### Spring Lake School Teacher Killed in Two-Car Accident

GRAND HAVEN—Ottawa county marked its 20th traffic fatality of the year Saturday with the death of Mrs. Nellie Elizabeth Wiegert, 54, of 17797 168th Ave., Spring Lake, who was instantly killed in a two-car crash at 2:07 p.m. at an unmarked intersection in Spring Lake township.

The crash occurred at the crossing of 168th Ave. and Virginia St. not far from Mrs. Wiegert's home. It involved Mrs. Wiegert's 1955 car and one driven by Bruce Everett Cook, 18, Muskegon. State police said both drivers turned right to avoid the crash. Mrs. Wiegert turning left and Cook right. After a front end collision, Mrs. Wiegert's car knocked down a telephone pole. The impact threw her partly from the car which then rolled over on its side.

Dr. Peter McArthur, medical examiner, said Mrs. Wiegert died instantly of a crushed chest and broken legs. Two wreckers pulled the two vehicles apart before Mrs. Wiegert's body could be extricated.

Cook received a laceration below the right knee and remained in Municipal Hospital until Sunday.

Mrs. Wiegert was born in South Holland, Ill., and had lived in Spring Lake area 18 years. She was a member of First Reformed Church in Grand Haven. She taught fifth grade at Fruitport Edgewood No. 2 school. She formerly taught at Maplewood School in Robinson Township for three years.

## Seminary Fire Damages Dorm

Fire early Wednesday night caused an estimated \$1,000 damage to Zwemer Hall at Western Theological Seminary.

The blaze, believed caused by an electrical short, started in a partition between an unused room and bathroom on the first floor toward the rear of the three-floor men's residence hall located on 13th St. between College and Columbia Aves.

Most of the 27 seminary students living in the dormitory were present when the fire was discovered by Mel Van Hattem at 6:50 p.m. Van Hattem lives adjacent to the vacant room where the fire started. Residents of the hall attempted to put out the blaze with fire extinguishers while the Holland Fire Department was called, students said.

According to Capt. Buck Nuismer, firemen confined the blaze to the first two floors of the building. The fire was limited to the partition between the bathroom and vacant room.

Nuismer said the cause of the blaze was not certain, but he said it appeared that it was caused by defective wiring.

Two pumps and one ladder truck along with 26 men answered the call. Firemen were at the scene for about 90 minutes, Nuismer said.

## Northern Hands Hope First Loss

MARQUETTE — Hope College's basketball team ran into powerful Northern Michigan here Tuesday and dropped an 89-59 decision to the Wildcats for Hope's first loss in three starts.

Northern dominated the play throughout in chalking up its second straight win and in preparation of its invasion next Monday night of second-ranked Bradley University in Peoria, Ill., next Monday.

Wayne Monson, who gave Hope trouble in Holland last season with his long shots, continued his long-range bombing and was joined by Steve Thomas a 6'3" Chicago freshman. Each scored 21 points with Monson hitting from out and Thomas from underneath.

The Wildcats led all the way and jumped to an early 16-3 lead. They then pranced 30 points ahead, 33-13 and from about the 13-minute mark to the five-minute mark held 20 point margins.

Hope cut the bulge to 17 at half and trailed 44-27. Monson opened the second half with five straight baskets and pushed Northern's lead to 30 points.

Hope fought back and was able to cut the margin to 18 points with six minutes left but the Wildcats again began to hit and pushed the score of the final 30 points.

Northern was extremely strong on the boards and controlled the rebounding. Thomas and another 6'3" freshman, Dave Wright from Danville, Ill., worked the boards and were aided by 6'7" center Pierce. Hope's 6'5" center Gary Nederveld drew three fouls early and was limited on the boards.

The Wildcats, displaying fine speed, used the fast break effectively and also hurt Hope with long passes. The Dutch had trouble shooting in the second half and hit only 11 of 45 for only 24 percent from the floor. The Dutch made 10 of 27 in the first half and ended with 21 of 72 for 29 percent. Northern hit 21 of 49 from the floor in the second half for 45 percent.

At the free throw line Hope had seven of 12 and 10 of 16 while Northern had 12 of 17 and three of eight.

Bob Reid led Hope with 13 while freshman Glenn Van Wieren from Holland had 11 and Jim Vander Hill added 10. Hope was to return by plane today.

ZEELAND—Zeeland police Saturday said that the reported switch-blade slaying of a 15-year-old Zeeland girl on Nov. 20 was a hoax.

The Chix had their troubles as the Eagles clogged the center and caused Zeeland to have several bad passes, loose play and floor violations. Coach Paul Van Dort used 12 men in attempting to find an effective combination. Terry Buter's ballhandling stood out for the Chix.

Zeeland had 18 of 58 for 31 percent from the floor while Hudsonville had 16 of 55 for 29 percent. The Chix made 19 of 32 free throws for 59 percent and the Eagles, 15 of 27 for 56 percent. ## Dutch Take Second Win Of Season

Hope College's basketball team opened the home season here Saturday night with an easy 88-54 defeat of Lakeland College before 2,200 fans in the Civic Center.

It was Hope's second straight win and served as a tuneup for Hope's contest with Northern Michigan Tuesday in Marquette.

The Wildcats nipped the Dutch here last season, 74-71 to end a 25-game Hope home game winning streak.

The Dutch completely dominated play over the game Muskie and Coach Russ De Vette was able to get a good look at his 15-man squad.

De Vette tried several combinations as he alternated his subs and 11 players scored, including five in double figures. Glenn Van Wieren, Holland freshman, took the high point honors with 17 and continued to impress.

The work of Capt. Bill Vanderbilt was again tops. The 6'3" senior snagged many of the rebounds, set up plays for his teammates and knocked down several shots. He hit five straight charity tosses and three baskets for 11 points.

Jim Vander Hill was the spark of the first Hope drive that put the Dutch in command. Three minutes had elapsed before Bob Reid hit the first basket and Lakeland matched it.

Vander Hill scored the next basket, his first of five in the opening 10 minutes that shoved the Dutch to a 23-9 lead at the 10-minute mark. He scored four of his goals in a row.

Van Wieren, and Holland sophomore Jim Hulst, grabbed the scoring brunt the rest of the first half and each player notched four baskets while another freshman, Ron Venhuizen of Grand Rapids, came in for two buckets as Hope climbed to a 52-22 halftime margin.

Ek Buys and Reid grabbed the scoring duties early in the second half. It again took Hope three minutes to get rolling before Buys made two baskets and added another after buckets by Reid and Vanderbilt.

Reid intercepted a couple passes and hit on two buckets midway in the half to help the Dutch moved to a 72-37 10-minute score. Rich Bakker and Gary Nederveld, sophomore starter, came through with some good boardwork in the final minutes.

Hope hit 37 baskets in 83 attempts for 45 percent including 22 of 41 in the first half and 15 of 42 in the second half. The Muskies had 20 baskets in only 53 tries for 37 percent. They made nine of 23 and 11 of 29.

Reid and Hulst followed Van Wieren with 12 each while Vanderbilt had 11 and Vander Hill 10. Capt. Roland Schultz and Fred Petzel each had 10 for Lakeland.

## Little Maroons Lose Game

ST. JOSEPH — Holland Christian's Little Maroons dropped their first game of the season here Tuesday night as they fell to the St. Joseph reserves, 64-43. The Maroons are now 1-1 while the Bears have a 1-0 mark.

For the most part, the game was a free shooting match as both clubs opened in zone defenses and stayed in them throughout much of the game. It was a nip and tuck first period, with the Bears out front 7-6 at the horn.

The winners continued to increase their margin as Coach Elmer Ribbens' locals had trouble with the hoop in the second period. By halftime it was 22-14. Both clubs hit much better in the third period as the scoring tempo picked up considerably. At the end of the third stanza, the winners held a 38-23 bulge. It was a real hot pace in the final stanza as the Bears outscored the Maroons 25-25 with practically everyone getting into the scoring parade.

Ron Lubbers led the locals with 13 points, followed by Cal Boer and Tom Dykema with 10 points each. Don Kronemeyer with seven, John Van den Veen with six and Dave Tuls with two. The individual scoring leader was St. Joe's Dale Brant who poured in 30 points on 13 baskets and four free throws.

## Panthers Roll Over Saugatuck

SAUGATUCK — West Ottawa moved easily to its second win of the year with a 72-48 win over Saugatuck here Tuesday night and set a new school scoring record.

West Ottawa started fast and on three buckets by Leroy Vedder, free throws by George Donze and Duane Overbeck, and two baskets by George Donze moved to a 12-0 lead in two-and-a-half minutes.

West Ottawa extended its lead to 21-5 after six minutes of play and the first quarter ended 21-9. George Donze had ten points and Vedder eight in this quarter.

The Panthers were able to utilize their fast break effectively when their ball-hawking techniques gave them the ball.

The Saugatuck Indians pressed the entire game and although it didn't bother the Panthers much in the first quarter, it proved troublesome in the second quarter. West Ottawa threw many passes away during the second quarter and the Indians pulled within 7 points three times during the quarter, but were never able to get any closer. The play by both teams was ragged and marred by several fouls and the half-time score was 34-27.

As the second half started, the Panthers scored sixteen straight points in five minutes to pull away 50-27. The third quarter push featured six points by Norm Koop, four by Vedder, four by Overbeck and two by G. Donze. The points came mostly off the fast break of the Panthers.

The rest of the game was hard fought, full of fouls, and on even terms as both coaches substituted freely. Vedder, 6'6", was the big man in the Panther offense as he netted 22 points for the second game in a row and grabbed off fifteen rebounds. G. Donze, lead man on the fast breaks, scored fourteen points mostly on driving lay-ups.

Ray Stitt and Steve Smith led the shorter Indians and both played good ball games. Saugatuck tried hard all of the way and their big second quarter started to worry the Panthers fans.

In the free throw department, Saugatuck had 16-31 for 52 percent while West Ottawa had 16-32 for 50 percent. In field goals, the Panthers made 14-40 in the first half and 14-31 in the second half for an overall percentage of 39.

Coach Herb Maatman of West Ottawa felt that the offense was spotty because we were hurt by passing, but that the zone defense was quite effective. The Panthers were effective in their scoring by Vedder with 22 points, G. Donze with 14 points, and Koop with 10 points. For the Indians Smith had 14, Stitt and Jim Gardner both had 10. The old scoring mark was 65 made against Muskegon Orchard View last Friday night.

West Ottawa will open its home season next Tuesday against Sand Lake at the Holland Armory. The reserve game will begin at 6:30.

## Maroons Stop St. Joseph For 2nd Win

ST. JOSEPH (Special) — Displaying great poise in the closing minutes of a tight ball game here Tuesday night, the Holland Christian Maroons stopped a potent St. Joe quintet, 59-54 before a crowd of 2,200 fans in St. Joe's opener.

Both teams displayed some fine basketball in a typical Christian-St. Joe affair. Aside from some early season mistakes, the two clubs displayed mid-season form for the most part.

Despite the closeness of the final outcome, the Maroons held the upperhand most of the way. In fact after the Bears had taken an early lead, Christian surged back to hold nine and 10 point leads throughout much of the first half. Finally after the scrappy losers had taken a two point lead with three minutes remaining, the poised Dutch took command to pull away for the win.

It was strictly a team effort from both outfits with no individual stars. The guard play of both quintets was spectacular with Doug Windemuller and Paul Tuls shining for the Dutch and speedy Rich Herndon, Stan Bissey and Jim Lange playing outstanding ball for the Bears. Backboard play was rugged and about even, with Frank Visser, Clare Van Wieren and Ken Disselkoen doing most of the work along with reserve Harold Diepenhorst. For the Bears it was the Fette twins, Bill and Tom snaring most of the rebounds. Coach Ray Haack of the St. Joe club and Art Tuls of the Dutch were pleased with the performances of their clubs, particularly for this stage of the season.

The Bears' Stan Bissey opened the scoring in the contest with two quick baskets before the Dutch countered with Van Wieren's free throw. Christian then put their scoring machine into high gear with the Maroons using big Frank Visser as a decoy. Tuls' strategy was to break the forwards, Disselkoen and Van Wieren into the open, pulling Visser out of the play. As a consequence the Maroons got 12 points from the two forwards, while Visser didn't handle the ball on offense for the first seven minutes of the game. Paul Tuls added two fielders to give Christian a 17-9 mark at the quarter.

Holland pulled into their biggest leads of the game in the early stages of the second period with Visser and Windemuller leading the way. Midway in the period, the Dutch led 25-15. Then came a scoring famine on the part of the Maroons while the Bears got balanced scoring to whittle the count to 27-24 at one stage. By halftime the locals lead was cut to 31-28.

The third quarter was even in the third quarter with the Bears knotting the count at 35-35 with three minutes gone. With Visser again leading the way, the locals managed to hold the upper hand, until St. Joe took a 45-44 lead with a minute left. The Maroons countered, however, to again take over 47-45 at the horn.

It was a tense last period as the losers made a valiant effort by twice holding two point margins. Finally Christian's Windemuller knotted the count at 53-53 with 2:44 remaining. Seconds later he added two more to give the Maroons a two point bulge. A minute later he added another to give Christian another boost. Tuls then made a driving layup to put the game out of reach. For the remaining time, the winners used stalling tactics effectively.

At the free throw line, the Maroons connected on 17 out of 26, while the Bears hit 12 out of 22 tries. Balanced scoring featured the Maroon attack with four boys in double figures. Visser led the Dutch with 15, while Dan Schiender paced the Bears with 17. Bissey and Bill Fette for the Bears and Disselkoen for the Dutch fouled out.

## Will Look At Sealed Box

ALLEGAN—County officials are making plans for taking a peek at the contents of a sealed box taken from the cornerstone of the present court house and deciding what will go into a box to be placed in the new county building.

County Clerk Esther Warner Hettinger said the sealed corner box, removed from its resting place in the 71-year-old building, will be opened at a public ceremony planned for Friday, Dec. 9, at 2 p.m. in the circuit court room.

Members of the board of supervisors, Historical Society, history and civics classes and the general public will be invited.

Mrs. Hettinger said a special invitation was being made to any person who was present at the ceremony in which the cornerstone was laid Aug. 29, 1889, a celebration which, according to Dr. Henry F. Thomas' history of Allegan County was "...attended by a great number of people from over the county and abroad, and altogether an event of more than ordinary importance."

The cornerstone for the county's new million dollar court house will be laid sometime during the January session of the board of supervisors.

In preparation for that event, Mrs. Hettinger will soon mail questionnaires to each board member to obtain capsule histories of cities, townships and villages to be placed in the cornerstone box.

## Christmas Workshop Gets Top Billing at Civic Center

Holiday decorations in Holland this year will be the most original and unusual of any year if the Christmas do-it-yourself workshop at the Civic Center Thursday is any indication.

Sponsored by the Holland Garden Club with Garden Club experts as instructors at the 14 tables, about 300 guests attended the all-day affair.

The stage at the Civic was the focal point for ideas on various table arrangements. Buffet tables were decked in red and green with candles, trees, colorful dishes and centerpieces to set the mood for that important holiday affair.

In contrast was the lovely formal table with mums, holly leaves, silvered lemon leaves and tapers. An after-dinner party table was lively with horns of red filled with popcorn arranged on a tree. A chocolate server and mugs completed the table. Other buffet tables were done in decorated candles, holly, greens and cones in brass containers with accents of color. A holiday tea table featured a rose tree and decorated candles.

A family dinner table cleverly used pine cone skiers around a centerpiece in milk glass. Poinsettia plates added to the color. A New Year's Eve supper table used purple and gold with the

cloth of purple and gold runner and tiny gold ornaments attached to the candle holders and goblets. A purple tree with gold ornaments from the branches was the centerpiece.

Among the many decorations made and demonstrated were wreaths, table decorations, hanging ornaments, styrofoam trees, rings, door swags and candle arrangements.

Tables were set up over the entire floor of the main auditorium, which gave the workers and the guests more working space. This proved to be a popular innovation. Coffee, doughnuts and cookies were served to augment the sandwiches participants brought with them.

Free greens, styrofoam and other items were distributed. Also available for use were wreath forms, wire, ribbons and ornaments. Among the large number attending were several who spent their lunch hour getting ideas.

A display has been set up in Herrick Public Library by Mrs. Thaddeus Taft carrying out a red theme from her collection.

Mrs. William Vandenbergh Jr. was general chairman for the workshop. She was assisted by a large working committee. Garden Club members assisted throughout the day in helping and in serving coffee and distributing greens.

## Health Center Addition Near Completion

ALLEGAN—With the Dec. 10 completion date less than a week away, the Allegan Health Center's new million-dollar addition is approximately "95-percent completed," according to Mrs. Esther Morris, administrator.

She said the entire second floor of the new wings are now occupied by both regular and obstetrical patients. New x-ray department and clinical laboratory are also in use.

Many other departments are playing "musical chairs," however, as new sections go into use. The kitchen crew is currently "making do" in the repair shop while the regular kitchen is being renovated.

The office staff is occupying what will be the coffee shop while the former obstetrical department is being rearranged for use as the administrative section which will also house the records and library department.

On the second floor of the original north wing, rooms are being painted and renovated for use as a complete new pediatrics department.

The new ambulance entrance on the north side is now in use while the new doctor's lounge is temporarily seeing service as the emergency room.

New labor and delivery rooms already are in use in the obstetrical department but the new surgeries are not yet occupied.

Although all work is rapidly nearing completion, Mrs. Morris said workmen probably would be on hand "at least until the first of the year."

Plans for an open house are being made to coincide with the local observance of National Hospital Week next spring, she indicated.

## Many Visit State Forest

ALLEGAN—More than 114,000 people took advantage of the 41,500-acre Allegan State Forest's facilities for family fun in the period between April 25 and Oct. 10.

According to Charles Dell, the man responsible for maintaining the forest's 19 miles of foot trails, and 200 picnic tables, the 1960 attendance set an all-time high.

Although campers, hikers and picnickers don't register, Dell feels that his report, compiled from personal observation and on the number of cans of refuse collected, is accurate.

The 114,000 people who camped, hiked or picnicked in the forest during the season left a total of 1,538 55-gallon cans of refuse, Dell said.

The Ely Lake Camp Ground was again the most popular spot with 1960 attendance set at 84,280. Lakeview camp was second with 10,650. Silver Creek Camp Ground attracted 7,725, Pine Point, 3,675, Swan Creek, 6,450.

The new foot trails, around Swan Creek Pond and to Ely Lake, were followed by an estimated 2,250.

The first hardy campers arrived at Ely Lake May 26 and there were still eight camps at the lake deer hunting archers—when Dell closed his books for the season Oct. 10.

High for the season was the July 4 weekend when there were 155 family camps at the lakeside grounds. By months, attendance at Ely Lake ranged from 830 in April to a high of 28,275 in August.

## Post Office Yule Season In Progress

It's Christmas every day at the Holland post office for the next three weeks, and Acting Postmaster Kenneth E. Scripsma today asked all persons to mail their Christmas parcels and greetings early so that all deliveries may be made before the holiday.

"Early mailing of all Christmas cards and gifts is the biggest single factor in getting mail delivered, even though the post office facilities have been expanded, extra help is added and everything is geared to handle record volume," Scripsma said.

He advised people not to take chances on mailing poorly wrapped packages. Use sturdy corrugated mailing cartons, plenty of heavy wrapping paper and strong cord. Cartons containing several gift packages should be well stuffed with tissue or old newspapers to cushion the contents.

If articles are of unusual size or bulk, it is best to check first with the post office before attempting to mail them. Limits of size and weight vary depending where packages are mailed from.

A further suggestion is to mail Christmas greetings first class and to put return address on each envelope. Mail going any distances should be mailed before Dec. 10, followed promptly with cards and gifts for local delivery.

## WE COME TO WINTER

Our four seasons in Michigan are in most cases delightful, at least people who have lived in other parts of the country think so. Native born people do a fair share of kicking about the Michigan weather. This is only natural and in most cases the older people are the ones that do the most kicking.

People who are interested in winter sports will be glad to see the snow and the colder weather. So we continue to talk about the weather. . . . Weather is a good subject and when we have four seasons like we have in Michigan there is never a lag in the weather topic of conversation.

With the Christmas season approaching we will soon reach the point where winter will be officially here as far as the calendar is concerned. But just think of all the nice mild weather we had in November. Even though it was not the finest for the people who like to hunt for the Michigan deer, many people will be voicing their opinion on just what should be done about the game laws. Here again the weather could have had a lot to do with the many problems that the hunter faced.

We still like our great state of Michigan. The longer we live here the better we like it. The changing seasons give us a great variety that one does not always find in other parts of our great nation. So we ask that you learn to live with the Michigan weather and practice a little sales promotion as you travel around the country.

We have other fine things that Michigan is blessed with. We think it is well for everyone to talk up our great state. . . . If the special session of the legislature gives the one cent sales tax the go ahead, we should be able to take care of a lot of the problems people continue to talk about. Just remember our community and our state is a fine place in which to live. . . . It can be better if everyone gives it a boost. We have had all too many knocks. It is fine to live in Michigan, the Water Wonderland.

## Sunday School Lesson

Sunday, December 11  
God's Promise of a Saviour  
Isaiah 9:2-7; Galatians 4:4-7  
By C. P. Dame

Some people make many promises but they do not keep them. Politicians freely promise but they do not always perform. In our lesson we are first told about a promise God made and then how God kept His promise.

I. The Old Testament speaks of the coming Saviour. Isaiah, one of the five major prophets, has been called the greatest Christian of the Old Testament because he says so much in his book about the coming death of Christ. He is quoted more in the New Testament than any other writer of the Old Testament. He prophesied during the last half of the eighth century during the reigns of Uzziah, Jotham, Ahaz and Hezekiah, kings of Judah.

Several chapters in Isaiah are familiar to us—the ninth chapter is one of them. It tells about the people that walked in darkness who saw a great light. In Matthew 4:16 there is a reference to these words of Isaiah. Jesus is the Light. Those who follow Him do not walk in darkness.

There are two verses in the lesson text that are distinctively Messianic. They speak of a coming ruler. The prophet foretells the coming of the Messiah, and he writes as if He had already come. The Messiah will rule—"the government shall be upon His shoulder." All authority will be His. Isaiah says that the Messiah "shall be called Wonderful, Counsellor, The Mighty God, The everlasting Father, The Prince of Peace."

Every one of these names is suggestive and tells something of the greatness of our Lord.

II. The New Testament tells us about the Saviour. The first reference chronologically to the birth of Jesus is not found in the gospels but in Galatians 4:4. In this verse it is stated that Jesus came in the fullness of time—it was God's time. Several interesting facts are often stated about the time in which Jesus was born. There was universal peace in the region around the Mediterranean Sea.

The Jews were scattered all over the world. In their synagogues the Messianic hope was kept alive by the reading of the Messianic prophecies. Rome had built roads for military purposes which the heralds of the gospel of peace used to proclaim their message to the nations. The Greek language was universally used and understood in the whole civilized world. There was a religious vacuum in those days. Judaism was dead, formal, cold, paganism was lifeless and the moral life of the nations was at a low ebb. It was an ideal time for a new faith.

Paul says that God sent forth His son, Jesus always was, but in due time He was "born of a woman" born of the virgin Mary. Paul does not mention a human father. Although Jesus Christ is the source of all law, He was "born under the law" and He subjected Himself to the law and placed Himself in our class. Jesus kept the law for us, taking upon Himself the curse of the law—the curse due to us. He took upon Himself. He did all of this in order to redeem us from the law and to free us from its penalty.

Through Christ, the slaves of sin can become the sons of God and enjoy all the privileges of sonship. With the privileges come the responsibilities. This many readily forget, especially in this age of irresponsibility. Those who have become the adopted sons of God ought to conduct themselves as worthy sons and show that they know Jesus Christ as their Elder Brother.

## Dutch Score 70-44 Win Over Ottawa

Hitting 85 per cent of its shots on 12 baskets in 14 attempts in the third quarter, Holland High's basketball team rolled to an easy 70-44 victory over Grand Rapids Ottawa Hills in the Civic Center before 1,500 fans.

It was the season's opener for both clubs but Holland displayed fine poise and excellent shooting in posting its first win. The Dutch were in control throughout and hit on an amazing 55 per cent of their shots in the game. Holland made 32 of 58 from the floor.

The Indians had one brief threat when a second quarter flurry gave Ottawa 10 points to Holland's two and pulled Ottawa to within one point, 36-35 with 3:40 left in the half.

But Holland quickly got two baskets by Rog Buurma and then shot ahead 39-31 at half. That was the closest Ottawa came as the Dutch turned on the offensive power in the third period.

Moving into a zone after working a man-to-man in the first half, Holland prevented Ottawa from getting good shots and succeeded in grabbing everything off the backboards.

This made the fast break work and the Dutch were able to score off the break and on some fine pivot plays by center Ben Farabee and some jump shots by Jim De Vries.

Farabee hit four straight baskets in the third period onslaught while Gary Alderink made three layups in a row. De Vries hit three of four tries and guard Chuck Klomprens, playing his first varsity game, sank two of three in the quarter. Farabee added a free shot for the 25-point period while the Indians were getting only two baskets and two free shots.

Holland led at the third period's close, 64-37, the game's biggest spread. Coach Bill Noyd, who was pleased with the first game poise, was able to give his 14 players action, nine in the fourth period. The Dutch hit only three baskets in the final eight minutes while Ottawa made seven points.

Alderink, Klomprens and Buurma each hit three baskets in the first period and the Dutch jumped to a 20-9 lead. Buurma and Farabee had three field goals each in the second quarter while Klomprens and Terry Nyland added one. Art Dirks, Dick Hilbink and Jack Vander Broek had the three fourth period goals.

Holland hit nine of 17 in the first quarter and eight of 14 in the second canto for a first half 55 per cent. The Dutch hit three of 13 in the final quarter for 23 per cent. Ottawa had quarters of 4-14; 9-23; 2-13 and 2-19 for a game total of 17-60 and 25 per cent.

Farabee led Holland with 17 points, including seven from nine from the floor. Buurma followed with 13, including six of eight. He missed his first two shots and then sank six in a row. Alderink had six for eight, and 12 points while Klomprens also had 12 with six of 10. De Vries made three of eight. Dick Bosker, who made four baskets in the 22-point second period, led Ottawa with 12.

Holland made six of 12 free shots and Ottawa 10 of 19.

## Seek Trout Spot In State Forest

ALLEGAN—Work is progressing on a bathing beach at Pine Point, one of the popular camping spots in the Allegan Forest and located on the pond formed by the damming of Swan Creek where it crosses Monroe Rd., formerly M-89 between Allegan and Fennville.

The Conservation Department is handling the project. Water has been let out of the pond and large amounts of sand are being pushed out from the shore to build the beach.

Draining of the pond brought renewal of efforts by local conservationists to convince the game division of the conservation department to restore a two-mile stretch of Swan Creek for trout fishing.

The area would run from the Monroe Road dam, old M-49, to the bayou area at the Wildlife Experimental Station. Directors of the Allegan Improvement Association will meet Tuesday, Dec. 6, and are expected to act on a resolution urging the state to expand its recreational facilities in the state forest area.

## Jim Kaat Returns to Form Following Finger Fracture

A broken middle finger on Jim Kaat's pitching hand has healed and the Zeeland native is back on the mound for the Senators in the Florida Instructional League.

The 22-year-old lefty, who celebrated his birthday Nov. 7, made his first start Monday after being sidelined since early October. Pitching against the White Sox, Kaat worked six innings and gave up seven hits, one run, struck out four and received credit for the win.

The Florida Instructional League is made up of young major league players and top minor league hopefuls. Play started early in October and will continue until Dec. 11.

Kaat's parents, Mr. and Mrs. John Kaat of 44 South Wall St., in Zeeland, saw their son hurl Monday and also witnessed his brief relief appearance last Friday, his first mound work since the injury. They returned to Zeeland Tuesday.

Kaat broke his finger when he went to tag Al Luplow of Saginaw and former Michigan State football player. Luplow hit a slow roller down the first base line and Kaat fielded the ball with his bare hand and as he tagged Luplow, the ex-MSU nicked Kaat on the hand. The injury occurred after the Senators had played only a couple

games and Kaat had his hand in a cast until early last week.

Del Wilber, who Kaat played for at Charleston last summer, is managing the Florida team. The Senators are playing in St. Petersburg. Other teams in the Instructional League are the Athletics, Braves, White Sox and Indians.

Kaat is working for the St. Petersburg recreation department evenings and will work fulltime following the completion of the League. He will continue in the post until spring training begins late in February. He also plans some basketball officiating.

Spring training will be held in Orlando, Fla., again this year although the club has now become the Minnesota Twins. Kaat has already received correspondence from merchants in Minneapolis and St. Paul welcoming him to the area.

Ed Lopat, former New York Yankees pitching coach, is the new Minnesota pitching coach and will be working with Kaat this spring. He saw the southpaw pitch twice against the Yankees early this past season.

The emblem that Kaat will wear on his uniform this year will show two baseball players with hands clasped in front of a huge baseball with Minnesota twins spelled out across the top.

## Dutch Seconds Lose Opener

Holland High's reserve basketball team hit on 11 per cent of its shots in the second half and went six minutes getting only five points and lost to the Grand Rapids Ottawa Hills seconds, 57-47 in the season's opener Friday night in the Civic Center.

The Dutch, coached by Don Piersma, hit on four of 37 shots in the second half after hitting on 11 of 32 in the first half for 39 per cent.

Holland couldn't find the hoop from midway in the third quarter until the fourth period was about half over. This gave Ottawa its chance to jump ahead.

The teams were tied 12-12 at the end of the quarter and 23-23 at half. Ottawa took a 42-35 third period bulge. The Indians hit 12 of 31 in the first half for 38 per cent and 11 of 32 for 34 per cent in the second half.

Tom Essenburg led Holland with 13 while Mike De Vries had 12. Chuck De Witt added eight and Harvey Stremier had five. Rusty Kemper made three, Carter Beukema, two and Bill Lawson, Tom De Puydt, Del Mulder and Darrel Dykstra, one each.

## Hudsonville Loses To Kelloggsville

HUDSONVILLE — Hudsonville's basketball team showed a lot of improvement over its opening game here Friday but couldn't cope with the strong Kelloggsville balance in the closing minutes and dropped a 65-58 decision.

Coach Ken Bauman said he felt Kelloggsville would be the team to beat in the O-K League this season and added that his team "played their hearts out." The Eagles are now 0-2 and 0-1 in the O-K.

Kelloggsville took a 17-12 first quarter lead but the Eagles came back in the second period and trailed by only one point, 28-28 at half. Kelloggsville had a slim 45-41 third period advantage.

Bob Holleman led the Eagles with 22 points while Jim Walma added 12 and Phil Hoezee made 10. Don Edwards had 24 points for the winners while Dale Dorn had 18.

## Dutch Score 69-58 Win In First Game

VALPARAISO — Hope College's basketball team opened the season here with an impressive 69-58 decision over Valparaiso University in the Valparaiso gym.

The Dutch dominated play throughout and were especially strong on the boards. Bill Vanderbilt, Ek Buys and Gary Nederveld, handled the Hope rebounding and were commended by Coach Russ De Vette for their work.

De Vette was pleased with the overall performance of the Dutch in the opener. He was especially pleased with the play of the newcomers.

Junior Buys and sophomore Nederveld were making their first varsity starts while Capt. Vanderbilt is a two-year regular. Vanderbilt was particularly strong in the first half.

The teams matched baskets for the first few minutes. With about six minutes to go in the first half, Hope pulled into a commanding lead and kept the margin the rest of the first half pushing the bulge to 13 points, 34-21, at half.

Vanderbilt was the big scorer for the Dutch in the first half as he made 12 of 13 tries. Hope hit 32 per cent of its shots in the first half.

Jim Vander Hill took over the scoring assignment in the second half and added 13 points. Stepping into the shoes of his brother Warren who set six Hope scoring records last season, Vander Hill paced the Hope attack with 21 tallies.

He made eight baskets and most of his field goals were on jump shots from near the foul circle. Glenn Van Wieren, Holland freshman, came through as a strong replacement and added eight points in the second half.

Hope never relinquished its lead in the second half but the Crusaders, with Capt. Fran Clements hitting from out, narrowed the count to only four points with 4:30 left in the game.

The Dutch put on a strong defense and forced Valparaiso to foul and came through with some free throws and a few key baskets to take the 11-point victory.

Four Hope players were in double figures with Vanderbilt getting 13 to be runnerup to Vander Hill. Buys added 11 and Bob Reid made 10.

Guard Clements hit 14 for the losers who were also playing their season's opener and Jim Zweifel, another guard, added 13. Valparaiso will play in Holland on Dec. 31.

## Cards Sent to People Not Voting in 4 Years

City Clerk Clarence Greengood today mailed post cards to 472 registered voters of Holland city who have not voted in the last four years. Persons still residing in the city may be reinstated as voters if they send return cards in 30 days.

Persons residing elsewhere who want to maintain voting privileges in Holland usually are those connected with government service or in the armed forces.

When persons register in other cities, those city clerks usually send tracers to the city clerk of the home city. However, state laws vary and this convenient service is not always followed.

## Panthers Record Easy 65-15 Victory

MUSKEGON—West Ottawa began its second season of varsity basketball here Friday night by scoring an impressive victory, 65-15, over Orchard View.

The local high school displayed an air-tight defense over a cold, inexperienced Orchard View varsity playing their first varsity basketball game in history.

The West Ottawa Panthers moved to an 8-0 lead in the first three minutes of play with four points each by George Donze and Leroy Vedder, and the Orchard View Cardinals never could close this gap.

The Panthers, after moving to a 14-5 first quarter bulge, pulled away in the second quarter by outscoring the Cardinals 16 to 5. Vedder got eight big points and Duane Overbeek four to lead the scoring in this quarter.

West Ottawa substituted freely during the second quarter and both teams emptied their benches during the second half.

West Ottawa outscored their opponents 15 to 4 in the third quarter, with George Donze collecting eight of the points, and 20 to 1 in the fourth quarter utilizing balanced scoring.

Coach Herb Maatman praised the rebounding of both Vedder, 6'6", and Norm Koop, 6'. The opponents would get only about one shot at the basket. The Cardinals seemed bothered by the 2-1-2 zone defense used by the Panthers, and because they couldn't work in the center, shot frequently from outcourt and they were cold.

The opponents made only three field goals in the game. They had 2-18 in the first half and 1-19 in the second half for an overall shooting percentage of 8 per cent.

West Ottawa meanwhile didn't have much trouble with their foes man-to-man defense and hit 16-41 in the first half and 13-33 in the second half for 40 percent for the game.

Doriot was the workhorse for the foes and made almost half of their points and half of the rebounds.

Orchard View was in the same predicament this year as West Ottawa was at the same time last year. Their varsity was composed of 12 tenth graders and one ninth grader, all playing

## Vandals Break Much Glass During Spree

Vandals in Holland Monday night, during a window-smashing spree, broke windows in four cars, two homes, a warehouse and a local manufacturing concern, according to a Holland police report.

Six complaints of broken windows were received by police within a two-hour period, between 8 and 10 p.m. Monday. Two others were reported to police Tuesday.

Police said the vandals, believed to be a group of young hoodlums probably riding around town in a car, threw large rocks and cinders through most of the windows.

Broken car windows were reported by Anthony Dubois of 488 College Ave., Russell Vander Poel of 166 West 15th St., Claus Volkema of 160 West 18th St., and Ray De Does of 19 East 14th St., while his car was parked at 24 West 18th St.

In addition, windows were reported broken at the Thomas H. Marslijse home at 135 West 12th St. and at the home of Jeanette Veltman at 136 West 18th St., police said.

Several windows were reported smashed at a warehouse owned by William J. Mokma Jr. at 192 East 15th St. and at the rear of the Holland Rusk Co. of East Eighth St.

Police dispatched extra cruisers to the general area in which most of the malicious destruction occurred. They said Mrs. Marslijse reported hearing a car drive away immediately after hearing a rock crash through a window at the front of her home.

Over the weekend, hoodlums broke out several windows at Washington School at 156 West 11th St. Police did not say whether they thought there was any connection between that incident and the vandalism Monday night. They said that several window frames at the school had also been damaged.

**NEW PARKS STICKER** — Come Jan. 1, park users will need annual or daily stickers on windshields of their vehicle to enter 55 of Michigan's 62 parks. Annual stickers will go on sale late in December at hunting and fishing license dealers in areas covering these 55 parks. The annual sticker (above) will cost \$2 at parks and an additional 15 cents at dealers to cover their handling expenses.

## Park Stickers Needed in '61

Persons entering Holland State Park after Jan. 1 must display annual or daily stickers on the lower righthand corner of their windshields to enter the park.

Holland hunting and fishing license dealers have received the stickers and they are on sale. Similar sales are being conducted in areas covering 55 of the state's 62 parks. Stickers will also be available at all 55 parks.

The annual sticker will cost \$2 at parks and an additional 15 cents at dealers to cover their handling expenses. Daily 50-cent stickers will be sold only at those parks where they are required.

Basically, stickers will work much as fishing and hunting licenses do in promoting the purchase and development of lands at public fishing sites and state game areas.

Next year's sticker sales, estimated to total about \$1,063,000, will be earmarked to retire at proposed bond issue which, pending legislative approval, will launch a \$3,000,000 parks improvement and lands acquisition program the current fiscal year.

Eyes for acquisition under the first-year program are more than 1,800 acres of parks lands, including some 500 acres with Lake Michigan frontage in the Ottawa-Muskegon County Area. Recreation lands are sorely-needed in this area to ease heavy pressures at Holland and Grand Haven parks, each of which draws more than 1,000,000 visitors annually.

Stickers will be required Jan. 1, 1961 to enter any portion of the following state parks: Algonac, Aloh, Baraga, Bay City, Brimley, Bur Lake, Dodge Bros No. 4, East Tawas, Fort Wilkins, Gladwin, Gogebic Lake, Grand Haven, Harrisville, W. J. Hayes, Higgins Lake, P. H. Hoelt, Indian Lake, Interlochen, Lakeport, Ludington, F. J. ## Class Makes Extensive Study Of Water Transportation

Fifth grade students of Mrs. Joy Sicard in Van Raalte Elementary school have made the city of Holland their laboratory for an interesting study of the use of water transportation.

The study is an outgrowth of a summer project on community resources in which Mrs. Sicard participated along with other teachers of local public schools. The project was adapted to fifth grade level to provide valuable experience in community functions.

In studying water transportation, the class visited Bay Haven Marina where Robert Linn explained services for boats anchored there. They saw a boat removed from the water for storage and another lowered into the water.

Speakers in the classroom were David Radatz of the U.S. Coast Guard, Dr. Heusinkveld who has traveled widely in other countries, and Mr. and Mrs. Frits Klay who spoke on water transportation in the Netherlands.

The drill with Zeeland was the first outside contact the Dutch have had this season. They began practice on Nov. 21. The Holland team is composed of 39 boys at present after 66 boys turned out for the first practice. Weber said "wrestling is a self-cutting sport" in explaining the drop of candidates.

In looking over his team, Weber praised the work of Steve Penna in the 103-pound class. "He looked real well against Zeeland," Weber said.

## Government Surplus Provided Holland With Field Telephone

A portable field telephone, used by the Holland High football team for the first time this season for its road games, is another one of the government surplus items being used in the Holland public schools.

The phone apparatus, spool for wire and cart were designed and largely assembled by Ed Prins, Superintendent of Building and Grounds for the public schools, and welded by Henry Bomer of the school staff. It aided Holland in winning all four of its road games.

This was the first time a field phone was used for all Holland High games. A plug-in phone system has been used at home games in Riverview Park for several years.

The field telephone was handled by Line Coach Jim Jebb in the press box or from a vantage point high in the stands. He would spot defensive patterns and offensive moves by Holland and the foes and relay them to Coach Bill Hinga.

Many teams use phone systems and Hope College's End Coach Ken Weller holds a similar assignment for the Flying Dutchmen.

Serviceable field telephones are included in the items made available through government surplus. The surplus, Prins said, includes materials they can no longer use because the product is obsolete or models have been changed.

These items may be obtained only by public and parochial schools, hospitals and civil defense. Three depots in Michigan have the materials.

The materials are dispensed by the Federal Surplus Commodities Commission in Lansing. This group publishes a list of articles available.

Prins said Holland public schools have obtained many tools, drills, envelopes and lots of canvas. "We have bought 115 duffel bags in good condition for football gear at 25 cents a piece," Prins said. Many of the surplus articles have been purchased for the Holland school machine shops.

## Woolworth Building Will Be Torn Down

The Woolworth building, one of Holland's oldest leading landmarks in the downtown section, will be torn down soon.

In its place will emerge a fine, new ultra-modern one-floor building twice as large as the present one to house the Woolworth operation at Eighth St. and Central Ave. The property is owned by Charles R. Sligh, Jr., who has been working with the Woolworth Co. for a long time on the new venture.

The store will close Dec. 31 and then will reopen for some time in January for clearance sales. Wrecking operations will take place soon afterwards followed by new construction. The store expects to be back in business for the school trade Sept. 1, an ultra-modern fountain along the Central Ave. side with 30 stools instead of the present 15 may be in operation even earlier.

The new store will have almost 10,000 square feet of floor space compared with the present 4,800 square feet. It will extend over the present open area to the south almost to the bowling alleys. There will be a rear entrance on the south, serving both Central Ave. pedestrians and the offstreet parking area, according to Store Manager James W. Thomas.

As is the case with all new Woolworth stores, the Holland operation will be self-service with three checkouts in front and one at the rear.

The building with its distinctive tower was built around the turn of the century and for several years housed First State Bank which was incorporated in 1889. This bank which later merged with Holland City State Bank to become eventually First National Bank is now located diagonally across the street. The building has been occupied as a Woolworth store for many years.

## U.S. DECLARES WAR

### 1500 Are Killed in Japanese Blitz on Hawaii

**NATION RECALLS DAY OF INFAMY**—This is the front page of The Sentinel as it appeared the day after the infamous Dec. 7, 1941, attack on Pearl Harbor by Japanese

carrier-based planes. Today the citizens of the United States are observing the 19th anniversary of the action which launched this nation into the greatest war in history.

## Holland Today Much Like City in December, 1941

By Roger Snow

In Holland, Dec. 7, 1941, was a day not much different from Dec. 7, 1960.

Only 14 shopping days remained until Christmas. The weather was cloudy and windy with a forecast calling for snow and colder. The maximum temperature was 37, the low 22.

Newspapers carried ads showing off new automobiles which could be bought for \$810, and political cartoonists depicted the government's struggle against inflation. Cleveland P. Grant of Covington, Ky., was scheduled to appear in Holland for a lecture on birds at the Woman's Literary Club.

Behind the normal excitement of the Christmas season and local social news items, newspapers carried stories of an ominous, threatening nature. Tension was mounting in the U.S. as war clouds hung heavy over much of the world.

For some time the impending threat of war had appeared in news articles. The torpedoing of the U.S. destroyers Kearny and Reuben James by the Germans had not been felt as sufficient cause for a declaration of war.

The situation in the far east became increasingly more critical as the Japanese increased attacks on neighboring countries. American, British and Dutch military forces were mobilized for fear of a Japanese thrust southward from Thailand and Indo-China.

Meanwhile, hope slowly dwindled in talks between U.S. and Japanese diplomats in Washington. With the threat of war growing, the U.S. prepared for the eventual conflict.

In spite of the mounting certainty of war with Japan, the attack on Pearl Harbor on Sunday, Dec. 7, came as a shock to most Americans. Almost immediately the nation rallied. Sweeping changes were noted in Holland at that time.

Capt. James R. Rose, commander of the Holland National Guard unit, issued a call for 10 new recruits. Capt. Charles Bontekoe, officer in charge of the Holland Coast Guard station, received orders to cancel all leaves and call all men to their stations at once. Holland police were called upon to maintain guards at the local light plant and various industries in Holland engaged in defense work. Throughout the night of Dec. 7, police maintained a careful watch on various industrial plants.

The watch at the power plant was doubled. Officer Dennis Ende and Bert Hulsebos stood guard at the plant on the fateful Sunday. Police Chief Jacob Van Hoff issued a request for part-time guards. Forty persons answered the chief's request.

The Ottawa County Sheriff's Department established a 24-hour guard at the Park Township Airport. All counties throughout Michigan began enrolling fire-fighters and police volunteers for immediate training.

At least nine persons from Holland were reported in the Pacific war zone at the outbreak of hostilities. They were Fred Bertsch, Mrs. Ellen Stephenson, Glenn Nyhuis, Frank Varano, Harry Hop, Marjorie Du Mez, Lucian Paulus, Mrs. Catherine Bush and Jay Nevenzel.

Bertsch was stationed aboard the destroyer Case at Pearl Harbor.

Mrs. Stephenson, the former Ellen Rhea, was living in Honolulu where her husband was associated with a special department of the U.S. Navy.

Nyhuis was serving with the Army engineer corps, 34th division, at Schofield Barracks in Hawaii.

Hop, a bomber pilot, was at Midway at the time of the Japanese attack. He had been in Honolulu for more than a year and had been scheduled to return on Dec. 11.

Varano was stationed aboard the light cruiser Detroit at Pearl Harbor as a radio operator.

Miss Du Mez was in Honolulu on Dec. 7, 1941. She was a teacher at a school for the deaf and blind. Nevenzel was stationed with the U.S. Marines on Wake Island at the outbreak of the war. He had been at Pearl Harbor until Oct. 18, 1941.

Paulus was in Honolulu where he worked as an industrial arts teacher for 10 years at Farragut School.

Mrs. Bush was with her husband Lt. Col. Gale Bush of the 35th infantry at Schofield Barracks.

It was 19 years ago today that Holland joined the nation in rallying to the cry "Remember Pearl Harbor." For nearly four years the U.S. battled back from the pounding it took at Pearl Harbor, determined that another "Pearl" would never catch this country off guard.

## Exchange Club Hears Doctor For Veterans

Dr. Harry Vander Kamp, a member of the staff of the Veterans Administration Hospital in Battle Creek, addressed members of the Holland Exchange Club at their regular noon luncheon Monday in Hotel Warm Friend. The speaker was introduced by Russ Michmershuizen, member of the program committee.

Dr. Vander Kamp who also is engaged in mental research at the hospital, said that mental illness is very common.

Most of the men being treated for schizophrenia at Battle Creek are in their twenties or thirties, he said. A popular idea is that their illness is due to some experience in the war, but the evidence does not support this conception. They are men who might have developed this illness anyway.

The schizophrenic, Dr. Vander Kamp said, differs from the normal man in several ways. Their reactions to events differ widely from the normal; it is hard for them to tell what is real and what is not; concrete thinking seems impossible; they cannot take stresses and so are apt to make mountains out of molehills; they are loners and live almost entirely within themselves. While many of them are brilliant, they are not able to hold a job because of this split mindedness and cannot make a satisfactory adjustment socially or in their marital relations.

The first big change in the treatment of these unfortunate was the discovery of the effect of tranquilizers, he said. This has made a big change in the conditions under which they live at the hospital but has made no advance in healing.

Research is still going on all over the country about one million dollars per day being spent. There seems to be some evidence that this condition is hereditary.

Preceding this speech, President Dwight Ferris announced that plans for the annual home show are progressing satisfactorily and that the show will be held the third week in February.

Plans for Christmas activities were discussed at a regular meeting of the Eagles Auxiliary held Friday with the president, Mrs. Geraldine Austin, presiding.

A district meeting will be held at Muskegon Heights Saturday at 8 p.m. The Holland Auxiliary also is invited to attend the Fort Custer Christmas presentation Sunday at the Fort Custer State home.

## Christmas Carols Traced At Century Club Program

Hearts of Century Club members were warmed by the music and the message of the Christmas carols when they gathered in the Woman's Literary Club on Monday evening for their Christmas program.
