TEAMWORK DOES THE JOB — Laurie, 3, and Michael, 5, children of Mr. and Mrs. Ray Vande Vusse, 311 River Ave., team up as they attempt to clear the sidewalk of the more than nine inches of snow that dropped

on Holland during the last 24 hours. Snow continued to fall during the day and the weatherman predicted 2 to 6 inches of new snow would fall during the next 24 hours. (Sentinel photo)

2 to 6 Inches of Fresh Snow Forecast for Area

A 12-inch blanket of snow covered Holland today, the second day of the official winter season.

This means a total of 8½ inches of white stuff fell since the first flurries descended around 8 a.m. Wednesday. There had been 3½ inches on the ground.

If this were not enough to assure a White Christmas, predictions call for another 2 to 6 inches in the next 24 hours. Intermittent snow and brisk winds continued today.

After a day of almost constant snowfall Wednesday, there was some letup during the night, and local weather observers said one inch of snow fell during the night. This may be vigorously challenged by persons who shoveled their walks early today after shoveling them last night.

It was 10 degrees at 11 a.m. today. Wednesday's low was 3 above zero.

All snow removal equipment was pressed into service early today, removing heavy deposits from street curbs and parking lots, places which were somewhat inaccessible Wednesday because of parked cars and heavy traffic. The snow loader was in the downtown area.

The Automobile Club said roads generally were slippery throughout the state except for the south-eastern part where snow was lighter and roads were clear. Highway conditions were good between Detroit and Lansing and south of that line. Snow was increasingly heavy from Lansing west to Lake Michigan with heaviest snowfalls along the shore area.

The entire upper peninsula and northern Michigan had heavy snow and slippery roads. Snowfall along Lake Huron was progressively heavier as motorists headed north from Detroit. Roads along Lake Superior in the upper peninsula were particularly bad.

To the south, Indiana had slippery roads and heavy snow with conditions particularly bad on the Indiana turnpike between LaPorte and South Bend.

Grand Rapids has six inches of snow on the ground, Muskegon seven inches, Sault Ste. Marie 11 inches and Houghton 15 inches. Kalamazoo had a three-inch snowfall Wednesday which added to the one inch on the ground.

Overnight temperatures were considerably higher in the western part of the state than in the eastern half. Detroit's low was zero with suburbs 3 to 4 degrees below zero. Ypsilanti had -5 and Alpena -8. Warmest spot in Michigan was Grand Rapids with 13. Pellston, usually the ice box of the state, had 8 above.

Archibald Rupert, 60. Temperance, froze to death while walking along US-24 near the Michigan-Ohio line. He collapsed while walking home from a truck stop where he worked. His body was found by passing motorists.

The weather bureau said no warming trend is in sight. It will be partly cloudy and continued cold Friday and Saturday.

Zeeland Youth Slightly Injured in 2-Car Crash

David Elenbaas, 18, of 48 South Church St., Zeeland, was released from Holland Hospital after treatment for bruises of the right knee and nose suffered in a two-car rear-end collision at 11:10 a.m. today on US-31 at James St.

Ottawa County deputies said the car driven by Elenbaas struck the rear of a car driven by 27-year-old Ronald Dalman of 3391 Lakeshore Dr.

Deputies charged Elenbaas with failure to maintain an assured clear distance. Damage to both cars was estimated at \$400.

Two People Hurt As Autos Collide

Two people were injured in a two-car crash at Woodbridge (East Eighth St.) and Hope Aves. at 10:29 a.m. Wednesday.

Mrs. Lorraine R. Helder, 41, of 154 Cambridge Ave., the driver of one of the cars was taken to Holland Hospital by ambulance for treatment to injuries of the shoulder and jaw. Hospital officials said her condition was good.

The driver of the other car, Mrs. Alma Jean Wolters, 33, of 208 Cypress, suffered only a bump on the head, and was not hospitalized.

Holland police said Mrs. Helder was headed north on Hope Ave., and the Wolters car was west-bound on Woodbridge when the crash occurred. They said the 1955 Helder car was damaged in excess of its value, and damage to Mrs. Wolters' 1957 model station wagon was extensive.

Driver Cited Following 2-Car Intersection Crash

Holland police charged Robert James Miller, 23, of Kalamazoo, with excessive speed for conditions after the car he was driving collided with a car driven by Eugene Robert Worrell, 30, of 667 Brookside Ave., at 10:08 a.m. Wednesday at the intersection of M-40 and 48th St.

Miller, who was headed west on M-40, skidded on slippery pavement and failed to stop at the intersection, police said. Worrell was headed south on M-40 when the mishap occurred.

Unhurt as Car Rolls

GRAND HAVEN — Joyce J. Risher, 30, of Muskegon, escaped injury when the car she was driving skidded out of control on US-16 in Crockery Township at 12:53 a.m. Friday and overturned. Ottawa County deputies blamed slippery roads for the mishap.

Slightly Hurt in Mishap

George R. Franks, 27, of 216 East 25th St., was treated for minor injuries at the Hope College infirmary after his car and a car driven by Susan Vander Borgh, 58, of 38 East 22nd St., collided at the intersection of 12th St. and College Ave. Holland police said Franks suffered minor bruises and abrasions.

County Begins Safety Push

For the next month the Ottawa County Citizens' Safety Council will be stressing the moral responsibility of drivers and pedestrians in preventing accidents in a county-wide campaign, according to Safety Director Avery D. Baker.

The idea of the campaign is to stress the idea that "we are our brother's keeper," Baker said. The campaign was to be launched at 1:30 p.m. today at the City Hall in Holland in a meeting of area licensees and law and safety officials to discuss the sale of intoxicating beverages during the coming holidays.

Baker said the licensees have displayed concern over safety. He said the group was to review the licensees' responsibility to the public.

Law enforcement officials and key citizens connected with the Safety Council will act as judges in a safety campaign aimed at honoring drivers and pedestrians throughout the county for special acts of courtesy in driving or walking, Baker said. The campaign begins Friday, and awards will be presented for outstanding incidents of courteous action, Baker said.

Rural Holland Boy, 8 Hit by Car Near His Home

Kenneth Glupker, 8, son of Mr. and Mrs. Gerald Glupker of 447 Rose Park Dr., is listed in good condition today at Holland Hospital with injuries suffered when he was struck by a car near his home at 3:55 p.m. Wednesday.

Hospital officials said the boy suffered a fractured collarbone, possible internal injuries and facial lacerations in the accident on Rose Park Dr., just west of Butternut Dr.

Ottawa County deputies identified the driver of the car as Julius C. Essenburg, 31, of 67 West Lakewood Blvd. Deputies said the child and several other children were playing in the snow when Kenneth ran out in front of the car.

Slippery Pavement Causes 2-Truck Crash on Bypass

Two trucks, spinning out of control on the US-31 bypass, collided at 4:35 p.m. Wednesday near the intersection of M-40, according to Holland police.

Alvin D. Tyink, 41, of 85 East 39th St., driving a pickup truck, slowed to make a right turn and the truck spun around on the slippery pavement. Police said a semi-truck, driven by William E. Quinn, 42, of Newaygo, following Tyink's truck, swerved into the left lane of the divided highway to avoid a collision and jackknifed, causing the two vehicles to collide.

Police said neither driver was injured in the crash.

Mrs. Howard Appointed to City Board

Appointment of Mrs. Elsie Howard, of 41 East 28th St., to the Hospital Board was announced by Mayor Robert Visscher at a regular meeting of City Council Wednesday night.

Mrs. Howard, a registered nurse, will fill the unexpired term of Mrs. Willard C. Wichers who resigned effective Jan. 1 because of part-time employment as clinic nurse at Hope College.

Mrs. Howard, a native of Denmark, received her nursing training at Harper Hospital in Detroit and accompanied the Harper unit as a surgical nurse in overseas service during World War II. She is active in Camp Fire work. Her husband, Loren E., is a metallurgical engineer for Michigan Pulverized Metals.

Mayor Visscher also reappointed Mrs. Mildred Campbell to the distribution committee of the Greater Holland Community Foundation. Mrs. Campbell is presently serving on the committee.

Council accepted with regret the resignation of Albert Kleis, Jr., as a member of the Board of Appeals. Council will name a replacement at a later meeting.

Council spent a full 45 minutes discussing a recommendation from the Traffic and Safety Commission eliminating parking on the west side of Columbia Ave. for the north end of the block between 15th and 16th Sts. The recommendation, tabled from the previous meeting, was opposed by George Gosselaar who operates a grocery store in that area. Gosselaar presented a petition signed by 65 to 70 persons asking that angle parking be retained.

Council finally approved in principle a compromise arrangement splitting the block, allowing parking on the east side of the road in the south end of the block and allowing parking on the west side of Columbia Ave. in the north end of the block. Council is requiring, however, the normal 20-foot setback from the street intersection on Columbia Ave. and a 30-foot setback on 15th St. where a stop sign is placed. Final action will be taken at the next meeting when the proper resolution is drawn up.

With no objections voiced, Council approved an application of Mrs. H. Bonelaar to erect a carport at 369 Columbia Ave. in a fire district, subject to certain conditions.

Council set two public hearings for Jan. 4 at 7:30 p.m. One was an application from Roger Berends requesting a variance from fire district requirements to permit remodeling the interior of a building at 193 East Seventh St. The other was from Bohn Aluminum and Brass Corp. for a fire district variance to permit erection of a passageway and furnace building to house a high heat oven at 365 West 24th St.

Council adopted a resolution on road closures as requested by the State Highway Department in preparation for the interchange for Interstate 96 south of the city. City Manager Herb Holt explained the arrangement by means of a slide on a projector. The resolution calls for closing off 59th and 48th Sts. and relocating Washington Ave.

Hoback Construction Co. requested two permits for moving garages, one from 16 East 10th St. to Coolidge Ave. outside the city and the other from 20th and Central to Ottawa Beach Rd. The first was approved. The second, which was submitted late, was approved subject to approval by city officers.

Accepted with thanks were the following gifts to Holland Hospital: a Bennett respirator from an anonymous donor listed at \$550; wheel chair from South Shore Hospital guild, \$129.93; patient's stationery envelopes from St. Francis Hospital guild, \$85.40.

Council approved low bids of the Michigan Mutual Insurance Co. for general liability and workmen's compensation insurance which expires Jan. 1. Bids listed \$5,298.24 for general liability and \$12,138 for workmen's compensation.

The city manager presented a proposed amendment pertaining to snow removal from private property. The ordinance does not permit an owner to dump snow on other property, but the general program would encourage reciprocal agreements between property owners for convenience. The new arrangement spells out that snow may not be placed in the curb strip so as to create a traffic hazard. The amendment was referred to the city attorney for legal clarification. The subject will come up again at the next meeting.

Council passed an ordinance giving the police department jurisdiction in accidents on city operated parking lots.

Council approved a change order in construction for the new Municipal Court room involving an additional \$394 for a counter cabinet to segregate the office of the clerk of the court from the reception room and for storage.

A suggestion from Councilman Richard Smith that the drive-in mail box on River Ave. alongside the post office be eliminated was referred to the Traffic and Safety

THIEVES OPEN SAFE — Ottawa County detective John Hemple examines the scattered contents of a safe at the Harlem branch of the Holland Co-Op which was burglarized

The board expects to have full information at the February meeting on costs and bond issues and probably will call a special school election the following month.

Plans call for facilities serving kindergarten through sixth grade with possibly an additional room for special education for the mentally retarded. This lists a total of eight classrooms, an all purpose room and the usual number of offices and bathrooms, plus a room for the heating plant.

Peoples' Bank Employees Have Yuletide Breakfast

At 7:30 Wednesday a Christmas breakfast was held in the Tulip Room of Hotel Warm Friend for all employees of the People's State Bank. Following the invocation by William G. Onk a menu consisting of sausages, pancakes, scrambled eggs, bacon, ham, toast and coffee was served.

After a gift exchange L. C. Dalman, speaking for the employees, presented Bank President Clarence Jalving with a gold wrist watch. Mr. Jalving responded with appropriate remarks reminding about the growth of the bank.

Council Chambers were Christmas-massy with a bank of colorful poinsettias provided by the Park department. Mayor Visscher expressed thanks to Supt. Jacob De Graaf and the department for the holiday gesture.

All Councilmen were present at the meeting which adjourned at 9:08 p.m. Councilman Richard Smith gave the invocation.

Zeeland Will Study Water Rate Revision

ZEELAND—City Council is considering proposed changes in the city's water rates as outlined by the Board of Public Works.

In general, the new rates would indicate substantial increases for users of large quantities and little or no change for average residents.

The new schedule for users inside the city is geared to a minimum \$5.25 per quarter for homes with a ¾ inch meter, \$9 for a 1 inch meter and up to \$240 per quarter for a 6 inch meter.

The schedule for users living outside the city is geared to \$10.50 per quarter for ¾ inch meters, \$18 for a 1 inch meter and up to \$480 for a 6 inch meter.

Proposed changes would tend to equalize payments toward water capital improvement funds.

Rates currently in effect for city users are geared to \$5.25 per quarter for ¾ inch meter and \$7.25 per quarter for suburban rates.

Last time rates were increased was in 1957.

Two Holland Men Nabbed In Burglary

An early-morning break-in and safe job Tuesday at the Harlem branch of the Holland Co-Op appeared solved Tuesday night with the arrest of two Holland men.

William Arnold Pate, 25, of 189 East Sixth St., and Rex L. Webbert, 24, of 284 West 13th St., were arrested Tuesday by Ottawa County Sheriff Bernard Grysen and county detective John Hemple with the cooperation of Holland detectives Gil Tors and Dennis Ende.

Pate waived examination in Grand Haven Municipal Court Wednesday when arraigned on a charge of breaking and entering the Harlem Co-Op. He was bound over to Circuit Court for appearance there on Jan. 5 at 10 a.m. Bond of \$1,500 was not furnished.

Webbert demanded examination when arraigned on the same charge and the hearing was set for Jan. 6 at 1 p.m. Bond of \$2,500 was not furnished.

Pate was arrested about 2 p.m. Tuesday at a local recreation parlor. Grysen and Hemple questioned Pate for nearly four hours Tuesday afternoon. Holland detectives grilled Pate for three hours Tuesday night at Grand Haven.

Officials said Pate admitted being involved in other break-ins in addition to the break-in at the Harlem Co-Op Tuesday.

Grysen and the detectives said Pate admitted break-ins at the H & B service station on West Eighth St. last March 11, in which a safe containing an estimated \$700 was taken from the building, and at the Wooden Shoe Restaurant on the US-31 bypass on Dec. 16, 1959, in which about \$90 was taken.

In addition Pate told officials he was involved in a break-in at the Midwest Transfer Co. office on Douglas Ave. and an attempted break-in at Hi-Lo Hardware on North River Ave. Both offenses occurred last Feb. 11, according to the Sheriff's Department.

Webbert was arrested by Grysen and Hemple about 8:30 p.m. Tuesday at a local service station. An area broadcast for Webbert was sent out Tuesday afternoon. Grysen said he and Hemple were driving to Webbert's home when they spotted Webbert's car parked at the service station where the arrest was made.

Neither the Sheriff's Department nor Holland detectives had an opportunity to question Webbert Tuesday night, officials said.

The finger of suspicion pointed toward Pate after Grysen and Hemple followed footprints from the Harlem Co-Op to a warehouse about a half-mile away where the burglars had parked a truck. Casts of the tire prints were made.

Officials said Pate was known to have owned a small dual-wheel truck. Grysen and Hemple went to Pate's home where his truck was parked. The tire tread matched the casts, Grysen said.

Pate was arrested a short time later by Grysen and Hemple.

Grysen indicated that there were other break-ins in the area which might possibly be linked to Pate or Webbert. Both the Sheriff's Department and Holland detectives were to continue their interrogations of the two suspects.

Maroons Take 49-47 Win Over Allegan

Holland Christian's Maroons fought back from a 12-point-third quarter deficit on the Civic Center court Friday night to squeak out a 49-47 win over Allegan High's potent Tigers. The loss bounced the invaders from the ranks of the unbeaten while the Maroons are now 4-0 for the season.

A crowd of 2,400 fans watched the classy Tigers completely dominate the play for two and a half quarters before the Maroons got busy to wipe out a 35-23 Allegan lead. With 3:02 remaining in the third quarter the Maroons began their drive, sparked by center Frank Visser, guard Doug Windemuller and two junior reserves Paul Steigenga and guard Jim Fredricks. Visser started to find the range which had eluded him all night while Steigenga did a great job on the boards.

By the end of the third quarter the Hollanders had whittled the Tiger margin to 38-35 and were obviously taking command of the play. Coach George Van Wagener's crew did not fold but were stunned by the quickness of the Maroon comeback and never did regain the tempo.

The Maroons' Windemuller opened the fourth stanza on a driving layup to narrow the count to 38-37. Then Christian's Fredricks, a junior, connected to give the Hollanders their first lead of the contest at the 6:45 mark of the fourth period. Visser added another to boost the Maroons to a 41-38 bulge, their biggest lead of the entire ball game.

Allegan's Jim Pullen pulled the Tigers back to a one point deficit, before Visser tipped in another. It was the same story for the next three hectic minutes with the Maroons holding three or one point leads. Pullen then knotted the count at 47-47 with 2:19 remaining. Visser scored on a one hander from out with a minute and a half left to account for the winning margin. Christian had several free throw opportunities in the last minute but muffed them all.

It was all Allegan in the first two quarters as the Maroons had a miserable shooting first half, hitting on just 7-37 for 19 per cent while the Tigers were connecting on 11 out of 35 for 31 per cent. For the entire game the Maroons bettered their first half a bit with 21-75 for 28 per cent and Allegan cooled off to collect 20 for 68 or 30 per cent.

Shooting wasn't the only department in which the Tigers proved superior however in the first two periods. Paced by some rugged rebounding on the part of center Roger Watson and Barry Harris the Tigers took command. They jumped out to a 4-0 mark before forward Clare Van Wieren scored Holland's first basket. Allegan shot to a 10-3 lead before the locals narrowed the gap to 10-6. By the end of the first period the invaders led 14-6. Christian missed seven out of nine free throws in the stanza.

Coach Art Tuls' club did manage to narrow the gap to 16-13 early in the second half on two quick baskets by Tom Bouman and a two pointer by Ken Disselkoen, along with a few charity tosses. However the alert Tigers were not to be denied as they shot out to a 25-19 first half margin.

Both coaches admitted that their clubs were not playing their best ball as they were keyed high for the game in an effort to keep their unbeaten marks intact. Allegan relaxed as the game wore on, but the locals were tense until they began the comeback drive. The defenses of the clubs was exceptional, particularly in view of the fact that each team employs a tricky screening offense.

The Maroons had a miserable night at the foul lane, hitting on just seven out of 26 tries, while the losers collected on seven out of 18. Visser led all scorers with 17. Roger Iehl and Watson paced the Tigers with 10 points apiece. Christian next travels to Ludington to meet the perennially tough Orioles next Friday. Ludington is also unbeaten with a 4-0 mark.

Holland Leads In Camping

Holland State Park at Ottawa Beach led Michigan in camping permits with 6,060 this year and finished second to Grand Haven in park attendance, the Michigan Conservation Department reported today.

The Straits, Higgins Lake, Traverse City and Indian Lake, were other camping permit leaders. Grand Haven continued to hold down the No. 1 spot as it attracted 1,727,000 visitors. Holland had 1,124,820 which is a drop of 43,000 from 1959.

Holland replaced Dodge 4, southwest of Pontiac, in the runner-up spot as the Dodge park dipped to 697,000. Sterling Park, north of Monroe, fell from last year's circle of parks with more than 1,000,000 visitors, but advanced to third in total attendance with 895,000.

Daily attendance at the 62 parks and recreation areas topped 18,000,000, second to last year's record turnout and campers set a new all-time high for the ninth straight season with nearly 150,000 camping permits issued. More than 42,000 camping families were turned away for the second straight year because of lack of facilities.

Little Maroons Beat Allegan

Balanced scoring paved the way for the Holland Christian Little Maroons win over Allegan's reserve outfit by a 60-44 count Friday night on the Civic court. The win gave the Hollanders a 3-1 mark, while the Little Tigers are now 1-3 for season play.

Four of the five starters scored in double figures for the locals as they pulled away in the second half. The Maroons trailed 12-10 at the end of the first period but had taken a 27-25 budge at halftime.

Allegan took two momentary leads in the opening minutes of the third period before the Hollanders took over to stay. By the end of the third period the winners led 43-33.

The losers never got closer than eight points in the final stanza and the Maroons were never in serious trouble after that. Both coaches used reserves in the final minutes.

Pacing Coach Elmer Ribbens' Christian club was Freshman Don Kronemyer with 16 markers, followed by Ron Lubbers with 15, Dave Tuls and Cal Boer with 13, Mike Jones and Tom Dykema with 12 markers.

Little Dutch Lose Overtime

MUSKEGON HEIGHTS — Holland High's reserve team dropped a tough, 73-71 overtime decision to the Muskegon Heights seconds here Friday night when the winning basket was scored with four seconds left in the three-minute overtime.

Anderson made the basket to give the Tigers the game. Holland took the ball out and got the ball to Mike De Vries who missed the shot just as the horn sounded.

Muskegon Heights led 20-14 at the quarter and 38-34 at half. Holland came back and took the lead, 52-51 in the third quarter and held leads up to eight points in the final frame but failed to hold the margin as the Tigers tied the score at the end of the regulation game.

Carl Walters led Holland with 22 points while Tom Essenburg and Chuck De Witt each had 16 and Mike De Vries had 14. Bill Lawson made two and Dave Dykstra, one. Adams had 26 for the Tigers and Anderson 25.

The Heights hit 14 straight free shots in the first half. From the floor, the Tigers had 12 of 32 for 37 per cent and 13 of 31 for 42 per cent. Holland had halves of 11-27 for 41 per cent and 11 of 30 for 36 per cent. Holland has a 1-2 record.

Grand Rapids Couple Hurt In Single-Car Accident

Mrs. Grada De Jonge, 53, driver of the car, was admitted to Butterworth Hospital in Grand Rapids with a fractured hip and lacerations of the right leg. Her husband, Arthur, also 53, was treated at the hospital for cuts and bruises and later released.

Deputies said the De Jonge auto skidded off the icy road and went down an embankment, striking a culvert.

Big 2nd Half Gives Ohio 86-66 Victory

Breaking loose in the final 10 minutes, Central State of Ohio whipped Hope College's basketball team, 86-66 here Thursday night before 1,700 fans in the Civic Center.

Hope had managed to hold the upper hand throughout the first half and about nine minutes of the second frame, before the leaping Marauders struck. Although Central had tied Hope one time and was within two to six points most of the time, the Flying Dutchmen were playing good ball and holding the lead.

With 6:52 left in the first half, the Dutch had held a nine-point advantage their biggest lead of the contest. Hope had led 19-16 at the 10-minute mark. The Marauders came back and tied the score 31-31 with 43 seconds left in the first half but two free shots each by Don Boyink and Bob Reid gave Hope a 35-31 halftime lead.

Hope kept its slim lead in the second half. With 11:55 left in the game, Jim May hit the first of what turned out to be eight baskets, and put the Marauders within one point, 49-48.

Sam Mc Cloud and May each added a basket in the next 40 seconds and Central never again trailed. Turner Russell added two free shots before Boyink hit a long shot. May followed with a bucket to give the visitors a 55-51 lead at the 10-minute mark.

Then the Marauders struck. Four quick baskets were ripped through the cords on fast breaks when Central would get a Hope rebound and tear down the floor. Boyink had scored between the pairs of State buckets.

Tony Blaine "dunked" the ball a three-on-one situation to make it 63-53 and the winners were off and running.

And run they did. Central controlled the board and fired the ball down the floor and got behind the Hope defense and scored on fast breaks. They also had a strong defense that allowed Hope just long shots and the Marauders would then clear the boards.

May and Russell, remembered for their play here last season in the 82-81 come-from-behind Central win, duplicated last year's performance.

May banged in four baskets in the early second half drive and then added four more when Central State took command. The final big Ohio spurt was led by the two clever little 5'9" guards. Russell made two baskets and May one while Blaine added two free shots as the score mounted to 74-58 with 3:11 left.

Central pushed the score to 20 points, 80-60 on two quick buckets by Mc Cloud and a May two-pointer with 1:55 left. Each team scored six points in the time remaining for the 20-point win.

Boyink, who saw his most service since breaking a foot last month, scored six of Hope's eight baskets in the final 10 minutes. Reid and Dale Scheerhorn tallied the other two buckets. Boyink led Hope with 23 points on nine baskets and five of six free shots. Reid followed with 12 points and Glenn Van Wieren had 10.

The winners made 52 per cent of their shots in the second half as they sank 22 of 42 while Hope scored 12 of 44 in the second half for 29 per cent. The Dutch hit 13 of 38 for 34 per cent in the first half and Central had 12 of 37 for 32 per cent in the first half.

Hope made 16 of 21 free shots with halves of 9-12 and 7-9 and Central had 7-10 and 11-17 for 18 of 27.

Central had 48 rebounds and Hope snagged 41. Mc Cloud grabbed 15, including 11 in the second half while S. T. Johnson had 13. Capt. Bill Vanderbilt got 17 for Hope and Boyink had 12.

Coach Russ De Vette complimented his club on sticking with the strong Marauders as long as they did. The Hope team was at its worst physical shape of the season.

Vanderbilt and Jim Vander Hill saw limited action because of the flu while Van Wieren injured his ankle in the first half and Jim Hulst missed the game because of flu. Ek Buys was out with torn ligaments in his ankle.

Capt. Russell paced his club with 25 points, including nine baskets and seven of eight free shots. May picked up 17, all in the second half and Mc Cloud had 13.

ARRANGE HOME FOR TEA — Mrs. William G. Winter Jr., standing, offers a colorful bon to her co-chairman and sister, Mrs. Frederick Stanton, and to the hostess, Mrs. Richard De Witt, Thursday afternoon at the annual tea of the Holland Garden Club. The tea from 2 to 5 p.m. was held in the De Witt home on West 32nd St., using the Colonial Christmas theme.

Colonial Christmas Theme Used at Garden Club Tea

Vintage clothes were used in the Colonial Christmas theme of the Holland Garden Club Christmas tea Thursday afternoon at the home of Mrs. Richard E. De Witt on West 32nd St.

From the attractive outdoor tree and wreath arrangements through the rooms on the main floor, the entire house carried a charm that announced quietly that it was holiday time at the De Witts.

Festoons of greens and ornaments decorated the entry hall where Mrs. De Witt greeted the guests. The living room featured an attractive coffee table arrangement with a hurricane candle in a bed of greens and colored bows. The fireplace, too, was draped with greens and colored ornaments. A long coffee table in another living room was bright with two antique brass candlesticks and tiny packages wrapped in the vintage colors of pale pink to deep violet.

GRAND RAPIDS — Hudsonville's basketball team took over second place in the O-K League here Friday night after fighting off a fourth quarter rally to defeat Grand Rapids Lee, 56-48.

Leading 47-28 in the fourth quarter, the Eagles were struck by a press applied by the Lee crew and the losers outscored Hudsonville, 20-9 in the fourth period.

Ottawa County deputies said Charles Davis, 35, of 523 136th Ave. was taken to Holland Hospital for treatment of possible neck injuries. Deputies said Davis was a passenger in a car driven by Harry A. Gordon, 32, of 131 Manley Ave.

Gordon's car was struck in the rear by a car driven by Robert L. Marshall, 19, of 3311 136th Ave. Deputies said they were charging Gordon with driving with defective equipment. Marshall was being cited for failure to maintain an assured clear distance, deputies said.

Fishermen 'Play It Safe'

Holland ice fishermen should "play it safe" during the early stages of the new season, Ottawa County deputies and Conservation Department officials warned today.

Although the ice has formed in many spots on Lake Macatawa, several open spots have been reported. Fishermen will be wise to check out the lakes before hauling their shanties and other gear on the lake.

Veteran fishermen have checked the ice and report that a "old weekend" will probably make the ice safe for fishing sometime next week. Checking ice around shores will give a quick clue to conditions.

When the lake's ice is thin, it will break up first around the shore if the freeze-over is interrupted by mild weather. Discolored ice is often a good sign of danger.

Fishermen were reminded that when they go out on the ice they should spread out. When four or five anglers mingle in a small area it's sometimes more than the ice can support at this time of the year.

Joel Hop, 4, Doing Better

Joel Hop and all his relatives are all set to celebrate a Merry Christmas.

The four-year-old son of Mr. and Mrs. Lyle Hop of 816 Lincoln Ave. who was critically injured when struck by a car Nov. 19 has shown considerable improvement in Butterworth Hospital in Grand Rapids the last few days.

The youngster who received a fractured skull and concussion was taken off the critical list a few days ago and transferred from the intensive care unit to the children's ward. He is now able to be in a wheel chair.

So far he hasn't talked, but Thursday night he laughed and smiled—the best Christmas present his parents could ask for.

No surgery was required for Joel. The specialist who attended him was confident from the beginning that Joel would recover in time.

The accident occurred on Lincoln Ave. just south of 32nd St. where the youngster darted into the road in front of a car driven by Russell Kleinheksel, 18, of 83 East 38th St.

Registered Voters To Receive Notices

City Clerk Clarence Grevenog's office is busy these days on announcements notifying each city voter of his ward and precinct number and where to vote. The announcements are dated for Jan. 5 and the clerk's staff hopes to have the work completed by that time.

City Council last week passed a new ordinance setting up new boundary lines for wards and precincts in an effort to have a more equitable number of voters in each ward.

Fine Shooting Gives Holland 57-35 Victory

MUSKEGON HEIGHTS — Hitting 48 per cent of its shots, employing a strong zone defense and showing basic sound basketball, Holland High's basketball team walloped Muskegon Heights, 57-35 for its fourth straight win here Friday night before 1,100 fans in Bolt Memorial gym.

The Dutch played their best game of the season and working patterns of cut, pass and shoot were able to baffle the Tiger defenders and get into position for good shots.

Holland took only 44 shots in the game but they countered on 21 in three quarters and coasted to the victory over a team that had received the raves after its 62-53 win over Muskegon last week.

But the Tigers must have been resting on their laurels gained against their cross-town rivals because they showed nothing against Holland that gave any evidence of being able to stop a quick team.

Holland worked its plays to perfection, first against a Tiger zone defense and then against a man-to-man. Against the zone, Holland punctured it quickly, hitting eight shots in 14 tries, six from out-court in the first quarter and jumped to a 17-8 first period lead.

They continued their fine shooting in the second period and made five of 13 tries from the floor for an impressive 49 per cent in the first half.

Holland's zone defense kept the Tigers shooting out and the tiny guards couldn't get off good shots over the Dutch defenders. Muskegon Heights also tried to get the ball into its big 6'6" center John Calloway but the Dutch zone, led by Ben Farabee, clamped on him and he didn't make a field goal, the first time that's happened in his three years as a regular.

Calloway had seven shots, five in the first half and two in the second half.

The Dutch didn't let up in the third period and pounded the basket 11 times for eight buckets and held a 20-point, 47-27 third quarter margin.

Holland didn't score a basket in the fourth quarter but did cash in on 10 free shots. The Dutch took only six shots in the period, three in the last minute. During three minutes of the last quarter, Holland hit seven straight free shots while holding the Tigers scoreless.

The Tigers made numerous floor violations and Holland capitalized. Three times Rog Burma broke through and intercepted passes and went in for layups. Ark Dirks looked good in his tap, moving across the key, taking a pass and scoring. He led Holland with 15 points, including four baskets and seven of nine free shots.

Jim De Vries was strong on his turn about jump shot and bothered the Tigers defense and he managed to often sneak clear. He banged five buckets and added a pair of charity tosses for 12 points to be runner-up scorer.

Coach Bill Noyd was "well pleased" with the team effort. He was especially pleased with the defensive job done on Calloway and the execution of the Dutch offensive patterns. Holland moved the ball much better than in the three games at home.

Holland also had a good night at the free throw line with 15 of 20 while the Tigers had five of 13. Muskegon Heights shot quarters of 3-19, 4-17, 5-20 and 3-12 from the floor for 22 per cent.

Although the Tigers had more shots, the tries were hurried and several were attempts under the basket that frequently were batted down or recovered by Farabee, De Vries, Gary Alderink and Dick Hilbink late in the game. An injured knee sidelined guard Chuck Klompans.

It was the fewest points scored by an Okie Johnson coached team in many years and avenged Holland's two narrow setbacks last year. The Dutch have now beaten Johnson only twice in seven years. The other time was two years ago. Sam Mc Murray led the Heights with nine.

Holland plays Grand Rapids South at Burton Junior High gym next Friday night.</

Water Rate Confusion Ironed Out

GRAND HAVEN — City Council has figured out why the new water rates didn't reach estimated revenues, following a three hour special council meeting Monday night with George Snyder and Associates of Jackson which made the study.

Main reason why revenues were \$35,000 less than expected were (1) methods of the city in applying meter equivalents wasn't what Snyder had in mind, (2) wrong year's estimates were used in arriving at figures, (3) amount of water actually used was not as high as expected.

The new rates are the basis of a proposed revenue bond issue to finance an expansion of the Grand Haven water system. The new rate schedule imposes a demand charge on each customer as well as a usage charge. The average customer has a 1/2 inch meter, geared to \$18 a year or \$4.50 a quarter. A 1/2 inch meter has two equivalents at \$18 per year for a total demand charge of \$36.

But when the city began sending out water bills four months ago under the new rates, they were sent out according to average quarterly demand of the customer. Some residents and businesses on the borderline of requiring a larger meter were billed for the smaller size. The result was that the city lost about 1,000 meter equivalents which would amount to \$18,000, or more than half of the \$35,000 difference.

Use of 1961 figures instead of 1960 figures resulted in another subtraction of \$8,000. A half-cent cost per thousand gallons of water difference amounted to another \$3,800.

To correct the difference, Snyder and the new city's deputy finance officer will go over each customer's card and figure the type of meter he requires according to his average peak demands. They also will review special cases and come up with recommendations.

Special cases take in celery farmers who have 1/2-inch meters but use water services about three months of the year. Others in question are those residents with swimming pools and lawn sprinkling meters.

Meanwhile, Council approved a recommendation of City Manager R. V. Terrill and the engineering firm of Williams and Works that the city accept the low bid of \$45,156.25 entered by C. A. Kloote Co. of Grand Rapids, for water main work running from the filter plant along Sherman, Second and Clinton to improve pressure to industrial firms.

Sheriff Gets Phone Change In County

GRAND HAVEN — Persons in the Holland-Zeeland area now must dial PR 2-2124 to reach the Ottawa County Sheriff's Department.

The new number went into effect at 12:01 a.m. Tuesday, according to Sheriff Bernard Gysen.

The new telephone number is being used in connection with a change in the department's telephone answering service, Gysen said.

The new telephone system connects persons in the area with the Sheriff's Grand Haven office by direct line. Persons dialing the PR number will be able to call the Grand Haven office of the Sheriff's Department toll free, Gysen said.

The new system was adopted to provide 24-hour telephone answering service to all areas of the county. Previously, only the Grand Haven area had 24-hour service.

The Holland-Zeeland area, Eastern Ottawa County, and the Coopersville-Marne branches of the Sheriff's Department were not on full-time telephone service before today.

Individuals calling the new number will be connected to the Sheriff's office in Grand Haven. Calls will be relayed by radio to deputies patrolling in outside areas, according to Gysen.

The sheriff said that the direct-line telephone system would cost less to operate than the former system of paying for telephone answering services on a limited basis. He said it would also increase the department's services to all areas of the county.

Gysen said Eastern Ottawa County also would use a different telephone number to contact the department office in Grand Haven.

NEW CABINET

You have all read the list of people who will serve in the next Cabinet for our country, that is, if they are confirmed by the Congress.

There seems to be little doubt that they will be confirmed.

Monday members of the electoral college cast their ballots. It will only be a few weeks now until the inauguration will take place and then we will have the 87th Congress. Some people are of the opinion that the first six months of 1961 will be a very interesting time for people all over the country as the new administration takes up the many tasks that are before it.

There will be many bills thrown into the hopper as they always are when any body of legislative people starts up for the new year. With the population continuing to increase and the many countries gaining their freedom, the domestic problems may be overshadowed by the problems that we find every day all around the world.

Recently a president of one of the large life societies of our country talked on "Thinking Through Some of Our Social Legislation."

Some of the heads that were used to caption different parts of the speech were as follows: "Drift Toward a Bigger Government," "Social Security Widely Misunderstood," "Originally a Basic Floor of Protection," "Tax Contributions Not Earmarked For Individual's Own Benefit," "Rights Under Social Security: Statutory - Not Contractual," "Social Security Financing Costly," "Oldsters Being Subsidized By Youngsters," "Crucial Period Still Ahead," "Earnings Test Indispensable," "Economic Impact of Social Legislation Requires Study," "Medical Care for the Aged," "Some Disturbing Implications," "Need for Adequate Care Obvious," "Public Attention Focused on Three Major Proposals," "Medical Care for Aged Still a Key Issue," "Growth Record of Private Health Insurance Impressive," "Well-Being of Aged Improving," and "An Ever Encroaching Government Endangers Our Way of Life."

This, we think, will give some idea of the thinking of people concerning our continued growth of the population, the longer span of life and the many new branches of government that people seem to want. Now these are just a few of the problems that face the next President and the new Cabinet as well as the Congress when they meet for their 28th session.

We know that you and you are more and more becoming aware of the growth of government and the duplication. Remember all of this costs money.

It is your money. The tax bills are now appearing over the country as the end of the year approaches. We must find a way to solve our many problems without duplication and waste.

God's Gift of Love

Luke 2:8-20

By C. P. Dame

In this lesson, Luke, a Gentile doctor, tells the story of the birth of a Jewish baby. Luke was not present at the birth of the child. Most likely he got his information from Mary, the babe's mother. The Christmas season is a busy season and there is the great danger that we forget about the birth of our Saviour to whom we owe a world of gratitude. In our study of this lesson, be sure to keep in mind the truth that God sent us Jesus, our Saviour and Lord.

I. God often honors the forgotten people. The birth of Jesus is a historical fact. When Jesus was born, heaven made the announcement. This shows that although the great of the earth did not know about it heaven was deeply interested. The events in which heaven is interested are more important than the events in which the earth is absorbed.

An angel came from heaven to tell some lowly shepherds about a great event—the fulfillment of the Old Testament prophecies regarding the coming of the Messiah. The prophet Micah foretold that the Messiah would be born in Bethlehem, the city of David. God used the Roman emperor to bring about the birth of Jesus in Bethlehem. He ordered a worldwide census to be taken which caused Joseph and Mary to travel to Bethlehem for they were both of the house of David.

When the shepherds were at work watching their sheep one night the angel "came upon them, and the glory of the Lord shone round about them; and they were sore afraid." Why did heaven send an angel to shepherds and pass by the religious and political leaders who were godly people and were ready to receive the heavenly tidings.

II. Jesus has brought much joy in the world. The angel said to the troubled shepherds: "I bring you good tidings of great joy, which shall be to all people." The angel mentioned the place of the Saviour's birth—Bethlehem, the city of David, and stated that the babe was wrapped "in swaddling clothes, lying in a manger." Think of it—heaven announced the birth of a child that was born in a stable! What humility! The announcement of the one angel was substantiated by the song of a host of angels and they sang, "Glory to God in the highest and on earth peace, good will toward men."

We all hope and pray that these words may soon be fulfilled. When men seek God's glory, peace and goodwill are bound to prevail among men, but as long as men seek their own glory, strife will continue.

III. People who have good news should tell it. These shepherds were Godly men and they believed and therefore acted. Believers always act. They were all agreed and decided to go to Bethlehem and see about that which the Lord had made known to them. They did not loiter but made haste, and they found Mary and Joseph, "and the babe lying in a manger." These men did not keep the message to themselves but they made the good news known, and all who heard it wondered at the things the shepherd told them.

A great honor as well as a great responsibility had come to these shepherds. They appreciated the honor for they glorified and praised God "for all the things which they had heard and seen" and they discharged their responsibility in telling the good news which had been told them. These shepherds set us a fine example—we too have received, not only the news of the birth of Jesus but we also know about His death for our sins and His glorious resurrection and therefore we have much more to tell. Are we busy telling it? Good news should be told.

Christian Wins Debate Honors

Holland Christian debaters walked off with the honors in the second round of debates scheduled here by the Michigan Christian High School league Monday afternoon. The local school acted as hosts to some 60 debaters from five Christian high schools with Harold Grissen, Holland debate coach, serving as chairman.

Local debaters swept four decisions against no defeats in the two rounds held Monday. Holland, by virtue of its four wins Monday, clinched at least a tie for the league championship which they shared last year with Grand Rapids Christian. In league competition the Dutch have won six out of eight debates and have finished their loop matches. Grand Rapids with four wins and two losses still has a chance to tie the locals. Hudsonville Unity Christian is in third place with a 3-3 mark, while Grand Rapids South Christian is fourth with 2-4. Kalamazoo is in last with a 1-5 record.

One more round of debates is slated in January for the rest of the teams in Grand Rapids. Terry Pott and Tom Buursma, a pair of juniors, forming an affirmative team are undefeated in four starts in league competition. On Monday they defeated negative squads from Unity and South. Bob De Boer, a senior and Mart Bolt, a junior formed a negative squad and defeated a Unity affirmative team. In the last debate, Bolt teamed with Mark Davies also a junior to form another negative team and defeated a Kalamazoo affirmative team.

A total of eight debates were held through the afternoon. A novice tournament made up of young debaters from the various high schools was held at the Prospect Park Christian Reformed church, also under the direction of Grissen.

Judges for the two rounds of debates were Dr. Robert Smith and Dr. E. E. Brand of Hope college and Dr. Melvin Berghuis and Dr. Lester De Koster of Calvin College.

Members of the Zeeland High school home economics club are redoubling their efforts to aid the Lazy Woman Children's Home in Palmer, Alaska, after a fire last Thursday completely destroyed the orphanage that housed 65 Eskimo, Indian and Aleut children. None of the children were injured in the fire.

The local girls had mailed eight large Christmas packages of toys, dolls, games and some clothing to the orphanage two days earlier.

On Friday, the Rev. Herbert Scott of Immanuel Church in Holland reported that the orphanage had burned. Immanuel Church supports the orphanage and its directors, Mr. and Mrs. Walter Covich, who are former Holland residents.

The home economics club passed a blanket to receive contributions for the orphanage at the Zeeland-Holland Christian basketball game Friday night, and gave fans t-shirts in \$85. Now the girls are making candy and cookies and selling them at school to raise more funds to help the 65 homeless youngsters.

Home economics teacher and club sponsor Miss Ruth Shively reported that the candy and cookie sales netted \$25 on Tuesday and that the club hopes to match the \$85 donated at the basketball game, through the sale of goodies. Zeeland High school has taken on the spirit of Christmas. Christ-

mas trees and decorations of all sorts are in the office, library and many class rooms.

Zeeland

The Zeeland Lions Clubs annual Christmas party was held Monday evening at Bosch's restaurant. A highlight of the party was the gathering of Christmas gifts from each club member which will be put into one lot and given to needy persons through a mission or other charitable agency this year.

Formerly, Lions Club members held a gift exchange among themselves. This year each member brought a useful gift for the needy, and the club also provided a collection box for members to contribute to the Welcome Home for the Blind in Grand Rapids. Funds received in the collection will be used to buy canned foods for the home. About 15 blind persons reside at the Welcome Home For the Blind.

Club president William Karsten opened the Christmas meeting, and Bud Brinks gave the invocation. Dr. G. J. Kemme was master of ceremonies.

Special guests of the Lions Club were Frank Ver Hey, Mrs. George Gebben, Miss Grace Rookus and Ervin Roelofs.

The speaker for the meeting was the Rev. F. R. Bartlette of the Free Methodist Church who gave a Christmas message. Vocal music was furnished by Judith Nageikirk and Kathy De Witt, accompanied by Mrs. Stanley Lousma.

The Sight Conservation and Blind and the Health and Welfare committees of the Lions Club were in charge of the party and the gift projects. Members of those committees are Larry Van Haisma, Ivan Kleinjans, Dr. G. J. Kemme, Dr. R. N. Nykamp and Dr. A. J. Vande Waa.

A Christmas pageant, "Watchman, Tell Us" by Grace Thielpape was presented at the Guild for Christian Service meeting at the First Reformed Church Tuesday evening. Included in the cast were Mrs. R. De Weert, Mrs. Laverne Lampen, Mrs. G. Dykstra, Mrs. Don Pyle, Mrs. A. Nykamp, Mrs. Don Van Hoven, Mrs. D. E. N. Wyngarden, Mrs. K. Burns, Mrs. P. Mrs. H. De Pree was in charge of the business meeting and the study groups were led by Miss Rachel Boer, Mrs. Earl Teague and Mrs. D. Plasman.

Zeeland High School Principal, Laverne Lampen, was the guest speaker at the Tuesday luncheon meeting of the Rotary Club. Mr. Lampen was introduced by program chairman Jack Boonstra.

The principal's talk, entitled "The Role of a Principal" described the problems of public schools of many years ago and how these problems eventually prompted the appointment of school administrators.

Mr. Lampen also outlined the duties and requirements of a school principal today, citing examples of problems which arise in the teacher-parent-student area, that demand the time and abilities of a skilled administrator.

He is a graduate of Zeeland High school and Hope College, and holds a Masters degree from Michigan State University. Mr. Lampen is also a member of the Zeeland Lions Club.

Dr. Joel Nederhof of Chicago will officiate at the 8 p.m. wedding of Miss Thelma Huizinga and Thomas Knol, Jr., Dec. 23 in Alger Park Christian Reformed Church in Grand Rapids. Members of the Zeeland High school home economics club are redoubling their efforts to aid the Lazy Woman Children's Home in Palmer, Alaska, after a fire last Thursday completely destroyed the orphanage that housed 65 Eskimo, Indian and Aleut children. None of the children were injured in the fire.

The local girls had mailed eight large Christmas packages of toys, dolls, games and some clothing to the orphanage two days earlier.

On Friday, the Rev. Herbert Scott of Immanuel Church in Holland reported that the orphanage had burned. Immanuel Church supports the orphanage and its directors, Mr. and Mrs. Walter Covich, who are former Holland residents.

Holiday Ceremony Unites Couple at Hope Church

Red and white carnations and Christmas greens marked the pews of Hope Church Saturday afternoon for the wedding of Miss Gretchen Ann Boyd and Philip Charles Chamberlain.

Altar bouquets of white carnations and candelabra completed the setting for the double ring rites performed by Dr. Marion de Velder, former pastor of Hope Church. Anthony Kooker was organist for the occasion.

The bride is the daughter of Mr. and Mrs. E. David Boyd, 1496 Waukazo Dr. and the groom is the son of Mr. and Mrs. Wallace M. Chamberlain, Hillcrest Acres, Comstock Park.

Mrs. Joseph B. Novak III of Clarendon Hills, Ill., was her sister's matron of honor. For the occasion she wore an avocado silk chiffon gown with rounded neckline and draped bodice with deep-hemmed skirts. Matching velvet leaves formed the headdress. A bouquet of red carnations and holly completed the ensemble.

Bridesmaids, wearing gowns similar to that of the matron of

honor, were Mrs. W. James Chamberlain, sister-in-law of the groom, of Grand Rapids; Miss Karen Andreasen, Holland; Miss Mary Ann Stanley, Chicago; Miss Suzanne Champine, Cincinnati, Ohio; Mrs. Glen Borre, Chicago and Mrs. Grant S. Purcell, Williamstown, Mass.

W. James Chamberlain, brother of the groom, Grand Rapids, was best man. Ushers were Joseph B. Novak III, Clarendon Hills, Ill.; Michael Dodgson, Glenn A. Young, Richard L. Moser, David R. Stickney and John Oosting, all of Grand Rapids and Robert Brook of Birmingham.

The marriage of Miss Carlene Ann De Witt, daughter of Mr. and Mrs. Martin De Witt, 322 West 14th St.; and Robert Adrian Kaashoek, son of Mr. and Mrs. Peter Kaashoek, 104 East 21st St., was solemnized Nov. 26 at 2 p.m. in Central Avenue Christian Reformed Church.

Setting for the double ring ceremony performed by the Rev. Russell W. Vande Bunte was an altar decked with ferns and bouquets of white pompons and snapdragons offset with candelabra.

The bride's gown, made by her aunt, Mrs. Grover, was fashioned of white satin with a sabrina neckline and a V back. The fitted bodice was adorned with the pleated lace and sequins and the alençon skirt fell into a chapel length train. Lace medallions, re-embroidered with sequins, decorated the skirt. A double crown of pearls and sequins held her fingertip veil of French imported silk illusion. She carried a cascade bouquet of white carnations and red roses. Mr. De Witt gave his daughter in marriage.

A light blue street length taffeta dress was worn by Mrs. Roger De Haan, sister of the groom, who was matron of honor. The dress was accented by a dark blue cummerbund with a back sash. Volley

Remember the Ben Davis High School band which put on a spectacular performance in Civic Center last Tulip Time?

That band has been invited to play at the inaugural in Washington in January. Arrangements were concluded last August.

Civic Center Manager Earl Price caught up with this news item when he was in Indianapolis some time ago.

Ever have a series of things go wrong?

See if you can match these things that happened to Jim and Joanne Brooks. And on Dec. 13.

The Brooks had gone to Grand Rapids for some Christmas shopping and about 8:30 p.m. joined another couple for dinner in a downtown hotel.

First off, they got the wrong dinner check, but got that straightened out easily. Then Bill Seidman, the other man in the party, got the wrong top coat. That wasn't settled so easily.

Next the Brooks realized they had left their car parked in the garage of a downtown department store which had long since closed. That involved ringing a bell and waiting another 20 minutes in cold, cold weather for the night watchman.

They got into their car and went about 2 1/2 blocks when the car stalled. It was out of gas in a neighborhood far, far from gas stations that were open. Jim left Joanne in the car and searched for a gas station, but gave up in favor of a taxi which pushed the Brooks car quite some distance to a station. Then the car wouldn't start and it had to be pushed several blocks down Division Ave. Finally it started.

"Now all we need is a flat tire," Joanne said.

Mercifully that didn't happen.

Herm Bos and Cy Vande Luyster have finally collected a \$25 prize for an award they won in 1955. It involved an article on eliminating a lot of clerical work on Christmas card orders by designing a convenient order in triplicate. The award was won back in 1955 but due to a death in the executive family of the publication involved, the material remained in a desk for years. It now appeared in the fall issue of Master-Pieces.

Mr. and Mrs. James F. White and Mr. and Mrs. Edwin Raphael and assorted children (nine in all in a station wagon) were in New York City last week to see James Dyas' new play on Broadway, "Send Me No Flowers" starring David Wayne and Nancy Olson.

The local party enjoyed the laugh-packed comedy no end and thoroughly enjoyed visiting with Jim and Tomie Dyas who have been operating the Red Barn Theater at Saugatuck for three seasons.

Critics expressed mixed feelings on the new play, ranging from luke warm to wildly hilarious. Whatever critical comment was expressed, however, seemed aimed at the play, not at Dyas' direction or the performances of the stars. Illness of the producer in the last weeks resulted in spotty advance promotion, with little or no backlog of advance sales, a sharp contrast to "Camelot," a musical extravaganza about King Arthur which has advance ticket sales of more than \$3,000,000.

People who know say if Dyas' play lasts through the Christmas holidays, it should settle down for a run.

"Send Me No Flowers" is a farce about a man who thinks he is dying but whose wife thinks he is using it as a pose to cover up some little caper on the outside. Critics invariably are reminded of "Seven Year Itch."

No names were given, but there was a note on a hospital record some time ago about an 11-year-old boy cut on the knee while chasing a flying saucer. It poses all kinds of possibilities.

It's cold now and golden autumn seems far, far away. But less than a month ago, Mrs. Berta Slagb picked some wood violets at the fish pond at her home at 345 College Ave. It was on Nov. 21.

Mr. and Mrs. George Frego of 239 West 30th St., Holland, have a copy of the 1960 fall issue of "Home Life," a small magazine out of Kansas City, Mo., which contains a picture of their daughter, Phyllis Frego, in Dutch costume. The picture was taken during Tulip Time of 1951 when Phyllis was a senior at Holland High School. She now is Mrs. Charles Tomlinson of Rockford, Ill.

There was no identification under the picture but friends of the Tomlinsons recognized Phyllis and saved the magazine for her.

Only a few newcomers arrived in Holland during November to be greeted by City Hostess Huldah Bequette.

Mr. and Mrs. Henry Toering of Grand Rapids had purchased a home at 242 Calvin Ave. Mr. Toering is a teacher in Byron Center. They have two young children.

Dr. and Mrs. David Dolese of Ganado, Ariz., have purchased a home at 1548 Waukazoo Dr. Dr. Dolese has opened a medical office at 833 South Washington. The couple has two sons and two daughters.

Mr. and Mrs. Paul Fries of Denver, Colo., are living in an apartment at 1 1/2 East 16th St. Mr. Fries is a student at Western Theological Seminary. His wife is a teacher in the Christian schools. They have a three-year-old daughter.

Laff for the day: This story from Iceland is about a salesman who ran from igloo to igloo trying to sell electric fans. "Fan?" each resident would exclaim in amazement. "What do we want with a fan? It's 69 below zero today." "Sure, I know," soothed the salesman. "But you never can tell. Tomorrow it may jump to zero."

WORKING ON JUDGE'S BENCH—Ken Oosterbaan is shown working on the new judge's bench for the new Municipal Court which will occupy the southeast corner of the old library quarters on the second floor of City Hall. Court

Chambers will occupy the west side and offices for the court and a jury room will be in the central portion. New rooms are expected to be ready for occupancy in February. (Sentinel photo)

New Court Room, Council Chamber Set for City Hall

The old library quarters on the second floor of City Hall is undergoing a face lifting.

The area which covers the entire south half of the floor is being remodeled into a new council chambers on the west, a court room for Municipal Court on the east and offices and jury room for the court in the central portion.

Specially designed furniture will be built into both council chambers and the new court. Mayor and councilmen will be seated in a raised semi-circle in the council chambers which allows approximately the same area for visitors as the present chambers on the third floor. The court will have a judge's bench on a raised platform and a built-in jury box to the right.

Remodeling has been going on for several weeks in City Hall, but aside from noise and paint odors at the times, there was little to note the activity since contractors built a special outdoor stairway for their own traffic along with special chutes to unload debris onto trucks below.

No determination has been made on what will be done with council chambers and judge's office on the third floor when they are vacated. Remaining on the third floor are offices for environmental health, Netherlands Information

Service, office for the mayor and conference room, and a band room. When City Hall was built back in 1909, police headquarters occupied the first floor northwest corner now occupied by the engineer's office. A single cell block was later converted to a vault. The building was designed with a room for Circuit Court on the third floor. This was later converted to welfare offices for the county by a series of temporary partitions. These offices were vacated about two years ago when the welfare offices moved to the county branch building on North River Ave.

The remodeling program which involves less than \$15,000 is perhaps the greatest change in the building in its half century of existence. The space became available last spring when the public library moved into its own spacious headquarters of Herrick Public Library in the adjoining block south of City Hall.

Work on the remodeling program is expected to be completed in another month or so. To match existing woodwork on second floor rooms, workmen used some of the old moldings from the third floor welfare offices. Most cabinet work has been completed, painting is done and some woodwork must be refinished. Most of the electrical work is done.

Additional information on individuals can be made by contacting Carl Hoyt, Poultry Marketing Agent, at the Zeeland Extension office or by writing directly to Dean Marble, Poultry Dept. Cornell University, Ithaca, New York and ask that your name be placed on the mailing list to get periodic reports from council of American Official Poultry Tests.

Results of these tests are available in the 1958-59 and 1959-60 reports published by the Council of American Official Poultry Tests.

The 12 testing areas listed in the report for those years include California, Florida, Minnesota, Missouri, New Jersey, both Central, and Western New York, Pennsylvania, Tennessee, Texas, Utah and Wisconsin.

Random Sample Test entries consist either of hatching eggs, chicks or turkey poulters from commercial matings of the grade entered. Samples for entry into Random Sample Tests are drawn at random from the entering commercial flocks by such disinterested persons as a county extension agent or a vocational agriculture teacher. Pen assignments of the chicks entered are also made at random. Then all entries in a particular test get the same management, nutrition and disease control practices. No selection of culling is done during the test.

Records are kept in nine different economically important traits and the results are published under the name of each entrant. In this way potential buyers have readily available information as to the performance of these entries.

Traits measured in the tests include net income over feed cost for each entry, cost per pullet housed, egg production per pullet housed, number of days needed to reach 50 per cent production, percent mortality in the laying house, egg size, feed efficiency indicated as the pounds of feed needed to produce one dozen of 24-ounce eggs, albumen score and percentage of blood spots in the eggs.

When cultivating the Random Sample Tests it is more important to look at the percentile ranking of the various strains than to place too much emphasis on the return over feed cost. This is because different parts of the country have different feed prices and different values are placed on the eggs produced. When the quartile method of evaluation is used this gives a comparative ranking of the various entries.

Some examples of Quartile Ranking follows:

In the Missouri Random Sample Tests for 1958-59 computed on the basis of net income above all chick, rearing and feed costs, fourteen entries placed in the first quartile. Of these several are sold locally including the De Kaib 131, Kimber 155 Hyline No. 934 C, and Ideal H-3-W. In the New York Random Sample tests six different characteristics are ranked by the Quartile method. These include income over chick and feed cost, egg production on a hen housed basis, egg size (per cent lrg. and extra lrg.), mortality 8-500 days, feed efficiency and albumen score. Out of 34 pens entered in this test, no entry ranked in the first quartile in all six characteristics. Some entries of strains that are sold locally scored high however.

Major Hope Queens and Kimber 137 were in the first quartile of five of the divisions. In the Iowa Multiple Unit Poultry test fourteen breeders entered strains for testing. Although these were not ranked by Quartiles, on the basis of egg production Hyline 934 C, H and N, Nick Chick and Babcock Best were in the top eight rankings.

Additional information on individuals can be made by contacting Carl Hoyt, Poultry Marketing Agent, at the Zeeland Extension office or by writing directly to Dean Marble, Poultry Dept. HOPE LIBRARY PROGRESSES — Work on the new Van Zoeren Library at Hope College is proceeding according to schedule, according to John May, librarian at the college. The heat line from the central heating plant on campus to the library on Graves Pl. has been nearly completed, officials said, and construction is now concentrating on the building's first floor. The workman in the picture is carrying a 'bulb tee' across the roof girders of the building. The tees support sheets of cellulose and sheet rock which form a base for gypsum to be poured on the sheet rock, forming the roof of the new library. (Sentinel photo)

Random Sample Poultry Tests can give Michigan Poultry and egg producers reliable information about the quality of chicks and turkey poulters offered for sale by various breeders.

FIRST REFORMED CHURCH — Here is an architect's sketch for the new First Reformed Church to be built on the Winter property at 26th and State Sts. Plans drawn by J. and G. Davenport Co. of Grand Rapids call for a building of contemporary design with a sanctuary seating 450, a balcony for 125 plus a choir loft for 50. A narthex will accommodate overflow seating for 125 and Sunday school facilities will accommodate 500 to 600 children. Estimated cost is \$450,000 including organ and site.

First Church Adopts Plans For Fine New Sanctuary

Members of First Reformed Church of Holland have approved preliminary plans for construction of a new contemporary church building. The new church will be built on a wooded four-acre site located on the southwest corner of State St. and 26th St.

Dr. R. Van Heukelom is pastor of the First Reformed congregation whose present building is located on Ninth St. and Central Ave. Founded in 1847, this congregation is historically rooted in the early days of the development of this Holland community.

Architect's plans for the proposed new building illustrates the first phase of construction which will provide a sanctuary seating 450, a balcony seating 125, plus a choir loft seating 50 people. Other facilities to be included in this building are a large narthex which will accommodate overflow seating for 125 people, Sunday school facilities to accommodate 500 to 600 children, and a full basement which will provide fellowship hall facilities with a seating capacity of 500.

This building, estimated to cost approximately \$450,000 including organ and site, constitutes the initial phase of the congregation's proposed new "ecclesiastical complex" which was master-planned by the J. & G. Davenport Co., a well known Grand Rapids architectural and engineering firm. In

addition to the first phase sanctuary which will be architecturally designed Sunday school facilities, the master plan also envisions a chapel and additional educational facilities signed to complete the building complex.

At the recent congregational meeting, architects pointed out that the contemporary design concept of the new structure evolved out of an attempt to harmonize the design with the residential character of the neighborhood as well as in consideration of the interior functions of the church.

Although the interior contemporary design has been tempered to inspire quiet reverence and a spirit of worship and devotion, the exterior has been designed to express the forward-looking spiritual mission of the church in a contemporary society. The design makes widespread use of glass in an attempt to create an interior environment which might be described as "intimate spaciousness." Also incorporated into the design is a contemporary 80-foot bell tower.

Officers of the church planning council are Walter Vander Haar, chairman; Ann Slag, secretary; Mrs. Ella Young, director of religious education; William De Haan, Russell Kemper, Clifford Kimball, Harvey Laman, Harry Nykerk, Ben Poll, John Stephens, Laverne Serne, John Ter Beek and Howard Topp.

Grand Haven Span Okayed

DETROIT — The U. S. Army Corps of Engineers office here announced it sent a permit Friday to the State Highway Department to build a \$1.3 million fixed span bridge to carry M104 over the mouth of the Grand River at the Spring Lake inlet at Grand Haven.

A controversy has gone on for more than a year in the tri-cities area of Grand Haven, Spring Lake and Ferrysburg on the new bridge, with the Tri-Cities Chamber of Commerce leading a fight for a lift span bridge.

The engineers office said it originally had approved a lift span bridge, but then switched approval to a fixed span bridge after the difference in costs was pointed out to the Highway Department.

The new bridge, which will replace the present jackknife facility, will be financed on the federal-state matching fund basis. The engineers' office said the Highway Department was told a lift span would cost too much to justify matching federal funds.

The design for the fixed span calls for a clearance at low water of 35-feet and at high water 30.4 feet.

Proponents of the lift span said a fixed bridge would sharply reduce water traffic, both commercial and pleasure vessels, to and from Spring Lake.

Guild Holds Christmas Meet

The Christmas meeting of the Guild for Christian Service of Christ Memorial Church was held in the Fellowship Hall Thursday evening. Mrs. Al Hanko, president, opened the meeting with devotions and conducted a short business meeting.

In a Christmas setting of candleabra, greens and Nativity scene, an unusual dramatic presentation in poetry and song entitled "A Christmas Plum Pudding" was given by Mrs. Earl Vanden Bosch and Mrs. Lee Green of Grand Rapids.

Mrs. Green was narrator with Mrs. Vanden Bosch at the organ supplying musical background for the narrative sections. The entire script was written in poetic form, with much of it composed by Mrs. Green.

The theme carried out the "ingredients" of the traditional plum pudding, portrayed by the Christmas home activities of early childhood, the school program with its recitations and songs, the Sunday School Christmas program with the story of the Nativity and the singing of the choir and a sleigh ride by the Young Adults of the church.

The "pudding" was "flavored" throughout with appropriate solos and duets sung by Mrs. Green and Mrs. Vanden Bosch. They included "Jingle Bells," "Deck the Halls," "Sweet Lil Jesus Boy," "A Lowly Manger," "Winter Wonderland" and others.

The drama concluded with a vivid portrayal of the present day world with its atomic missiles piercing the sky where, on a Holy night long ago, the Creator of the world hung the Bethlehem star. The audience was invited to join in the closing hymn of the narration, "O Come, All Ye Faithful."

Members and guests were then invited to the home of Mrs. George Slikkers Jr. for a dessert smorgasbord. She was assisted by the Mesdames George Nash, Robert Darrow, Don Lokker, Burton Borr, Robert Langenberg, Vern Murphy and Keith Houting.

TRUCK, TRAIN COLLIDE—James D. Wilson, 23, of 216 West 14th St., driver of this truck, suffered only lacerations when the truck was struck by a C & O freight train at the Eighth St. crossing at 6:24 p.m. Monday. Wilson was listed in good condition at Holland Hospital today. The truck had left the Wolverine Express terminal on Sixth St., carrying a 10,000-pound load of steel auto parts and aerosol cans, shortly before the mishap, officials said. The train, headed toward Grand

Rapids, struck the eastbound truck just behind the tractor, according to Holland police. The vehicle was spun around by the impact and overturned, police said. The upper photo shows the flattened trailer. The truck's gas tanks ruptured, and Holland firemen were called to the scene to prevent possible fire. Officials said the truck was a total loss. Police identified the train's engineer as Howard Salmander, 63, of Grand Rapids (Sentinel photo)
