## Merchants Want "Fly-By-Night" Store Ordinance

LOCAL MERCHANTS WILL RE-  
MAIN OPEN FOUR DAYS  
BEFORE CHRISTMAS

Holland Streets Decorated With  
Evergreens and Festooned  
With Lights

The Holland Merchants' Association's monthly meeting was held a week earlier than usual in order that proper preparations could be made by committee to take care of our agricultural friends from the entire country side who will be guests of Holland at the Armory next week Wednesday. Many pledges were made for prizes and practically all have promised to gather on that day and don cap and apron and will help serve and entertain.

On a motion of Fred Beeuwkes it was decided to keep stores open nights during Christmas week from Monday to and including Thursday night, Christmas eve; in other words, four nights.

Committee on decorations reported that John Van der Ploeg of Shady Lawn, florist, would see that River Avenue and Eighth street were decorated with uniform trees. The Board of Public Works will again string the electric light festooning from the boulevard light standards, making Holland's main thoroughfares beautiful to look at during the Yuletide season.

Cornelius Dornbos president of the Association, gave a kindly comment and praise to the business men for closing promptly at noon on Armistice Day. He said that never in Holland was there such a uniform closing which was followed by the Chain store as well as the independent merchant. He said that in a survey the only stores he found open were a few drug and fruit stores, and he said this cooperation was very gratifying.

Former Chief of Police Van der Schel was present in person to explain the reasons why the Board of Police and Fire Commissioners had not complied to put night men on to go through the alleys during the night. He stated that for economy's sake all unnecessary expenses had been left out of the budget last spring and that there was not money provided or on hand for this extra work.

Others suggested that the Welfare Board could put on two extra men, one every other night, instead of doing other odd duties. This, it is believed, will be given consideration if the Welfare Board is willing to cooperate.

Mr. Van der Schel also pointed out that the merchants ought to see to it that the alleys are clean and without obstacles and boxes in the way. He stated that a night last week he went through the north eighth street alley and found chicken crates, barrels, boxes and boards scattered all over everywhere and in some places puddles of water a quarter of a foot deep. A man cannot be expected to go through a poorly lighted alley found in that condition.

John Van Tatenhove, who with Jacob Lokker at a previous meeting were instructed to look into the drafting of a law curbing the itinerant merchants, in other words "fly-by-nights," gave a partial report at Monday's meeting as to what had been done. It so happened that Grand Haven has fully printed in the Grand Haven Tribune, Mr. Mulder of the Holland City News reprinted several copies of the ordinance so that the merchants could all receive a copy, go over it carefully and suggest changes if necessary.

Mr. Mulder suggested that the Merchants Association should not be in a great hurry about drafting the ordinance but should offer their help to the ordinance committee of the Common Council in whose hands the drafting of such an ordinance would have to be placed. It was suggested that the name of Jerry Laepke, former alderman, be added to the committee. Mr. Laepke has had considerable experience in the drafting of ordinances and no doubt his suggestions will be of value in this case.

It was felt by the members of the Merchants Association present that a safe and sane ordinance, one that could stand the tests of the court, should be drafted and that should not be done quickly even if it covered a period of months.

The regular merchants who have carried the civic load all these years, have given to everything in the way of welfare and other urgent causes, have paid heavy taxes, and have been the ones to whom certain merchants should come into the city for a few months only, generally during tax periods.

Anyway, this has been a bone of contention in nearly every city for many years and Grand Haven believes it has an ordinance that will put a stop to the "fly-by-night" merchants so-called, and Holland merchants are using that ordinance at least as a basis to start on. It is said that the Holland merchants are not protected at the present time against the transient merchant.

Another matter that came up was the annual banquet. There was some talk of fore-going the banquet this year but Mr. Beeuwkes and others stated that nothing celebrated the merchants closer together than this annual get-together banquet. It was then unanimously passed that the banquet be held in February as usual.

Preparations were made for the next session, January 4, 1932, which will be the annual meeting and will include election of officers. President, Mr. Dornbos, president; Charles VanZylen, secretary; and Kenneth DePree, treasurer, were named as the nominating committee to select their successors.

Carl Shaw, credit bureau manager, in a report outlined plans for 1932 and disclosed that the bureau is making continued improvement. With from 100 to 125 active mem-

## Miss Veenstra Speaks To 1,000 At Zeeland

WILL SAIL FOR AFRICA NEXT  
APRIL. LECTURE BRINGS  
\$108.25.

Miss Johanna Veenstra, so well known in Holland, lectured to an audience of more than 1000 at Zeeland, taking the capacity of the 3rd Christian Reformed Church of that city.

Miss Veenstra draws large lectures on Dark Continent Africa are not only thrilling, but very inspiring from a religious standpoint. After she has discharged the lecturing obligations awaiting her in the eastern cities she is expected to return to Michigan for a few weeks till she leaves once more for Africa in April of 1932. She also expects to visit her mother for a month at her home in New Jersey.

In speaking of her work in Africa Miss Veenstra told in a graphic manner the contrast between the Africa she first set foot on twelve years ago and the Africa she left a few months ago. Upon her first appearance none of the natives welcomed her; she was an unfriendly visitor to them, as they thought. Now the little congregation she serves has three ordained native elders who carry the Gospel to villages miles away from her compound and the negroes of remote villages come to ask her for the message.

She also told several incidents relating to the dangers constantly menacing her in the tropical jungle, and not all of the dangers were from wild beasts. These word-pictures of the Dark Continent, told with such understanding make her lectures especially interesting and popular wherever she speaks.

Since taking up the work in Africa, Miss Veenstra has been supported nominally by the United Board of Missions, but the actual contribution to her work has come largely from various organizations within the Christian Reformed Churches. In her address she also made an appeal for the acceptance by the next Synod of that Church, asking that the Church body as a whole carry the burden of her support in the work she is fostering in Africa.

Miss Veenstra was engaged for the Zeeland lecture by the King's Daughters of the Third Christian Reformed Church and the entire contribution is to be given to her support. The collection received Wednesday evening totalled \$108.25 but the organization wishes to announce that any further contributions will be gratefully received and added to the total.

## HUNTER CATCHES BIRD BY RIGHT WING AS IT FLUSHES

H. B. Crane, of Kalamazoo, was hunting grouse in Wisconsin with a companion. They approached a creek flanked with alder thickets. They were separated some 40 or 50 yards, and as Crane saw his partner enter the thicket he stopped in open timber with the thought that his companion would be certain to flush the grouse. Just then he heard the thunderous rise of the bird and caught sight of it making a bee line for him, flying low. He instantly decided to stand absolutely quiet to see how close it would come to him. It came on like a bullet, and was missing his leg by inches as he made a lightning grab, actually catching it by the right wing. He was as much surprised as the bird.

## ZEELAND MACHINERY GOES VERY CHEAP

At a public auction the equipment of the Bettie Furniture Shop Inc., was sold to the Tittle concern of Grand Rapids for a value of \$850. The factory has been in operation only a short time since the fire. Loeb manufactured novelty furniture.

## PETER NORG URGES SCOUTS TO HELP THE NEEDY

Peter H. Norg, Scout Executive, has urged the Boy Scouts in Ottawa and Allegan counties to increase their activities in rendering aid to the needy this winter.

A troop is not judged by the number of badges it gets, the hikes it takes or the football games it sees, but by the number of good turns and the community welfare service rendered," Mr. Norg said.

"In Holland several troops mobilized to assist the Legion with the annual old clothes drive. Many needy persons will be kept warm this winter as a result of the canvass."

Collection of old clothing, salvaging of food, carrying out of community surveys designated to collect data for relief organizations and participation in miscellaneous forms of mobilized service were suggested as projects for the scouts.

Gus Zarves, age 35, formerly of Milwaukee, was arrested Saturday afternoon near Pottawatomie Bayou, 4 miles east of Grand Haven, by state police less than two hours after he had shot and wounded seriously James Michael, 38 years old, of Grand Haven. Zarves confessed and said that the battle which was staged in the street near the plant of the Challenge Refrigerator company was a result of an argument over alleged attentions paid to Mrs. Michael by Zarves.

Zarves fled down the railroad tracks and was captured four miles from Grand Haven.

Michael, when taken to Hatton hospital, said he was shot by Gus Zarves of Milwaukee, who was known to have been in Grand Haven and whom both Mr. and Mrs. Michael declared has been trying to "get rid" of Michael for some time, as he tried on several occasions to win the affections of Michael's wife. Michael is wounded in the neck but it is believed he will live.

## Gets Damages In Park Township Auto Accident

WITTEVEEN-DE WEERD CASE  
TAKES UP THREE DAYS  
IN COURT

Was the car driven by R. De Weerd of Park township crowded off the road by a car driven by Albert Broer of Park township or did it go into the ditch and strike a tree, causing the death of Miss Jennie Witteveen of Park township? This was the question that was involved in the \$25,000.00 damage suit brought by Arthur Witteveen of Park township against Albert Broer and others, as administrator for the estate of his daughter, Jennie Witteveen, who was killed on Lakewood Boulevard on April 12, 1931.

The story, according to the witnesses, shows that a group of cars left Harderwijk church at about 9 p. m. following an evening service, including cars driven by R. De Weerd, the death car; J. Lanning, A. Broer and J. Dykman. De Weerd left the church last and passed the cars driven by Lanning and Dykman. The plaintiff's claim is that the Broer car had been zig-zagging over the pavement and swerved in front of the DeWeerd car, knocking it into the ditch and causing the death of Miss Witteveen. The defense claims DeWeerd left the road and struck a tree. All the cars were filled with young people and many witnesses have been called.

The defense rested Monday at 4:10 p. m. after Attorney Hoffman had called upon the following witnesses: Gertrude Dykman, Ella Topp, Marguerite Topp, Helen Dykman, Margaret De Weerd, Sena Veltman, Martin Van Klink, Arthur Witteveen and Lehman Smith.

The opening statement for the defense was made by Elbert Parsons, Reuben De Weerd, Burk De Weerd, Albert Overbeek and Albert DeWeerd were called as defense witnesses. Clarence Lokker made the opening statement in defense of Broer and called the following witnesses: Junior Lanning, Albert Broer, Elizabeth Johnson, John Johnson, Bernard Mast, Margaret Knoll and Jessie Knoll.

After three days of trial Judge Miles charged the jury and after being out for two hours brought in a verdict of damages amounting to \$2,050 against Broer and De Weerd, to be paid to Arthur Witteveen administrator of his daughter's estate.

Attorney Elbert Parsons represented DeWeerd, Attorney Lokker and Den Herder appeared for Broer and Attorney Hoffman and Hoffman represented the Witteveen estate.

### Right You Are, Chief

Holland's chief of police Pieter Lieveens wants to knock out the "one-eyed" automobile and in a statement he says:

"There seems to be but one way to eliminate motorists who drive cars on which only one headlight is operating, and that is by arrests.

"Warnings in the past have helped but little, and therefore those who are found driving 'one-eyed' cars on the streets of Holland in the future will be subject to arrest and fines. One or two of the half-illuminated vehicles are not so bad, but when 20 or 30 can be spotted in a week it is time for action."

Chief Lieveens is right and is following the proper course.

Driving with but one light is a dangerous practice because it is impossible for a driver meeting a "one-eyed" car to decide which of its lights is working and which is dark. If he guesses wrong, the results are deplorable.

The state automobile laws insist that there must be two lights on the front of every automobile. Every car starts out with two, but sometimes one fails. When that happens, get the lamp repaired immediately. Don't make other drivers bet their lives on whether your right or left lamp is the one they see. If you do not heed this warning, blame only yourself if an officer takes you into justice court.

### Society Notes

An inter-sung meeting of the Christian Endeavor Society of the Fourth Reformed Church was held Sunday evening. Howard Scholten, student at the Western Theological Seminary, was in charge of the meeting and had as his topic "Kentucky Mountain People." He told of his experiences there last summer. ### A Good Provider!

Someone asked Malinda if her husband was a good provider. She replied: "He ain't nothin' else. Mum; he's goin' to buy some new furniture providin' he gets the money; he's goin' to get the money providin' he goes to work, and he's goin' to work providin' the job suits him; I never saw such a providin' man in all my days."

We've been "providin'" several of our customers with storm sheds and doors this fall, but still there are many of our good friends who need them to keep Jack Frost out. Order them now, and you will save 20 percent of your cost.

### SEED TREATMENT AT FOREST GROVE, MICH.

The barley fertilization and seed treatment demonstration at the Peter Smallegang farm at Forest Grove resulted in a marked return both from the use of fertilizer and ceresan smut seed treatment. Untreated and unfertilized plot yielded 14.13 bu. per acre; Treated and unfertilized plot yielded 19.43 bu. per acre; Untreated and fertilized plot yielded 24.15 bu. per acre; Treated and fertilized plot yielded 26.75 bu. per acre. This proved according to Agricultural Agent Milham that both dust treatment of seed for smut and stripe diseases and fertilizer paid. Mercury dust treatment of wheat and barley is a simple, safe and inexpensive treatment, does not injure germination and gives both an increased yield and better quality grain.

#### ZEELAND

Saturday after collectors for the legion auxiliary went about town for unused supplies to aid the needy of Zeeland, they returned to the base depot with comparatively small amounts of relief supplies. The director of the campaign, mystified, made inquiry and found that several mission stations and welfare societies of other cities had called upon the Zeeland citizenry and had obtained a great many articles, especially children's toys and clothing. In order that all may aid in this work, another drive for articles is to be staged by the auxiliary in the near future. Girl Scouts and Girl Reserves aided in the collection. The girls' organizations are going to dress the dolls while the legionnaires are turning their meeting rooms into a workshop to repair toys.

All Zeeland ex-service men who have not had their discharge papers recorded can do so by bringing your discharge papers to George Meengs or to a Legion meeting. In case you should mislay or lose your discharge papers you could always get a copy from the county clerk at Grand Haven, if, of course, they are recorded there.

The American Legion of Zeeland is making a plea for toys. Anyone who has old toys, no matter in what shape they are, will please bring them to the city hall or Legion rooms. If you want members to call for them, call Sam Baar. The Legion will repair these toys and see that they make some little boy or girl in our town happy during the Christmas season. Now remember this is a very worthy cause, and please bring them as soon as possible so we can repair them in time. Now if you have no old toys you probably would like to buy a few little new toys to gladden the hearts of those little folks less fortunate.

At the Bible Witness Hall next Sunday the Lord's Supper will be observed in the morning. The evening theme will be "Seven Scriptural 'Untils' of Earth's Ultimate Prosperity."

Mr. and Mrs. C. C. Coburn of Detroit, Mrs. P. Coburn, Miss Nettie Coburn and friend of this city were entertained in Holland last Thanksgiving Day by Mr. and Mrs. H. Kleis.

Garrett F. Huizenga and Mr. Cornelius Grant were very successful in being the first of the Zeeland deer hunters to come back each having a deer.

On Thursday, Mr. and Mrs. Herbert Van Eenennaam were the guests of their children, Senator and Mrs. Gordon F. Van Eenennaam at their home in Muskegon.

Rev. R. J. Vanden Berg will fill a classical appointment at North Blendon, Sunday, December 6, and Rev. John Ossewaarde of this city will supply the pulpit in the Second Reformed Church of Zeeland in his stead.

M. B. Rogers, superintendent of schools of Zeeland was elected as chairman of the east central district of the Ottawa-Allegan council. Boy Scouts, at the annual meeting of the district at Hudsonville, Tuesday. Other officers elected were: Vice chairmen, Henry Stegeman, Hudsonville, and Rev. John Wolterdink, Forrest Grove; field commissioner, William H. Vande Water, Zeeland; assistant field commissioner, Eugene Hubbard, Hudsonville. Reports show the local district has doubled its quota in the past year.

John Rozema, 79, Zeeland, who died Sunday was buried at Zeeland, after the funeral services Wednesday. Surviving are three sons and two daughters, John, Gerrit and Albert Rozema of Grand Rapids and Mrs. Marinus Wabeke and Mrs. Frank Reybaryk of Zeeland. One brother and sister and ten grandchildren also survive. Funeral will be held at First Christian Reformed church of Zeeland.

The Womens Auxiliary of the American Legion at Zeeland will meet in regular session at Legion rooms on next Monday evening, when final arrangements will be made for the welfare work that is to be carried on during the coming winter months, and all members are asked to be out and prepared to handle the needle for a spell in preparing clothing to relieve distress during the approaching cold weather.

Next Sunday morning, Rev. John VanPeursem will consider the theme "Berean Nobility." The subject for the evening sermon is "In the Covenant." Special instrumental music will be rendered at the evening service.

H. J. Meter has just received word from the Chevrolet Motor Co. that the new 1932 model will be here Saturday. The date has been advanced by the factory and that enables several thousand men to obtain a few additional weeks of employment before Christmas, avoiding the specter of a penniless holiday.

Next Sunday morning, Rev. J. Ossewaarde will preach at the 2nd Reformed Church on the topic, "Perfect as Your Heavenly Father," and he will talk to the children on "I Can Grow." In the evening Rev. J. Ossewaarde will preach on "A Christian—nominal or real?"

G. vanPeursem of Arabia, where he is serving as a missionary, and a sister, Mrs. J. DeJonge, who resides in Ohio. This is the first reunion held by the family in Michigan.

Rev. Gerrit D. VanPeursem, returned missionary from Muscat, Arabia, will present an illustrated lecture in First Reformed church on Dec. 9.

The home of Mrs. Fred Klumper was the scene of a social gathering last Monday evening, honoring Mrs. T. Schuitens and Mrs. Jacob Lamer, who are recent brides and Jean De Vries, who is leaving for Florida. The evening was spent in playing various games. After a luncheon had been served, each of the guests of honor was presented with a gift before returning home.

As a Thanksgiving treat, the Holland Girl Reserves invited the local Girl Reserves to have Thanksgiving at Grampa's Farm. The program was given in the Holland High assembly. A Thanksgiving poem was read and Miss Steetie led in singing some of the Girl Reserve songs. "The Three Old Maids from Lee" was very comic. Three girls sang the song and after the last verse they turned their backs to the audience to show them the old maids. A sketch, "Thanksgiving at Grampa's" was quite amusing. All trooped down to the gym after the program and played various games. After the refreshments the Zeeland Girl Reserves bid their new acquaintances good-bye, declaring that the party was a very enjoyable affair.

—Zeeland Record.  
Work was to be started Monday on moving the grandstand from the Holland fair grounds to Riverview athletic park. The big structure will be moved in seven sections. Rev. Paul E. Hinkamp of Holland, professor of Bible and Biblical literature of Hope College, gave an interesting discourse at the Parents Teachers meeting at Harrington School at Virginia Park on the most criticized portions of the Bible, so interspersed with humorous allusions that the attention of the small children was keen. Perhaps no number of the program was more enjoyed than the two musical numbers given by the "Kindergarten Band." The band is made up of 20 children, and is conducted by eight-year-old Donna Tyink, who fills the office creditably as a much older child might. Geraldine Teusink proved herself an accomplished elocutionist in the reading "Poor Little Lamb."

The vocal solo by Mrs. Roy Hill, reading by Mrs. Theo. Knoll and vocal duet by Misses Evelyn and Marion Working, accompanied by mandolin and violin played by Mr. Working and son, all were numbers which elicited encores.

**MANAGER RIPLEY OF THE HOLLAND BELL TELEPHONE TELLS OF TYPEWRITTEN MESSAGES BY PHONE**

Installation of apparatus by means of which persons and firms having the equipment will be enabled to transmit typewritten communications over telephone wires to others similarly equipped, will begin at Michigan points this week, according to Mr. C. E. Ripley, manager here for the Michigan Bell Telephone Company. Many inquiries concerning the service have been received.

Mr. Ripley also announces that the compilation of a universal directory of users of the service will begin at once. The Bell teleprinter directory will contain the names of all subscribers to the service, arranged alphabetically under the cities in which they are located. The directory will be kept up to date, and during the first few months of operation at least one new edition will be published each month.

The newly developed service, which enables a subscriber to type-write by wire, gives the user the same flexibility of service that is afforded by the telephone, in that his line can be connected through a central office with the line of any other user, as in the case of making a telephone call. The message will be received instantly as typed, no matter what the distance, and communication will be possible in both directions.

Bel teleprinter service will be nationwide in scope, affording long distance as well as local communications. The cost will be based upon the time consumed and the airline distance. For local communications, the rate will be 20 cents for each five-minute period or fraction thereof. For long distance teleprinter connections, the rate will depend upon the distance to the called city, the 50-mile rate for a five-minute connection being 50 cents, that for 150 miles being 90 cents and that for 500 miles being \$1.60.

**Common Council**

(Continued from Page 1)

Board of Public Works, \$10,734.28; were ordered certified to the Council for payment. (Said claims on file in Clerk's office for public inspection.)

Allowed.  
Board of Public Works reported the collection of \$10,483.15; City Treasurer, \$1111.02.

Accepted and Treasurer ordered charged.

Clerk reported that pursuant to instructions he had given notice of the Special Assmt. Rolls for Delinquent Light, Power and Water Bills, and of the time and place for reviewing said rolls, and that no objections were filed in the Clerk's office. Clerk also presented the required affidavit of publication of such notice.

Confirmed, all voting aye.  
Clerk reported that pursuant to instructions he had advertised the sale of \$65,000.00 City of Holland General Obligation Bonds at a rate of interest not to exceed 4 1/2%. Clerk further reported that this was the time and place for receiving bids, and that no bids had been received.

Motions and Resolutions

Ald. Brieve brought up the matter relative to the books and other cemetery records being kept and used away from the City Hall and it was moved by Ald. Jonkman, 2nd by Brieve.

Resolved that all these books and records be kept in the City Clerk's office at the City Hall.

This brought up a discussion on the part of some Councilmen who took the position that it has been customary for different board members to have these records to refer to at their places of business where they would be convenient to get at, and as they could see no harm in this procedure, they felt as tho the Council should not interfere.

When the motion was put to a vote the count stood 6 to 6. The Mayor voted with the opposition and the motion was lost.

The matter was again brought up relative to complaints from some citizens on the quality of gas that is being furnished by the Gas Co. City Atty. McBride reported that the Public Utilities Commission just recently had a man in Holland looking into these complaints, and a report will be forthcoming within a short time.

Ald. Huyser asked if there was any further information in regard to the destruction of trees on 10th St. that were killed by gas from leaky mains. Ald. Kleis said City Atty. McBride reported that they had received no further information since the time the Gas Co. agreed to replant large trees and fix up the curbs.

Adjourned.

OSCAR PETERSON, City Clerk.

A petition, with several hundred signatures of our fruitgrowers, has been sent to Congressman Ketcham asking him to use his influence to secure repeal of the regulatory order for washing apples to remove the spray residue. The petition represents that the order is unnecessary and expensive and that it has a bad effect upon the keeping qualities of the fruit. It is to be hoped that the practice can be done away with. The only ones benefited by it are a lot of inspectors who want easy jobs.

## CONSTRUCTION MATERIALS CORPORATION STOPS RIVER WORK FOR WINTER

Grand Haven Tribune.—The Construction Materials Corp. will end the season this week and the last loads of gravel are being brought down from Bass River. The tugs and scows will be assembled for winter overhauling and repairs, which will keep a part of the crews employed most of the winter.

Work on the new plant is progressing rapidly and will be pushed during the winter. It is expected about 50 men will be employed, as there is considerable to do to get the big plant in readiness for the spring season.

The old wooden plant which lies east of the new steel plant will be torn down this winter and work on it will start next week, or as soon as the gravel brought down from up the river is disposed of.

Plans are for office buildings and cleaning up of the yards which will make this one of the most complete gravel outfits in the country.

The framework of the tramways, and elevators are all being encased in steel sheeting which is adding to the \$1,500,000 expansion program which was instituted here over a year ago.

The capacity of the new plant will be many times that of the old one and 1,000,000 tons of gravel is expected to be taken out next year. Several large contracts have recently been secured by this company which insures continued future work of immense proportions.

## ZEELAND BOY ESCAPES BEING BADLY BURNED WHILE AT PLAY

A very near fatal accident occurred at Zeeland a few days ago and but for the presence of mind of the victim the results might have been more serious.

Gerald Westveld, fourteen years of age, who lives with his grandmother, Mrs. F. Westveld, on West Central Ave., together with other boys had been in the habit of playing with explosives in the form of waste naphtha that had been discarded by some factory. The naphtha was contained in small, partly filled tin cans. A fire was then built in a small pit into which the closed can was thrown, resulting in an explosion after some moments of heating.

The boys in question were again amusing themselves at this dangerous pastime on the old industrial grade a short distance west of Colonial Avenue, when an explosion more forceful than usual occurred, splashing some of the flaming liquid upon Gerald Westveld's clothing with the result that these were soon ignited. He immediately applied sand to extinguish the fire and succeeded before he was seriously burned.

## OTTAWA COUNTY FARMER IS ACQUITTED OF HORSE STEALING

Tony Ambrose, 64 years old, Tallmadge township farmer, was acquitted of a charge of larceny of two horses by a circuit court jury here yesterday.

The jury brought in its verdict in about an hour. Judge John Vandervoort of Muskegon sat in the case in place of Judge Fred T. Miles, who was in Muskegon holding court.

Ambrose, a Lithuanian, speaking through an interpreter, said he had over their property, the horses and that in a settlement from his wife over their property, the horse and \$300 in money had been given him if he would quit the farm. She never paid him the money, he claims, and although he had sold the horses to John Klunzinger of Wright township, had not advised him of this. Ambrose said he found the horses on the highway. The judge directed the jury to acquit Ambrose if they found a previous agreement between him and his wife.

Ambrose was granted a divorce three years ago by the Ottawa circuit court but remarried his former wife. They had another falling out and according to Ambrose, the trouble began at this time.

Sentence of William Zuiratis, 35, of Tallmadge, alleged to have aided Ambrose, and who pleaded guilty recently, will be deferred. Zuiratis was released from the county jail.

Other arrests made by the state officers were Frank Dimdikowits, Muskegon Heights, improper lights; Mike Post, Route No. 2, Marne, improper license plates.

## Two Debating Teams Meet With Honors Even

HOLLAND CHRISTIAN HIGH TEAM DEBATES IN GRAND HAVEN THIS AFTER-NOON

Grand Haven high school's debaters will meet Holland Christian at the Grand Haven school this Friday afternoon instead of at the Holland school as was previously announced. The subject of debate this year is unemployment, insurance and the Grand Haven squad composed of Jack Sluiter, Melvin Waldschmidt and Walt Clark will again take the negative. The Holland Christian debaters taking the affirmative side are Wm. Smit, Myrtle Beeuwkes, Wm. Lamar. The alternates are Wilma For and Annetta Bouman.

Supt. E. H. Babcock of the Grand Haven schools, will act as chairman Friday afternoon and the following will be the judges: J. D. Menchafar and J. T. Garwell of Michigan State College, and D. C. Shilling of Western State Teachers College of Kalamazoo.

A new and interesting change in the form of the debate will be used experimentally in the debate this week and in the following debate on Jan. 8. The debate will consist of six, eight-minute constructive speeches and two six-minute rebuttal speeches rather than the six ten minute constructive speeches, and six five minute rebuttals used in the previous debates.

Mr. J. H. McBurney, director of debating in the University of Michigan, and manager of the league, states concerning this change: "The two-rebuttal debate has been subjected to very careful study and experimentation in classes in argumentation in Michigan. It is believed that this form of debate will accomplish two helpful things for high school debating in Michigan: (1) shorten the length of the debate without reducing the number of people who may benefit by the activity, and (2) encourage more original and extemporaneous debating. By reducing the rebuttals to two, the student places a premium on adjustment and adaptation during the constructive period and thereby encourages originality and extemporaneous ability. This form of debate has been endorsed by a committee representing the Michigan State Principals' Association and is in line with the recommendations of the Michigan Conference of School Superintendents."

The debate taking place this week, followed by two others on Jan. 8 and Jan. 22, will conclude the preliminary series of debates in which every high school must participate in order to qualify for the elimination series of debates. Only the schools with the highest percentage of victories will be entered in this elimination series and each of these schools will receive the University of Michigan wall plaque trophy through the cooperation of the Detroit Free Press. This trophy is in the shape of a shield, the design of which was won from the well known University of Michigan shield. Its base is of American walnut, 17 inches in height and 16 inches across the top and the medallion, superimposed upon the shield, is nine inches in diameter, three-eighths of an inch thick, and is cast in solid bronze with all lettering artistically embossed.

Holland won its first debate with Coopersville last week. Grand Haven also won their first debate, so both teams met with honors.

## 3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
  2. Get plenty of outdoor exercise without unduly fatiguing yourself.
  3. Try for a bowel movement at exactly the same hour every day.
- Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

## CHILDREN CRY FOR IT—

CHILDREN hate to take medicine as a rule, but every child loves the taste of Castoria. And this pure vegetable preparation is just as good as it tastes; just as bland and just as harmless as the recipe reads.

When Baby's cry warns of colic, a few drops of Castoria has him soothed, asleep again in a jiffy. Nothing is more valuable in diarrhea. When coated tongue or bad breath tell of constipation, invoke its gentle aid to cleanse and regulate a child's bowels. In colds or children's diseases, you should use it to keep the system from clogging.

Castoria is sold in every drugstore; the genuine always bears Chas. H. Fletcher's signature.

## WHAT IS LIFE?

We do not know. It is something unseen. It defies definition. It is almost infinite in its variety. Without it all being ceases.

And, so it is with Service. In your dealings with our bank you will find it. We give it in full measure—generously. Like Life, itself, Service is unseen and defies definition. Without it no business in the world can survive.

## Hope College News

Ben H. Spence  
Journalist To  
Speak Here Fri.

According to Dr. Poling, who addressed Hope November 20 as a representative of the Allied Forces of Prohibition, Ben H. Spence, prominent journalist of Toronto, Canada, who will speak on December 4 in Chapel on "The Canadian System of Liquor Control," is a leading authority on his subject. At the close of his talk will be conducted an open forum in which students may ask any questions on the subject they wish.

Last Saturday morning fifteen new girls were elected to Hope College sororities. Of these fifty-seven the Alethean society chose fourteen, the Dorians fifteen, Sorosis ten, and the Sibyllines and Delphi each nine.

The girls who were voted into the Sorosis society were: Cornelia Stryker, Margaret Stryker, Evelyn Van Bree, Isabelle Van Ark, Virginia Kooker, Helen Sprietsma, Viola Durling, Margaret Rottschaeffer, Pearl Hillier, and Helen Boone.

To the Sibyllines were elected Marian Wray, Grace Earle, Evelyn Rossier, Dorothy Van Saun, Marjorie VanKovering, Nathalie Morlock, Alyce Mansen, Martha Wilson, and Crystal Van Anrooy.

The Dorians elected to their membership Ida Lam, Anita Furbeck, Carol Capps, Ada Ellerbrook, Johanna Bolte, Jean Brink, Genevieve Wright, Wilma Rottschaeffer, Pauline Potter, Ikuyo Tase, Helen Shaw, Gertrude Van Peursem, Marian Postma, Marie Kool and Margaret Robinson.

The following nine became members of the Delphi group: Ruth Verhey, Agnes Van Oostenbrugger, Marjorie Scholten, Ruth Dekker, Dorothy Dulmas, Lucille Verschure, Clarice Grimm, Ruth Van Oss, and Lillian Mulder.

Fourteen became Aletheans. They are Sarah Sterker, Wilma Vander Wende, Camilla Warren, Julia Wendling, Marian Boot, Ethel Boot, Margaret Repic, Hilda Boshker, Gertrude Zonnenbeld, Doris Rasmussen, Margaret Dregman, Annette Witank, Ida Van Zalm, and Marie De Weerd.

The Student Volunteers had a most impressive meeting last Friday Nov. 20. After the devotions which were led by the president, Laura Guigelaar, Jean Walvoord brought an inspiring farewell message. Miss Walvoord, a former Hope student and member of the Student Volunteer group, is under appointment to China, expecting to leave the latter part of this month. Her message was one of personal warmth and devotion. She showed in what various ways God called, and how differently we respond. Reverting to her own experience, she told how the call had been made definite in her own life, and how God had set aside all obstacles and hesitation and had made the path clear before her. Since she soon leaves, she asked for the most earnest and fervent prayers to follow her as she seeks her new field of service, and promised to be with the S. V. Band in spirit at the time of its meetings.

Prof. Hinkamp added his tribute to Rev. Anthony Walvoord, Jean's father, and former missionary to Japan.

ACID  
STOMACH

EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips' Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips' Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

DEFENDER OF THE  
SPARROW IS FOUND  
IN MINNESOTA

The much-despised sparrow has found champion. A Minnesota grain elevator manager considers all birds, especially the sparrows, his most valuable allies and gives them complete protection. Here he induces them to stay by providing them with a flower garden and watering basin, and feeding them quack grass seeds and screenings.

In return for his generosity, he says, the birds rid the premises of all the insects that deteriorate grain and plant life.

He contends that the sparrows' nesting nuisance is very small when compared to the good they do, and that they will not touch the grain in his elevators so long as they have plenty of insects and screenings to feed upon.

"STEPPING STONE," ZEELAND'S SCHOOL ANNUAL, GOES INTO HISTORY

The theme for the Stepping Stone, Zeeland High school annual, will commemorate the pioneer life and settling of his community 85 years ago. The title page and other decorations are in duplicate of scenes that took place in '47 when the first settlers came to Zeeland. The book will contain photographs of the few living persons who came to this country with the original settlers. The work has begun on the book that the makeup may be ready by the opening of the second semester.

CLUB NEAR NEW RICHMOND  
GETS POWER EXTENSION

The Consumers Power company, operating from the Kalamazoo office, has started construction of a new line north and west from here to reach the club house and grounds of the Pottawatomie Gun club, one and one-half miles west of New Richmond on the Kalamazoo river. This will give the gun club the needed current for light and power to improve its holdings here.

THE BREAD AND STONE  
PARABLE REVERSED

With the rock-gardening fever at its height, common field stones are said to be selling in Iowa for \$1 a bushel. Let the buyer beware. Don't pay for a bushel of rocks until you have picked them over. There are unprincipled farmers who wouldn't be above slipping a peck of wheat into the bottom of the basket.—Detroit News.

\$200,000, DIES AT 32

John W. Pope, 32, a member of the New York Stock exchange, died today in St. Luke's hospital following an operation. Pope was regarded in Wall street as one of the most brilliant of the younger members of the stock exchange. He came to Wall street from the Harvard business school nine years ago, and while he shunned publicity and persistently declined to discuss his fortunes, the story has been widely told in Wall street that he started with only \$1,000 and amassed a fortune of about \$200,000.

FIRE SIREN INSPECTED  
BY ZEELAND OFFICIALS:  
BLOWN DAILY AT NOON

Grand Haven Tribune—The municipal fire siren will blow every day at noon. The alarm will be rung from Box 12 and several blasts will tell the community of time and also assure Chief Pippel that the siren is in working order.

Thursday afternoon a delegation of Zeeland citizens, including the mayor and council, the fire chief, and the city clerk, motored here to inspect the alarm system. The Zeeland council is confronted with a problem similar to that of the local one, as they are required to keep up a large amount of steam pressure for which they have no other use. For some time the city has relied on a siren blown at one of the factories at a cost of over \$400.

The Zeeland department has no regular men and a system whereby the number of the box would come in on ticker-tape is being considered, so the driver could enter the engine house and read in a minute the location of the fire. It is expected the city could pay for an installation similar to the local one in three years by the saving effected.

The party was taken over the city to test out the efficiency of the siren and the distance at which it could be heard.

Mr. and Mrs. G. J. Deur and daughter, Maxine, entertained with the annual Thanksgiving reunion at their home on East 24th St. A bounteous dinner was served after which games were played. A lap supper was served in the evening and Bill Deur was chosen as dishwasher.

Monuments to the great are many, but none the less inspiring are the crude beginnings of implements that have grown into great industries. The platform scale was invented at St. Johnsbury, Vermont, in 1830 by Thaddeus Fairbanks and this scale was among the first to go into service. It is the oldest specimen known to be in existence.

## Holland Banks Bring Christmas Cheer To Thousands

**H**olland and vicinity can bank on the Holland Banks as it always has been able to do covering a period of many years.

The three local banking institutions will bring Christmas cheer to thousands. The banking staffs of the Holland City State Bank, the Peoples State Bank and the First State Bank are indeed busy just now making out Christmas Club Saving Checks for the different amounts deposited by patrons during 1931 with interest added.

### More Than \$168,000 in Christmas Club Savings

The Holland Banks will mail on Monday, December 7th, checks to 3,935 patrons. The total amount of these checks will represent more than \$168,000 of money saved during 1931 for the Yuletide season.

It is very gratifying to know that such a vast amount will go into the channels of trade and that this was made possible because many years ago the officials of the three local banking houses inaugurated the Christmas Savings Club plan which eliminated shopping worries.

A spot cash Christmas saves you starting the New Year under a heavy burden of debt. It's so much easier to save for months ahead than it is to pay for months afterward.

### Christmas Savings Club For 1932 Now Open

The Christmas Savings Club for 1932 is now open. Old patrons who have experienced the convenience of a ready cash Christmas are eager to join. We welcome them again. We also extend a special invitation to those who have not heretofore participated in any one of these Christmas Saving plans available.

We extend to the citizens of Holland and vicinity the greetings of the season.
