the amount of money paid  
in as assessments, which was less  
than \$50.

Legislation extending the present  
herring season, and of repealing the  
law relating to the species of fish  
together will be asked of the state  
salons this winter by Marquette and  
other Lake Superior commercial  
fishermen. As it is now in some  
places just when the herring begin  
to run the law steps in and prevents  
catches being made. The conse-  
quence is that the Michigan fish-  
ermen are compelled to transfer their  
operations to Wisconsin waters. For  
the past several weeks the Marquette  
tugs have been fishing for herring  
off Superior, Wis., employing a force  
of seventy men. They will remain  
in those waters until about Dec. 15,  
in the meantime, it is expected,  
catching, packing and shipping some  
70,000 kegs of fish contracted for by  
Robert Beutel of Bay City. It is  
argued as a reason why Michigan  
should extend the present herring  
season that the supply of this species  
of fish is so enormous there is no  
danger of exhaustion for a century  
to come, if at all.

A meeting of the celery growers of  
Zeeland was held in the new office of  
C. Hoosenraad to discuss celery  
transportation. The Celery Growers'  
Association includes Zeeland, Vries-  
land and Hudsonville; the meeting  
Wednesday was but a local affair.  
The celery growers of Zeeland alone  
now number about thirty and as  
there were only about ten or twelve  
present no actual business was con-  
ducted. As the situation now is, the  
celery growers complain that they  
are compelled to pay too much for  
transportation. This is on account  
of the recent new ruling that ex-  
pressage must be charged according  
to the actual weight per box of celery.  
The price now is said to be about 18  
to 20 cents per box, whereas formerly  
shipments could be made via Gra-  
ham & Morton Boat Line for 8 cents.  
In the meeting talk drifted to the  
securing of a special freight for all  
the celery grown along the line. The  
first shipment was made Wednesday  
through a car attached to the regular  
freight. The trouble with this  
method is that shipments may be de-  
layed in yards or otherwise before  
reaching their final destination. The  
celery growers think that there is  
some practical solution to the prob-  
lem of cheaper transportation and are  
working hard for it. Zeeland celery  
seems to be better than it has ever  
been; many growers are withholding  
shipments, expecting a raise in  
prices. Kalamazoo crops have been  
reported a flat failure.—Zeeland  
Record.

## Christmas And Shopping.

Christmas indications are here in abundance. There is the right tang to the atmosphere, and all of the natural manifestations of the occasion are in evidence.

Artificial manifestations are also on every hand. From the mysterious somewhere come people to throng our stores and they emerge therefrom with arms laden with bundles and add to the busy whirl of our crowded streets. These Christmas shoppers number many and it is gratifying to note that they can find here in Holland all that is necessary to satisfy their desires for holiday goods.

Yes, here in Holland may be found everything that pleases, everything that is a necessity, from the most trivial Christmas toy to the most complex article that adds to the comfort of the human race.

Then why go elsewhere for Christmas shopping? All that heart can wish is here and it all can be obtained for a more reasonable figure than elsewhere. Do not be misled by the glitter and the great promises of bargains held out by out-of-town merchants.

They mean well but with the heavy rents they have to pay and the other great resources they must get big prices on some articles or they will face failure. The glitter is held out in the shape of a few good bargains to catch your fancy but when it comes down to the real things that you need you pay their price.

Here there is no glitter in the shape of a few extra cheap articles to catch you for bigger investments. All prices are on the same even, reasonable scale that prevails for all articles all the year round. You know what you are getting and you know the prices are right. Then why shop away from home?

Buy here. It aids your town, which is an indirect aid to you, and you save money on every purchase excepting the glitter.

## Death of Dr. E. Winter.

The death of Rev. Egbert Winter, D. D., well known as one of the leading theologians of the Reformed church in America, occurred last Sunday morning at his home, 82 East Thirtieth street. His death was due to illness contracted last September, when he attended the fiftieth anniversary of the birth of the Reformed church, held at Pella, Iowa. He caught a severe cold then which later developed into tuberculosis.

Dr. Winter was one of the most prominent clergymen in the Reformed church and was a distinguished scholar, an able speaker and a sound and talented writer on church subjects.

He was born 71 years ago in Zoutkamp, province of Groningen, Netherlands, and came to America with his parents in the spring of 1850. He entered Holland academy (now Hope college) in 1854, completing his preparatory course in 1858, and graduating with a class of four. He thereupon entered Rutgers college and seminary, graduating as a minister of the gospel in 1863.

Dr. Winter assumed his first charge as pastor of the Reformed church at Cudaback, N. J. In 1866 he accepted a call to the First Reformed church at Pella, Iowa, where he remained for 18 years. In 1884 he became pastor of the Second Reformed church at Grand Rapids and continued in that capacity until 1895, when he accepted a call to the chair of theology in the Western Theological seminary at Holland. He subsequently resigned his professorship in 1904, since which time he has supplied vacant pulpits throughout the denomination.

Dr. Winter was thrice married, his first union to Miss Emma Van Leeuwen of New Brunswick, N. J., terminating in the latter's death in 1896. Two years later he was married to Miss Minnie Cudaback, who died in 1900. On Thanksgiving day, 1902, he was married to Miss Alida Van Koningsveld of Grand Rapids, who survives him, together with Miss Lillian E. Vander Hart, a daughter by adoption since she was 3 years old. Besides three brothers and two sisters survive him, Peter and Geert of this city, Martin of Warren township, S. D., Mrs. E. Hooiveld of Orange City, Iowa, and Mrs. Anna Ball of Grand Haven.

The funeral was held Wednesday afternoon from the home at 1 o'clock and at 1:30 from Hope church. Upon request of the deceased Rev. Dr. N. M. Steffens of the Western Theological seminary preached the funeral sermon. The officiating clergymen were Dr. J. W. Beardslee of the Western Theological seminary and Rev. H. J. Veldman of the First Reformed church. The pall bearers were Wm. Kotvis, J. Koke, John Van Der Velde, Fred Oltmans, B. Brussee and Barney Dosker, members of the consistory of the Second Reformed church of Grand Rapids.

## Hope College News.

The spirit of rivalry, which for almost two decades has strongly characterized the Fraternal and Cosmopolitan Literary societies, breathed its last when Friday evening the members of the last named society invited the fraternities for a jolly good time and the establishing of a friendship, which friendship in respect to one another as societies, was foreign to both societies. In a way it was a subtle meeting, for in many respects the step taken was a difficult one. "After the short but varied program the 'Cosmos' served elaborate refreshments and then the social time began in good earnest. This happy even is a landmark in the history and progress of both societies. Regarding the work of the term both fraternities look with a feeling of satisfaction upon the work that has been done. In fact all the college societies can win this sentiment. Even the Ullas club performed excellent work this term. The roll call in this society is no tunc, but those who do go are

faithful and reap the reward of their labors. At the last meeting Rev. Veldman honored the society with his presence and gave some helpful and valuable suggestions.

College exercises were suspended for the last two morning hours yesterday on account of the funeral of the young son of Prof. and Mrs. Boers.

The Christmas entertainments of the Sunday schools under the auspices of the college Y. M. C. A. are scheduled for next week and will occur as given here: Beechwood, Tuesday; Town Hall and Holland Center, Thursday; Pine Creek, Saturday. All the exercises will be given in the evening.

The Second Reformed church of Zeeland donated \$40 to the library fund of the Western Theological seminary of this city. This is the third annual donation of said congregation. The seminary will be represented next Sabbath as follows: W. G. Hoekje, Hope, Grand Rapids. (This church has but recently been organized); Hal-lebrandt, Bethel, Grand Rapids; G. J. Pennings, Kalamazoo (1st); J. van Zomeren, Bethany, Kalamazoo; J. G. Brower, Muskegon (2d.)

Last year there was produced in all the sugar companies of the world, seven million, two hundred and thirty thousand tons of beet sugar, and only four million nine hundred thousand tons of cane sugar.

Last week there was afloat on its way from Europe to the New York and Philadelphia refiners fifty thousand tons or three hundred thousand barrels of beet sugar.

The "cane" and the "beet" are identical. No chemist can distinguish the one from the other.

## REWARD ROOSEVELT FOR PEACE EFFORTS

NORWEGIAN PARLIAMENT CON-  
FERS DISTINGUISHED NOBEL  
PRIZE ON PRESIDENT.

WILL ESTABLISH A  
PEACE COMMITTEE

Gift to Be Used to Secure Better Re-  
lations Between Capitalists and  
Wage Workers in America—Ex-  
presses Thanks for Great Honor.

Christiania, Norway, Dec. 10.—The  
Norwegian parliament Monday con-  
ferred the Noble Peace prize upon  
President Roosevelt. The American  
Minister, Mr. Peirce, in an eloquent  
speech, thanked parliament in the  
president's name. He said that words  
were inadequate to express the deep  
emotion which he experienced at re-  
ceiving this distinguished testimo-  
nial in behalf of the president, who  
recently cabled that he regarded this  
prize as one of the greatest honors  
which any man in any position  
throughout the world could receive.  
The award, Mr. Peirce added, would  
deeply appeal to the hearts of the  
American people.

Will Promote Labor Peace.  
Mr. Peirce then read a message  
from President Roosevelt expressing  
his deep thanks and saying there was  
no gift he could appreciate more.  
The president also announced that  
he had concluded to use the prize to  
establish at Washington a permanent  
industrial peace committee with the  
view of maintaining righteous peace  
in the industrial world, which was as  
important as the maintenance of  
peace in the world of nations. The  
following is the text of President  
Roosevelt's dispatch:

"I am profoundly gratified and  
touched by the signal honor shown  
me through your body in conferring  
on me the Nobel Peace prize. There  
is no gift I could appreciate more,  
and I wish it were in my power to  
fully express my gratitude. I thank  
you for it, and I thank you in be-  
half of the United States, for what I  
did I was able to accomplish only as  
the representative of the nation of  
which for the time being I am presi-  
dent. After much thought I have  
concluded that the best and most  
fitting way to apply the amount of  
the prize is by using it as a fund to  
establish at Washington a permanent  
industrial peace committee. The ob-  
ject will be to strive for better and  
more equitable relations among my  
countrymen who are engaged, whether  
as capitalists or wage workers, in  
industrial and agricultural pursuits.  
This will carry out the purpose of the  
founder of the prize, for, in modern  
life it is important to work for the  
cause of just and righteous peace in  
the industrial world as in the world  
of nations.

"I again express to you the assur-  
ance of my deep and lasting gratitude  
and appreciation.

(Signed) "Theodore Roosevelt."

How Prize Is Awarded.

The Nobel Peace prize is awarded  
to President Roosevelt in recognition  
of his services in ending the Russo-  
Japanese war. Candidates for this  
distinction must be proposed by leg-  
islative bodies, peace organizations  
or universities. It is understood the  
president's sponsors were Prof. H. P.  
Judson, acting president of the Uni-  
versity of Chicago; Prof. Baldwin of  
Yale; Prof. Harberger of the Uni-  
versity of Munich, and the faculty of  
the Georgetown university, Wash-  
ington. The peace prize went last year  
to Baroness von Suttner of Vienna,  
and in previous years to W. H. Cree-  
mer, M. P. of England; Prof. De Mar-  
tens of Russia, and Menri Duman,  
founder of the Red Cross.

The Nobel Peace prize is part of a  
bequest left by Dr. Alfred Bernhard  
Nobel, the Swedish scientist, who  
died in 1896. By his will a large  
portion of his fortune was devoted to  
five annual prizes, each valued at  
about \$40,000. The gifts were made  
for the most important discoveries in  
physics, chemistry, physiology or  
medicine, for the most distinguished  
work of an idealistic tendency in the  
field of literature, and for the best ef-  
fort toward the fraternity of nations  
and the promotion of peace. The  
last named is awarded by the Nor-  
wegian parliament. The others are  
awarded by institutions at Stock-  
holm.

STRICTURE AND KIDNEY DISEASE CURED.

G. E. WRIGHT.

"I had stricture for eleven years. It finally brought on Bright's  
Disease of the Kidneys. I had an uncomfortable shooting pain in the  
groin and feeling as though something was in the urethra. My back  
was weak and I could scarcely stoop over. Urine was full of sedi-  
ment. Had a desire to urinate frequently. Family doctors, so-called  
specialists, patent medicines, electric belts, all failed. I was dis-  
couraged. I had spent hundreds of dollars in vain. Finally I con-  
sulted Dr. Kennedy & Kergan as the last resort. I had heard a great  
deal about them and concluded from the fact that they had been  
established over 25 years that they understood their business. I am  
delighted with the results. In one week I felt better and in a few  
weeks was entirely cured. Have gained sixteen pounds in weight."

You can keep your system strong with Dr. Miller's Nerve. It assists in getting the energy; it strengthens the nerves and makes your system strong.

**SATISFIED WHERE HE WAS.**

Why Buyer's Dealer for Good Measure Suddenly Evaporated.

The following anecdote is told of a most careful and sedate druggist in Keene, N. H.—a gentleman of the old school, who for 50 years occupied the same corner, and who, in all his dealings medicinal, is a very scrupulous man.

Not long since a person of not particularly liberal practices, and withal a close man, came to the good samaritan with a recipe that he wished put up, and the man of drugs proceeded at once to attend to it.

While engaged in weighing out the compound, the customer, with a smile intended to be "childlike and bland," said to him:

"Now, Doc, be sure and give me good measure."

The druggist paused, holding the scales at rest while he looked over his spectacles at the man before him.

"Sir," he replied solemnly, "if I were to give you the merest grain more than this recipe calls for, you would be in hell in five minutes."

The buyer didn't persist.

**BOUND TO GO THROUGH GATE.**

Colored Man Had One Very Well Defined Idea in His Mind.

Some twenty-five years ago one of the village characters of Stockbridge, Mass., was an old darky named Horace Bird.

Coming home one evening, considerably fuddled, to his tumble-down "shack" which stood on the outskirts of the village, and was surrounded by a board fence, he found the latch of the gate broken, making it a matter of considerable difficulty to open the gate from the outside.

His wife, a buxom person upon whom he largely depended for support, related his subsequent proceedings to me when she brought our washing next day. Said she:

"Dat fool nigger he fumble de latch to' mo'n ten minutes. Den he heave a big sigh an' start a-climbin' de fence, an' I gits de rollin' pin handy. He gits ober de fence at las' and bang de gate wide open from de inside. Den wha's dat crazy nigger do but climb back ober de fence an' walk in troo de gate jes' like a major gin'ral."

**Civilization Doubted.**

A Rock Island engineer at Herington was talking about the duplicity of farmers who bring claims against railroad companies for the killing of blooded stock when, as a matter of fact, the animals were walking scarecrows. "About four years ago," said the engineer, "before the Rock Island bought the Choctaw, I was on an engine on the Choctaw Northern run above Geary. Gray daylight was just coming on, so as one could see pretty well ahead, and I noticed two horses on the track. They didn't appear to mind the whistle or the bell and I slowly drew up to them and stopped. The horses, two poor, old, worn-out plugs, were still standing across the road, and on climbing down off the engine to drive them away I found that the hoofs of their forefeet were spiked down to the planks at the road crossing the track. How's that for a civilized country?"—Kansas City Times.

**Source of Discontent.**

There is a law that runs through all things, which finds its cruellest form in money. The more a man has the less he thinks he has. All that God promises is all that we need, not all that we desire. Our desires are infinite—they are made for God, and what is great enough for Him is too great for anything less. We are always trying to make ourselves little enough for the world to fill us, and we cannot. This is the source of our divine discontent. We perish with hunger so long as we seek to fill ourselves with the husks the swine do eat. It is only in the Father's house that there is bread enough and to spare, and the heart will never be merry with the abiding merriment until we arise and go to the Father.—Mark Guy Pearse.

**Had No Bargains on Hand.**

Mr. Simons did not rise from his chair behind the air-tight stove in the sitting room when his wife hurried in and told him that Abel Sanders was in the kitchen and wanted to see him, says the Youth's Companion.

"What d'you let him in for?" he asked reproachfully.

"He wants to buy a horse, that's why," replied Mrs. Simons. "You'd have made a great to-do if I hadn't."

"No, I wouldn't," Mr. Simons said, as he reluctantly rose. "I know Sanders' size. I can't do business with him. He wants a cheap horse. And I ain't got anything I can sell for less than \$14."

**Merely an Outward Sign.**

Miss Fluff—The other day at the show I saw a woman carry a man around on her head.

Miss Vassar—That, my dear, was merely the physical expression in acrobatics of a common psychological experience of the sex.

Miss Fluff—Dear me! What do you mean?

Miss Vassar—That nine women out of every ten have a man on their minds.

**Quite Satisfactory.**

Old Gotrox—So you want to marry my daughter, eh?

Young Man—Yes, sir.

Old Gotrox—Well, I'm going to be candid with you. My daughter will not get a dollar of my money while I live.

Young Man—Oh, that's all right. I had a talk with your physician the other day and he told me you wouldn't live a year.

Talk about the rewards of the peace-maker! It doesn't always come in the form of a "Nobel Prize." Ask Henry Vander Ploeg if you think it does. He came near spending Sunday in the coop. While on his way home from business Saturday night, Henry attempted to stop an incipient street fight between some boys who had imbibed too freely. He had just succeeded in persuading them to go home in peace and was leading away one of the boys when Officer Leonard, all excitement, billy in hand and overcoat off, ran up, pushed into the crowd and grabbed hold of Van. With a jerk by the collar he dragged him out of the crowd, saying, "Get up out of here; what are you doing?" Once in the light, he saw whom he had a hold of. Henry went home instead of to the coop, but his friends are cracking many a joke at his expense.

County Clerk Fremont Brown's party, which was in the northern peninsula this fall, saw a number of moose tracks but were prevented from going after them by the game law regulations. They saw bear tracks also but could not catch sight of the animals. One man who lived in the camp near the Ottawa county party, ran into a big bear and when he had finished his experience, he had killed the big bear and a cub and captured two other cubs alive. He brought them into camp and before many days they were as tame as young kittens. When the hunter left the woods both animals came with him and he has them for family pets at his home in Grand Rapids.
