### CITY AND VICINITY.

Born to Mayor and Mrs. Henry Geerlings, Monday—a son named Charles H. McBride.

Charles H. McBride has bought of Albert DeVries the lot on West Twelfth street opposite J. G. Van Putten's residence.

Perch fishing through the ice, one of the most popular of Holland's winter sports, is on in full blast and some large catches are reported.

Miss Jennings and her pupils are preparing to give Christmas exercises at the Huff school house Christmas Eve. We wish them success and a good audience.

A. McNabb, superintendent of bridge construction on the Pere Marquette railway, has been ordered to move to Grand Rapids with his office and supply station immediately.

John Jones, the young man who lost both legs in a railway accident on the Pere Marquette while serving as brakeman, has been given a job as watchman of the River street railway crossing to succeed the late Mr. Cunningham.

Dr. Fred J. Betts, formerly associated with Dr. Geo. Baker in the practice of medicine in this city, is now superintendent of the Central Friendly Inn of Cleveland, Ohio, an institution of a religious nature conducted by the Non Partisan W. C. T. U.

Joe Menish, living near Hamilton, stopped in this city Sunday on his way home from Grand Rapids, and with him stopped a load of fire-water large enough to make him so eccentric in his actions that it was necessary for Marshal Kamferbeek to lock him up for a while.

The Young Ladies Aid society of Hope church will hold a handkerchief bazaar this afternoon and evening in the Hope church parlors. Tea, sandwiches and cake will be served for 10c. Everybody is asked to attend the bazaar as the young ladies are using the proceeds to pay for the new song books.

Zeeland Record: It was a gala day for the farmers of Zeeland and vicinity yesterday, the pay master of the Heinz Co. being on hand at the office of Wm. DePree & Bro. to pay the last one third due the pickle growers, which amounted to several thousands of dollars. A free lunch was served, which shows the good feeling existing between the company and its patrons.

Mr. Harry Bird has sold for D. L. Barber the lot, 4 ft x 132 ft, just south of John Koning's store for \$1000.00 to Valentine Cooper, who lives on the Coates property in Laketown. The purchaser will immediately erect a one story brick building 100 ft. in length in which he will conduct a general merchandise store under the management of his son. Mr. Cooper was formerly a merchant in Chicago and will, no doubt, be heartily welcomed to Saugatuck.—Saugatuck Commercial Record.

It is but a matter of a few weeks now when Sheriff Henry J. Dykhuis will turn over the keys of the county jail to Sheriff elects Jesse Woodbury, and then the doughty high officer of the county for four years past, will retire to his farm in Polkton and private life. Sheriff Dykhuis bought the farm during his term of office and after years on the cobbling bench, the rolling main and in official capacity, will try raising pumpkins for a change. It is generally understood that the advent of Sheriff Woodbury means quite a change among the deputies of the county, and men who have served in that capacity for years will not be wearing the star hereafter. Rumor has it that Geo. Salsbury of Allendale will be Sheriff Woodbury's right hand man and principal deputy. And right here it is not out of place to state that the new sheriff can be rightfully called the first native Grand Havenite to hold the shrievelty position, for he was born in this city, and lived here during his days of infancy.—G. H. Tribune.

Born to Mr. and Mrs. Fred Kleyn, Sunday—a daughter.

Another rural route will be established out of Hudsonville shortly.

Rev. John E. Kuizenga of Graafschap will preach in the First Reformed church next Sunday evening.

A marriage license was issued in Grand Rapids Monday to Arnie De Feyter of Grand Rapids and Pauline L. DeWitt of Holland.

Seventeen new members were admitted to membership in the Central avenue Christian Reformed church at the last meeting of the consistory.

Sam Everett has taken Will Streeter's place as chef at Hotel Holland while Mr. Streeter is taking a two weeks vacation.

The three months old son of Mr. and Mrs. Richard Scholten died last Tuesday morning at the home, 199 East Fourteenth street, and the funeral services were held Wednesday, Rev. D. R. Drukker officiating.

Joseph Warner, Holland's well known artist, is holding a competitive sale of pictures in the McBride building. Some very fine work is shown, many of the scenes being oil paintings and water colors of local points of picturesque interest. This is an exhibition that you should not miss.

For the benefit of those who do not have all the time desired to do their Christmas shopping during the day, the merchants of Holland have arranged to have all the stores open every evening until Christmas. This is a very good plan and will please those who are to busy too shop during the day.

It was expected that the Grand Rapids, Holland and Chicago Interurban company and the Zeeland village council would reach an agreement on the franchise proposition last Monday evening, but on account of the inability of Strathearn Hendrie General manager, to attend, the matter was deferred until next Monday evening.

John TenBrink, employed for many years as foreman by the Cappon & Bertsch Leather company died Monday morning at his home on West Eleventh street at the age of 65 years. He leaves a wife and five children. The funeral services were held yesterday afternoon from the Ninth street Christian Reformed church, Rev. A. Keizer officiating.

George W. Straight, of the Holland Brick Company, has returned from the convention of the National Association of Sand and Lime brick manufacturers held in Cincinnati, Ohio. Manufacturers from all points of the United States and Canada attended the convention and the rapid progress of the industry was the gist of the statements made by all. Up to a little over two years ago there were but two sand brick factories in the United States. Now there are 60. So far as the local factory is concerned there is such a demand for the brick that it is impossible to fill all the orders promptly.

Detroit Tribune—The Holland council committee on charter revision has under consideration an amendment providing for the appointment of one of the justices of the police as police judge and the maintenance of a perfect police court system, by which all the officers would be on salary "and the abominable fee system now in vogue be abolished." It is assumed that with such a system in force there would be done away "the tendency of officers to arrest hoboes and others for the sake of securing their fees." There is no question about the fee system putting sprightliness into the legs of the constabulary, while the people foot the bills. But there are two sides to the proposition. Cases with but one side will begin to appear about the time when sticks and strings have only one end. Along in the "spring fever" days, when the blue bird and the tramp come again and the lamb that Mary had is gamboling in the kitchen and the sharps gamble in the poker room, and the curtain lifts on the police court, behold the salaried magistrate dozing on his throne, attended by salaried officers, lazily brushing the bottle flies from his nose, while on the steps outside, unmolested, snores the hobo, and above him the sign: "Nothing doing inside, but they get their salaries just the same."

Simon VanDyke is building a new residence on East Eleventh street.

Born to Mr. and Mrs. Brice Miller, East Tenth street, Friday, December 9—a daughter.

Fred Griffen, the chimney sweep known as "The Dago," fell down the stairs at Hotel Holland Wednesday night and his leg was broken above the ankle. Fred is penniless, and it is now a question whether the county, some other county or this city will have to stand the expense of his care. Dr. J. J. Mersen reduced the fracture.

The case of the People vs Sophia Schmidt of Polkton township for extreme cruelty to her children, was heard and disposed of by Judge Kirby late Saturday afternoon. Humane agent E. H. Randolph filed the complaint against the mother. John W. Powers, attorney, appeared for the people and James J. Danhof appeared for the mother. Some 30 witnesses were sworn and about two days were taken up with the matter. Judge Kirby held that the defendant was not guilty as charged and dismissed the case.

Charles H. Eckliiff of Detroit has been appointed inspector of boilers in the Grand Haven district. The appointment was made by Secretary Metcalf, Eckliiff being at the head of the eligible civil service list. The vacancy in the inspector of hulls position will not be filled until the examination papers of the recent Grand Rapids examination are looked over. The newly appointed boiler inspector became eligible at a previous examination and he comes from outside of the district.

Prosecuting Attorney-Elect Dan F. Pagelson intends to institute several reforms when he takes up the reins of office in January, among which will be a regulation that all complainants appearing before him will have to put up security for costs before the county will start criminal cases in their behalf. Mr. Pagelson will move soon from his office in the Grand Haven post office building to the prosecutor's office in the court house.

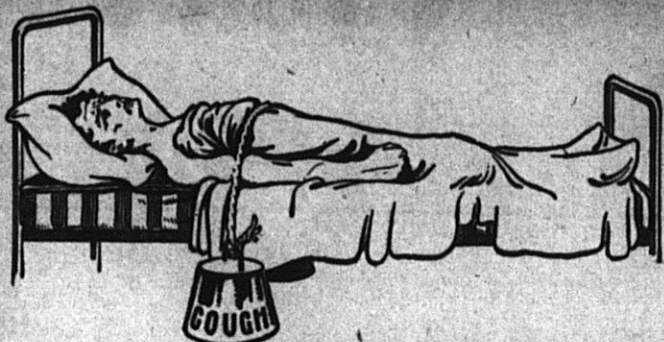

The Sunday school of the Methodist church held its annual meeting last Monday evening when the following officers were elected:

Superintendent—D. M. Shaw.  
Asst. Supt.—I. H. Fairbanks.  
Secretary—Florence Fairbanks.  
Asst. Secy.—Emma Bennet.  
Treasurer—W. Berry.  
Chorister—I. H. Fairbanks.  
Librarian—John A. Kooyers.  
Asst. Librarian—W. A. Holley.  
Organist—Jennie TeRoller.  
Asst. Organist—Blanche Luther.

The death of Mrs. Magdalene Van Doren occurred Sunday evening at the home of her daughter, 160 East Eighth street, at the age of 84 years. Mrs. VanDoren was born in Newburg, New York, and was married at the age of 27 at Burdette, New York, to Thomas VanDoren. They came to Michigan and settled in Ada where Mr. VanDoren died in 1878. Mrs. VanDoren has been a resident of Holland for twenty years. She is survived by three daughters, Mrs. A. A. Hunt, and the Misses Sarah and Anna Van Doren. The funeral services were held at the home Wednesday evening, Rev. J. T. Bergen officiating, and the body was taken to Ada for burial Thursday.

More than usual interest in the Allegan county fair was shown by the people of this village last Wednesday afternoon at the annual meeting of the Agricultural society. Fully 50 men were present when Pres. Ezra Brackett called to order. It became evident at the start that trouble was brewing, and several times while reading the report of the secretary Mr. Warner was interrupted by inquiries which caused long and useless discussions. Fault was found with Mr. Warner for having charged for going about the county advertising the fair, it being claimed his salary should have covered that. The work performed, however, was not in the least a part of the secretary's duties, and the charge made was reasonable and just. A. H. Foster was elected president, Frank Shimmions vice president, W. H. Warner jr. secretary, Roy Wilcox treasurer. W. H. Warner has been one of the most faithful and hard-working secretaries the society has ever had, and there was no reason whatever for any person to question his integrity.—Allegan Gazette.

Snow and winter have put in their appearance here.

Thomas Watson returned from his Ohio trip the 7th. He has some thrilling experiences while there. At Cleveland he fell in with a bad man who taught him to be careful with whom he deals in the future.

The entertainment furnished by the local lodge K. O. T. M. on Saturday evening was a success. The program furnished was short but the quality was such as will make it be remembered. Mr. Watson's brother-in-law, Mr. Carney, from Ohio, gave a joke or two in the funny line.

Mr. Philo May, an Allendale teacher, stopped a couple of days in this section last week. He is taking orders for a fine fitting case. He met with varying success.

Tuesday morning was our coldest time so far.

Harry Walters of Robinson lost a couple of fingers last week in an engine. Blood poison having set in he has gone to Grand Haven for treatment.

### Laketown News

The farmers all have had signs printed, "No hunting allowed" on these premises but no attention has been paid to it by the city boys. They have cut wire fences, left gates open, until now the farmers are tired and will see that the law will be enforced as every day brings so many hunters from the city that there is no game left for the farmer.

F. J. Everhart has just received a fine pen of Buff Leghorns from the Nebraska Poultry Co. They will be at the Poultry show.

H. S. Tidd and family leaves for southern Illinois this week.

J. W. Adams and family will stay on their farm this winter and will not go to Chicago as has been their custom for the past winter.

F. J. Everhart was in Grand Rapids Monday on business.

Mulder & Bruker have a fine lot of cutters which they offer at rock bottom prices.

F. J. Everhart is building a large addition on his barn.

### Wildwood

For Holland City News. N. W. Ogden, Correspondent.

We have had very fine weather here thin fall, have had no snow at all until the 27th of November then it commenced to snow a little and now the 3rd of December we have about four inches, and people begin to get their sleighs out on the roads. The bottom fell right on the dry ground and so sleighing is not very good as we had had no rain scarcely for a month.

Deer hunting was poor around here. The leaves were so dry that the deer could hear anyone a long way off and would keep out of the hunters sight, and if he got a sight at one it was a long way off, in fact too far for a bullet to reach. I don't know of only about one half dozen being killed around here.

I have just put in a Furnace under my house and it works to perfection. We have 10 inch tin pipes leading to the different rooms and are not bothered with stoves, except a cook stove in the kitchen.

The winter was terrible last winter and some have sold out and gone out west in order to find a better place, but the most of them have come back again, satisfied. One man, Kramer by name, has just got back and gone to work in Ch. boygan. He and his wife went to California and worked a couple of weeks but did not like it. Then

he went through Washington, Idaho, and came back again. His household goods got as far as the depot and he telegraphed and told the agent to hold them there until further orders, and that is as far as they got. Another man went to Idaho last winter and came back this summer. Kramer says that land such as he would have in California is from \$500 to \$1200 per acre, and he could only buy a small piece with his amount of money.

There is no sickness hereabouts at present two or three had a light touch of small pox six weeks ago.

I furnished the material and Abe Petton put him up a respectable house, clapboarded it and I put on a brick chimney.

## BANK ROBBERS SOON CAPTURED

**INSTITUTION AT PEORIA PLUNDERED IN A BOLD MANNER  
BY TWO BANDITS.**

**Make Their Escape, After an Exciting Chase, Having Secured \$1,880  
—Captured at Toulon, Ill., with the Money in Their Pockets.**

Peoria, Ill., Dec. 12.—The Peoria national bank was robbed of nearly \$2,000 in currency by two men Saturday afternoon after the paying teller, Fred Bracken, had been beaten into unconsciousness with the butt of a revolver. The robbery occurred just before one p. m. Two men entered the bank and one of them ordered Cashier Bracken to throw up his hands. The other robber hastily ran through the gate at the end of the counter, presenting his revolver menacingly at the terrified clerks who were in another compartment. Bracken, recovered from the first shock of surprise, struck at the bandit, who instantly snapped the hammer of his revolver. It failed to explode and clucking the weapon the robber struck the cashier on the head, felling him to the floor. The robbers then gathered all the currency in sight—over \$1,800—ran out of the bank, leaped into a buggy and drove through the streets at a furious pace. The police were notified and a patrol wagon loaded with officers gave chase. The buggy containing the thieves was scarcely a block away. Through the main streets the two flying vehicles careened, creating intense excitement. The police feared to fire at the robbers, owing to the crowded condition of the streets, and the thieves, leaving the buggy, jumped a fence and escaped into the railroad yards.

**The Robbers Captured.**  
Toulon, Ill., Dec. 12.—With \$1,880 in currency in their pockets, the two men accused of robbing the Peoria national bank Saturday noon, are under arrest here. The men were arrested in a lively stable about ten o'clock Sunday morning, just as they were in the act of driving away. Sheriff Malone and Deputy Davis covered them with guns and forced them to throw up their hands. A hasty search revealed five large revolvers and all of the money in their pockets.

## TO HAVE ANOTHER CHANCE.

**Certificate of Reasonable Doubt Granted in Case of a Convicted Labor Leader.**

New York, Dec. 14.—A certificate of reasonable doubt in the case of Philip Weinselmer, the former labor leader, convicted of extortion and sentenced to a term in state prison some time ago, was granted Tuesday. Weinselmer was convicted of extorting a sum of money from a master plumber to settle a strike while he was president of the building trades alliance. Late Tuesday afternoon Justice Miller fixed Weinselmer's bail at \$10,000.

## New Boat Law Urged.

Washington, Dec. 13.—Secretary McCall, of the department of commerce and labor, reviews the inquiry into the General Slocum disaster in his annual report, and urges the necessity for reform legislation to govern the steamboat inspection service. The secretary reported investigations in many states as to methods of corporations.

## Japan Accepts Invitation.

Washington, Dec. 9.—Japan has accepted the American government's invitation to participate in a second peace conference at The Hague, provided the rulings of the conference should not affect the present conflict.

## Ten Drowned.

Glasgow, Scotland, Dec. 14.—A small steamer was driven ashore in a gale Tuesday morning near the mouth of the Spey. The whole crew, numbering ten, were drowned.

## Treaty Is Signed.

Washington, Dec. 13.—The arbitration treaty between Great Britain and the United States was signed Monday.

## JURIST UNDER FIRE.

**House Votes to Impeach Judge Swayne, of Florida—Synopsis of Proceedings in Congress.**

Washington, Dec. 9.—Objection was made in the senate to consideration of the pure food bill. The appointment of Dr. Crum, as collector of customs at Charleston, S. C., was discussed in executive session. The senate adjourned until Monday.

The house spent over five hours in discussion of the legislative appropriation bill. The pay of house committee stenographers was reduced from \$5,000 per annum to \$3,000.

Washington, Dec. 10.—The house passed the legislative, executive and judicial appropriation bill practically as it came from committee, and adjourned until Monday. The house passed a resolution to adjourn on December 21 until January 4, 1905, for the usual Christmas holidays.

Washington, Dec. 13.—The senate on Monday discussed, without definite result, the pure food bill and the Philippine government measure.

In the house a large amount of miscellaneous business was transacted. The Hill financial bill was considered briefly. The bill transferring the forest reserves from the department of the interior to the agricultural department, which has been pending in congress for several years, was passed. Washington, Dec. 14.—In the senate Tuesday a number of private bills and a few bills of a semi-public character were passed and there was some discussion of the pure food bill.

The house adopted a resolution providing for the impeachment of Judge Charles Swayne, of the Northern district of Florida, for "high crimes and misdemeanors." Following the adoption of the impeachment resolution, provision was made for the appointment of five members to notify the senate of the impeachment and for a committee of seven to present the case to the senate. Tuesday's proceedings were the first of their kind since the impeachment in 1876 of Gen. W. V. Belknap, who was secretary of war in President Grant's cabinet.

The charges against Judge Swayne are falsification of expense accounts rendered for the performance of duties outside of his home district; that he has been guilty of oppression in imprisoning persons upon false charges of contempt of court; that his actions have been corrupt in bankruptcy cases; that he has not been impartial; that he appointed a friend as United States commissioner; that he is a non-resident, and that he made a junketing trip on a railway which is under his judicial control, the whole expense being paid by the receiver, who was appointed by himself.

## KILLED HIS FATHER.

**In a Fight an Aged Kentucky Farmer Is Slain by His Son.**

Cynthiana, Ky., Dec. 12.—Adam Jouett, a well-to-do farmer, about 60 years of age, was shot and instantly killed by his son Joseph at their home near Breckinridge, in this county. Joseph was in the Philippines until about a year ago. Young Jouett was badly beaten by his father. There had been much trouble between the father, on one side, and the mother and two sons on the other. The old man had served a term of two years in the penitentiary at Frankfort for killing a young man named Colvin in November, 1898, in this county.

## Plan Postal Card Campaign.

Washington, Dec. 13.—All signs indicate that in the near future a deluge of postal cards will begin pouring in upon congress from farmers all over the land, together with other small shippers, urging their congressmen to pass at this session some measure along the line of the president's recommendation for increasing the powers of the interstate commerce commission.

## Bank President Found Guilty.

Indianapolis, Ind., Dec. 14.—John H. Wood, president and cashier of the First national bank, at Matthews, Ind., was Tuesday found guilty in the United States district court on 19 counts charging him with misapplication of funds and false entries. He will receive sentence January 9.

# The LOKKER-RUTGERS CO.

39-41 East 8th St.

Holland, Mich.

## Paid Base Ball Teams do Not Pay

A man came nearly losing his life the other day in Holland. He simply approached a business man and proposed that Mr. Businessman begin the agitation of a paid base ball club for the city of Holland next summer, remarking that the time to prepare for summer sport was in the winter. The look of Mr. Businessman nearly annihilated the innocent, who was told in language more forcible than elegant that Holland's last base ball experience was so disastrous that some of the citizens are still searching their pockets for the shekels that disappeared then and have not yet returned.

Still it is too bad that Holland cannot cut a dash on the diamond. We have the timber here for a first class team and we have the fans. We also have the experience—that's the trouble. It has showed that paid teams do not pay. Therefore all that's left to do is to depend upon amateurs who are willing to play for love of the sport and who are willing to be strangers to salaries.

## Don't Use Dynamite for Bait

It is hoped that the lesson taught by Deputy J. Game], Warden Hoyt when he secured the arrest and conviction of the two youths who went fishing in the river near Hamilton with dynamite for bait will have a salutary effect.

It is very difficult to imagine a more unsportsmanlike action than that done by the man who goes to a stream and throws dynamite therein so that the shock of the explosion will kill the fish and make them easy of capture. Besides being unsportsmanlike the method is dangerous and there is always a possibility that the dynamite instead of the fish will go to glory. Then again property is destroyed, there being instances on record where dams have been broken and breakwaters ruined.

The damage done to small fish is great. These small fry are very susceptible to the shock of the explosion and the blast that kills but six or eight of the big fish exterminates thousands of the little ones.

On account of the danger to man and to property, of the destruction to fish large and small, and of the unsportsmanship of it, the laws of Michigan deal harsh punishment to slaughterers who use dynamite for bait.

If you hear or know of any of these kind of fisherman you can gain the everlasting friendship of every man who possesses a drop of sporting blood in his veins by reporting it to the Game Warden.

## Life Saving Crews Go Out of Commission too Soon

The point raised by the Ludington Record that the life saving stations at Milwaukee, Chicago, Ludington, Manitowac, Grand Haven, Frankfort and Kewaunee be kept open the year round with a full crew in commission is well taken.

Since the time the rule was made providing that the stations on the great lakes be closed four months in the winter, and the stations on the coast be closed a couple of months in the summer, there have been changes in the progress of navigation on the lakes. Instead of being the exception, it is now the rule to run boats long after the close of navigation, November 30, and in many cases the steamers run all winter between certain points.

Experience has shown that some of the most disastrous wrecks on Lake Michigan have occurred after the life saving crews were out of commission, and it is best that instead of waiting for some great tragedy to hurry along the changing of the rule closing the stations in winter, so that some of those ports where winter navigation is carried on may be opened, the men in authority take time by the forelock and make the change now.

Arguing along the same line it would be well to keep the crew of the Holland station in commission as long as navigation is open at this port. Sometimes steamers ply between here and Chicago three weeks after the crew has disbanded. In that case why close the station before the need for the assistance of the crew ceases.

## Ferry Case on Again

Judge Padgham has filed his findings in the county clerk's office dismissing finally the appeal of David D. Irwin in the Ferry estate litigation. The case was appealed from an order of the probate court for the production of books and papers which were considered necessary in the hearing of the case in probate court. The original appeal was dismissed from circuit court on January 25, 1904, and the supreme court was petitioned for a mandamus against Judge Padgham. This was denied and final decision from Judge Padgham came last Saturday. The matter now goes back to the probate court.

The case was brought to require the executors to show cause why they do not render an accounting.

The case is already one of the most voluminous ever tried in a Michigan court. Thus far the record fills fourteen volumes and reaches a total of five or six thousand close typewritten pages. Nearly half of this testimony has been taken in Utah and California. For the time being the taking of testimony in the west has been finished but the end is not yet, nor will it be for a long time yet.

The case, which was recommenced Monday before Judge Kirby, will undoubtedly take up nearly all of January. The evidence still to be secured will fill many more volumes.

Among the attorneys present besides Messrs Farr and Lillie, are John VanderWerp and C. W. Sessions of Muskegon; W. E. Reigel of the Grand Rapids Trust Co., Willard Kingsley and W. F. Keeney of Grand Rapids. Jas. T. Richards of Salt Lake City Utah, and Henry C. Hall of Colorado Springs, Col. are also present.

## Public Meeting to Discuss Charter

Barely a quorum attended the council meeting Wednesday night although the charter revision question was up for consideration.

It was decided that deviations be made from the revision of the charter as detailed in last week's News, but in the main the revision calls for the changes mentioned then, such as a revolutionizing of the justice courts, the police force, the supervisorship system etc., etc. The main deviation strikes at the plan of extending the city limits, the idea of taking in the cemetery being knocked into a cocked hat, and other extensions being knocked into abeyance, the knocking being brought about because the pertinent query has arisen: "Why take in a little corner of earth to the east-north-east of the city and ignore other corners."

Next Wednesday evening the charter revision will be discussed again, and on Thursday evening a public meeting will be held in the DeRoo building on Eighth street when all citizens will be given an opportunity to state their views on the changes.

## Are You Going to the Big Show

The poultrymen of this vicinity are a busy lot just now, as there are only a few days left to get their birds in shape for the big show. It is proper that they should hustle, for the poultrymen from all parts of the state are coming to show here. Any bird that gets a place at this show will be good enough for such shows as are held in Chicago and Madison Square, New York.

The H. P. & P. S. Ass'n. had a good many coops to rent but they have all been taken at this early date.

Secy. Sprietsma requests that exhibitors bring in their entries as early as possible. Don't forget the date Dec. 20 to 24.

Thursday, Dec. 22, will be Grand Rapids day.

## Death of Miss Maud Harrington

The death of Miss Maud Harrington; daughter of Mr. and Mrs. E. J. Harrington, 89 East Ninth street occurred yesterday afternoon, after an illness of about five weeks of pneumonia. Not until a short time before death did the relatives have fear of the outcome of her sickness, for her condition had shown a little improvement. She was taken with a sinking spell at noon, from which she never rallied.

Miss Harrington was born in this city 22 years ago. Her large circle of friends deplore her untimely death and sympathize with the sorrowing relatives. She is survived by her parents, two sisters, Mrs. Fred Ward of Marshal, and Mrs. A. J. Ward of this city, and one brother, Herbert Harrington.

The funeral services will be held at the home Sunday afternoon at 2 o'clock.

## Card of Thanks.

Mrs. J. Ten Brink and family wish to extend sincere thanks to friends and neighbors also to the Cappon & Bertsch Leather Co. for the kindness and sympathy shown to them in their late bereavement, the death of their husband and father.

## Legal Complications Regarding Land Along Lake Shore

Developments of the past few months indicate that a great portion of the land lying on the west shore of Michigan will be subjected to a legal tangle that is liable to result in the expenditure of some money for legal advice before it is straightened out. Berrien county was the first to revel in the complication, and now Ottawa and Oceana counties have followed suit. The following from the Grand Haven Tribune will explain the matter:

"A deed which has excited considerable comment arrived by mail last Friday morning at the register of deeds office. The deed is given by S. M. Biddison and Stella Biddison, his wife, of New York City, to the United States Mill and Lumber Company of Washington, D. C., for a certain portion of land in Ottawa County, and the consideration is stated as 'one dollar and other consideration.'"

The strangest part of the deed, however, is the land concerned which is described as "The lands lying and being along the western border of the county line of Ottawa, in the state of Michigan; outside of and west of the United States government meander survey, containing thirty thousand acres."

As near as can be estimated it stretches along the entire western border of Ottawa county, running along the shore of Lake Michigan. But where the land is located is a question. The government survey line is supposed to run along the shore line of the lake. It is understood that the additional land made by the lake belongs to the owners of the adjacent lots.

Who the parties of the first part are and what title they really have to the land or what title they claim to have, of course, is not known. Neither is the United States Mill and Lumber Company of Washington D. C. known to any one here.

What the scheme of the whole transaction is can only be surmised, but that thirty thousand acres of uncertain beech land consisting of breakers and sand from a totally unknown party to another totally unknown party can not but excite some comment.

A short time ago in Berrien county, a transfer of lake shore land was made by unknown people and there were bonds given and mortgages issued back upon the strip of land which was of uncertain duration. Now there is a fight on between the people who owned adjacent lots along the shore and the people who bought the lots. Somebody got the money.

Of course this scheme cannot even be predicted but the parties interested in the deal can not have any title to the land in the deed as there is no certain land contained within the limits mentioned. The deed is what is called a wild or blanket deed and is certified by the county clerk of New York county, New York.

While there may be nothing behind this deal, it seems strange that it is so nearly identical with the one used upon the Berrien county people. Ottawa county people may watch developments."

### RUSSIAN GIRL LEADS REVOLT

#### YOUNG WOMAN LEADS DEFENSE OF CONSPIRATORS.

Police Finally Storm Building Killing Seven—Two Officers Die in Fighting.

St. Petersburg, Dec. 14.—Led by a girl, 18 revolutionary conspirators resisted an attack by the police in Odessa, with the result that seven of the revolutionists and two policemen were killed.

All the other conspirators were wounded, and nine of the police force fell from bullet wounds, probably fatally injured.

The police learned a meeting of revolutionary character was in progress at a house in Belgaraskaja street. The prefect of police, not being informed as to the exact number of revolutionists, summoned a large force of policemen and proceeded to the house, which was surrounded.

Alarmed by the presence of the great number of police, the revolutionists ceased their meeting and began to discuss means of defense.

A mere girl took the leadership of the 18 men present. She was a student—18 years of age, frail, yet bold. The girl did not hesitate as to the plan of action. Hurrying to an upper window of the house, she thrust the barrel of a rifle she had seized out of the window, and, aiming at the leader of the force of policemen, shot him dead. The police, thrown into consternation at the bold resistance, hesitated while deciding upon the best method of storming the house.

A long siege with the hope of starving the conspirators out was agreed upon, and reinforcements of policemen and fresh officers were summoned. The police then took up the siege and continued it 24 hours.

The protracted attempt to starve them out angered the revolutionists, whereupon the same girl who had led the first resistance and fired the first shot again offered a plan of action. It was that the police should be attacked suddenly, and from all available points. This was carried out, the revolutionists taking the initiative. Weapons blazed, and shots flew through the air thick and fast.

Two policemen fell, instantly killed, before the besiegers understood the sudden attack. Then they stormed the house, broke in the doors, and shot down all who offered resistance.

Before the revolutionists capitulated seven of them were dead, and each of the remainder was wounded and unable to continue the battle.

The girl, firm and defiant to the last, was captured, uninjured, and placed in a cell. The attack demonstrates the growth of the revolutionary feeling, which seems to be increasing, despite the talk of the czar's granting the zemstvo appeal for liberty. The attack and siege have stirred the people more than anything since the Jewish massacre.

### SHOOTING ON BATTLESHIP.

#### Negro Seaman on Illinois Wounds Two—Fights Pursuers in the Water.

New York, Dec. 14.—A double fatality on board the United States battleship Illinois in the New York navy yard was narrowly averted yesterday when George Washington, a negro seaman, shot and wounded two others of the Illinois crew. Henry More, an apprentice, received a bullet in the arm, and Seaman Shap another in the back. Shap is seriously wounded.

More and the colored man occupied adjoining hammocks and Washington was said to be inoffensive till More's tantalizing got the better of his temper and he drew a revolver and shot More in the arm. Shap interfered and was shot in the back.

Pursued by a crowd of sailors and with his revolver in his hand Washington fled down the gang plank to the Cob dock and tried to enter the ferry to reach the mainland. On the way it is said that Washington fired several shots at his pursuers, but they never halted. A corporal stopped him at the ferry, whereupon Washington jumped into the icy water and tried to swim ashore. The sailors promptly followed and a struggle ensued between the swimmers. The negro finally yielded to force of numbers and was made a prisoner.

Death of Retired Merchant. New York, Dec. 14.—Michael McGrath, a wealthy retired merchant, either fell or threw himself from the third-story window of his home in West One Hundred and Twenty-third street early Wednesday, and was instantly killed. He had been an invalid for some time, and was under the care of a nurse. The latter supposed the patient had arisen for a drink of water, and reached the window too late to prevent the tragedy.

#### Indian Sentenced.

Omaha, Neb., Dec. 14.—George Four Cloud, a full-blooded Winnebago Indian, Tuesday pleaded guilty to manslaughter in the United States district court and was sentenced to ten years in the government penitentiary at Sioux Falls. Four Cloud brutally killed his wife, Cora Elk, according to evidence presented to the grand jury, while in a drunken frenzy, by beating her head to a pulp.

#### Election in Boston.

Boston, Dec. 14.—Although the municipal election Tuesday resulted in a sweeping victory for the democratic party the republicans gained two members of the board of aldermen and two members in the common council. The city, as usual, declared for license by a large majority.

## DON'T LEAVE THE CITY

Plenty of Proof Right Here in Holland.

Claim is one thing proof another. Columbus claimed the world was round. Did people believe it? Not until he proved it. Unproven claims have made the people skeptics. Every claim made for the "Little Conqueror" is proven. Proven in Holland by local experience. Here is one case from the many we have.

Mrs. F. Andree, of 243 West 12th street, says: "For a year or more I had a constant aching pain through my joints in the side and also a soreness of the stomach. I could hardly stoop to lift anything without suffering severely. I did not rest comfortably at night and became so lame and sore from lying in one position that in the morning I arose feeling tired and unrefreshed. I was bothered a great deal with headache, spells of dizziness, and the kidney secretions became affected; were irregular, too frequent and unnatural. I doctored a great deal and took many kinds of medicines, but without getting better. I believe I would still be suffering if I had not heard about Doan's Kidney Pills and procured them from J. O. Doesburg's drug store. I felt better after taking a few doses and continued their use until cured."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name, Doan's and take no substitute.

Dr. Wood's Norway Pine Syrup seems especially adapted to the needs of the children. Pleasant to take; soothing in its influence; it is the remedy of all remedies for every form of throat and lung disease.

"Itching hemorrhoids were the plague of my life. Was almost wild. Doan's Ointment cured me quickly and permanently, after doctors had failed." C. F. Cornwell, Valley Street, Saugerties, N. Y.

Ordinary household accidents have no terrors when there's a bottle of Dr. Thomas' Eclectic Oil in the medicine chest. Heals burns, cuts, bruises, sprains. Instant relief.

## PROFIT

The matter of feed is of tremendous importance to the farmer. Wrong feeding is loss. Right feeding is profit.

The up-to-date farmer knows what to feed his cows to get the most milk, his pigs to get the most pork, his hens to get the most eggs. Science.

But how about the children? Are they fed according to science, a bone food if bones are soft and undeveloped, a flesh and muscle food if they are thin and weak and a blood food if there is anemia?

Scott's Emulsion is a mixed food; the Cod Liver Oil in it makes flesh, blood and muscle, the Lime and Soda make bone and brain. It is the standard scientific food for delicate children.

Send for free sample.

Be sure that this picture in the form of a label is on the wrapper of every bottle of Emulsion you buy.

### SHELLING PORT ARTHUR.

Russian Fleet So Damaged as to Make Further Bombardment by Japs Unnecessary.

Tokio, Dec. 13.—Dispatches received Monday from the Japanese army besieging Port Arthur report that the interior of the fortress was bombarded with heavy guns Sunday, seriously damaging the battleship Poltava, the transport Amur and the wireless telegraph station at the foot of Golden hill, and that the arsenal was set on fire.

The commander of the Japanese land battery, reporting Monday, says: "Four Russian battleships, two cruisers, one gunboat and one torpedo store ship lying in Port Arthur harbor are completely disabled. There is no further necessity for bombarding the Russian naval force. Are now engaged shelling the town of Port Arthur, which is being heavily damaged."

Tokio, Dec. 12.—The navy department announces that the cruiser Salyen, commanding the detached squadron, while cooperating with the army in bombarding Port Arthur November 30, struck a Russian mine and was destroyed. Capt. Tajima and 38 others went down with the ship.

London, Dec. 12.—The Daily Telegraph's Tientsin correspondent learns from official Japanese sources that the Japanese casualties at Port Arthur the latter part of October were 3,000 killed and 10,000 wounded. The losses in more recent attacks, the correspondent adds, were much heavier.

London, Dec. 12.—The czar has sent definite instructions to Admiral Rozhdestvensky, commanding the Baltic fleet, not to proceed to the far east, according to dispatch to the Express from St. Petersburg. It is declared that the grand dukes opposed the order, but the czar was determined on the action in view of the recent developments at Port Arthur.

### LARGEST EVER POLLED.

Ballots Cast for Roosevelt in Late Election Number 7,640,560—Some Interesting Figures.

New York, Dec. 12.—A canvass by the New York Times of the popular vote at the last presidential election complete except as to one county in Tennessee and four counties in Michigan, for which estimates are given, shows that President Roosevelt defeated Judge Parker by 2,546,169. He polled the largest vote ever given for a president of the United States, 7,640,560. This is more than 400,000 in excess of the vote cast for McKinley in 1900. A comparison with the vote table of 1900 shows a marked change in the socialist vote. Debs, the candidate of the party that year, was also the candidate this year and his vote shows an increase of more than 300,000. The total vote is given as follows: Roosevelt (rep.), 7,640,560; Parker (dem.), 5,094,391; Debs (soc.), 392,857; Swallow (pro.), 248,411; Watson (pop.), 124,381; Corrigan (soc. labor), 33,519. The electoral vote will be 336 for Roosevelt and 140 for Parker.

## ARRIVES AT HOME TOWN A PRISONER

MRS. CHADWICK RETURNS TO CLEVELAND TO FACE SERIOUS CHARGES.

### DECLARES SHE WILL FIGHT CASE TO END

Precautions of Authorities on Trip from New York—More Indictments Returned by Grand Jury—Bank Officials Also Held.

Cleveland, O., Dec. 14.—Mrs. Cassie L. Chadwick returned to Cleveland Wednesday to make her final fight for liberty. Her home-coming was in marked contrast with her departure a few weeks ago, when she was a leader in society, a woman of supposed wealth and influence. The train bearing the noted prisoner was over two hours late, but a crowd had waited at the Union station to catch a glimpse of her.

Authorities Feared Suicide. That the authorities feared Mrs. Chadwick had planned to take her own life en route from New York is shown by the extraordinary precautions taken by United States Marshal Henkel.

Before being allowed to enter her apartments on the train she was searched and a knife, a pair of scissors and a bottle of whiskey were taken from her. The United States marshals never took their eyes from her from the time she left New York until she reached Cleveland, and they believe they have frustrated a plot on the woman's part to commit suicide.

The horror of being brought back to Cleveland, the place where she ruled as society queen, where her money flowed like water, and where she twisted bankers about her finger like twine, had a wonderfully telling effect upon her before the train reached here.

Submits to a Search. Mrs. Chadwick smiled feebly when the weapons were taken from her, but said nothing. She gave the officers a look that seemed to say "there are other ways," but quietly submitted to the search.

Mrs. Chadwick confidently expects to be released before the day is over. She says that influential friends, some of them many times millionaires, will furnish any amount of bail for her.

She declares that after her release she will remain in Cleveland and will fight her case to a successful end.

### More Indictments.

The special venire of the grand jury Wednesday returned five indictments against Mrs. Chadwick, four indictments against President Beckwith of the Citizens' national bank of Oberlin, and four against Cashier Spear, of the same concern.

### Predicts Speedy Acquittal.

On the train before her departure from New York Tuesday she said: "I am going back to Cleveland of my own free will and accord to face my accusers. I would have returned ten days ago had I not been asked by my Cleveland counsel to stay away so that I would not have to testify in the preliminary hearing against my good friends Beckwith and Spear. When I get to Cleveland I will make a fight for the securities that Mr. Reynolds held and for the deed of trust. As matters now stand, I am entirely in the dark as to how my affairs in Cleveland are proceeding. It was quite impossible for me while locked up to attempt to plan out my future course and for that reason, against the advice of counsel, I decided to return. Within the next few days I shall give out a most complete statement of all my transactions from beginning to end, and I will tell everything that has occurred, and I will call things by their proper names. I will give the names of those with whom I have done business, and I will show that not only have I stood by my creditors up to this time, but that I will stand by them until the very moment of death."

### Will Meet All Demands.

"I intend to pay every dollar of my indebtedness. I wish to show emphatically that I never received a dollar from Henry Phipps, or, indeed, any Phipps. I further wish to say that while I have had money from Pittsburgh persons I have never had one particle of Pittsburgh paper. I notice the statement was made in an evening paper that Mrs. Chadwick decided to quit New York because she was afraid to face Mr. Carnegie. I fully expected that Mr. Carnegie would go to Cleveland. I did not go to meet Mr. Friend. "Positively Dr. Chadwick never left me on account of my financial difficulties or anything that ever occurred against my reputation or for any other cause. Dr. Chadwick has called me several times since my trouble in New York asking if he could do anything—if he should come home. I have insisted in every instance that he remain in Paris."

Mrs. Chadwick showed the reporter a letter received from her stepdaughter, May Chadwick, written on the Kaiser Wilhelm II. and posted in Cherbourg on November 14. The letter was addressed to "My Dearest Old Maid" and signed "Your loving old maid sister, Mary."

The letter was one which a daughter could be expected to write to her mother. It was entirely personal in tone and friendly. Mrs. Chadwick continued:

"I appreciate more than I can say the published statement of Mrs. Hetty Green. She stated my feelings in this matter even better than I could do myself, and she evidently realized that I am what I am, an innocent woman."

## The case of Miss Frankie Orser, of Boston, Mass., is interesting to all women.

"DEAR MRS. PINKHAM:—I suffered misery for several years. My back ached and I had bearing-down pains, and frequent headaches. I would often wake from a restful sleep in such pain and misery that it would be hours before I could close my eyes again. I dreaded the long nights and weary days. I could do no work. I consulted different physicians hoping to get relief, but, finding that their medicines did not cure me, I tried Lydia E. Pinkham's Vegetable Compound, as it was highly recommended to me. I am glad that I did so, for I soon found that it was the medicine for my case. Very soon I was rid of every ache and pain and restored to perfect health. I feel splendid, have a fine appetite, and have gained in weight a lot."—Miss FRANKIE ORSER, 14 Warrenton St., Boston, Mass. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Waives Examination in New York and Goes to Cleveland to Face Charges—Securities Held by Reynolds in Trust Found to Be Worthless.

Cleveland, O., Dec. 13.—The grand jury of Cuyahoga county has returned two indictments against Mrs. Cassie L. Chadwick. Each indictment contains two counts—one of forgery and one of uttering forged paper. The indictments relate, one to the Carnegie note of \$500,000 and the other to the note for \$250,000. Iri Reynolds took the stand in court and made evident his intention to shield and protect her no longer. The aged secretary of the Wade Park bank presented a pathetic picture as he answered question after question, which brought out his own implicit faith in the woman whose financial transactions have well nigh ruined him in fortune, and caused him such infinite trouble. He gave evidence, too, that he still believed his trust was justified. Mr. Reynolds, in detailing his transaction with Mrs. Chadwick, said: "In all my transactions with Mrs. Chadwick I believed from what she told me, that Andrew Carnegie was backing her, and all her indebtedness would be paid." He then added: "And I have not had anything yet to make me doubt it."

Goes to Cleveland.

New York, Dec. 14.—Mrs. Chadwick started for Cleveland on the Buffalo limited which left the Grand Central station over the New York Central at eight o'clock Tuesday night. Before leaving she made a statement in which she declared she will pay all her obligations and that the sole purpose in going is to face her creditors. She said that she could have obtained bail here if she had wished to, and that one of the most prominent men in the country had offered to go on her bond. Mrs. Chadwick left here in the custody of United States Marshal Henkel and Deputy Marshals Kumb and Kelker. She was taken during the afternoon to the office of United States District Attorney Burnett, where she waived examination on the charges here. Commissioner Shields was notified and he came to the office, cancelled the commitment and formally delivered her over to the federal authorities. She was then taken before Judge Adams, of the United States circuit court, who signed an order for her removal to Cleveland.

Will Make a Fight.

In an interview Mrs. Chadwick said that when she got to Cleveland she would make a fight for the securities held by Mr. Reynolds and for the deed of trust. She said that within a short time she would give out a most complete statement of all her transactions from beginning to end, and would tell everything that had occurred, giving the names of those with whom she had done business. She would show that not only had she stood by her creditors up to this time, but would stand by them up to the moment of her death, and would pay every dollar of her indebtedness.

Securities Worthless.

Cleveland, O., Dec. 12.—The Chadwick bubble burst completely when examination was made of the mysterious package of securities left with Iri Reynolds and was found to include paper of the face value of \$15,246,000, which bears the signature "Andrew Carnegie," and which is regarded as worthless. There is one note for the modest sum of \$5,000,000, bearing the name of the ironmaster, and the other \$10,246,000 is represented by a trust agreement concerning an alleged inheritance placed in Mr. Carnegie's keeping, the estate of a supposed uncle of Mrs. Chadwick, named Frederick R. Mason. In another packet there also is a promissory note for \$1,800, signed by Emily and Daniel Pine, and a mortgage securing the same. This Carnegie paper with the \$1,250,000 in notes bearing the ironmaster's name, previously accounted for, bring the total of this class of "securities" to \$16,496,000.

Little for Creditors.

According to the most accurate estimate of the estate of Mrs. Chadwick that is possible, before the receiver has investigated her assets, and reported his findings to the court, her creditors as a whole will receive about one and one-half mills on the dollar.

The extent of her operations is now believed to be approximately as follows:

Secured from the Citizens' national bank of Oberlin and various sources in and about Lorain county, O., \$500,000; borrowed from Herbert D. Newton, \$190,000; borrowed from business man in Pittsburg, \$500,000—total, \$1,190,000. Against this stands security of known value of one note amounting to \$1,800, which is held by Iri Reynolds.

Decision Is Affirmed.

Washington, Dec. 14.—The District of Columbia court of appeals Tuesday affirmed the decision of the criminal court in the postal conspiracy cases of August W. Machen, George F. Lorenz, Samuel A. Groff and Diller B. Groff, who were sentenced to two years' imprisonment in the West Virginia penitentiary and to pay a fine of \$10,000.

A Big Fee.

South McAlester, I. T., Dec. 14.—In the Choctaw-Chickasaw citizenship court the compensation of Mansfield, McMurray & Cornish, counsel for the two Indian tribes in citizenship litigation, extending over the last five years, was fixed at \$550,000. This is believed to be the largest fee ever paid west of the Mississippi river.

## BRONCHITIS

OFTEN THE SEED OF CONSUMPTION.

Druggist Con DePree Tells People of Holland Quickest Means to Cure it.

For years cod liver oil has been known to possess remarkable curative and healing properties for throat bronchial and lung troubles, but, as a famous physician has said, on account of the grease it contains, it has been difficult for people to take enough of it into their system to combat a thorough-sited disease.

"Now," however," said Mr. DePree "we have Vinol, which contains a highly concentrated form of the medicinal curative elements actually taken from fresh cod livers, but without a drop of oil or grease to upset the stomach and retard its work, and there is no limit to the amount any person can take into their system to overcome disease. Here are two letters that have just come to our attention:

"Mrs. Louisa Stover of Elkhart, Ind., writes: 'For a long time I suffered with bronchial trouble and feared consumption. I could not seem to get any relief from cough medicines, old forms of cod liver oil or emulsions. I coughed badly and my chest was sore and irritated. Vinol has healed the soreness and stopped the cough and has strengthened and invigorated my whole system.'

"Mrs. John Hoskins, Bangor, Penn., writes that Vinol cured her son of bronchitis, from which he had suffered for years after everything else had failed."

"We ask every person in Holland suffering from chronic colds, coughs, bronchitis, or who need an invigorator and strength-creating medicine to try Vinol on our guarantee or return the money if it fails." Con DePree, druggist.

## WHAT MAKES A NATION?

What makes a nation? Bounding lines that lead from shore to shore, That trace its birth on silent hills or on the prairie floor, That hold the rivers and the lakes and all the fields between— The lines that stand about the land a barrier unseen?

Or is it guns that hold the coast, or ships that sweep the seas, The flag that flaunts its glory in the racing of the breeze; The chants of peace, or battle hymn, or dirge, or victor's song, Or parchment scroll, or storied deed, that makes a nation strong?

What makes a nation? Is it ships or states or flags or guns? Or is it that great common heart which beats in all her sons— That deeper faith, that truer faith, the trust in one for all Which sets the goal for every soul that hears his country call?

This makes a nation great and strong and certain to endure, This subtle inner voice that thrills a man and makes him sure, Which makes him know there is no north or south or east or west, But that his land must ever stand the bravest and the best. —W. D. in Chicago Daily Tribune.

## AGAIN BLOWN UP.

Foundry at Newport, Ky., Wrecked for Fifth Time—Outrage Laid to Strikers.

Cincinnati, Dec. 13.—For the fifth time within two months the Newport Iron Foundry and Machine company's building, Twelfth and Brighton streets, Newport, Ky., were dynamited late Sunday night. No lives were lost and the workmen in the place all escaped injury.

The police are arresting all suspicious characters who are unable to give satisfactory accounts of themselves. A great hole was torn in the roof of the coal room, where the bomb alighted. The walls of the pattern room are so twisted and bulged that it is feared they will collapse. Every window in the pattern room was broken and in several homes in the neighborhood dishes were thrown from sideboards and window panes were shattered. The workmen rushed wildly out and sought a place of safety. The bomb is supposed to have been hurled from the roof of the sand room. Members of the company declare it is the work of strikers.

## Four Perished.

Highland Light, Mass., Dec. 12.—Four of the 20 members of the crew of the Boston fishing schooner Fish Hawk lost their lives Saturday night after deserting their vessel, which had struck and was pounding heavily on Peaked Hill bars at the north end of Cape Cod.

## Makes Recommendations.

Washington, Dec. 13.—The postmaster general, in his annual report, recommends a local rate of three cents a pound for rural free delivery packages and the consolidation of the third and fourth-class matter at rate of the former.

BEFORE TREATMENT  
Peter E. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excesses in early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me, guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, wore an electric belt for three months, went to Mt. Clemens for baths, but received little benefit. While AFTER TREATMENT at Mt. Clemens I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."

## Circuit Court.

The jury in the case of Ellen J. Littlewood against the Grand Lodge A. O. U. W. brought in a judgement for \$2296.10 in favor of Mrs. Littlewood after being out several hours. The judgement was a total surprise to the A. O. U. W. representatives who were in court. The defendants contested Mrs. Littlewood's insurance claim for \$2000 upon the grounds that her husband had not been a member in good standing at the time of his death and that his assessments had not been paid. Testimony was introduced to show that these assessments had not been paid. The receipt card held by Mr. Littlewood was introduced in court and Hendrick Hansen could not identify his signature on the card, testifying that he did not remember signing it. Several other members of the organization could not identify the writing and testified that Littlewood had not made payments upon his insurance.

Mrs. Littlewood and her two children testified that the insurance had been kept up and some strong evidence was introduced.

The judgement was for \$2296.10 which includes the full amount of the policy with interest at five per cent.

The jury in the case consisted of Eli Arnold, Chester Lawrence Breits, Ruyer Beekman, Grand Haven; Frank J. Davis, Olive; C. E. Doris, Tallmadge; William Flipse, Blendon; Gerrit Lemmen, Holland; William Saalwasser, Grand Haven town; John Taylor, Georgetown; John VanDort, Holland township; Peter VanRegenmorter, Jamestown; Art D. Van Alsburg, Polkton; Peter VanEuwen Allendale.

At Saturday forenoon's session Judge Padgham summoned Edward C. Smith and George Gildner of Grand Haven for sentence for violation of the liquor law and both were fined \$25 and costs. Mr. Smith's total fine amounted to \$35.18 and Mr. Gildner's \$30.05.

The case of the Jenison Black Percheron Horse Breeding Association against O. L. Ames was decided against the plaintiffs and the defendant was given judgement for six cents and costs. The verdict was merely a nominal one in favor of the defendant. Cornelius Andre of Jenison was one of the plaintiffs, Sooy & Heck were the attorneys

for the plaintiff and Emil A. Dapper represented the defendant. The trouble arose from the replevin of the association stallion by the Association from O. L. Ames. Mr. Ames was one time manager of the association and he asked \$50 for his service. The association did not agree with him and he thereupon seized the horse in question. The association thereupon brought suit to replevin the property.

Judge Kirby has adjudged Edward S. and W. Montague Perry guilty of contempt in disregarding the order of the court to produce certain books and has issued an order for their arrest.

Two bolts became unfastened last Friday in the large engine in Chris DeJonge's manufacturing plant in Zeeland and the engine was ruined as a result. It will cost Mr. DeJonge several hundred dollars to get a new engine but he expects to have one installed next Monday.

## FLAMES WIPE OUT BUSINESS HOUSES

SOME OF THE LARGEST STORES IN THE CITY OF MINNEAPOLIS DESTROYED BY FIRE.

Three Lives Are Lost, and It Is Estimated That the Property Loss Is from \$5,000,000 to \$6,000,000—Brave Work of Firemen.

Minneapolis, Minn., Dec. 14.—With \$5,000,000 to \$6,000,000 worth of property destroyed and three men known to have been killed, the worst fire ever known in the history of the city of Minneapolis raged in the thickly built business section of the city.

The entire city fire department fought valiantly, but were unable to check the roaring flames, and at one o'clock relief companies which had been asked for came from St. Paul.

## Three Dead.

The local and St. Paul firemen exerted every possible effort to baffle the flames, but on account of the strong wind and cold experienced great difficulty in their work.

One of the three men believed killed, a bystander, met death through a fallen electric wire. The other dead are firemen, who were entombed in the ruins of a falling wall at the Peck building.

## The Start.

The fire had its origin in the storeroom of Boutell Bros., situated in the basement of the Peck building. Highly inflammable varnishes, oils and excelsior proved fertile fuel for the flames, which spread with lightning-like rapidity. From one floor to another up the five stories of the Peck building the flames leapt with a rapidity defying description, and then from the fifth floor the flames shot across the narrow passageway to the building occupied by the Boutell Bros. Furniture company, and 15 minutes later that five-story building was a mass of licking, leaping flames.

## A Valiant Fight.

It was a valiant fight that the firemen made for five hours against their enemy. In a furnace-like heat that extended for hundreds of feet from the real seat of the fire they worked about the burning buildings and then, when it was seen that they had gone beyond redemption, they devoted themselves to saving from destruction the building of the Powers Mercantile company, directly across First avenue from Boutell's and other buildings where sparks or huge embers

trying to find inflammatory objects.

## Other Buildings Catch Fire.

The air was full of these flying firebrands when the roof from Boutell's went crashing down. They continued to fly for hours and for a time it seemed that Powers' great store was doomed to destruction. Repeatedly the wooden cornice work on the big white building caught fire, and repeatedly the flames were extinguished by the half dozen streams of water playing upon the blistered side of the building. And these firebrands flew for blocks around—caught the Phoenix building at the corner of First avenue south and Fourth street, the New England Furniture company, across the corner from Boutell's, and in a half dozen awnings and porticos within the immediate neighborhood of the fire.

## Are Total Wrecks.

Boutell Brothers' and Peck's stores are total wrecks and are still burning fiercely, and though the Powers Mercantile store has been saved from the flames it has been damaged to the extent of a million or more by water.

## ATE POISONED CABBAGE.

Entire Family of Six, Living Near Sidel, Ill., Dead as a Result.

Sidel, Ill., Dec. 12.—James Rankin, aged 60; Mary Rankin, aged 56, and four children, living near here, are dead from the effects of eating poisoned cabbage. The entire family of six ate the cabbage at supper and died during the night. The cabbage was examined and nothing found. That in the garden was examined and found to contain worms about the size of a thread and eight or ten inches long about the color of the cabbage. The cabbage was cut up and fed to animals and all died. Farmers are all destroying their cabbage. A number of cases of poisoning by "cabbage snake" have been reported to the board during the past few days.

## Zion Pays Its Debts.

Chicago, Dec. 14.—Zion City has paid the final installment on the big debt which a year ago involved it in sensational bankruptcy proceedings and threatened to wreck the gigantic enterprise established on the north shore by John Alexander Dowle. Checks were sent out Monday by Deacon C. J. Barnard, head of the financial department of Zion, in payment of the final 40 per cent., approximately \$140,000, of the original indebtedness of more than \$400,000.

## Deadly Explosion.

Catlettsburg, Ky., Dec. 12.—Exploding nitroglycerin blew to atoms three men, totally demolished three boats, splintered a big raft of logs, smashed many windows here and did considerable damage along the river front.

## THE NEWS IN BRIEF.
