The Purse-Strings were wide open... when this great new car was planned.

Designing an automobile... too often a process of discarding desirable features because of their cost. But not so in the New All-American. The purse-strings were wide open when this great car was planned... An example. The New All-American bodies by Fisher including the Convertible Cabriolet and the Landaulet Sedan. More costly for Oakland to use on its cars? Certainly! But also more beautiful. More sturdy. More advanced in luxury and style... Another example. Oakland's internal-expanding four-wheel brakes. Cost more than ordinary brakes? To be sure! But also brake better. Require less attention. Guard against mud and water and ice. They're more positive in action. More silent. More satisfactory in every respect... No wonder it's creating such a furore... considering the unprecedented quality it provides. Considering that it's the creation of skilled engineers unhampered by the necessity of skimping... that it's a new and even finer All-American Six!

Prices \$1145 to \$1375, f. o. b. Pontiac, plus delivery charges. Lovejoy Hydraulic Shock Absorbers and spring covers included in list prices. Bumpers and rear fender guards extra. Check Oakland delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

COLLIE SHOWS UP AT MASTER'S NEW HOME 500 MILES AWAY

When the James Davis family moved from Huntley, Neb., to southeast Missouri, they took along a Collie dog—a family pet.

But the Collie seemed homesick in the new location and disappeared, presumably to return to Huntley. He never reached that place and nothing more was heard of him.

Then the family moved to Clay Center, 500 miles away, where the dog had never been. A few days ago Davis heard a familiar bark in the yard. He opened the door and there was the Collie, thin and worn, eagerly waiting a welcome.

'Catch Cold' Idea Is Upset By Medicine

FOUR SPECIFIC CAUSES ARE NOW ADVANCED

Colds are not caught from other persons, nor from chilly draughts or going out in the rain without rubbers.

Common colds are the result of fatigue, overeating, lack of exercise, not enough water and sluggish condition of the body, members of the American Management association, meeting at the Palmer House, Chicago, were told by Dr. V. S. Cheyney, medical director of Armour & Co.

"All these things," said Dr. Cheyney, "are disturbances which occur in the winter months. We eat more, exercise less, drink less water and become more fatigued because of these things during the colder weather. The shutting off of ultra violet rays from the sun is a contributory factor."

Dr. Cheyney discounts the common theory that colds are contagious.

"A teaspoonful of baking soda in a lemonade glass of warm water every two hours removes the acid condition brought on by the cold. No harm can come of taking too much," he said.

HOLLAND H. S. GIVES LETTERS AND TWO TROPHIES ARE ACCEPTED

A special assembly was held at the High school Thursday afternoon at 1:15 at which time the annual awards of letters were made to members of the first and second teams and the Huizenga award officially accepted by the school.

The awards were in charge of Principal J. J. Riemersma and the two coaches, Coach Milton Hinge of the first team gave "H" awards to the following members of the team:

Ed Bittner, John Donnelly, Gerald Bonnette, Louis Japinga, Gordon Korstian, Wilkes Leland, Wallace Masselink, James Nettinga, Carrol Norlin, Jim Tyse, Arnold Van Zanten, Jim Zwemer and Herman Damsen.

The following students were awarded the large "R": Cornelius Everhart, Leslie Hoffstein, Harold Seekamp, Elmore Van Lente, Theo. Van Zanten, Ray Zietlow, Joseph Nelis and Ed Planagan.

Coach Rex Chapman of the reserve squad presented the following students with an "R": Earnest Allen, Albert Baker, Peter Boter, Eugene Bauman, Robert Dorian, Charles Dykstra, Orrin Ensfield, John Good, Donald Judkins, Guy Kleis, Vernon Klomparens, Edgar Landwehr, Denton Norlin, Alfred Visscher, Frederick Norlin, Nicholas Voss and Herbert Marsjke.

In addition Principal Riemersma presented the George H. Huizenga silver trophy to the captain of the squad on behalf of the school and team. The trophy is the size of a regulation football and is of silver. Grand Haven had the trophy last year and Holland will have it in the trophy case this year.

Another trophy which the student body was glad to welcome was the football which was used in the Grand Haven-Holland game. The ball has been cleaned up and painted with the maroon and orange of Holland and the blue and gold colors of Grand Haven, together with the score, 25 to 0. It will also grace the trophy case in the assembly room as evidence of the time when Holland "licked the socks off of Grand Haven."

Grover C. Cook of Allegan, well-known in Holland and manager of the Cook Oil Co., has purchased the Globe Garage Co. building and announces he will conduct a modern service station. The building is the largest in the city devoted to such service.

How An Ottawa County Train Was Saved in '70

Grand Trunk Express Train Was Stopped in Nick of Time, Saving All of Passengers

Old residents near Spring Lake reading of airplanes crashing to earth and autos colliding or overturning in ditches, recall the days when train wrecks furnished the major thrills.

How the Grand Trunk Sunday express was saved from a wreck in the '70's is a memory with many of them. Lloyd's bayou near Spring Lake had been filled with slabs from Cutler & Savage's saw mills, plus several train loads of sand from Dewey hill, Grand Haven.

On a Sunday morning in the fall of '75 or '76, two of the section hands were walking up the tracks to a farm four miles east of this bayou, when they saw to their horror that one rail was below the level two feet, while the other had been elevated a corresponding height for a matter of 50 feet along the bayou. The filled-in earth had slid, causing the upheaval.

While one man dashed back to Grand Haven for the foreman and the rest of the men to come out and make repairs, the other ran up the tracks to flag the 9:15 express from Detroit which was just about due. He had only run two or three rods when the smoke of the train appeared. Waving and shouting, the young man stopped the train, just in time to avoid a bad wreck. Excited passengers ran out of the train, some crying, some praying and some trying to hug and kiss fellow passengers.

Someone started a collection, but before it got far, the hero of the day had disappeared.

RAISES QUAIL IN BACKYARD

George S. McCarthy, a sportsman of Newfield, N. J., demonstrated this year that quail can be raised at home and where the Bot White have become scarce.

The experiments were carried out at McCarthy's home, "Piney Hollow." He writes:

"I hatched out 12 quail August 2 and 15 August 20 of this year. I have only lost one by sickness and 12 are full grown. Have raised them in a coop 5-10 feet, which is moved every two days."

"Believes it practical for each gunner to raise quail in his back yard and restock any shot out section. By this time next year I will know positively just what can be done and will be ready to broadcast it to the gunners of America."

DISAPPEARING ROOF

The palatial club house, social mecca of the Florida West Coast is superbly equipped with locker rooms, lounges, dining room, etc. The roof over the dance floor rolls away at the touch of an electric button, leaving the dancers under the blue dome of tropic sky.

MISS VAUPELL OFFERED PART IN "BROADWAY" WITH WRIGHT PLAYERS

Miss Elaine Vaupell, daughter of Mr. and Mrs. H. E. Vaupell formerly of Holland and now of Allegan, has been offered a part with the Wright Players of Grand Rapids in their coming production, "Broadway."

Miss Vaupell is a member of Allegan Community Players and her work in their last play, "The Brat" was of such exceptional merit that she was recommended to the Wright Players by members of the Grand Rapids Civic Players who saw her in that performance. Miss Vaupell has studied at the University of Michigan and Northwestern city university.

Dr. C. J. Bowler, who was also a member of the Allegan Community players has been with the Wright Players for three years and is now with the company in Jackson. Miss Vaupell is the granddaughter of Ed. Vaupell of East 13th street, Holland.

The Christmas Spirit

DO YOUR CHRISTMAS SHOPPING EARLY AND IN YOUR OWN COMMUNITY

To enjoy Christmas is to do your shopping early, and at home.

The earlier we do Christmas shopping, the longer will the Christmas spirit be with us.

The beauty of Christmas lies in the preparation for it and the presentation of gifts. But you cannot do justice to the spirit of buying if you leave the purchase of gifts to the last minute.

The merchants of Holland will assist you in every way. They have "Lay-Away Plan" that is proving highly successful.

It is proving the ideal plan to do early Christmas Shopping. It requires very little financing and gives the buyer a choice selection not available when the rush is on a few days before Christmas. A small deposit will hold any gift in the stores. Make selections, pay a small amount down and the Holland merchants will be only too glad to hold the gift until you're ready to trim the Christmas tree.

Try the "Lay-Away Plan." It is very convenient for you. All Holland merchants will co-operate with you in every way. Christmas shopping is more reasonable shopping when done early. It is less tiresome. It is really a pleasure when stocks are complete and the clerks are not tired out. And by the way you can add these sales forces too by shopping early. It cannot help but decrease the rush in the final shopping days. AND BY ALL MEANS SHOP IN HOLLAND. Build your own city, not the community of SOMEONE ELSE.

CHRISTIAN HIGH GIVES OUT ITS BASKET BALL SCHEDULE

The schedule for Christian High school as announced by Prof. A. H. Muiskens, the coach, is given below. With an exception of an open date which may be filled in later the schedule is complete:

November 3, Opening game. First team meets alumni, here.

December 10, with Grand Haven High school, there.

December 14, with Saugatuck, there.

December 21, with Fennville High school, here.

December 26, Chicago Christian High school, here.

January 4, Fennville, there.

January 11, Grand Rapids Christian High school, there.

January 18, Saugatuck, here.

January 25, Muskegon Senior High school girls play Christian High girls at Holland, Christian High boys play Chicago Christian High at Chicago.

February 1, Zeeland High school, here.

February 8, open.

February 15, Zeeland, there.

February 22, Grand Rapids Christian High, here.

The preliminaries for the games will be either games between the second teams or girls games. The girls team has been undefeated for two years and is anxious to maintain that record. Two of the best forwards, however, have been lost through graduation. Coach Muiskens is trying to get two freshmen girls to take their place and expects to develop a strong team again this year.

The boys had a very successful season last year, losing but one game in the regular season. Holland Christian High won the cup in the district and placed in the semi-finals in Grand Rapids tournament in Grand Rapids.

The school has again been listed by the state department as a class "C" school and it is expected that the local team will again rank with the best in that rating.

The new motor bus authorized by the board of education has arrived and been put into service. It is now transporting the extra pupils of Longfellow school to Froebel and the crippled children of Washington school. Gerrit Schrottenboer, janitor of Washington school, is the driver. When the new rooms are finished at Longfellow school, the bus will be used exclusively for crippled children.

Mr. and Mrs. James W. Oakes and their daughter Miss Inez Oakes and Mr. and Mrs. H. Z. Nyland motored to Holland Thursday and were entertained at the home of Mr. and Mrs. John DeGlopper with a Thanksgiving dinner.

At the congregational meeting of the First Reformed church, Zeeland, it was decided to assume the support of Rev. W. H. Farrar, a missionary in India, and also to support a home missionary to be named later.

Four hundred and sixty thousand mail parcels went astray last year, two-thirds of them were due to incorrect addresses and one-third to improper wrapping and typing, according to Postmaster General New. Twice during the year the contents of unclaimed packages are auctioned off at the Washington dead letter office. An appeal has been made by the postmaster general for safe, early mailing of Christmas packages.

Election Just Over, Another Also in Sight

G. J. DIEKEMA'S TERM AS REPUBLICAN STATE CHAIRMAN EXPIRES IN APRIL

Cross, Miler, Oosterhouse Possible Candidates for Circuit Judgeship

The election of 1928 is over, but a little more than four months hence there will be another in Michigan, and an important one at that. The first Monday in April is the date. To be elected on that day will be these State officers: Two Justices for the Supreme Court for full terms of eight years to succeed Louis M. Fead and Walter H. North, elected in November to fill vacancies; two regents of the University of Michigan to succeed Victor M. Gore and Dr. Walter H. Sawyer; two members of the State Board of Agriculture to succeed Clark L. Brody and Herbert W. Gowdy; a superintendent of public instruction to succeed Webster H. Pearce; a member of the State Board of Education to succeed Allen M. Freeland; a State highway commissioner to succeed Frank F. Rogers, who, it is understood is serving his last term and will not be a candidate again. In addition all of the 63 Circuit Judges will have to run for re-election for six-year terms.

In Ottawa and Allegan counties it is understood that Oren S. Cross, of Allegan, present judge, Fred T. Miler of Holland, and Attorney Louis Oosterhouse of Grand Haven are candidates and it promises to result in a three-cornered battle.

All townships will elect supervisors, clerks, treasurers and other local officers. Many municipalities will elect city officers. The political parties next spring will elect new State Central Committees and select State chairmen for two-year terms.

The present chairman is G. J. Diekema of Holland, who has served in this capacity before. However, this year he has a victory to his credit that can hardly be excelled. Without doubt "Diek" can be chairman again if he wants to be, but it is still too early for an expression from him. Charles McBride, of this city, who has been on the State central committee for years must also be re-elected.

UNUSUAL ACCIDENT BETWEEN HOLLAND AND SAUGATUCK

Charles Redebaugh, George Kelly, Mrs. Grace Wilson and son Garth of Saugatuck started for Holland Tuesday. A short distance north of town a Packard came towards them going about 50 miles an hour and splashed ice and snow on their windshield, breaking it. The car tipped over on the pavement and landed on its top. The fenders on the right side of the car were crushed and both doors were broken.

Mr. Redebaugh's face was cut, George Kelly's ear was nearly severed and his shoulder bruised, Garth Wilson's hand was cut and Mrs. Wilson was bruised and shaken badly. The car slid about 25 feet after it turned and Kelly's arm was broken and his elbow bruised. The damage to the car amounted to \$200.

The driver of the other car did not stop to find out the damage he had done. Mr. Kelly went to a garage near and telephoned Saugatuck and the unknown driver was stopped there and authorities are giving the matter their attention.

Gov. Green Urges Buying of Seals

ASKS GENEROUS SUPPORT FOR WAR ON TUBERCULOSIS

A proclamation to the people of Michigan was issued by Governor Green yesterday:

"For many years it has been an annual custom of the Michigan Tuberculosis association to place on sale tuberculosis Christmas seals. Again this year the people of Michigan will be asked to buy these

seals. With the funds realized, the work of the association and its affiliated branches will be carried on.

"In view of the fact that there are thousands of cases of active tuberculosis in Michigan, and any amelioration of their affliction is in the common interests of humanity, I am sure there is continued deep sympathy with the work of the state tuberculosis association and the many sanatoriums throughout the state.

"To the end that this activity may be furthered to the greatest extent possible, I earnestly bespeak a generous public support for this Christmas seal sale."

Allegan Circuit court opened Monday with Judge Cross on the bench and it appears that Laketown township, otherwise a peaceful community will be much in the lime light, first because Geo. ZEELAND AND HUDSONVILLE PLAY MUCH FOOTBALL TOGETHER

Introducing the sport for the first time at Hudsonville, this fall, the high school football team there has just completed a highly successful season. Despite the fact that it was necessary to begin with no experienced men available, the eleven came through the season with four victories out of six games and a total of 67 points score to 25 by opponents.

The team was composed almost entirely of freshmen and sophomores, only four players being lost by graduation and prospects appear bright for a winning aggregation next season. Victories were marked up over Marne twice and Lee high and Zeeland Reserves once. The two latter teams broke even by winning their other game with Hudsonville.

The season's record:
Zeeland Reserves 6, Hudsonville 0.
Hudsonville 20, Marne 7.
Hudsonville 20, Marne 7.
Lee 6, Hudsonville 0.
Hudsonville 27, Marne 0.
Hudsonville 6, Lee 0.
Hudsonville 14, Zeeland Reserves 6.

NEW GAS TANK FOR HOLLAND COMPLETED

The new gas tank of the Holland Gas Company was completed yesterday and will be in active service within a month, according to Walter Groth, Holland manager of the company. The container has a capacity of about 500,000 cubic feet. Automatic pressure controllers also are included in the program for Holland. Mr. Groth has been bending all energies in giving Holland a real gas plant plus A-1 service and in this he is succeeding admirably. He has also become a permanent Holland citizen, having built a beautiful new home recently. He has taken a very active interest in all civic affairs aside from Holland Gas Co. interests. Mr. Groth also let it be known that in addition, the 1929 program calls for the installation of a 12 inch feeder line under 10th street from Lincoln to Van Raalte avenue. This is designed to relieve the conditions now prevailing in the west end of the city. Later it is planned to extend this line south to the streets in the twenties. Mr. Groth pointed out that the present difficulties are an inheritance from the previous plans which were only to take care of the city at the time the installations were made and did not adequately plan for the growth of the city.

North Holland school students of the primary and intermediate rooms who have perfect records for attendance during the first three months of school are Ethel Dams, Ann Bell Abels, Alma Kapenga, Thomas Kapenga, Charles Knooihuizen, Delbert Knooihuizen, Hermina Nienhuis.

Rev. A. Maatman gave the students of North Holland school an excellent Thanksgiving talk explaining the true meaning of Thanksgiving namely that feasting is not the only attribute that constitutes this great religious day.

CATCH SNOW OWL ON EIGHTH STREET

The latest addition to the biology department of the high school is a little Acadian or snow-white owl. It was found in front of the De Vries & Dornbos store on East Eighth street and donated to the department by Master Gerald Dornbos. The friendly little owl is of pretty reddish brown color, daintily streaked and spotted in white. It is much less fierce than the screech and various other owls.

Home Destroyed By Fire While Husband Away

MOTHER BUNDLES HER BABIES INTO BARN AND TRIES TO SAVE GOODS

It was rather a sad Thanksgiving day with the family of Tom Vanden Bosch, living on a farm north of Zeeland on the Borculo road. Mrs. Tom Vanden Bosch with her two little children were about to partake of their noon-day meal, in the absence of her husband, when they were suddenly routed from their home by a fire that started in the attic over the kitchen.

The home where the Vanden Boschs lived is known as the old Schout homestead, located one mile north of Zeeland, about half way between the Borculo and Fairview roads. The house was an old landmark of this community, the Schouts having lived there for many years.

Just as Mrs. Vanden Bosch sat down at the table she heard a crackling noise and looking up she noticed smoke coming through the crevices. She quickly wrapped up her infant child and one two years older which she carried to the barn, a little distance away, for safety. The roof was then all ablaze but she set about to rescue all she could, and only gave it up when it became too hot to approach the building. She had no telephone or any other means of calling for help, but soon neighbors saw the flames and rushed to her assistance. Very little could be done, however, because the flames had quite a start and the old building was soon a mass of flames.

The fire was seen from Zeeland by several persons but the fire department did not go out as there was nothing to be done at that time to prevent the destruction of the dwelling since no water was available.

After the fire had burned out, the neighbors helped Mrs. Vanden Bosch pack up what belongings she had been able to save, and she and her two little ones were taken to the home of her parents, Mr. and Mrs. Essenburg, in Borculo.

The origin of the fire is not known, but it is probable that either a spark from the chimney set the old shingles afire or that the chimney was defective.

DIVORCED COUPLE ARE MARRIED THANKSGIVING

Thanksgiving saw an unusual ceremony in Grand Haven when a divorced couple were remarried. The ceremony took place at the home of Mrs. Emily Sparks. Elder C. E. Groshaus, Church of God evangelist, who has been conducting cottage prayer meetings there for several weeks, again joined her and George A. Sparks in marriage. Among the 35 attending the evening meeting and ceremony were the six Sparks children. Luncheon was served after the service. Expires Dec. 15.

Stuck, 1893; John Unger, 1904; and Frank La Due, 1897. Mr. LaDue joined the department some years earlier but moved to Texas for a time. Upon returning to Allegan he again joined the department. The retiring members were given certificates of honorable discharge on account of the age limit. Mayor Joseph F. Mosier, City Clerk Harold Bostwick and the aldermen were guests.

Two "Stick-Ups" Reported in One Week

BANDIT HOLDS UP DRIVER AT
HOLLAND, GETS NO
CASH

"Give me your pocketbook and be quick about it," was the command given Jacob De Weerd, employee of the VerHage Milling Co. at Zeeland, Wednesday night by a bandit who jumped on the running board of his machine near the intersection of Columbia ave. and Fifteenth street, Holland.

That the bandit meant what he said was shown when he pulled a blackjack from his pocket and shoved it toward DeWeerd's face, bruising the skin.

"I haven't any pocketbook," replied DeWeerd nervously, and when he made no attempt to produce one the bandit leaped from the machine and fled.

DeWeerd notified Chief Van Ry and officers O'Connor and Van Hoff were detailed on the case, but thus far no trace of the bandit has been found.

DeWeerd described his assailant as a man about 6 feet tall, clothed in a gray suit and wearing a slouch hat. He was unmasked. Police believe that it is local talent staging both the Nykamp "graveyard" robbery and the DeWeerd hold-up. The robber seemed to be very familiar with conditions in Holland and Zeeland and knew that the truck driver from Zeeland often carried money of the firm on his person.

JEAN GROS' FRENCH MARIONETTES HERE TUES.

E. P. Stephan had charge of the Exchange Club program last Wednesday when R. B. Patterson of Detroit, assistant freight and traffic manager of the Pere Marquette Railroad was the speaker. William J. Olive, president, introduced Mr. Patterson. In his talk he said the Holland station was the best on the line and is a credit to both the city and the railroad company. He recalled that the P. M. was first built into Holland about 1870. He told of the improvement made in recent years also. The purpose of his talk was to receive the interest of the business men and thereby receive their co-operation. The Holland High School brass sextet also rendered several selections.

Israel Alcott, 74, of this city dropped dead in his home, 228 River avenue upon returning from a trip to the business section of the town Saturday. A MONEY-MAKING POULTRY HOUSE FOR 100 HENS

A comfortable hen is the only kind of a hen that is profitable, says the Blue Valley Creamery Institute. With high prices for eggs in view, one cannot afford not to keep the hen comfortable this winter by overlooking a few repairs and alterations around the hen house which need not be costly. One of the first things to consider in providing ideal living conditions in the hen house in winter is the matter of overcrowding. This is a common mistake. From three to four square feet of floor space for every bird is recommended. Plenty of fresh air is also an important requirement for making hens comfortable. A poorly ventilated house is foul, close and unhealthy. Good ventilation is needed to remove excessive moisture which the hens might exhale, as well as gases and odors. To provide proper ventilation, many successful poultrymen find that the poultry house should be made tight on three sides with a part of the front, preferably on the south side, open to admit fresh air. It is especially important to make the walls absolutely tight so that there will be no drafts in the house. A hen roosting in the house near a crack in the wall will quickly develop roup. Sunlight is also needed for making the hens most comfortable. Not only is sunlight the best disinfectant for killing disease germs, but it helps to keep the house dry and to keep the hens feeling well. Plenty of window space is therefore required. A good rule to go by in estimating the amount of window space is needed is one square foot of glass for every twelve square feet of floor space.

The accompanying design for a poultry house for 100 hens was originated by the poultry department, Cornell University. This view is complete, except that the front has been removed to show the interior of the house. It is 20 feet long, 20 feet deep, 4 feet 6 inches high in the rear and 8 feet 6 inches high at the front. Two small windows are placed at the rear under the dropping board. This view shows the details of the interior arrangements and proper locations of the broody coop, roosts, lights, feed storage, nests, dry mash feeders and pails for skimmilk. It will be noticed that all the equipment is off the floor so that no floor space is wasted. Practically all the equipment can be made at home. The Institute recommends this very useful poultry house, and this design is also offered as containing suggestions to be used in alternating or re-arranging old poultry houses.

FORMER HOLLAND GIRL WEDS CALIFORNIA MAN

Miss Ruth M. Verwey, formerly of Holland, was wed to Russell Spencer of Pasadena, California. The marriage took place at the home of Mr. and Mrs. H. F. McAvoy of Grand Rapids, Rev. Johnson officiating. Mrs. Spencer is a niece of the McAvoy's. She is the daughter of Mr. and Mrs. Simon Verwey of Birmingham, Mich., who were at Grand Rapids to attend the wedding. Mr. Verwey was a former Holland mail carrier and the only son of the late Isaac Verwey, editor of De Grondwet. Mr. and Mrs. Verwey incidentally motored to Holland to visit old friends.

The Spencers will live in Detroit where Mr. Spencer holds a responsible position in an architect's office.

FOUNDATION FUND FOR HIGH SCHOOL STADIUM BEGUN

Trying to replenish the treasury of the Student Council, who have sponsored the awarding of service pins to honor seniors, and hoping to donate something toward the fund for the stadium, the council plays were given successfully. The two one-act plays, "Well, I Declare," and "A Mother's Influence" made a delightful two-hour program, with the high school orchestra under the leadership of Mr. Eugene F. Heeter giving fine numbers as a prelude, intermission and postlude. The plays were coached by Miss Parkyn and Mr. Holkeboer, with Helen Johnson as chairman of the council committee. Large audiences greeted the cast each night, the first hour classes having sold tickets in competition with each other.

Dr. Seba Nettinga of Holland preached at the morning and afternoon services at the First Reformed church at Zeeland Sunday. Rev. Harry Hager of Hope College was in charge of the evening service in this church.

Hope College News

SOCIETIES ADMIT NEW GIRLS

The incessant tension which has been over the Hope girls ever since school started this fall, reached its culmination Saturday morning when new girls were admitted into the various societies. Excitement ran high everywhere. Groups of excited girls could be seen scurrying through the dorms soon after breakfast, embracing and welcoming their new members. After all the new girls had been assembled they were taken to breakfast at various places in town.

The Sibyllines, whose new members are, Loretta Schuiling, Dorothy Larson, Nella Derks, Naomi Van Loo, Velda Blair, Hope Van Landegend, Mary Harper, Genevieve Meima, and Daisy Zandstra, held their breakfast in the Dutch Grill in the Tavern.

Delphines breakfasted at the Green Mill with their new members who are Gertrude and Margaret Rudd, Winifred Hager, Ernestine Klereker, Eleanor Weststrate and Ruth Geerlings.

The Dorians who will have on their roll as new members, Edith Cunnagin, Vergie Brewer, Marian De Kleine, Myo Tase, Mary Kosen-garten, Janet Nienhuis, Lillian Sabo, Esther Ten Brink and Evelyn Hinkamp, were hostesses to their new members in the Bay Tria Grill at the Tavern.

IN CLEAN HARD-FOUGHT GAME GENERAL MOTORS TECH FALLS

In the hardest fought, and cleanest game of the season the Hope team emerged victorious over the football squad of the General Motors Technical School at Flint, by a score of 12-7. In the last game of the season the best playing of the year was evidenced; being even better than the remarkable performance shown at Albion last week. The game was remarkable for the clean playing on both sides, and the "Technicians" are to be commended on the fine spirit and true sportsmanship that was shown. The game was straight, clean football throughout. Hope's tackling was particularly effective, the opponents having to substitute five men for those injured in the scrimmage. Penalties were few.

Michigan State College has in its gymnasium a trophy case in which there is a ball for every game that the college won. Each ball is decorated in the colors of the defeated school and has the score on it. A very good idea, to say the least. Percy knows that Hope hates to borrow ideas, but nevertheless, a trophy case would look fine in our gym.

DIRECTORS DECIDE ON SPRING FESTIVAL

At a meeting recently held at Lansing, Michigan, which all the directors of College Glee Clubs attended, it was decided that there would be no state Glee Club contest this year, but it would be replaced by a recital in the form of a Spring Festival. There was much debating and arguing, but the other directors came to the conclusion that Hope always "copped" all the honors anyway so there would be no sense in having a contest, but that a recital which would be criticized by a single competent critic would be a more advantageous and sensible way out of the difficulty.

Although this is an admission of the superiority of Hope in this field, nevertheless it also takes away all possible chance of Hope gaining any of her usual glory through her Glee Clubs, both of which are coming along exceptionally well this year, according to Mrs. Fenton. The Club members, especially the men, are bitterly disappointed in the change, but as it has been acted and passed on, nothing more can be done this year.

The Spring Festival as it is called, is to be on the order of a recital with no given numbers. Each Club can select its own numbers and is restricted only by a time limit. After the singing by the individual clubs, there will be one selection sung by all the clubs in unison. The separate Glee Clubs will be given a written criticism prepared by a single critic and which will not designate any superiority or inferiority because according to the other directors, Hope will win.

We do not say that, if there were a contest, we would win, but we do know that we possess one of the most capable directors in the state together with some promising material and that should bring us at least a coveted place in a contest.

A Spring Festival has its advantages, but they are not all uniformly distributed; that is, they are all in favor of the other colleges, while Hope has nothing to gain by such a change.

WHAT TO DO WITH 1928'S CORN SURPLUS

Converted into Butterfat, Pork and Beef, it Should Return Good Profits Above Feed Costs

22,000,000 DAIRY COWS

Feed 1 extra of Corn and 1 extra of Corn, at each milking to the 45 out of every 100 Dairy Cows that need it.

BECAUSE:

With butterfat around 45% a lb. many dairy cows can profitably use 70-80 million more bushels of Corn.

45,000,000 HOGS

Put 5 lbs. more weight on the average hog - that's enough, more weight would affect quality, perhaps depress prices and be otherwise inadvisable.

BECAUSE:

Hogs normally consume 40% of the total corn crop. Five pounds more weight means only about 22 additional pork production and will use up about 20 million more bu. of corn.

2,225,000 BEEF STEERS

Feed 800 lbs. more shelled Corn per steer - especially lighter-weight cattle.

BECAUSE:

The extra beef made will add only 1 lb. more per capita and will use up about 32 million more bu. of corn.

MACATAWA PARK

One of the biggest storms of several years lashed Lake Michigan Sunday night and Monday morning with the result that a loss of thousands of dollars has been sustained at Macatawa by cottage owners. All along the lake front at Macatawa the cottage owners sustained losses. The lake lashed far up on the shore destroying walks and trees and in some instances threatening cottages.

Chester E. Schilleman, student at the General Motors Institute of Technology at Flint spent his Thanksgiving vacation with his parents, Mr. and Mrs. Paul Schilleman. He is president of the Senior Class, vice president of the student branch of the society of automotive engineers, business manager of the student publication and an officer of the Alpha Delta fraternity. He will graduate next spring, when he expects to receive his degree in engineering management. He already has a tentative position with the Buick Motor Co.

BOY SCOUTS OF AMERICA

Ottawa-Allegan Council

The financial budget for 1929 and the contributing quotas of the several communities of the Ottawa-Allegan Boy Scout Council were fixed at a meeting of the budget and quota committee at Zeeland last Monday evening. Council President C. L. Beach presided.

A budget of \$6625.00 for operating expenses and \$625.00 for capital expenses was approved and will be recommended to the council.

Quotas for the several communities now having active scout organizations were approved as follows: Holland, \$4127.71; Troop 2 Area, Port Sheldon and Olive Townships, \$25.00; Grand Haven, \$2377.65; Spring Lake, \$215.16; Coopersville, \$201.50; Jenison, \$47.65. These figures include a ten percent increase to this year to defray a small deficit which has existed since the organization of the council.

A general drive will be held simultaneously in all communities beginning Monday, February 18th and closing Thursday, the 21st.

A large part of the quotas of Grand Haven and Holland are already pledged. These pledges are now being collected in Holland. A letter recently sent has brought forth a very heartening response. Collections in Grand Haven started the latter part of last week, and in other communities very soon.

The residents of this area have always been generous to the scout movement, and local leaders expect that the annual quota will be raised with comparatively little effort.
