Rev. K. Van Goor conducted services in the Lake Shore church last Sunday.

Charles Doud will appear before Judge Padgham in the Allegan circuit court for sentence, December 21.

No special term of court was held this week as Judge Padgham is too busy in the Allegan circuit court.

A marriage license was issued Saturday to Elijah H. Husted, aged 68, and Emeline Cain, aged 81, both of Olive. Mrs. Cain is the oldest woman to whom a marriage license has been issued in Ottawa county.

With the thermometer lingering lovingly from ten to fifteen degrees below zero it is not necessary to remark that winter is here. Those who have not consulted the thermometer are called upon to consult the plumbers.

The infant child of Mr. and Mrs. C. Kerkhof died Saturday. Death was caused by lung fever. The funeral was held Tuesday afternoon from the home corner of Sixteenth street and College avenue, Rev. G. H. Dubbink officiating.

The executive committee appointed at the local option mass meeting held at Allegan Nov. 20, have decided that the time is not ripe for the pressing of the question of local option at the next election. The work was not commenced in time to perfect a thorough organization and without this success is doubtful.

At the annual meeting of the teachers of the Sunday school of the First Reformed church the following officers were re-elected for the coming year: Superintendent, L. Schoon; secretary and treasurer, John B. Steketee; librarians, J. Westveer, J. Dinkelo and P. DeSpelder; chorister, H. Geerlings; organists, Ellen Winter and Minnie Schoon.

Another brick block will be built in Holland. S. Sprietsma, the shoe dealer, has made arrangements for the construction of a two story brick block on the site of his present place of business on Eighth street. It will be built next spring and it is likely that the wooden building now on the site will be moved to another location. The new building will be 100x18 feet. It will be modern in every respect, with a stone front.

The annual meeting of the Michigan State Teachers' association will be held at Grand Rapids December 26-28. Among the noted people who will deliver addresses are Booker T. Benton Harbor Evening News: Chief of Police Morton, of St. Joseph, has received a telegram from Captain Gallas, of the Michigan City police, which states that Harry A. Skinner, a well known St. Joseph young man, was found wandering about the streets there in a demented condition.

Morton was urged by telegram to send some of Skinner's friends to Michigan City after him. Early last summer Skinner bought a boat livery outfit at Ottawa Beach and went there to run it. One day he was overcome by the heat and the doctors pronounced it sunstroke. He recovered from this later and returned to St. Joseph where his friends were pleased to note an improvement in his health. Later he went to Michigan City. It is said that the extreme cold of Sunday brought about a recurrence of the effects of the sun stroke and caused insanity.

Rev. K. Van Goor will preach in the Second Christian Reformed church at Grand Haven next Sunday.

The new vestry room and guild hall of Grace Episcopal church will be ready for occupancy Christmas.

The steamer Soo City has been taken off the St. Joseph-Chicago run and has gone into winter quarters at Benton Harbor.

Commandant Jan Kriege, who is the guest of Dr. L. A. M. Blemens, will deliver a pro-Boer address at Ebenezer this evening.

Congressman William Alden Smith has introduced a bill to establish a steam fog signal station at the entrance of Holland harbor.

It is expected that the new M. E. church will be ready for occupancy a week from next Sunday. It will not be entirely completed but will be in condition to hold services therein.

There will be a game of football on Saturday, Dec. 28, between an eleven from Fennville and one that has been organized to uphold the honor of Saugatuck.

A meeting will soon be held at Holland for the purpose of organizing an Ottawa and Allegan county base ball league. The Twin-City club will have a representative present.—Douglas Record.

It will save many weary hours of Christmas shopping if you carefully read Hardie's big jewelry ad on last page of this issue. It covers a full half page and is full of ideas for Christmas gifts.

Among the marine transfers recently recorded in Grand Haven customs office are the following: Steamer Harvey Watson sold by Wm. H. Beach to Fred A. Colby, of Holland, 4 12 interest. Consideration, \$750. Steamer Lizzie Walsh sold by Almond G. Cutler to Viola Cutler of Pentwater. Consideration, \$850.

Grand Rapids Herald: T. B. Goosen received a card from John J. Bannigan, who with his wife is on his way to India as a missionary. The card was written November 27 and was dated at Port Said, Egypt. His home was in Holland City and he was president of the Fourth district Christian Endeavor society before he left for India last September.

Mrs. H. Peterson died Tuesday at the home of her parents 265 West Sixteenth street of consumption after an illness of ten months at the age of 38 years. Besides her husband, who has been ill in a hospital at Chicago the last three weeks, she is survived by two children. The funeral was held Thursday afternoon from the house, Rev. Adam Clarke officiating.

Macatawa Bay is frozen over but the heavy fall of snow interferes with skating. Some of the young men of the city are agitating the question of having the fire department flood a portion of the ice between the steamboat dock and King's dock. They say that this is the only way to secure good skating. Others say that the only way is to secure some enterprising man to run a skating rink.

The Holland & Lake Michigan Railway company is considering the removal from here to Jenison of its car shops and barns. The company finds it inconvenient to operate under the present arrangement and may build shops on its ten acres of land at Jenison. The company has built an addition to its station building here, in which it was expected to locate the shops and barns, but this plan is now considered impracticable.

The people of the county will approve of the methods adopted by Sheriff Dykhuys in dealing with the tramps in the county jail, who refuse to work. The tramp nuisance is becoming such a nuisance that bread and water as regular fare is none too good for them. Time was, when it was reported that it was the ambition of county and city officers to arrest as many hoboes as they possibly could, but that cannot be said now. In the jail the tramp has a far better and warmer lodging place than many of our citizens.—G. H. Tribune.

It has been demonstrated during the heavy snow storms of this week that the Grand Rapids, Holland & Lake Michigan Rapid Railway company need not be afraid of the snow. Although the big rotary snow plow was not ready for business, the home made plow designed by superintendent Kinch was fully able to cope with the heavy drifts and traffic was not obstructed in the least. The big interurban cars go over the snow laden rails as easily as a boat plows through Macatawa bay in the summer.

## Does He Smoke?

If he does, why ponder longer over what to buy for Christmas? A box of his favorite brand of cigars will please him more than you imagine. Beautiful Christmas packages of popular brands put up in boxes of 25 especially for the holiday trade at \$1.00 per box. Also a great variety of larger boxes and higher priced goods.

## Con DePree's Drug Store,

Corner Eighth St. and Central Ave.

G. Blom and Wm. Van der Water arrived in the Netherlands Wednesday on the steamer Potsdam.

The Grand Haven Tribune is out with an emphatic denial that a bar has formed in Grand Haven harbor.

Thomas A. Wyers, of Saugatuck and Jennie Riedema, of Zeeland have been licensed to wed.

David Kent, an Allegan county resident, is in the business of turtle catching for the eastern market. Last week he shipped 210 pounds of live turkey to Philadelphia.

Warren Jasper, brother of the missing Frank Jasper, has announced that the reward of \$100 offered for the finding of the remains of Frank Jasper has been withdrawn.

Ed F. Davis' unmatchable production of Uncle Tom's Cabin will be given at the Lyceum opera house next Thursday, December 26, afternoon and evening. The prices for the matinee are 10 and 20 cents. Regular prices in the evening.

A Grand Haven dispatch says that much concern is felt there over the condition of the bar at the mouth of the harbor. The water over the bar is said to be growing shallower with every storm, and when the sea is especially high the Crosby boats dare not go out lest they strike on the shoal. The bar promises to delay the boats more or less all winter.

All the employees of the American Express Co. will receive a Christmas present. Each man including the venerable Otto Breyman and his staff, will be presented with a \$10 gold piece. Last year each one received \$5 in gold, but owing to the prosperous condition of the company and the faithfulness of the men, this amount was doubled. Employees who have not been with the company a year are not in it.

In accordance with its well established custom the News has begun to send subscription statements, and urge those receiving them to give the matter prompt attention. Individually the sums are very small but in the aggregate, apportioned as they are among about 2000 subscribers, the amount is considerable, and is an important item in our accounts. The first of the year (the time for the settlement of business affairs) is approaching and, in common with others the proprietors of the News would like to be placed in a position to determine its financial standing. Subscribers can aid it in reaching this position by paying prompt attention to subscription accounts.

A party of the men who financed the Grand Rapids, Holland & Lake Michigan Rapid Railway had dinner at Hotel Holland Monday. They came here on a special car and were on a trip over the line to inspect the property and its prospects. Included in the party were J. K. Andrews of the firm of Warren, Andrews & Co., of 16 Wall street, New York, the holders of the bonds of the road, and Messrs. Billings, Laycock, Bell, Bogart and Prendergast of Wilkesbarre and Scranton, Pa. Sybrant Wesselinus made the trip over the line with them. The men seemed pleased with the road's prospect for success and said that the showing thus far was remarkable, in view of the fact that only a few cars were running and that it is the winter season. Next summer with more cars in operation and the resort traffic to draw upon, it is their belief that the road will be a better paying proposition than any of the interurbans leading out of Detroit.

FRIDAY, Dec. 30.

NEIGHBORING TOWNS.

Filmore

We did not appreciate the weather the first of the week. The Grainschap creamery paid 22 cents per pound for butter delivered during the month of November. Rev. DeJonge of Zeeland preached at Ebenezer last Sunday. Next Sunday Rev. Bias of Beaverdam will occupy the same pulpit. Miss Driesinga of Borculo visited her sister, Mrs. Gerrit Oonk. Mrs. J. J. Van den Belt returned home last Tuesday after staying with her brother-in-law, Mr. Jacob E. Pas, of Holland town for five weeks as housekeeper. John Dainig returned home to breathe the winter after staying with H. Boeve for nine months. Miss Sena Lubbers is visiting relatives and friends in East Saugatuck.

Beaverdam

Miss Sophia Veldman and Herman Van Uil were married at the home of the bride's parents. Miss Minnie Hop and John DeJongh were married by Rev. Baas this week. They will make their future home in Zeeland. Born to Mr. and Mrs. J. Hureman—a son. Mr. and Mrs. Wm. Vermeulen has returned home from Chicago, where they attended the funeral of Mrs. Van Wieren. Mrs. John Velderman has returned from a visit to Kalamazoo. S. Rekus has rented his farm to Wm. Van Wyk.

Overisel

Death took away the youngest daughter of Rev. and Mrs. Van Veen, of Overisel. The funeral was conducted from the Chr. Reformed church of Colledoorn, Rev. Huksstra officiating.

Wildwood, Mich.

The weather is very warm, and there is no snow on the ground. The ground is not even frozen. I never saw any warmer fall weather in the southern part of the state than we are having here now. I see single worms crawling around on the land today and you know that it must be very warm and the ground soft for them to be out. I was afraid that I could not get all my building done this fall, but I have got the dead wood on it now. I have a stone wall under our house, barn, chicken house, and an addition to the house, all shingled and enclosed, so I can work inside. There never has been a regular clover bulle in this country, and so we did not get as much to thresh as we shall another season if weather is favorable for the seed. We threshed about 100 bushels of seed. This is a great country for clover and grass. I bought a load of corn, and I don't see but it is just as good and just as large a variety as I ever raised in Ottawa county. Charley Ogden, and three other young men, went out camping for a week 15 miles from here. They came back today. Among their game they killed a bear and wounded another which they did not get. Charley got the first shot on the one which they did get. The boys say that a bear can outrun a deer. They measured some jumps and say they were 14 feet. It was very poor hunting because there was no tracking snow, therefore a hunter made too much noise in walking through the woods. Wm. Willink and Arthur did not take out a license to hunt deer. They are after small game for the fur, and have out some traps. We expect to saw and run the planer every day this week as we have a number of bills for lumber to fill. Three families left here five years ago and have been through a good position of the West. They all came back again a few days ago, satisfied to stay here and have bought land. We have three families here who came from near Benton Harbor. They are wide awake and good people. Mr. Taylor, Mr. Smith and Mr. Atchison. They have been here about two years and are doing well. Most of the settlers that are here are from Ohio, Pennsylvania, Indiana, southern Michigan and Canada and the old soldier is well represented among us. The log cutters can do so much better cutting logs than we can't get a person to cut stove wood and another wanting to cut Maple and Beach at 50 cents a cord could find plenty to do.

N. W. OGDEN

"Itching hemorrhoid were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently. After doctors had failed." C. F. Cornwell, Valley Street, Saugerties, N. Y.

Says He Was Tortured

"I suffered such pains from corns I could hardly walk," writes H. Robinson, Hillsborough, Ills., "but Bucklen's Arnica salve completely cured them." Acts like magic on sprains, bruises, cuts, sores, scalds, burns, boils and ulcers. Perfect healer of skin diseases and piles. Cure guaranteed by Heber Walsh, 25c.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Electric Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take, soothing in its influence; it is the remedy of all remedies for every form of throat and lung disease.

COST OF MEERSCHAUM.

The Expense Is Not in the Raw Material But in the Making of the Pipes.  
A fire in a pipe-maker's shop the other day spoiled the proprietor's stock of meerschaum, and incidentally disposed of the idea, common in most smokers' minds, that this commodity is very expensive. Meerschaum itself is not expensive. That used by the manufacturers in this country is imported as raw material from Austria, but most of it is obtained in Asia Minor. Usually there are three or four different grades, running from the rough and mixed to the pure and finely grained article. There is no duty upon it. The chunks, not unlike candle coal in shape, are packed in oblong boxes, about two feet and a half long, a foot wide, and a foot high. The raw material is quite brittle and has to be soaked in water before it is used for modeling.  
Meerschaum pipes are expensive, says the New York Post, because much of the material from which the bowls are made has to be thrown away before a piece is found that has no flaws in it. The shavings, however, are never wasted. They are used to make a cheaper grade of pipes, which are known as chip meerschaums.

## Headache

kills, not necessarily suddenly, but SURELY. It preys upon the intellectual powers more than we realize. It consumes the vitality faster than nature can replenish it, and we cannot tell just what moment a temporary or complete aberration of the mind will result. Headache and pain should be promptly removed—but properly. Many pain cures are more harmful than the pain. Beware. If you would be safe, take

Dr. Miles' Pink Pills.

"As a result of neuralgia I lost the sight of my right eye. The pain was so severe that I was obliged to take a course of Dr. Miles' Pink Pills. After taking a few boxes I was able to see again and the pain has not returned."

## CHANGE IN THE CABINET.

Henry C. Payne, of Wisconsin, to Succeed Charles Emory Smith as Postmaster General.

### LATTER TO RESUME EDITORIAL WORK.

His Resignation Is Accepted to Take Effect Early in January—Successor Is Member of National Republican Executive Committee and Lives in Milwaukee.

Washington, Dec. 18.—Charles Emory Smith, of Philadelphia, has tendered to the president his formal resignation as postmaster general, to take effect early next month, and Henry C. Payne, of Wisconsin, vice chairman of the republican national committee, has accepted the tender of the office, to which he will be nominated immediately after the holiday recess. Mr. Smith has agreed to remain until January 15, if necessary, but will return immediately thereafter to Philadelphia to resume the editorship of the Philadelphia Press.

### Announced to the Cabinet.

This change in the cabinet was formally announced at Tuesday's session of the cabinet. All the members of the cabinet expressed their profound regret, and the president paid a very impressive tribute to the services and personality of the retiring member of his official family. He said that he had sought to persuade Mr. Smith to alter his determination and to remain in the cabinet, but without success, and he had finally accepted Mr. Smith's reasons as decisive. Mr. Smith first announced to the president, the latter part of last month, that he had decided to return to his editorial duties. The president at that time urged him to remain. Mr. Smith, however, had been frequently reminded by his business associates of the duties devolving upon him, and was anxious to return to them. He had several talks with President Roosevelt on the subject, and finally on Saturday afternoon last formally tendered to the president his letter of resignation.

### The New Postmaster General.

Milwaukee, Dec. 18.—Henry C. Payne, who succeeds Charles Emory Smith as postmaster general, has been a citizen of Milwaukee for many years, and has been prominent in political circles in Wisconsin for over 25 years.

HENRY C. PAYNE.

For several years past he has been republican national committeeman from Wisconsin, and during the last two national campaigns he was vice chairman of the national republican committee. Mr. Payne was postmaster of Milwaukee for ten years, serving in that capacity under Presidents Grant, Hayes and Arthur. He was one of the receivers of the Northern Pacific railroad early in the nineties, when that property was in the courts. Later Mr. Payne became connected with various large interests, including the old Milwaukee & Northern Railroad company, now a part of the Chicago, Milwaukee & St. Paul system, the Wisconsin Telephone company and street railway properties. He is now vice president of the Milwaukee Electric Railway & Light company. Mr. Payne has been in the east for several days, but is expected to reach home to-day.

### The Street Railway Tangle Untangled

A rift has appeared in the dark clouds, and John Winter, president of the G. R. H. & L. M. Rapid railway will enjoy his Christmas turkey; so will Mayor Brusse and the members of the city council. After a legal mix-up by the luminaries of the law, a lecture on rights and duties by President Winter, and an object lesson in ethics by Mayor Brusse and his sturdy men of the people, the tangle involving the granting of an amendment, the laying of tracks on West Eighth street, the carrying of freight at certain hours and the dissolution of an injunction was cleared, and a franchise substantially the same as the one that was turned down recently was granted the company.

The atmosphere began to clear Tuesday night when President Winter appeared before the council and gave a full and satisfactory explanation of the attitude of the company, assuring the council in substance that harmony was sought, and that it was to the interests of the city and company to work together instead of apart and in opposition. He gave a history of the line and said that thus far the receipts of the company came within \$40,000 of paying the actual running expenses.

Impressed by the fairness of Mr. Winter's statements the council arranged to hold another meeting Wednesday afternoon in order that Attorney Farr, of Grand Haven, might be present and that the whole matter might be settled.

At the meeting Wednesday afternoon the entire situation was thoroughly canvassed by both sides and an agreement reached. In compliance with this agreement the injunction suit against the city was withdrawn and an amended franchise was passed which was accepted by the company.

This franchise does not differ materially from the one recently refused by the railway officials. Besides allowing the company to build a "Y" at River, Eighth and the other streets needed in the western part of the city, it permits the company to construct the proposed extension on West Eighth street, and fixes the time for hauling freight in freight cars at from 8 o'clock in the evening to 7 o'clock in the morning, except farm produce which may be carried in freight cars between the hours of 6 o'clock in the evening and 8 o'clock in the morning. The company is required to pave between the rails when called upon to do so by the city.

### The Century Forum

The Century Forum is a debating society which has been organized this year by the Junior and Senior classes of the High school. It is doing very good work in teaching its members the art of public speaking and discussion, and in furnishing them with a pleasant source of entertainment and instruction.

Its meetings, held every other Friday, are open to the public. The program consists of recitations, essays, declamations and the debate, which is the center of interest for the evening. The work, although required of the students in order to satisfactorily complete the work of the school, is entered into with considerable zest by them, for the subjects of debate are usually interesting and modern. To lend an additional interest to the discussions, judges are chosen from among the pupils or the prominent business men of the city. As the other parts of the program are also of considerable interest, the meetings would be well worth attending even if there were no other reason for doing so. But there is another reason. By being present one shows his interest in the schools and encourages the pupils to do better work in this important branch of education.

The next meeting of the society will be held tonight at 7:30, in the assembly room of the High school building. The subject of debate will be, "Resolved that the present freedom of expression of thought in the United States is so detrimental to the national welfare as to require special legislation." As the meeting is expected to be an unusually good one, a cordial invitation is extended by the members of the society to everyone to be present.

### Will Light Summer Cottages on Macatawa Bay

The Grand Rapids Holland & Lake Michigan Railway company has been granted franchises in Holland township and in Laketown township under which the company is permitted to supply electricity for lights to residents of these two townships. The resorts on Macatawa Bay are included in the grant and the company will supply the cottages with electricity. A lighting station will be built at once on the present site of the power house at Virginia Park. Rates for lights will be the same as those of the municipal plant of this city.

It is provided that in case the city limits are extended to take in territory supplied with light by the railway company the city shall have the privilege of buying the privileges and the material controlled by the railroad company in the incorporated territory, the price to be determined by arbitration, the city to select one arbitrator, the railway company another and these two a third. If the two arbitrators cannot agree on a third the judge of the circuit court of this county will be asked to make the selection.

### We Never Worked and We Never Will

"His name is Jack; my name is Bill. We never work'd, and we never will." is the refrain that has been ringing in Sheriff Dykhu's ears this week, and all because the hobos at the county jail refused to wield the heavy hammers at the county stone pile. Eleven of them, failing to appreciate the kindness of the board of supervisors in securing them long sought jobs, were locked in their cells and fed on bread and water because they disobeyed the sheriff's orders.

It was expected that this diet, so different from that furnished by the ladies of the land to the kitchen door callers, would awaken in their hearts a sense of the duty they owed the county for furnishing them board and lodging. But "sary" an awakening. It had a little impression, however, and some of them offered to shovel snow, but the sheriff said "stone pile or bread and water."

The terms of several of the gentlemen of leisure expired Wednesday and they went out in the cold, cold world, vowing to steer clear of this county in the future. The others are still "argufying" with the guardians of the law and are shrinking to mere shadows on the bread and water diet. Shorry, the king of the hoboes, is the ringleader of the gang.

### Swindled On The Midway

One of Holland's prominent citizens received a letter from Buffalo, containing a newspaper clipping that told the following tale about John Names, a well known and popular farmer living near Ottawa Station:

"John Names is a Pan-American visitor. He arrived in Buffalo on Thursday, having come alone to this city from his farm near Holland, Mich. He had saved a little money. He did not intend to stay here long and the money he had with him would just about enable him to spend a week at the fair. The rest of the story is best told in Name's own words:

I came to the exposition yesterday morning. It was the first time I had seen the fair and I decided to make a day of it at the grounds.

I went through a big building they called the Horticulture building and came out where there is a show called the Indian Congress. I bought a ticket to the show and went in. The show was not ready to begin and I loafed around awhile and then went over to where there was a stand. Some men were playing a game which they told me was a fishpond. I asked them how it was played and they said that I paid my money and got some of the wooden fish which were floating about in a little tank. The men said the fish had numbers on them and that if the numbers were winning ones I would get a dollar for 25 cents.

That seemed like pretty big profit to me and I thought if I could win some money I could stay here a little while longer. I stood for a little while watching some of the fellows that was playing the game. One of them seemed to be winning all the time. I saw him take in \$25 one after the other and I sort of got the gambling fever I guess.

I never saw the game played before, but it looked so easy and the profits were so big that I thought I would make a try. I paid 25 cents and the man gave me seven fish. I called out the numbers one by one and each was a losing number. Several times I thought I had a winning number, but the man said the figure which looked like a seven was a one and he said 'you lose.' Pretty soon the man began to make bigger odds and I was paying \$1 at a time. Later I bet \$5 against the man's \$5. It went on that way until I lost about \$40. That was all the money I had with me and I began to worry to know how I was going to get home. I didn't even have a nickel for carfare. I asked the man

next to me who was winning all the time if he would divide or give me \$5 to go home with. He said 'I don't know you; go to hell.' The man followed me out to the gate of the show and then went back to the rack where the fishpond was. I then went down to the police station and made a complaint. They sent an officer down, but the fishpond was closed and there was no one around. I tell you a fellow has got to be mighty careful up here. I come to think afterward that the fellows who were winning might 'a been connected with the game."

### Common Council

The common council was very busy this week. One meeting was held Tuesday night at which considerable routine business was transacted and another was held Wednesday afternoon when the street railway franchise matter was settled.

At the Tuesday night's meeting the clerk reported bowling alley bond of H. Van Tongeren and Ralph Van den Berg as principals and Edward Vaupeil and A. B. Bosman as sureties, on file in his office duly approved by the Mayor. Filed.

The clerk reported that at a meeting of the board of public works held Dec. 16, 1901, the following resolution was passed:

"Resolved, that the sum of \$806.95 be ordered certified to the common council for payment to Harry Van der Veen balance due on contract for constructing trunk sewer on Central avenue, the proper deductions for engineering services, etc., having been made."

Allowed and warrant ordered issued. The property owners on Fourteenth street between Columbia avenue and Land street were granted an extension of time to May 1902, to build side walks.

Permission was granted Park Superintendent Kooyers to remove 100 feet of the sidewalk along the East side of Centennial park for the purpose of digging trenches to remove every alternate tree from the park and place it outside the sidewalk.

B. Riksen, the contractor having in charge the work of grading and graveling Central avenue, has been forced to stop work by the wintry weather. He will finish the work in the spring.

## COLDS

We Have Many Friends Here in Town Who Are Subject to Such Trouble.

Colds if neglected lead to serious and often fatal consequences.

Do not go on living with the continual dread of catching cold. There is no need of it. People who take cold easily do so because their system is in just the condition to contract them.

We know of something that will quickly drive colds out of the system by invigorating the entire body. It is VINOL, the great tonic reconstitutor, that contains all the active curative principles found in cod liver oil.

Here is one letter that we have had presented to us that we would like our friends to read:

"I have been suffering from a severe cold for a number of weeks, and having heard so much about VINOL as being a cure for such troubles, I decided to try it. Two bottles entirely cured me and I now feel in better health than ever before in my life. J. M. Brown, 319 W. Mahanoy St., Mahanoy City, Penn."

Remember that if you do not find that VINOL is all that we claim for it we are always glad to refund to our customers the money that they pay us for it, which emphatically endorses VINOL.

There is a gladness in Giving. But of course how long this gladness will last depends upon how wise and how well we give.

If we only consider how beautiful a present we can give, gladness will only be of a short duration. But if we try to combine the useful with the ornamental we have the ideal Christmas present—we have given something which will give continual gladness.

## SAMPSON WILL PROTEST.

His Lawyers Preparing Bill of Exceptions to Dewey's Laudation of Schley.

HAS UNTIL THURSDAY TO FILE SAME.

Will Insist That He (Admiral Sampson) Was in Command at Santiago—Schley Confers with His Attorneys Over His Bill of Exceptions to Majority Report.

New York, Dec. 18.—Stanton & Campbell, attorneys for Rear Admiral Sampson, are engaged in drawing up a formal protest against the minority finding of Admiral Dewey in the Schley court of inquiry. Mr. Campbell said:

"We are preparing a brief, and have until Thursday afternoon to file it. It is based upon the record of the court. Three times, in behalf of Admiral Sampson, there was a tender of evidence to show who was in command at the battle of Santiago. The court ruled that such testimony was inadmissible, and the question was not gone into. As a matter of fact, Rear Admiral Sampson's flag was never down at Santiago, and he was in command of the squadron. The question of command at Santiago had already been passed upon by the court of claims, which awarded that honor to Rear Admiral Sampson."

Have Until Thursday.

Washington, Dec. 18.—It is understood that Admiral Sampson's attorneys will be given the same time for filing the protest against the approval of Admiral Dewey's report as Admiral Schley's attorneys have for filing objections to the conclusions of the majority of the court. This will be until four o'clock Thursday afternoon. The officials decline to discuss what standing, if any, protests filed on behalf of Admiral Sampson may have in the present instance.

Bill of Exceptions Presented.

Washington, Dec. 18.—Admiral Schley, late Wednesday afternoon, through his counsel, presented to the secretary of the navy his bill of exceptions to the findings of the majority of the court of inquiry.

Admiral Schley, through counsel, also has served notice that if Admiral Sampson objects to the finding of Admiral Dewey he will claim the right to be heard in reference to such objection.

In regard to this last claim Secretary Long informed counsel that it was not the practice of the department to have oral hearings on matters of this kind. He intimated that he would entertain a written argument.

Schley in Conference with Counsel.

Washington, Dec. 18.—A conference was held Wednesday between Admiral Schley and his counsel. The bill of exceptions to the majority findings of the court of inquiry has not been fully completed but it was to be ready for presentation to the secretary of the navy some time during the day. It will claim that the findings of the court should be set aside on the broad ground that they are not in accordance with the evidence; and following this, each point in the report, such as the charges of dilatoriness, disobedience of orders, the sending of misleading dispatches, the controversy with Lieut. Hodgson, the famous loop, etc., will be touched upon in turn, and the salient features of the evidence disproving these charges pointed out.

Practically the protest will be a review of the evidence in the case, submitted in such a way that Secretary Long will have the opportunity to pass upon the whole controversy.

Irishmen Sent to Jail.

Castlebar, Ireland, Dec. 18.—The hearing of the charges of holding meetings and delivering intimidating speeches in defiance of the police brought against Conor O'Kelly, M. P., chairman of the Mayo county council, and several other officials of Mayo county was concluded Wednesday. All the sentences imposed were without hard labor.

## FATAL COLLISION.

Trains Come Together on the Illinois Central Railroad and Eight Persons Are Killed.

Rockford, Ill., Dec. 18.—Failure on the part of a conductor to obey orders is supposed to have been the cause of a head-end collision on the Illinois Central between Irene and Perryville early Sunday morning. The two trains were the east-bound passenger train No. 4 and a through freight from Chicago going west. As a result eight people are dead or missing and 11 injured. The known dead are:

Rockford, Ill., Dec. 18.—The coroner's jury held the crew of the freight train responsible for the wreck on the Illinois Central near Perryville, charging disobedience of orders.

## ENORMOUS DONATIONS.

Chicago University Recipient of Gifts Amounting to \$1,625,000—Rockefeller Gives \$1,250,000.

Chicago, Dec. 18.—The University of Chicago received a Christmas present of \$1,250,000 Tuesday from John D. Rockefeller, the founder of the institution. A gift of \$375,437 was also announced, with the names of the donors and the purpose for which the amount was given withheld. The latest gift of Mr. Rockefeller makes a total of over \$10,000,000 which has been donated by the founder of the university. Of the amount that was given from the Rockefeller millions \$1,000,000 will be used in the general endowment fund of the institution and \$250,000 will be employed in meeting the regular annual deficit. The university has received during a little over ten years of life nearly \$16,000,000 in gifts.

## HAVE COMMON INTERESTS.

Capital and Labor Seek to Formulate a Scheme of Plan and Scope.

## COMMITTEE APPOINTED BY CONFERENCE.

Men of Influence and National Reputation on Both Sides Interested in This Great Effort to Find Basis for Settlement of Great Questions Now Dividing Them.

New York, Dec. 18.—Charged with the task of drafting a scheme of plan and scope, the general committee appointed Tuesday at the labor and capital conference met Wednesday in private conference to take up its work.

Among those in attendance were Oscar Strauss, Charles M. Schwab, S. R. Callaway, Charles A. Moore, Cornelius N. Bliss, Lewis Nixon, J. J. McCook, R. M. Easley, Samuel Gompers, John Mitchell, Frank Sargent and James Duncan. It was announced that a committee of plan and scope upon which Senator Hanna, Archbishop Ireland, Bishop Potter, and Messrs. Gompers, Nixon, Mitchell, Callaway, Sargent, Bliss, Schwab and Strauss had been named, would present a preliminary report during the day, but all information as to the nature of the report was withheld pending its consideration.

Before the meeting was opened Wednesday Chairman Strauss made a brief statement for publication.

"I cannot tell you anything about the plan for putting into practice the peaceful projects of this conference," he said. "We are at work on it, and in due time it will be made public. I believe every man named on the committee will serve. All of the labor leaders have accepted and in this epoch-making union of labor and capital no man can deny his services to a project that means such a great good for his country. The approval of the labor leaders means the cooperation of more than 2,000,000 organized workers. As we progress in this work it becomes more apparent that the chief cause of trouble in the past has arisen from misunderstandings. Never were truer words spoken than by John Mitchell Tuesday, when he who has seen more strikes than any man of his age in the country said that there never was a strike which could not have been averted if the opposing interests had first met and fairly considered their respective rights."

When the general committee was called to order Senator Hanna was selected chairman.

## Conclusions of Committee.

The following statement was given out at the conclusion of the executive session:

"This committee shall be known as the industrial department of the National Civic Federation.

"The scope and province of this department shall be to do what may seem best to promote industrial peace, to be helpful in establishing right relations between employers and workers; by its good offices to endeavor to obviate and prevent strikes and lockouts; to aid in renewing industrial relations where a rupture has occurred.

"That at all times representatives of employers and workers, organized or unorganized, should confer for the adjustment of differences or disputes before an acute stage is reached and thus avoid or minimize the number of strikes or lockouts.

"That mutual agreements as to conditions under which labor shall be performed should be encouraged, and that when agreements are made the terms thereof should be faithfully adhered to both in letter and spirit by both parties.

"This department, either as a whole or a subcommittee by it appointed, shall, when requested, act as a forum to adjust and decide upon questions at issue between workers and their employers provided in its opinion the subject is one of sufficient importance.

"This department will not consider abstract industrial problems.

"This department assumes no power of arbitration unless such powers be conferred by both parties to a dispute.

"This department shall adopt a set of by-laws for its government.

"Officers were elected and committees appointed as follows:

"Chairman—Senator Mark Hanna.

"Vice Chairman—Samuel Gompers and Oscar S. Strauss.

"Treasurer—Charles A. Moore.

"Secretary—Ralph M. Easley.

"Committee on by-laws:

"Oscar S. Strauss, S. R. Callaway, James H. Eckels, John J. McCook, Samuel Gompers and Harry Hite.

"The committee on by-laws will report a set of by-laws to the executive committee at a meeting to be held about the last week in January, the date to be fixed by the chairman."

## Mortgage Sale

Default having been made in the conditions of payment of a certain mortgage, given by Emulous Brown of the township of Olive, Ottawa County, Michigan, to John D. Everard and George E. Kollen, of Ottawa County, Michigan, dated the fourteenth day of April, A. D. 1899, and recorded in the office of the Register of Deeds of Ottawa County, Michigan, on the 17th day of April, A. D. 1899 in Liber 54 of Mortgages on page 197 on which mortgage is contained a power of sale that has become operative by said default; which also contains a stipulation that in the event of non-payment of the principal and the interest or any part thereof at the time and in the manner and at the place specified in said mortgage to be made, then the interest thereon shall become principal and sixty days thereafter the whole amount shall become due and payable. And whereas default has been made in the payment of the principal and the interest, as set forth and specified in said mortgage, and part of said principal and said interest has been in default for more than sixty days after the same became due and payable, therefore the entire amount of three hundred sixty six dollars \$366 has become due and payable, together with twenty-five dollars attorney fee provided for by law and in said mortgage; and no suit or proceedings at law or in equity having been had to recover said amount so due or any part thereof. Now therefore, notice is hereby given that said mortgage will be foreclosed by the sale of the mortgaged premises at public auction, to the highest bidder, on the third day of March, A. D. 1900, at three o'clock in the afternoon of said day, at the north front corner of the Ottawa County Court House, in the city of Grand Haven, Ottawa County, Michigan, to satisfy said sum due on said mortgage, with costs of foreclosure and sale.

Said mortgaged premises are situated in the township of Olive, Ottawa County Michigan and are described as the northeast quarter of the southeast quarter and the south-east quarter of the southeast quarter of section 5, township 6 north of range 15 west, containing 80 acres of land.

## FURNISHING SOUVENIRS.

A Large Item of Expense to Hotels  
But They Are Not Willingly  
Given.

Hotels find that the furnishing of souvenirs to their patrons is a very large item of expense, and in case of the larger houses sometimes runs into thousands of dollars a year. These souvenirs consist principally of silver forks, spoons, saltcellars and such articles of table furniture as are readily carried away without attracting attention, says the New York Herald.

The proprietors do not intend to furnish these things to enable their patrons to recall pleasant memories of hospitality; but they do furnish them, just the same.

The large hotels of the metropolis are great sufferers, and are continually buying expensive tableware to keep up the supply of souvenirs.

These things are not always taken without the act being observed, but it is not often policy to call attention to the patron's penchant for relics of his visit. If he is spoken to, it is usually in the privacy of the manager's office.

A Pan-American exposition story is told that illustrates this habit, but the same story has come from other cities of great fairs. Two pupils were telling their teacher of presents their parents had brought from Buffalo.

"Papa brought me a nice silver cup," said one. "My name was on it, and it said: 'For a good boy.'"

"My mamma brought me a silver spoon," said the other boy, "and on it it said: 'Iroquois Hotel.'"

BELIEVE THE STATEMENTS OF

HOLLAND RESIDENT

Endorsement by residents of Holland, proof positive from Holland people, cannot be evaded or doubted. Read this statement: Mrs. E. Mulder, living east of Holland near Ebenezer, says, "I suffered for years from a deranged condition of the kidneys. The secretions from those organs were irregular and unnatural. I could not rest comfortably at night and rose in the morning feeling tired and unrefreshed. The least cold or a strain always aggravated the constant heaving aching pains through the small of the back. Doan's Kidney Pills were so highly recommended that I procured a box at J. O. Doesburg's drug store and used them. I felt better after a few doses and in a short time I was entirely rid of the trouble."

## THE CASE OF IGLESIAS.

Deep Interest Awakened in Government  
Circles of Porto Rico  
Over the Matter.

San Juan, Porto Rico, Dec. 18.—The case of Santiago Iglesias, the labor organizer, awakens interest in government circles. The acting governor, Charles Hartzell, has called Attorney General Harlan's attention to the alleged conspiracy to raise the price of labor, on which charge Iglesias was sentenced to three years' imprisonment. Mr. Hartzell says that the matter has caused widespread comment, and requests that the government of Porto Rico be quickly advised as to the exact character and scope of the law under which Iglesias was sentenced, in order that proper amendments may be enacted in case of any injustice resulting from the existence of such laws. Mr. Hartzell has also urged an early hearing of Iglesias' appeal by the supreme court, so that a final determination may be had not only of the guilt or innocence of Iglesias and the other defendants, but of the existence or non-existence of the law under which they are charged. He further suggests an appeal for the amendments of the existing laws during the coming session of the legislature.

## BODY FOUND IN TRENCH.

James B. Hay, Secretary of Pacific  
Lumber Company, Murdered for  
Large Sum of Money.

Salt Lake City, Dec. 18.—The body of James B. Hay, secretary of the Pacific Lumber company, was found buried Wednesday morning in a shallow trench alongside the Rio Grande tracks near Sixth and Thirteenth South streets. Monday night Hay called at the home of Peter Mortensen, a contractor, living at 2210 Walnut avenue, and collected \$3,800 which Mortensen owed the Pacific Lumber company. Since that time nothing has been seen or heard of Hay until Wednesday morning when his body was found. The money was gone, and in the back of Hay's head was a great jagged wound.

It is the theory of the police that some one saw Hay receive the money from Mortensen, followed him when he left the house, and murdered him and buried the body in the hastily-dug trench.

Hay was 31 years of age, was prominent in Mormon church work, and was implicitly trusted by his employers. He came to Salt Lake City from Australia several years ago.

## Plucky Woman Saves Cash.

Youngstown, O., Dec. 18.—A stranger entered the office of Justice Webb on Wednesday morning and finding his clerk, Miss Clementine Hamilton, alone, demanded that she open the safe, which contained \$2,000. Upon her refusal he attempted to strangle her, saying: "If you don't open the safe I'll kill you." Miss Hamilton succeeded in breaking away, and securing a revolver, fired point blank at the fellow, who ran out of the office and escaped. It was not thought he was wounded.

## Spirit of Unity Prevails.

St. Louis, Dec. 18.—Unity of spirit in evangelistic work as well as in educational matters is manifest in a marked degree at the joint meeting of the Missouri synods of the Presbyterian church north and south, now in session here. The announced purpose of the calling together of the two synods was to appoint a joint board of management for Westminster college which heretofore has been under the jurisdiction of the southern body. Each body appointed 12 trustees.

## No Jurisdiction Over Claims.

Washington, Dec. 18.—The Spanish treaty claims commission Wednesday heard arguments in support and in opposition to a contention of government counsel that the commission has no jurisdiction under the Paris treaty of claims growing out of the sinking of the battleship Maine. The argument was opened by A. P. Morse, of counsel for the government. He was followed by C. E. Butler on behalf of the claimants.

## Big Steal of Stock Certificates.

Boston, Dec. 18.—There was a stir on State street Wednesday when it was announced that certificates of stock, aggregating above \$33,000 in value, were stolen from the office of a prominent brokerage firm last September. The name of the firm and the circumstances have not been made known. The fact has been kept secret until now in the hope of recovering the certificates through private channels.

## Fast Mail Delayed by Wreck.

La Crosse, Wis., Dec. 18.—No. 57, a fast mail train on the Milwaukee road due here at 5:30 o'clock did not arrive until one p. m., Wednesday owing to a wreck reported at Portage, Wis. She was eight hours late. It is said among railroad men that a freight train ran into the mail train and that a couple of coaches were burned up as a result of the collision. No loss of life is reported.

## Heating Plant of Asylum Burns.

Tiffin, O., Dec. 18.—The two-story brick heating plant of the St. Francis Catholic orphan's home was almost entirely destroyed by fire at three o'clock in the morning. Conditions were very serious for 300 inmates, as the thermometer registered around zero and there is no other way of heating the institution.

## Dublin Welcomes Redmond Back.

## Successful Poultry Show.

Over 200 claret voiced birds hailing from all parts of Michigan held the boards at the Lyceum Opera house this week. They are there striving to win for their owners the handsome prizes offered by the Poultry and Pet stock association at its second annual show.

The cold weather has interfered somewhat with the exhibition, but nevertheless it is a great success and will serve a double purpose. It will serve to put the association in a fair way to give another show next year and to encourage the raising of fancy poultry and pet stock.

J. L. Conkey, the Macatawa Bay poultry man, who is running H. Edward Bradshaw a close race in the poultry raising business, entered several pens and scored successes in every instance. Mr. Bradshaw has been handicapped by lack of help and did not enter any live birds. However, he has a fine exhibit of dressed poultry.

Among the other exhibitors are J. R. Hadden, A. Van der Hill, Wm. Visser, R. Westveld, Jacob Westveld, E. Cotts, J. Schipper, A. B. Buck, Harry Strowenjans, J. W. Vischer.
