Leading Holland Citizen Passes Away Suddenly

**BERNARD P. DONNELLY IS
STRICKEN WHILE IN BUS-
INESS CONFERENCE**

Had Been Identified With City's
Industrial, Civic and Religious
Activities for a Quarter
of a Century.

The citizens of Holland were shocked Friday afternoon when they were made aware that Mr. Bernard P. Donnelly, one of our leading citizens, died suddenly at noon of a heart attack while he was in conference at the Holland Furnace company offices with Charles H. Landwehr, general manager, and Arthur W. Wrieden, secretary, during a directors' meeting.

Mr. Donnelly just recently was named a director of the "Warm Friend" company and while con-

ferencing with Mr. Landwehr the at-

tack came and when the attending

physician, Dr. R. A. Nichols, ar-

rived, Mr. Donnelly had already

passed away, although everything

possible had been done by Mr.

Landwehr and others who were

near. It appears that Mr. Don-

nelly, while in conversation, sud-

denly fell forward in his chair and

death must have been instanta-

neous.

It is understood that Mr. Don-

nelly had been advised of heart

ailments more than a year pre-

vious and he had been very careful

to avoid any excitement that might

cause serious results.

Mr. Donnelly came to Holland

twenty-seven years ago to take the

management of the Kinsella Glass

company, which was owned by John

Kinsella of Chicago. John Kelley

at the time was bookkeeper for the

firm and shortly afterward a part-

nership was formed by Mr. Don-

nelly and Mr. Kelley, taking over

the interests of John Kinsella, and

for a score of years the firm has

gone under the name of Donnelly

& Kelley Glass company.

Some six years ago Mr. Kelley

retired from the firm and his in-

terests were purchased by Mr. Don-

nelly, although the firm name has

TURKEY LUNCH AT ELKS

Secretary H. D. Kelley of the
Holland Elks has mailed out invi-
tations as follows:
Dear Sir and Bro.:
Here's good news, New Years

Jenison Park Artist Sings at Saugatuck Woman's Club

Friday the annual Christmas
party of the Saugatuck Woman's
club was held at the club rooms of
that fine organization.

Mrs. Elsie Bird, who had charge
of the Christmas decoration, had
provided a small and very beauti-

ful tree which glowed with colored
lights and appropriate Christmas
trappings.

Beneath the tree were 70 gift
packages — each member had
brought a gift which was num-
bered. The gift passing was done
by Mrs. Bird and several volun-

teers amid merry laughter and ex-
clamations of pleasure. Most of
the gifts were such as children
could use and enjoy and were lat-

est sent by Mrs. Bird to the St. Jo-
seph's Children's Home. Added con-
tributions of cash enabled the

treasurer to send a check for \$9.12
to the home, besides the gifts — so
Saugatuck ladies will be long re-

membered by these children.

Miss Alice Baker, who had
charge of the program, had ar-
ranged a most delightful one.

Mrs. Jeannette Brumbaugh of Hol-
land sang very beautifully a
Christmas song by Gounod, and
"No Candle Was There and No

Fire" by Lize-Lohmann. Mrs.
Brumbaugh also gave an original
monologue, written for the club,
entitled "Mandy's Meditation,"

which had a spirit of optimism
running through it. The club is
always delighted when Mrs. Brum-

baugh comes to entertain them and
her reception at the Christmas
party is evidence by the repeated

enquiries numbers she was called on
to render. Her accompanist was
Mrs. Martha Robins of Holland.

Dainty, talented Felicity Fonger
gave two charming dances — her
costumes were very artistic and
her dancing perfection. Miss Fel-

icity is always very welcome.

A rising vote of thanks was
given Mrs. Brumbaugh, Miss Fon-
ger and Mrs. Robins.

Mrs. W. W. Naughtin and her
committee consisting of Mrs. John
Bird, Mrs. Jennie Newnam, Mrs.
Ray Freeman, Mrs. Edna Wright,

Mrs. Mabel Thomas, Mrs. Geo.
Voght and Mrs. Sessions, served a
sandwich and tea course which
everyone enjoyed while they chat-

ted with each other.

EIGHT THOUSAND DOLLAR VERDICT AGAINST DOCTOR

A judgment of \$8,000 was given
to Philip Van Hartesveldt, plain-
tiff in the alienation suit brought
by him against Dr. William West-

strate, both of Holland. This is a
little more than half the judgment
granted by the jury on the first

trial, which was \$15,000. A retrial
was ordered by Judge Miles be-
cause of excessive verdict.

The jury was out about five and
one-half hours.

Grand Haven experienced the
warmest Christmas since 1895

when temperatures here shot up 44
degrees Sunday. An all-time record
for Christmas Eve weather was

equalled this year with a maximum
temperature of 56 degrees Satur-
day, equalling the high mark of 56

degrees in 1893.

The twenty-seventh anniversary
of his arrival in the city from Chi-

celebrated at the services Monday

morning by the Very Rev. John F.

**RURAL POET R. SCHEPERS
WRITES OF STURDY PI-
ONEERS FROM THIS
VICINITY**

The following interesting histor-
ical review of places and folks from
this vicinity is here given by the
rural poet, R. Schepers, route
No. 6, Holland:

By R. SCHEPERS
STROLLING THROUGH THE
YEARS

Where soft the lights of memory
shine,
And echoes faintly from the past
into ears,
And altogether they combine
To form a record of dear, bygone
years.

In early times First avenue was
not yet cut through to the corner
of Michigan avenue and Thirty-
second street, but here was an
open space, as now, to the west
on which was the homestead of
Henry Manting, who as a young
man hoofed it from Chicago to
the colony with two companions,
Hine Vander Haar and Teunis Kep-

pel.

This homestead afterwards was
almost hidden in its beautiful ap-
ple orchard, and with maples and
wide-spreading wild black cherry
trees. To the east was the neat
little Scotch Presbyterian church
with its fancy Dutch-fashioned
windows, and southwest across the
bee line, stood the small parsonage
with its plot of ground, where the
minister, the Rev. J. R. Schepers,
raised potatoes to eke out his small
salary. These potatoes had a dark
purple skin and were of good qual-

ity, but small—descendants of an
old Dutch variety, I believe. They
were superseded by the pinkies
and peachboons, so-called from their
coloring.

Past this corner, going to "De
Stad," came the ox and horse
teams and foot travelers from the
mysterious wilderness to the south,
such as Peter Ver Lee, one of Hol-

land's first milkmen, whose de-
scendants to the fourth generation
are still entering to the city's milk
needs. And even, Peter Van An-

rooy drove Dr. G. Manting, a col-
ony physician, to town to replenish
his drug supply at Holland's drug
stores, and though his fame as a
good physician spread far and wide,
now and then a sad procession
wended its way along Thirty-second
street to the Graafschap cemetery
"weeping for one who would weep
nevermore."

The sites of many of these graves
are unknown at present, the wood-
en headboards having rotted away
these many years. Later on the
church was moved to Graafschap
and was used as a school. Adrian
Zwemer, one of the missionary
fathers, taught evening singing
school there more than fifty years
ago.

The parsonage was torn down
and incorporated by Harm Bremer
in a new building across Michigan
avenue and is still there. In all
these years many persons, known
more or less to fame, have traveled
this route.

J. W. Garveling, state represen-
tative; John Eppink (I think coun-
ty treasurer); M. G. Manting, edi-
tor and proprietor of The Ottawa
County Times, and later on G. W.
Mokma, Tom Boven, Jacob Lok-

ker, Jacob Hoek, Matt Notier and
others too numerous to mention,
who made good in the city.

One, the late G. J. Diekema, af-
ter graduating from Hope, used this
thoroughfare, walking from his
home in the west end of the city to
Fillmore district No. 2 where he
taught a summer term of Dutch
school, a Dutch coincidence begin-
ning a career that ended as min-
ister to The Netherlands.

Cars Collide; Two Injured in the Crash

**MR. AND MRS. J. W. VAN AN-
ROOY TAKEN TO HOSPITAL;
OTHERS ESCAPE INJURY**

J. W. Van Anrooy of Ferrysburg
suffered a fractured right arm and
the loss of several teeth in an auto-
mobile collision at the junction of
US-16 and US-31 at Spring Lake.

The other car was driven by Pierson
Elliott, who escaped injury. Both
cars were badly damaged.

Mrs. Van Anrooy was badly
bruised but their daughter, Dora
Jean and Miss Helen King escaped
injury as did Jack Elliott, Ernest
Simpson of Grand Rapids, Norman
Rice and Edward Soule who were
riding in the Elliott car.

Mr. Van Anrooy was taken to
Horton hospital, Grand Haven, but
later went to his home. Mrs. Van
Anrooy received first aid and is
also at her home.

The Van Anrooy car was going
north towards Ferrysburg and the
Elliott car was coming from Spring
Lake. Confusion on the part of
the drivers is said to have caused
the accident. The force of the blow
shoved the Elliott car 60 feet.

A heavy steel sign at that point
was broken off, which is believed
relieved the force of the blow and
prevented the Elliott car from be-
ing tipped over.

Mr. Elliott said today he saw the
Van Anrooy car coming and slowed
up. Two hitch hikers were the only
witnesses. At the time there were
no other cars on the highway, but
within a few moments several
came up and drivers offered as-
sistance.

Mr. and Mrs. Leon Boyland
motored to Holland from Detroit
and were the Christmas guests of
Mrs. Mary De Graaf, West 15th
street. Mr. and Mrs. Martin Van
Alaburg of Grand Rapids, were
guests also.

FIFTY YEARS AGO TODAY

The length of the days grow
longer by three minutes every 24
hours after this. Note: That at
least hasn't changed in 50 years.

Mr. Isaac Cappon, our tanner,
left for the East in behalf of Hope
college.

Marshall Vaupel had a stranger
in the "city refrigerator" for em-
bellishment last Friday night. The
"case" was settled. Note: The jail
was a cold place with only a
little box stove between two cells.

It was located on the northwest cor-
ner of Centennial Park back of the
fire house, also located there. The
old wooden structure burned some
45 years ago. It contained the coun-
cil rooms on the second floor, the
fire equipment, what there was of
it, down below; the jail and the
cannon house to the rear. The
cannon was a Civil war relic gen-
erally brought into play on In-
dependence day. The fire bell was in
a small belfry on top of the engine
house.

Jay Den Herder of Zeeland, old-
est son of banker C. J. Den Her-
der at Zeeland, was married to
Miss Ruth McCormick of Pennsylv-
ania. He was employed at the
Western Electric Co. at Chicago for
a time and finished studying law
in 1917, passed the examination
with honors and was admitted to
the bar. He has now opened law
offices over the Zeeland State
Bank. Miss McCormick is the eldest
daughter of Mr. and Mrs. G. A.
McCormick of Erie, Pa. She is a
graduate from an Eastern college
and met Mr. Den Herder in Chi-
cago while the Zeeland man was
employed at the General Electric
Co. Note: Mr. and Mrs. Den Her-
der are now residents of Holland
and have been for at least 12 years.

Mr. Den Herder is a partner in the
law firm of Lokker and Den Her-
der. Mrs. Den Herder is socially
prominent in Holland, having been
president of the Woman's Literary
club. She takes part in many
social, civic and religious activities
in this city—the Tulip Time Festi-
val being one of them. Well, Jay,
cigars are in order—what kind of
an anniversary is this anyway, tin,
wooden, or crystal?

Miss Beatie Van Ark of Holland,
who is with the British Expedition-
ary forces in France, experienced a
second narrow escape from death
since she joined the Red Cross
nurses "overseas." Miss Van Ark
was aboard the Mongolia on which
two nurses were killed by a mis-
directed shell in naval practice and
saw the two drop dead. In a letter
received by her relatives here, she
also writes that while at work in
a tent 60 miles behind the battle
lines a plane dropped a bomb with-
in 20 feet of the tent and exploded.

The air was literally filled with
fragments of earth and rock, but
she was not hurt but terribly
shocked.

Many deaths in Holland during
Christmas week. The remains of
Miss Maude Williams of Holland,
who died in Seattle, Wash., were
brought to this city and were buried
in Holland township cemetery. She
was the daughter of a former Hol-
land hotel man; Gerrit DeWitt, who
died of injuries in the 76, of East
Saugatuck passed away. The
infant son of Morris Goldman, who
died at Holland Hospital, was
buried in Chicago. Mr. Goldman has
just come to the city to take charge
of the Holland Iron & Metal Co.

Many faithful citizens assisted
the welfare committee in the work,
devoting an entire day helping with
the signing of the blanks. Among
them were Gerry De Weerd, Dr.
Winfield Burggraaf, Alex Van
Zanten, Simon Meeuwse, C. J.
Dregman, Ben Wiersma, C. Klaas-
sen, P. C. Sickle, S. J. Jenckes,
William C. Vanden Berg, Alex
Barnum, Henry Ketel, Len De
Free, Benjamin Lanning, Fred
Kamferbeek, John Koiker, John
Arendshorst, Simon Henkle, Al-
bert Koppel, L. P. Schuppert, Sam-
Miller, Henry Bosch, Henry Boone,
Dr. Nykerk and Miss Anna Van
Otterloo.

These folks occupied four rooms
on the third floor of the city hall
where several tables and chairs
were provided to take care of all
who applied quickly and conven-

iently.

The newspapers of other cities
have been filled with "public
pulses" the last half year, criticiz-
ing the abuses of welfare patrons
and methods of conducting welfare.

All these things have made the
regular taxpayer, who already has
an overload to bear, restive when
he knows that expensive welfare
methods are to be an added tax
burden.

No one is to blame particularly
for the method in vogue. No city
has ever been confronted with such
a situation—and practically the
same method here was followed
that applied in helping the poor
in the "good old days" when the
amount required was about \$50
every two weeks.

But suddenly this situation was
thrust upon this city as it has been
upon every other community and
in fairness to the taxpayer and the
needy alike a new system simply
had to be installed.

All this is set forth in a circular
letter together with a questionnaire
sent to those on the welfare relief
list. The letter states in part as
follows:

"The cost of welfare work has
been climbing steadily and through
this means the welfare committee
will be able to work out a plan
showing those persons who are
really entitled to help and to what
extent and eliminating those who
are not so entitled. These plans
are being followed in other cities
and undoubtedly with the growth
of welfare work during the winter
will be quite generally adopted in
all cities.

"It must always be borne in mind
that the Holland taxpayer, already
overburdened with regular taxes,
is forced to foot the bill for this
relief and we demand that those
who are receiving relief must fully
co-operate with the committee in
charge of this work."

The News believes that those
in charge of welfare in that past
have been doing an admirable and
honest work, but the task has be-
come tremendous and that is why
Mayor Bosch has asked the aid not
only of the Common Council but
many citizens as well. Among
the citizens are several who have
some time to spare and a few who
are mighty busy, but also give of
their time.

The city has been endeavoring to
work out a method through the co-
ordination of members of the city
council and private citizens and
through the unselfish help of wel-
fare officials of Grand Rapids and
other cities. They have taken what
they consider the best features of
all systems they have gone into—
adding clauses that especially fit
this Holland welfare situation. The
committee feels that through this
questionnaire sent to every person
on the welfare list, printed else-
where in this issue, it has really
made a beginning in solving this
welfare problem.

All receiving aid from the wel-
fare department were requested to
call at the city hall during today,
Thursday, and sign these question-
naires. The welfare committee
stated that it is absolutely impera-
tive that these be signed before
any further welfare aid could be
extended.

Mayor Bosch and committee have
been devoting nearly all their time
to this project for the past two
weeks.

Another matter settled was the
selection of Cornelius J. Dregman,
an able business college man, who
will install a thorough system of
bookkeeping that the growth of
welfare work makes absolutely nec-
essary.

Mayor Bosch, C. J. Dregman,
William C. Vandenbergh, John
Arendshorst, S. L. Henkle and At-
torney Arthur Van Duren have
been going to Grand Rapids re-
peatedly during the past ten days,
investigating the system adopted
by the city of Grand Rapids. The
officials there have been very cour-
teous and most willing to aid.

Peter C. Johnson, business man-
ager, and Patrick H. Walsh, em-
ployment manager of the Grand
Rapids department, have offered to
assist local officials in establish-
ing the new plan in Holland.

The Holland committee does not
claim to have a perfect solution to
the situation. No doubt situa-
tions may change methods from
time to time, but it must be thor-
oughly understood that the men on
this committee do not relish this
duty but they are giving their time
free because it is a real duty that

Must Pay City Back Money For Welfare Aid

**DRASTIC CHANGES ARE MADE
NOT ONLY IN COMMITTEES
BUT IN METHOD OF WEL-
FARE DISTRIBUTION.**

**Absolutely Necessary to Change
System in Fairness to Tax-
payer and the Deserv-
ing Needy.**

Mayor Bosch and the welfare
committee have been debating for
some time how to best reorganize
welfare work in Holland. The cost
of taking care of those who are
really in need and undoubtedly
some who could really help them-
selves—has been climbing tremen-
dously. In fact, during December
the cost was over \$2,000 a week,
which is considerable compared to
other cities in the neighborhood.

This reorganization is not tak-
ing place to take from those who
are really in need but to eliminate
or curb many who can help them-
selves. It is always the modest,
conscientious folks who suffer in
silence. But then, too, there is an-
other class—not so modest.

The city of Holland has been
filled with rumors for the past six
months relative to abuses that some
who receive from the welfare de-
partment have been practicing. Un-
doubtedly many of these stories
have been overstated and some may
have no foundation if all the facts
were known and without doubt
there are some that are absolutely
true. In that way Holland is no
different than any other city.

The newspapers of other cities
have been filled with "public

All these things have made the

417 SIGN QUESTIONNAIRE BLANK FOR AID FIRST DAY

Those asking relief from the city
and who were compelled to sign
the questionnaire printed in full
on the next page of this issue be-

large numbers. Up to 5 o'clock 417

BERNARD P. DONNELLY

Holland very unexpectedly lost another of its leading men. Bernard P. Donnelly, it might be said, passed on while still in the prime of life. He came to Holland a stranger in a strange community at a period when Holland's attitude towards all strangers was still rather apathetic.

Mr. Donnelly, upon his arrival, was in his early thirties, with a mind filled with great plans and buoyant with energy. One who met him casually might consider him gruff, but closer scrutiny would bring out that Irish twinkle in his eye and a nature and heart that warmed up to everyone.

At first it was rather uphill going for Bernard Donnelly, but gradually the citizens of this community saw his real worth, his earnest and honest efforts, and his constant interest in other things besides glass making. Projects that were beneficial to the community and meant the upbuilding of our city were foremost in his mind. He took a deep interest in young folks which is exemplified in his constant effort to promote Boy Scout work here.

Mr. Donnelly believed in Holland for it was noteworthy as time passed that he helped finance many local enterprises that formed a part of Holland's industrial strength.

The News might go on indefinitely pointing out specific instances where Mr. Donnelly's presence as a citizen was of great benefit to our community from an industrial, civic and religious standpoint. It was in his church where he put forth his greatest effort. The entire congregation looked upon Mr. Donnelly with admiration for in every way possible he made tremendous sacrifices to elevate the welfare of the church—from a struggling parish to a strong religious and educational institution.

Catholics and non-Catholics alike admired the stalwart Irishman for this outstanding interest.

The News might point out many instances where Mr. Donnelly went beyond his church, giving financial aid to benevolent causes fostered by other denominations with entirely different creeds, but that was Mr. Donnelly's makeup—ever ready to give when necessary called. He, too, was never narrow in his views, always giving earnest consideration to the other fellow's viewpoint.

The citizens of Holland generally and especially all those who were in close contact with Mr. Donnelly, loved and respected him. They found his real worth early in his career as a citizen, and as a leader among men, his advice and guidance were earnestly sought. Holland as a whole has lost tremendously through the sudden passing of Bernard P. Donnelly.

RIGHT MENTAL ATTITUDE.

A Business Man's Declaration of Independence.

Believing that there are fundamental forces now at work (of which I myself am a part), which are destroying fear, restoring confidence and bringing back the sunshine, I hereby promise that:

I will keep myself in the RIGHT MENTAL ATTITUDE at all times.

I will eliminate the word "depression" from my vocabulary, and will not complain of nor talk about adverse business conditions.

I will make at least one constructive statement concerning business to every customer with whom I come in contact.

I will refrain from repeating gossip or rumors that tend to discourage people or business.

I will courteously, tactfully, but firmly refuse to listen to all "whispering campaigns."

I will learn some new and helpful thing about my business every day.

I will put forth a sincere effort to make at least one new friend and customer each day.

I will do all that I can honorably do to increase my business and my usefulness.

I will plan each day's work intelligently and work that plan industriously.

I believe that knowledge, backed by loyalty, industry and sincerity of purpose can help me to solve all of my business problems.

Therefore, I shall endeavor to live up to the letter of this declaration by doing my BEST each day.

WE ARE NOT BORROWING

Neither Allegan county nor any of the townships has borrowed money for relief purposes, quite unlike large numbers of counties, townships, villages and cities of Michigan, ranging in sums of \$1,000 to many thousands. Allegan county people have cared for their own and will continue to do so. Aside from the county poor fund this is, rather than borrowing and taxation, much the better plan.

HOLLAND MEN ON SCOUT BANQUET COMMITTEE

Preparations are nearing completion for the annual meeting of the Boy Scouts and leaders of the local Scout area in the Presbyterian church house in Grand Haven, Tuesday evening, Jan. 10.

Very Rev. Charles E. Jackson of Grand Rapids, dean of St. Mark's Episcopal pro-cathedral, will be the principal speaker at the affair which will start with a banquet at 6:45 o'clock. William Geal of Kalamazoo, who served in the British army under Sir Robert Baden-Powell, founder of the scout movement, also will speak. Mr. Geal was one of the leaders of the American delegation to the world jamboree of scouts in England four years ago.

Stephen Mead and Glenn Olson of Grand Haven and Prof. E. Winter and Mr. Peter Norg of Holland form the committee in charge of arrangements for the meeting.

There are several committees appointed about the county, those in this vicinity being:

West Central District (Holland, Beechwood, Virginia Park)—Al Joldersma, chairman; John Good, vice chairman, both of Holland.

East Central District (Zeeland, Hudsonville, Jamestown, Forest Grove)—Rev. J. Wolterink, chairman; J. De Weerd, vice chairman; Henry Baron, vice chairman.

South District (Saugatuck, Fennville)—L. H. Waugh, chairman.

CHRISTMAS PROGRAM
PRESENTED AT NINTH
STREET CHURCH

The Sunday school children of the Ninth Street Christian Reformed church presented their annual Christmas program of recitations, songs and exercises Monday evening in the church.

Following organ selections by John Vander Vliet, and the opening by Rev. N. J. Monsma, the Sunday school sang, after which Margaret Knoll read Scripture. The welcome was given by little Norma Mae Kalmink.

Derks; recitation, Marjory Mast and primary girls; exercise, junior boys and girls; good night solo, Myra Deane Wiersma; closing prayer, Rev. Monsma, and postlude, Mr. Vander Vliet.

John Knoll, superintendent, was in charge of the distribution of candy.

CHRISTMAS PAGEANT
IS PRESENTED AT
LOCAL CHURCH

The children of the graded department of the Sixth Reformed church Sunday school presented their annual Christmas program in the church Tuesday and Wednesday evening. The church was filled at both presentations.

P. Wiersum and F. Newhouse were in charge of devotions. Mrs. J. Vanderbeek, superintendent of the graded department, announced the numbers of the program, which were given as follows:

A welcome address by Bobby Van Voorst; recitation by Caroline Essenburg; song by the beginners and Roy Zwerner; recitations, Buddy Vander Wege and Barbara Modders; drill by five beginners; solo by Virginia Bender; recitation, Jane Van Nul; recitation, Dorothy Beintema; song by the primaries; Christmas exercise by nine primary boys; recitation, Marguerite Terpestra; recitation, Bernice Johnson; drill by five primary girls and two beginners.

Following the offering a pageant, "The Christmas Quest," was presented by the junior and primary children assisted by teachers. Main characters in the second scene were Mrs. G. Steggers who played the part of the mother, Bernard Vanderbeek, the father, and Doris Palmer and Simon Wybenga who took the part of the children. Mildred Herman took the part of the principal star maiden. About 60 participated in the pageant. A duet was sung by Vera Vanderbeek and Lois Brandt.

Immediately following the pageant, Joyce Bender gave a pantomime of "Star of the East," sung by Mrs. H. Wybenga and Mrs. J. Van Voorst. The closing number was a recitation, "Good Night," by Stanley Plagenhoef. Mrs. H. Bekker was the accompanist during the pageant.

A TOAST

What though the waves of
yesteryear
Return upon our beach,
And come again, and elp
away
Forever out of reach
Let's rekindle the torch of
days
And hail the new born year—
Old Father Time's young progeny
Is worth a rousing cheer!

Bacon and Shakespeare

There are three main points upon which the supposition that Bacon was in reality the author of Shakespeare's works are based: First there are a few passages in Shakespeare's works which are similar to Bacon's; second, the existence of certain supposed ciphers in plays which have been interpreted as cryptic signatures of Bacon; third a single sentence written in a letter to Bacon by Sir Tobie Matthew at some date subsequent to January, 1621.

Old
New Year's
and the
New
New Year's

MASSACHUSETTS made New Year's a holiday long after the American custom of New Year's calls, which justified its observance, had gone the way of the polka and the hoop skirt. There is nothing American about the carnival-like merry-making which nowadays welcomes the new year. Or can it be that even this is a metamorphosis of the watchnight meeting of 40 years or more ago? To deacons and elders, to all anxious heads of families, it used to seem fitting to spend at least three hours of the year in singing lugubrious hymns and giving thanks that they had been singled out for preservation when so many of kin and friends had been removed by an equally discerning Providence.

But to the young the watchnight meeting was always a dreary service, only to be endured in view of the joy of the tomorrow. And when the life and color were taken out of the observance of New Year's itself, there seemed little sense in ushering in a day of gloom with a still gloomier New Year's eve. So they left the watchnight meeting to those who found no more pleasure in their days, and for themselves introduced the practice now generally prevalent of indulging in a last fling in preparation for the morrow's disagreeable business of turning over a new leaf. They have revived the old pagan ceremony, except that no miniature skeletons are passed around at the feast to remind them that they are mortal. Nothing in this modern New Year's eve abandon, however, commends it as a substitute for the old and gracious custom of paying and receiving calls, a custom whose desuetude was hastened by the prodigious growth of the large cities of our country in the years that have followed the Civil war.

As people's acquaintances increased numerically their circle widened geographically. Horse-drawn vehicles were still the indispensable way of getting about. A gentleman who in 1809 could call upon 100 or more ladies and find room in himself for an equal number of cups of coffee or glasses of sherry, was compelled, in 1870, to reduce his calling list by half; he could not get all the way round, even if his brains and his legs held out. As it became apparent that either the custom or its observers must shortly perish from the earth, the custom languished and died. Such of the old observers as survive spend the day sadly. There is nothing they can do to make them repentant. There is no pleasure in making good resolutions which you can't break if you try.—Boston Herald.

The bald headed eagle is not bald at all, but has its crown and head covered with white feathers.

Sheer Waste

An annual tragedy of the Christmas season, the waste of thousands upon thousands of young balsam, fir and spruce trees, abandoned unused on the holiday! National estimates are that from 5,000,000 to 10,000,000 trees were cut for holiday use. To the extent that these are taken legitimately and not stolen, and to the extent that they are used, no criticism is in order. The profits from holiday trees are proper, and even though the period of use is limited, it is worth while. But there can be no justification for the needless waste of vast numbers of young trees which never are decorated and give happiness to no one. This annual excess harvest of a valuable crop is inexcusable.—Grand Rapids Herald.

PLENTY OF RATS IN
OTTAWA COUNTY

Ottawa county produced more muskrats in 1931-1932 than any other county with 16,826 obtained by residents of that county. Oakland county was second with 14,654, and Allegan was third with 14,510.

Oakland county was first in the number of mink taken reporting 430. Allegan was second with 400. Of the 12,454 mink taken, 8,099 were in the southern half of the lower peninsula.

Allegan county trappers took 708 raccoons last year with Ingham county trappers taking 685 and Barry county 633.

RING OUT, WILD BELLS

RING out, wild bells, to the wild sky,
The flying cloud, the frosty light;
The year is dying in the night;
Ring out, wild bells, and let him die.

Ring out the old, ring in the new,
Ring, happy bells, across the snow;
The year is going, let him go;
Ring out the false, ring in the true.

Ring out the grief that saps the mind,
For those that here we see no more;
Ring out the feud of rich and poor,
Ring in redress to all mankind.

Ring out a slowly dying cause,
And ancient forms of party strife;
Ring in a nobler mode of life,
With sweeter manners, purer laws.

Ring out false pride in place and blood,
The civic slander and the spite;
Ring in the love of truth and right,
Ring in the common love of good.

Ring out old shapes of foul disease,
Ring out the narrowing lust of gold;
Ring out the thousand wars of old,
Ring in the thousand years of peace.

Ring in the valiant man and free,
The larger heart, the kinder hand;
Ring out the darkness of the land,
Ring in the Christ that is to be.

—LORD TENNYSON.

Those on Welfare List are Asked to Sign this Document

The questionnaire below has been compiled by the Welfare Committee of the City of Holland to aid in adopting a better system and avoiding waste. It is not a new system but is in vogue in other cities in this vicinity and much of it has been taken from the Grand Rapids method.

More than 30 citizens are in the City Hall today meeting those on the welfare list explaining the questionnaire to them and are having them signed. The City Hall was filled all day by those who are receiving help from the city. The welfare committee felt that a system of this kind was imperative and for that reason it was adopted.

Reindeer Swept Away

The Lap tribes in the northernmost part of Norway recently suffered the almost irreparable loss of 50 per cent of their reindeer. As is customary, more than 2,000 head of reindeer had gone to their feeding ground on Magepo island. The only way of transporting this great herd is to make the reindeer swim across the narrow strait separating the island from the mainland. While the herd was recently being driven back by the same route more than 1,000 reindeer were caught in the swift current of the strait and were carried out to sea where they drowned.

The era of so-called "bargains" is waning and people are considering quality now where they were guided only by price for a while. This is especially true in the flour market. The demand for I-H flour, truly a quality product, is growing. I-H sells for a few cents more but its wonderful value gives you food worth while.

HOLLAND RESIDENT DIES AT AGE OF 67 YEARS

Mrs. Henry Ter Beek, 81, resident of Holland for 67 years, passed away early Thursday morning at the home of her daughter, Mrs. Reka Smeege, 176 East Fourteenth street.

Mrs. Ter Beek was born in The Netherlands on Nov. 14, 1851, and came to America at the age of 14 years, when the family settled near Holland.

She was a member of the Central Avenue Christian Reformed church.

Surviving are three sons, Ralph and John Ter Beek of Moline, and Gerrit Ter Beek of Holland; four daughters, Mrs. Smeege of Holland, Mrs. Effie Schuur of Kalamazoo, Mrs. Jennie Van Tatenhove and Mrs. Cora Bareman of Holland; one brother, Albert Vanden Berg of Dowaig; two sisters, Mrs. John Wyngarden of Kalamazoo and Mrs. William Klinkers of Dacatur, and twenty grandchildren.

Funeral services will be conducted Saturday afternoon at 2 o'clock at the home of her daughter, Mrs. John Wyngarden of Kalamazoo, at Central Avenue Christian Reformed church. Rev. L. Veltkamp will officiate. Services at the home will be private. Burial will be in Pilgrim Home cemetery. Friends may view the body at Langeland funeral home until Saturday morning.

P. VENHUIZEN DIES OF HEART ATTACK

Peter Venhuizen, 72, died of a heart attack Wednesday evening at the home of his nephew and niece, Mr. and Mrs. Simon Dylstra, where he had been staying for the past week because of illness. Recently he was a victim of a holdup by two youths at his home on the extension of East Twenty-fourth street. Martin Drost had lived with him for a number of years.

Surviving is one sister, Mrs. Ida Hoebeke of Los Angeles, Cal., and a number of nephews and nieces.

Funeral services will be held on Saturday afternoon at 2:30 o'clock at Langeland funeral home. Rev. L. Van Laar, pastor of Prospect Park Christian Reformed church, will officiate. Burial will be in Holland township cemetery. Friends may view the body at Langeland funeral home.

New Year's Resolutions For the Pedestrian

While this is a good season for the motorist to determine that he will drive more carefully during 1933, it is also a proper time for the pedestrian to resolve that he will avoid those errors which in 1932 resulted in 14,500 walkers and injured nearly 300,000.

Maxwell Halacy, traffic engineer of the National Bureau of Casualty and Surety Underwriters, has drawn up a set of resolutions for the man-a-foot. They are:

CITY

I will not cross a street when traffic lights are against me, nor will I cross diagonally or between intersections.

I will not cross at intersections where there are no signals without looking to traffic.

I will not come from behind parked cars without observing what is before me.

I will not get on or off a street car without satisfying myself that my way is clear and I will not take it for granted that all motorists always obey all rules.

I will not take a chance any place against a dangerous driver.

COUNTRY

I will not get to walk on left side of road so that I can face oncoming cars.

I will not cross at a sharp curve or just at the brow of a steep hill where I cannot see what is coming.

I will not forget when I drive how I feel when I am walking.

Follow these instructions and be a "safe walker."

RED CROSS DISTRIBUTES GARMENTS TO NEEDY

The Red Cross chapter of southern Ottawa county Wednesday began distribution at the city hall of 8,698 garments cut from an allotment of 26,000 yards of material furnished by the American Red Cross for needy persons. They will be distributed only to persons in need, who are asked to do their own sewing and return them for inspection by Jan. 20 for headquarters in reports to Red Cross headquarters.

Garments which remain at the close of distribution Friday will be turned over to societies and church groups to be sewed and issued later as completed garments.

Work of cutting 18,000 yards of an allotment of 26,000 yards was started here November 21. Each day from 6 to 27 women of the various churches and other organizations in Holland labored at the plant, cutting and handling the garments. Machinery, space, equipment and assistance of employees was donated by the Komforter Kott company. Those who cut the materials and those who are distributing the garments also are working without pay.

Mrs. Mabel Vander Berg, executive secretary of the Red Cross here; Mrs. Frank Van Etta, chairman of production of the local Red Cross; Mrs. Katherine Van Duren, former executive secretary; other Red Cross officials, and Alfred Van Duren of the Komforter company, directed the activities.

At Zeeland Gerrit Rooks, superintendent of welfare, received a large shipment of Red Cross material. The material will be distributed throughout that section of the county by the home economics extension division of Ottawa county of which Mrs. Walter Wierenga of Zeeland is chairman. The Zeeland churches will aid in the placing of the garments.

Poisonous Insects in Jungles of Bolivia

In the jungles along the river Beni, in Bolivia, are found some of the most malignant blood sucking insects in the world.

Here lives the apusana, a blood eating spider, attaining a length of from 8 to 10 inches, whose poisonous bite is sometimes fatal. It has a body resembling a ball of wool, with black hairs on its body and red ones on its legs. Its eyes are black and quick moving, with a most malevolent expression. It is very active and jumps about two feet at a single bound.

The pale ant, a fire ant, which lives in hollow-stemmed trees, is common here. A touch on this tree brings down a shower of ants, whose bites feel like red-hot coals, the stings lasting for hours.

Other plagues are the zaputana, an almost invisible insect which flies in the grass, bites the legs of men and causes an almost intolerable itching; the guano, a bug which lives in the sand and whose bite is usually fatal; the Baregu, a sand fly with a painful sting; sweat bees, which suck the perspiration from the hair; the anopheles or malaria-carrying mosquito; and wasps, ticks and jiggers.—New York Times.

Puzzled

Billy, age four, had frequently made the acquaintance of a little switch, but Billy was slow in learning that he could not play in the street, that he could not run away, and that bedtime came at a regular hour each day.

One day Billy, who had been thoughtfully gazing out the window turned to his mother and asked "Why do we call a tree a tree when it is outdoors, and a switch when it is in the house?"

Birdhouse in Prison

Sing Sing prison has so many tamed birds that an imprisoned architect is now supervising the construction of a circular birdhouse of stucco and wood to care for 100 pots. The birds belong to the institution and there are a good many singers and handsome ones among them. There are several parrots. The birdhouse is nearly forty feet in diameter and provision will be made to accommodate 1,000 birds.

On a Diet

Noticing a friend had been coming to the restaurant regularly which was unusual, the clerk asked:

"Isn't your wife home now?"

"Oh, yes, she's home all right, but she's gone on a diet to reduce again, and whenever she dies that I have to finish up my meals down here. When she gets to thinking she's been eating much herself, she starts eating the rest of us."

SPORTING JOBS

NOTES OF SPORTS

Holland High school meets Muskegon High at the armory this evening in the opening of the Southwestern Michigan conference schedule for both teams. The reserves of the two schools meet in the preliminary game starting at 7:15 o'clock.

Last week Holland trimmed Grand Rapids South by a 29 to 13 count. After the two teams battled on a nearly even basis in the first half, Holland rallied to win the game. Ben Bos, substitute center, supplied the offensive punch with five field baskets and a free throw. The local victory was the first over South in four years, and the Breemen broke a jinx that the Trojans have held over Holland in basketball.

Holland Christian won a pair of games, defeating Fremont at Holland, 35 to 17, and trimming East Grand Rapids on the following night away from home, 32 to 17. In both games the Maroons displayed a fast-breaking offense that the opposition could not stop.

Next week there will be one home game, Holland High meeting Kalamazoo Central, defending conference and state champion, on Friday at the armory. Hope travels to Olivet for an M. I. A. conference opening game, while Holland Christian plays at Grand Rapids.

Three alumni games were played at the Christian High court Tuesday for the benefit of new lockers in the dressing rooms. Thirty-five wearers of the "C" took part in the games.

Hope Grad Tells Of Life Among Indians of West

SUPERSTITIONS STRANGE—
MANY STILL BELIEVE IN
WITCHCRAFT

Miss Hendrina Hoppers, a graduate from Hope college, recently gave a strange but interesting picture of her experiences with the Indians of New Mexico, where she is doing religious work among the "red men." A letter from Dulce, N. M., in the heart of the Apache Indian country, tells a story of superstitions among these people which one who is not in close contact with them, would hardly believe still existed.

The following letter by Miss Hoppers was taken from the Leader: December 21, 1932.

By Hendrina Hoppers
Our Jicarilla Apaches usually live in villages, a group of a few houses, those closely related to each other living together, but in summer time they move about, living in tepees or tents, going where there is good pasture for their sheep. Often it is hard to find them hidden behind a little knoll or among the scrub oak.

After a long ride over rough roads I found a tepee in a most beautiful spot, way off from the main road. Several dogs ran to greet me, but their welcome was not as warm as that of the woman who lived here. She was glad to see anyone who came as a friend. She had just butchered a kid and told me to help myself to some as she was busy making a basket. I put the skillet on the camp fire, and stirred it with her sharp butcher knife. Such a look of horror came over her face! She told me to use a spoon instead of the knife. They never go near a fire or a hot stove with a sharp knife; they think it will bring them bad luck, so they think.

Outside their house, the Indians build a shade where they do their cooking in the summer time. One day I was sitting under this shade with one of our school girls, when her mother, looking up at the sky, called her and bade her go into the house. I wondered why for all I could see was a large chicken hawk flying near. Later I found out that if its shadows falls on you, you will have epileptic fits.

Sitting on the floor with an old woman one day we heard a horse come galloping toward the house. The old woman got her shawl, covered her face with it and ran around the house. The reason? It was her son-in-law; if she should see him, she would become blind.

Bobby, one of our promising young boys, was very ill with inflammatory rheumatism. His mother consented to have him go to the hospital, much against the will of his aunt, who said his mother did not love him or she would not let him go to the hospital. "Everyone

SWEATERS AND COATS PLUG HOLE IN LAKE BOAT

Saugatuck Fishing Tug Nearly
Goes Down When Ice Jams
Big Leak in Bow

Nine Saugatuck men aboard the 75-foot steam tug, B & L, narrowly escaped death on fog-shrouded Lake Michigan as a result of damages done the boat in ploughing through the ice filled channel.

Capt. L. Gothan with a crew of eight men left the dock and headed for the fishing grounds off that port to take up nets. Ice blocked the river and channel and it was 3:00 o'clock in the afternoon before the big tug succeeded in battling its way into open waters in Lake Michigan.

It was not known at that time that the boat had suffered any damage going out. However, miles offshore, water began entering the tug very rapidly and it was discovered that the ice had broken a hole two feet long by six inches wide in the bow of the boat. Slush ice had plugged this hole and prevented it from being discovered until the Lake Michigan seas had washed the ice away.

The men took off sweaters and coats and plugged the break as best they could but the boat kept taking water rapidly. Capt. Gothan quickly headed his ship back for port and barely succeeded in beaching the tug inside the channel before she filled. Members of the crew said they had given up all hope of reaching land before the tug foundered.

Fog prevented the boat from signaling for aid and her plight was not known.

Aboard in addition to Capt. Gothan were Capt. R. Sewers and Capt. F. Sewers and six other men.

who went there, died; and if they did not die soon, the nurses would finally get tired of taking care of them and give them poison." This was the talk.

This young man told me his people believed heaven had a thick high wall of stone around it, heaven being a place of continual feasting. The witches (these people still believe in witchcraft) who had cast a spell over anyone, causing death, do not go to heaven. They are outside the stone wall and are continually scratching, until they made a tiny hole, through which they can see the feasting; but in the morning the hole is shut again and they begin their searching again, day after day.

It is in these homes of darkness and superstition, that we try to show them the Light. It is from homes like these that our school children come, their minds filled with all kinds of superstitions. Our task is a difficult one but we have His promise that His word will not return unto Him void.

SOUTH BEND USES BASKET SYSTEM IN WELFARE

The "basket plan" of providing foodstuffs to nearly 3,400 destitute families in South Bend and Portage townships will be put into effect immediately despite the storm of protest it has evoked from grocers and county officials, Portage Township Trustee Peter A. Bezukiewicz announced today.

The trustee's announcement was made following a meeting of the township advisory board at which the board members went on record as standing solidly in support of the basket system whereby all foodstuffs will be purchased on a competitive price basis.

On the basis of bids already received from 50 grocers a saving of about 25 per cent, or between \$125,000 and \$150,000 a year, can be effected in the poor relief food bill of the township.

ZEELAND MAYOR AND THE CHURCHES MEET ON RELIEF WORK

Zeeland Record: Mayor F. Klumper and Supt. G. Rooks met with the consistory of the First Reformed Church upon invitation to talk over matters relating to Zeeland welfare work. The object of the meeting was to effect, if possible, a better understanding in our giving. Under the present system there is the danger of "overlapping and overlooking." That is, almost inevitable where charity efforts are left to individual action. Every organization wants to do all that is expected of it. But independent action is never the most economical. Three desperate months stare us in the face. Needs are increasing, so is the inability to give. Therefore why not systematize our efforts, in as far as possible, for the sake of economy and more efficient service?

This meeting was called by the First Reformed Church, not to devise ways and means whereby the church might escape its obligations, but rather to consider how the needy of our city, who are both citizens and church members, are to be best and economically cared for. The purpose of the effort is not to wipe out the identity of the various organizations but to unite for the good of all. The church is not to ignore the city, nor the city the church. United we stand. Further we seek a closer relationship of all the organizations interested in the weal of the community?

ZEELAND CHURCH CLOSING YEAR WITH SUCCESS

At the First Reformed church, Zeeland, recently, the congregation met in annual session and were gratified at the consistory's report of a very successful year.

Of this total of \$13,601.27, the general fund carried considerably more than one-half or \$8,377.44. Missions, second, with \$3,238.14, and \$225.00 for benevolences. The Sunday school, Indian Mission Synagogue, Ladies' Aid and General Class Fund amounted to \$587.03 to \$257.37. The gross disbursements exceeded the receipts by nearly \$700.00 with a resultant reduction in balances on hand in the several funds.

The newly elected officers are: Elders, Peter Staal, re-elected, and John Bouma, Charles Waldo and Joe Meuwissen; deacons, Albert Pyle and Bernard Poest, re-elected and James Westbroek and Chris Van Lier. The retiring elders were Henry Borr, Milan Huyser and Jas. Kossen, the latter had resigned because of illness; deacons, Chris Plasman and John Van Duine. Rev. John Van Peursem is pastor.

COW UNKNOWNLY STRAN- GLES CALF AS ROPE IS ENTANGLED

John Brinkman, rural letter carrier, recently lost a two-month-old calf by strangulation. The calf and mother cow were tied to separate ropes in the same stall. The calf either stepped or rolled over the cow so that the rope around its neck was drawn across the cow's back. When the cow stood up the rope tightened and the calf's body was dangling from the cow's back when found.

CHILD OF MISSIONARY OF JAPAN BECOMES BAPTIZED MEMBER OF LOCAL CHURCH

Mary Jean Terborg, infant daughter of Rev. and Mrs. John L. Terborg, Reformed missionaries in Japan since 1922, has been enrolled as baptized member of Third Reformed church of Holland. The child was born May 7 and was baptized at the annual meeting of the Japan mission held at Nagano Ken July 24 by Rev. Willis G. Hoekje, Hope college graduate and missionary pastor of Hope Reformed church in this city, who has just completed 25 years of service as Reformed missionary in Japan and who plans to return to Holland on furlough in 1933.

Mrs. Terborg, the child's mother, is one of two foreign missionaries supported by Third Reformed church, in which she has retained her membership during her career in the Orient. A son, John Lowrie, was baptized by Rev. James M. Martin in Third Reformed church while Mr. and Mrs. Terborg were in that city on furlough a few years ago. They transmitted the baptismal certificate of Mary Jean for membership in the home church here, the youngest transfer on record.

CHRISTIAN HIGH SCHOOL HONOR ROLL

The honor roll for the third quarter of Holland Christian High school is as follows:

Those receiving all A's were Adele Dirke and Henry Faber. Donald Warner received four A's and one B.

Students receiving three A's and the rest B's were Thelma Greengrove, Betty Groeneveld, James Schrottenboer, Florence Vander Riet and Roger Heyns. Johanna Blaauw, Louis Groeneveld, Ann Margaret Selles and Evelyn Steinfert received two A's and the rest B's.

The following received one A and the rest B's: Catherine Baker, Lois Boersma, Hessel Bouma, Murvel Brat, Nina Topma, John Kamps, Jacob Menken, Bernard Sharpe, Ethel Ten Brinke and Harriet Waldyke. Included among those who had all B's were Adrian De Groot, Wilard Dornbos, Henry Hietbrink, Hazel Ann Oelen, Margaret Oostendorp, John Robert and Gilbert Van Wieren.

The remaining honor roll students received a B average. They were Henry Brinks, Jessie Gerding, Hannah Jipping, Florence Klaasen, Mildred Muijskens, Fannie Riemersma, Donna Tinkhof, Cora Vander Slik, Gertrude Van Zanten and Wilma Vogelsang.

ZEELAND IS AFTER THE PED- DLERS—RECORD CALLS THEM PORCH CLIMBERS

Zeeland Record—A new plan will be put in vogue beginning the first of the year to put a crimp into a number of the droves of porch climbers that has so persistently been troubling the housewives of Zeeland. Either they will discontinue their activities or contribute to the city treasury.

The plan devised will be put into effect by City Clerk Gil Van Hoven, assisted by the city police. The authority is already provided by city ordinance.

Metal tags will be provided all who desire to canvass after they have paid for a license granting permission, which tag must be returned to the city clerk at the expiration of the license. All peddlers must carry such tag for identification and must make a deposit of \$1.00 for the tag in addition to any license fee, which deposit will be returned upon surrender of the tag.

Anyone retaining the tag beyond the prescribed limit will be prosecuted for unlawful possession.

All the funds received are put in the general fund of the city and are in lieu of taxes that would be paid were the peddlers to establish in regular business here.

Housewives are requested to demand exhibition of the tag by any peddler that may solicit business of whatever nature, and in case of noncompliance to notify the city clerk or police by calling telephone No. 17.

THIS HUNTER CARRIED AN ARSENAL

When conservation officers approached August Johnson, of Iron Mountain, in the woods and noticed that he carried a gun, a revolver, two hunting knives and an over-sized jackknife, they assumed he was hunting. They asked for his license. He said he had none and then a scuffle resulted when Johnson refused to give up his arms. He was sentenced to pay a fine with costs of \$109.65 and to serve 30 days in jail.

ZEELAND YOUNG MAN TAKES BRIDE

Zeeland Record—Another Zeeland young man became a benedict on last Saturday when Mr. Ernest Ossewaarde took as his bride in marriage Miss Ruth Mulder of Holland. Rev. H. Bouma, pastor of the Fourteenth Street Christian Reformed Church, performing the ceremony at the parsonage in the presence of witnesses only. Both young people are well known and highly respected in their respective communities. Mr. Ossewaarde is the son of Mr. and Mrs. Peter Ossewaarde of this city and Mrs. Ossewaarde is the daughter of Mr. and Mrs. William Mulder of Holland city. They will make their home in the Ossewaarde residence just south of the Lincoln St. intersection on South State St.

County Farm Agent Expense To the County

HOME DEMONSTRATION AND
FARM AGENT OUTLAY TO-
TAL A LITTLE OVER
\$4,000

What did the agricultural agent and home demonstration agent cost Ottawa county in 1932 is a question many are asking. The total cost of the entire department this year was \$4,177.77. This is \$1,216.84 less than the cost of the department from July 1, 1932, to July 1, 1933, as shown by the report of the county clerk to the Board of Supervisors at the October session.

Total disbursements in Ottawa county, during the period, of income received by the county from taxes, departmental income and other sources amounted to \$1,445,776.88 so the cost of extension work has been a minor item. Following is the itemized cost taken from the ledger in the office of the county clerk of all extension work in 1932:

Salary, agricultural agent	\$ 600.00
Salary, demonstration agent	None
Mileage and expense, agricultural agent	1,200.00
Mileage and expense, demonstration agent	800.00
Salary clerk	1,140.00
Stationery	133.21
Phone	114.65
Printing and binding	62.99
Furniture and fixtures	38.02
4-H Club Badges	37.32
Postage	23.60
Forest cuttings	15.00
Freight and express	7.55
Miscellaneous	4.72

In addition to the salaries listed above the agricultural agent and demonstration agent each receive \$1800.00 from the Federal Government. This revenue is derived from income taxes, excise taxes, tariffs, etc., and not from property tax. These facts show that the extension office in Ottawa county is one of the lowest cost offices in the county, considering the number of persons employed and service rendered to practically every rural resident.

The most effective farm relief for the individual farmers is in their own hand, says Agricultural Agent Milham, whose work ceases Jan. 1st. As new year suggestions for farmers, the following home made farm relief plans are presented with the idea in view that they will cause farmers to think of ways and means of reducing expenses and adding to income.

Classify your expenditures into wants, needs and necessities.

Study and plan your business more than ever before.

Do not hesitate to spend a dollar if it will bring more than that amount of profit.

Avoid engaging in new enterprises until you are sure the added investment is justified.

Produce at the lowest possible cost per bushel or per pound.

Market as much feed through livestock as possible.

Take better care of manure.

Keep the number of home yard buildings well accommodated.

Buy supplementary protein feeds if they will return more than their cost.

Select home grown seed and test it.

Raise a good garden.

Cure plenty of farm produced meat.

Arrange payment of debts if possible to avoid danger of their being called at a critical time.

Use available labor for special work such as repairs. Put a handle in the axe rather than buy a new one.

Figure how much time and gasoline are required for each trip to town and plan to make one trip do instead of three or four.

Study carefully the most economical sources of farm power.

Utilize waste products. Convert them into feed, fertilizer or soap.

Keep a farm record and home account book.

Develop in the community forms of recreation requiring talent to save going to larger centers for commercialized forms of recreation. It's more fun anyway.

Use inexpensive home made play equipment in the home and community.

Try out community co-operation in planning organization meetings to reduce transportation costs to a minimum.

Encourage wise expenditure of funds by local government officials.

Discuss methods of home made relief in community meetings and exchange experiences.

TOO MANY LAKES NAMED THE SAME

The fact that Michigan has more than 100 "Long Lakes," resulting in much confusion especially in the delivery of mail, caused the State Committee on Geographic Names to change the name of one of these lakes to "Lake Fenton." Request for the change was made by the Genesee County Board of Supervisors at its October session. Lake Fenton is located in Fenton Township, Genesee County, close to the city of Fenton. How many Black Lakes there are is hard to figure, besides are plenty, but no Macatwa besides ours.

The Holland Poultry association will stage a poultry show December 29 to January 2. Dr. L. E. Heasley of Grand Rapids will place the awards. Several silver trophies and ribbons to first, second and third winners will be issued. Entries will close at midnight, December 28, and exhibits must be in place by 10 a. m. December 29. Judging will begin at noon on that day. Entry fees have been reduced 50 per cent.

DEER SHOW THEIR AGE AFTER FIFTEEN YEARS

Around the fifteenth year, the average deer shows signs of aging. It is not so alert, nor so active, and the antlers begin to deteriorate. Successive pairs are shorter. They lack full sweep and as the animal grows very old, the antlers fail to match. Deterioration may progress to the state where nothing but a long prong grows from one side.

The annual Christmas party of the Erutha lodge was held Friday evening, following a brief business meeting. The program was planned by Mrs. Alice Smith and Mrs. Belle Haight. Common Council

Holland, Mich., Dec. 21, 1932.

The Common Council met in regular session and was called to order by the mayor.

Present—Mayor Bosh, Aldermen Kleis, Prins, Brieve, Wolman, Hyma, Van Zoeren, Steffens, Habing, Huyser, Jonkman, Veltman, Van Lente and the clerk.

Devotions were led by Rev. Seth Vander Werf.

Minutes of the last meeting considered read and are approved.

Petitions and Accounts.
Mr. Cor. Kammeraad appeared before the council and protested against the tax penalty that has been added to his summer taxes when re-assessed on the winter tax roll. It was explained by the city attorney that this was a provision of the city charter and was not within the province or jurisdiction of the council to change it without a charter amendment, and that it would have to be submitted to the voters for approval. However, on motion of Alderman Van Zoeren, seconded by Huyser, the specific case of Mr. Kammeraad was referred to the ways and means committee.

Reports of Standing Committees.
Committee on ways and means reported recommending that the matter of engaging an accounting firm to audit the books of the board of public works and the city treasurer's and clerk's departments for the year soon to close, be referred to them with power to act.

Committee on claims and accounts reported having examined claims in the sum of \$230.90 for extra payrolls, and \$11,951.20 for regular payrolls, and recommended payment thereof. (Said claims on file in clerk's office for public inspection.) Allowed.

Welfare committee reported poor orders in the amount of \$2,530.53 for regular aid, and \$1,260.86 for temporary aid; total of \$3,791.39. Accepted and filed.

Welfare committee further reported that the American Legion, which was sponsoring the distribution of Christmas baskets, had informed him that in addition to the Christmas barrel donations they had received 115 bushel of onions and 50 bushel of white beans that they would include in their Christmas distribution. It was further reported that they expected to give out approximately 800 baskets to needy families. It was further reported that the Christmas barrels would be left in the stores until Tuesday after Christmas, and whatever was received would then be further distributed. It was also reported that the toys would be distributed by the Legion from their room in the city hall on Friday of this week.

Committee on public lighting reported for information of the council that the street light on the corner of River avenue and Twenty-seventh street had been installed and the Christmas trees in Centennial park decorated with colored lights.

Communications from Boards and City Officers.

The claims approved by the li-

brary board in the sum of \$621.09; park and cemetery board, \$254.44; police and fire board, \$2,480.74, and the board of public works, \$3,525.62 were ordered certified to the clerk for payment. (Said claims on file in clerk's office for public inspection.) Allowed.

Board of public works reported the collection of \$23,899.22; city treasurer, \$1,276.63. Accepted.

Clerk reported interest coupons due in the amount of \$225. Allowed.

Clerk reported that pursuant to instructions he had given notice of the proposed vacating, discontinuing and abolishing of the alley in block B, Bosman's Addition, situated between Sixteenth and Seventeenth streets, running west from Columbia avenue approximately 490 feet. Clerk further reported that no objections had been filed in his office and presented the required affidavit of publication of such notice. Alled ordered closed, all voting aye.

Clerk reported that pursuant to instructions he had given notice of the proposed sale of the former Weiss property located at 71 West Fifteenth street. Clerk further presented the required affidavit of publication of such notice. Clerk reported that no objections to the sale of this property had been filed in his office. The clerk also reported that no further offers for the purchase of this property had been received by him. On motion of Alderman Prins, seconded by Kleis,

RESOLVED, that said described property be now sold to Edward Donivan, 65 West Sixteenth street, in accordance with his proposal, viz. a cash price of \$2,500, and that the mayor and clerk be authorized to close the deal and sign the deed conveying this property to Mr. Donivan. Carried.

Motions and Resolutions.
Committee on ways and means reported recommending that the previous action of the council taken on Dec. 7, authorizing the issue of emergency bonds in the amount of \$54,000 be reconsidered. Adopted.

On motion of Alderman Prins, Whereas, it is the consensus of opinion of this council that instead of issuing emergency bonds as authorized on Dec. 7, 1932, it is to the advantage of the City of Holland to apply for a loan through the R. F. C. Adopted.

On motion of Alderman Prins, **RESOLVED**, that the City of Holland petition the governor of the state of Michigan for a loan of \$43,500 from the R. F. C. for welfare purposes. Carried, all voting aye.

Alderman Kleis reported that the city clerk had received requests from different property owners for permission to pay up in full their special assessment taxes covering paving. It was reported that in the past this has not been done, but due to present conditions and the necessity for the city to borrow money that such payments be now accepted and placed to the credit of the special assessment funds for which they are received. Adopted.

Alderman Kleis reported that no one had qualified for the office of constable in the First ward and recommended that Mr. Dick Homkes be appointed to this office for the balance of the term, viz. April 1, 1933. Adopted.

Alderman Kleis, chairman of the special Tenth street tree committee, presented a resolution recommending a settlement with the Michigan Gas & Electric Co., for the sum of \$6,811.28. Adopted, all voting aye.

Alderman Hyma requested permission to employ two or three men from the welfare list, when the weather got cold enough, and flood the Nineteenth street grounds for a skating pond. Mayor Bosch instructed Mr. Hyma to take the matter up with the committee when he needed the men.

Alderman Jonkman reported that he had recently noticed articles in the paper to the effect that the gas companies in Muskegon, Grand Rapids and Ann Arbor had recently made a reduction in gas rates and felt that the local gas company should also make a reduction, and recommended that a committee be appointed to investigate and find out if the city of Holland is also entitled to a reduction. Mr. Jonkman recommended that the mayor, city attorney and the ways and means committee be appointed in such capacity. Adopted.

Adjourned.

OSCAR PETERSON, City Clerk.

HARLEM

Frank Beekus, 86, was found dead in bed Saturday morning at the home of his daughter, Mrs. Gerrit Barendse, 76 West Nineteenth street, where he has been making his home for the past fourteen years. He had been ill for some time. Mr. Beekus was born in The Netherlands on August 8, 1844, and came to this country as a young man. He settled on a farm in Harlem, where he lived for about fifty years.

Surviving besides Mrs. Barendse are three grandchildren and seven great-grandchildren.

Funeral services were held on Tuesday afternoon at 1 o'clock at the home of Mr. and Mrs. Barendse. Rev. Henry Van Dyke, pastor of Fourth Reformed church of which Mr. Beekus was a member, officiated. Burial took place in Pilgrim Home cemetery.

FIND INCUBATOR BEST METHOD FOR PROPAGATING GAME BIRDS

The Michigan Conservation Department has been the last to recognize that the production of game birds via the incubator route has it all over the use of brooding hens. For a number of years private game breeders have used the incubator and brooder to produce the game birds for their shooting estates. In every instance the results have been better than those produced via the hen route. There seems to be no question that the artificially reared game birds of the future will come out of the incubator and no doubt the time will come when ruffed grouse will be handled successfully in this manner as are pheasants and quail at the present time. The danger of disease contracted from brooding hens is entirely removed when the incubator and brooder are used and this in itself eliminates the source of the greatest mortality that has been attendant to the early stages of game birds.

MORE TREES IN OUR STATE PARKS

Several of southern Michigan's state parks will be beautified this winter by the planting of 15,000 small elm trees. These trees vary in size from 12 to 15 feet. The elm trees are the first large hardwood trees to be planted in the state parks. Several thousand smaller maple, elm, oak and locust trees have been planted in various parks in past years. Since Michigan began a program of beautification of its state parks, about 300,000 white, Norway and jack pine seedlings and transplants have been planted and more than 5,000 shrubs of various kinds have been placed.

Scarlet Fever Prevails In Michigan

HEALTH UNIT GETS NOTICE FROM STATE ON PREVALENCE OF DISEASE

The following notice has been received by Dr. Ten Have of the Ottawa county health department from the state department of health relative to the widespread prevalence of mild scarlet fever.

"We wish to call to your attention the fact that there is at present a very widespread prevalence of mild scarlet fever. Many of these cases show very few symptoms and such as do such may be of very short duration. Many of these mild cases are being missed and many of them do not call a physician. Consequently many of them either miss school or miss one or two days only and are sources of infection for two or three weeks thereafter.

"It may be difficult for a physician to make a definite diagnosis in such cases unless he sees them at exactly the right time. Every effort should be made to find these mild cases, to have them seen by a physician, and to establish diagnosis. Such cases as are definitely scarlet fever, no matter how mild, should be quarantined and placed in accordance with the regulations; furthermore those cases which are probably scarlet fever should be considered as such inasmuch as the benefit of the doubt must be given to the public and the public protected.

"Although the great majority of scarlet fever cases at present are mild and there are few complications resulting as compared with scarlet fever as we know it in the past, yet we do have some severe cases and some which are fatal. It is for this reason that we should not lessen our vigilance nor consider that because scarlet fever is mild for the most part we need pay little attention to it. Much of this mild scarlet fever is being diagnosed as measles. Some of it is being labeled stomach rash. Any case with such rash, no matter how fleeting, should be considered as perhaps scarlet fever and not dismissed from consideration unless there is clean-cut evidence that it is not scarlet fever."

KLINESTEKER SUCCEEDS FOLLOWING STROKE ON RIVER AVENUE

Benjamin J. Klinesteker, 75, retired farmer, died Friday afternoon after suffering a stroke of apoplexy while walking on River avenue. It was said that Mr. Klinesteker was walking toward town and fell to the sidewalk on River avenue near Thirteenth street. He was rushed to the Holland hospital by a passing motorist but died on the way.

Klinesteker and his wife had completed plans for celebrating their golden wedding anniversary Saturday. They were married at Overisel on Christmas Eve, 1882. The couple resided at Burnips until four years ago when they moved to Holland, where they lived at 261 West Fifteenth street. He was a member of Fourth Reformed church here.

Surviving are his widow; four sons, William B. Klinesteker, Russell A. Klinesteker and Justin H. Klinesteker of Grand Rapids and Daniel Klinesteker of Salem township; one daughter, Mrs. Henry Ver Hult of Graafschap; and ten grandchildren.

Funeral services were held Tuesday afternoon at 2 o'clock from the home and at 2:30 o'clock from Fourth Reformed church. Rev. H. Van Dyke, Fourth Reformed church pastor, officiated. Burial took place in Holland township cemetery.

COTTAGE ON SPRING LAKE DESTROYED BY FLAMES

A cottage belonging to Joseph Johann of Spring Lake was burned to the ground on Christmas Day with all the contents. The cottage is near the lake. The loss was reported to be about \$1,000. The owner lived near the cottage location on the west side of the road leading around the east side of Spring Lake. When the fire was discovered it had such a start it was impossible to save anything in it. There was no cause for the fire was reported.

INDIANS MADE MAPLE SUGAR CENTURIES AGO

When the white man came to America, says American Forests, he found Indians making sugar from the sap of the sugar maple tree. The Indians had developed every essential detail of the present process of producing maple syrup.

OPEN THEIR BLOSSOMS ONLY FOR THE INSECTS

Many flowers that have their pollen carried from one plant to another by special insects that work only in the day time, keep their blossoms open only during the hours when the insects are at work. Others, such as the honeysuckle, that make use of the night-flying moths as well as of bees and butterflies for their pollination, remain open day and night.

IN ANIMAL LAND

The speed of a chipmunk has been recorded at between 24 and 28 miles an hour.

There is a fish which can give you an electric shock as strongly as an electric battery.

The stomach of the hippopotamus has a capacity of between five and six bushels.

Volcano's Temperature

In the volcano of Kilauea the temperature at the surface of the lava is in the neighborhood of 1,000 degrees Centigrade. Basalt which is the molten rock in Kilauea and many other volcanoes, may melt at either higher or lower temperatures, depending on their composition. Thus the melting point of sandstone would be very high probably in the neighborhood of 1,000 to 1,700 degrees Centigrade, depending on their purity.

Farmers of Country Owe Much to "Dream"

Wisconsin farmers have erected a granite monument to the memory of John F. Appleby, who was known throughout the Mid-West a generation ago as an expert whittler in wood. He helped farmers through out the world by inventing the first machine to tie sheaves of grain automatically. According to Farm and Fireside Appleby was a fifteen year old when he whittled his way to fame by his invention. He had grown tired from bending to bind grain by hand in a Wisconsin harvest field and so he spent an evening "dreaming" of a machine which would do this work. He whittled out a model of his invention, which he perfected in 1850. It is still almost identical with the design used all over the world on grain binders today.

Chrysanthemum Growth

The United States Department of Agriculture says that by selecting proper strains it is possible to grow chrysanthemums in almost all the states except the extreme North and the hot, wind swept sections of the great plains.
