Calvin and Rachel Vander Werf with Gretchen, Klasina, Julie, Lisa, Pieter, Marte. You'll meet them more formally and completely in the October magazine.
Next to the 322 members of the graduating class, these were the principal participants (pictured at left) in the Commencement ceremonies: left to right, Dr. John W. Hollenbach, Vice-President and presiding officer; Dr. Frederick H. Olert '26, minister of Central Reformed Church, Grand Rapids, recipient of a doctor of divinity degree; Dr. Calvin VanderWerf '37, President-Elect of Hope College, recipient of a doctor of science degree; Dr. Irwin J. Lubbers '17, Past President, Commencement Speaker; Dr. Wynand Wichers '09, Past President of Hope College. This year's large graduating class made the Dimnent Memorial Chapel inadequate. Civic Center, which accommodates 2400 people, was completely filled for the occasion on June 3.
Retiring from College Staff

MISS REEVERTS

Miss Emma Reeverts '20, who joined the Hope College staff in 1946 as Associate Professor of English and became Dean of Women in 1947, is retiring during the summer. Her immediate retirement plans are to return to Berea College to teach part-time in the English Department.

“Returning to Berea College” refers to Miss Reeverts’ work at Berea from 1929 to 1946 as instructor in English, head resident in the residence halls, and Summer School dean of women for two years. During her seventeen years there, she became strongly interested in the development of the Appalachian mountain area.

Besides her A.B. from Hope College, Miss Reeverts received her A.M. degree from the University of Michigan in 1935. She also did further academic work at Northwestern University, University of Chicago and the Sherwood Eddy Seminar in Europe.

Miss Reeverts’ first experience in teaching, however, was as instructor in English at Cedar Grove Academy, Wisconsin, from 1920 to 1922, followed by a year at the Academy of Central College, Pella, Iowa, and the next year at Bunker High School in Muskegon. In 1924 she went to Annville Institute, Kentucky; became principal there in 1925 and continued until 1929 when she went to Berea.

During her sixteen years at Hope College, Miss Reeverts continued to teach one or two courses in English. As Dean of Women she was the campus hostess, did much personal counseling, was supervisor of residence halls and advisor to women’s organizations.

Miss Reeverts took special interest in developing and strengthening the government of the residence halls. Among her numerous achievements for the campus was the establishment of the Association of Women Students, known as AWS, and the participation with other Michigan colleges in annual state conferences. The Hope association joined the Intercollegiate Association of Women Students at Madison, Wisconsin, in 1960.

She also worked toward national recognition of Alcor, senior women’s honor society, which recognition came in the spring of 1961 when Alcor became a Chapter of Mortar Board. Her work was acknowledged when she was elected an honorary member of Mortar Board.

Miss Reeverts directed much effort toward the establishment of closer relationships between American students and those from other countries. The initiation of International Night on campus, sponsored first by Alcor, and later by AWS, marked a tangible and enjoyable result of her work.

Her stature in her profession was recognized by her Michigan colleagues when she was elected Vice-President of the Michigan Association of Women Deans and Counselors for the years 1954 to 1956, President from 1956 to 1958, and for a term as Michigan representative on the Board of Affiliation of the National Association during 1959-1960.

So, with the short sentence that covers sixteen years of hard work, “I am very grateful for a fine experience at Hope College”, Miss Reeverts’ address will change on September 1 to Berea College Station, Berea, Kentucky.

MRS. KARSTEN

Mrs. Harold Karsten, who is retiring from Hope College after teaching in the Music Department for thirty-five years, studied at the American Conservatory in Chicago for three years and
then continued to study piano, organ, and composition privately with artist teachers. While in Chicago she was organist for seven years, first at Trinity Methodist Church and then at Bethany Union Church, both in Beverly Hills, a suburb of Chicago. In 1926 when the Karstens moved to Holland, Mr. Karsten's home town, she became organist of the Methodist Church and played there for seven years.

In 1928, at the request of Dr. Nykerk, then head of Music Dept. she came to Hope College and taught piano, organ and theory and organized the Junior Music Department of the College. When Dimnent Memorial Chapel, the organ, and the concert grand, presented by Mr. Albert Meyer to the College, were dedicated, Mrs. Karsten was the piano soloist. This was one of the many piano recitals she has presented in Holland, Hamilton, Allegan, Zeeland, Grand Haven and Spring Lake. She also was accompanist for many soloists and for many years played for the college presentation of the "Messiah". Some of her songs have been sung at college faculty and at senior student recitals. Students of the Junior Department have played some of her piano compositions.

Mrs. Karsten was a charter member and a past president of the Holland Music Club. She is a special member of the Michigan Federation of Music Clubs and a member of the Past Presidents Assembly. She was State Student Division Director, and West Central District Director for two terms and conducted the State Junior Festival contest when it was held on the Hope campus some years ago. She is also a member of the Michigan Music Teachers Association, was a member of the State Board of Certification and is a certified teacher. She attended piano teachers' conferences in New York City and at Mars Hill College, North Carolina, where she did some work in composition with Dr. Hans Barth. For the past seven summers, she has attended the piano conferences at Michigan State University.

Although retiring from Hope College, Mrs. Karsten will continue to teach the Juniors. She and Mr. Karsten plan some trips and expect to have more time to spend with their two sons and their families, David, who is director of theatre at Hope and Harold, Jr., an engineer of Chagrin Falls, Ohio, with offices in Cleveland. This is the only time in Hope's history that a mother and son have been on the faculty at the same time.

A Ford Grant

Hope College was one of ten leading colleges and universities to receive 1963 grants from the Ford Motor Company Fund (in no way related to the Ford Foundation). Dr. Theodore Yntema '23, Chairman of Finance, delivered the $25,000 check to Hope College. The money has been designated by the college for the Physics-Mathematics Building. With Dr. Yntema in the picture are: left to right, Dr. Harry Frisell, chairman physics department; Dr. Jay Folkert, chairman mathematics department; Dr. Yntema, Dr. John Hollenbach, acting college president; Prof. Clarence Kleis, physics department. In the background: Marian Stryker, Dr. Dwight Yntema, Rein Visscher, Dr. William Vander Lugt, Mrs. George Pelgrim, member Board of Trustees, and Gerald J. Kruyl.

The ten 1963 grants complete a million dollar program of grants approved by the Ford Fund in 1959 to extend over a four-year period. The gifts are to be used in the discretion of the university or college president as a source of funds for any special project or activity for which there is no budgetary provision.

The recipients of this year's gifts, selected for their leadership in the field of quality education, are: Holy Cross, Worcester, Mass.; Emory University, Atlanta; LaSalle College, Philadelphia; Lehigh University, Bethlehem, Pa.; Monmouth College, Ill.; Oberlin College, Ohio; Ohio Wesleyan University, Delaware; University of Southern California, Los Angeles; Southwestern at Memphis, Tenn., and Hope College.
A portrait of Dr. Irwin J. Lubbers '17 who retired on February 1 as president of Hope College was presented to the college at the annual dinner of the Alumni Association in Phelps Hall on June 1. A record attendance of 529 was announced.

The portrait, commissioned by the Alumni Association, was painted by Artist John S. Coppin of Bloomfield Hills (above photo, on left). Donald L. Ihrman, president of the Association, presented the painting. It was accepted by Ekdal J. Buys, chairman of the Board of Trustees.

A short program of sketches, pictures and snapshots, projected on a screen, pointing up the beginning of Dr. Lubbers' distinguished career in India, was enacted by members of the graduating class, Lemuel Patole, Bruce Gillies and Thomas Oosting.

Members of the Class of 1913 initiated into the 50 Year Circle and announced at the dinner are: Agnes Visscher Brush, Mae LaHuis Coith, Hendrine Hopsers Royce, Clarence P. Dame, Evelyn DePree, Lambertus Hekhuis, Jennie Immink Hekhuis, Frank D. Kleinheksel, W. J. Leenhouts, William J. Moerdyke, Richard J. VandenBerg, Berend T. VanderWoude, and Edward Wichers.
New members of the
ALUMNI BOARD

Everett H. Poppink '31 is the newly appointed director from the Rochester Club. He succeeds Anthony Dykstra '41.

A native of Rochester, Mr. Poppink majored in chemistry at Hope and "tried most of the sports" during his four years, "and enjoyed every minute of it". After Hope he went to Purdue for a year on an assistantship, after which he ran his family's coal business for five years.

He was married in 1936 to Rhea Nelson, a teacher of the deaf, and from North Dakota. There are three Poppink children: Jerry a graduate of Northwestern University, now in the Air Force; Prudence, a sophomore at Jackson College (Tufts), and Gretchen who will enter Penn Hall Junior College in the fall.

Mr. Poppink has been with Eastman Kodak Co. since 1937. Presently he is a Product Staff Supervisor in charge of the production of color negative films, both amateur and professional. He has served several terms on the Board of Trustees of the First Reformed Church in Rochester. Though his hobbies are sports of all kinds, he is active only in golf and bowling — plus a little gardening.

Robert J. Prins '54 has been appointed director for the Detroit Club for a three year term, succeeding James B. Hinkamp '40.

A Staff Supervisor for Michigan Bell Telephone Company, Mr. Prins is active in community projects. He has worked on the United Fund drives for 1960, 61, 62 and 63, and is currently Co-Chairman of the Lawyers Division United Foundation. He is also Public Relations Chairman of the Lakeshore District, Boy Scouts of America. He is a past president of the Harper Woods Exchange Club and of the Metropolitan Exchange Club Council of Detroit.

The Detroit Chairman for the 1963 Alumni Fund for his alma mater, he serves his church, Faith Community, as Treasurer and Finance Chairman.

Mr. Prins and his wife, Ruth, with their five young children, live at 1425 Grayton, Grosse Pointe Park 30.

David A. Bolhuis will represent the Class of 1963 for two years on the Board. A biology major, he will teach at Hudsonville High School, and coach freshman basketball next year. Hudsonville is his home town. Presently he is the Director of the City Summer Recreation program.

Publications by Hope Men and Women

Helen Spritsma Wolf '33 has written Spelling Essentials for College Students, published by Littlefield, Adams & Co. This little volume described as a "Quick Review and to the Point," is an outline explaining how to approach spelling logically through the sounds and structure of a word and through its use in a sentence.

Mrs. Wolf formerly taught at Wright Junior College and National College of Education. In 1962 she was Research Associate, Curriculum Center in English, Northwestern University.

Dr. Marion Gerard Gosselink '15 had published on June 12 RIGGLY TRIGGLY LAND by Pageant Press. The book is a delightful new fantasy for children — "just to bring happiness and enjoyment to boys and girls."

This is the author's eighth book, including, "Junior Story Talks," and "Special Day Talks for Children." A retired minister living in Hicksville, N. Y., Dr. Gosselink's life has been varied and interesting, as banker, teacher, clergyman, and author. In retirement on Long Island, he spends his time reading, writing, and traveling.

The Reachers, published by Friendship Press, is another book by John Henderson '36, vice-principal of Gaskell Junior High School in Niagara Falls, New York. He is the author of several dozen plays, books, and stories, notably HALF PAST TEEN, NO MORE HOMEWORK, GREEN GROW THE ONIONS, and SPACE SHOP AHOY.

Mr. Henderson's latest publication, The Reachers, will be used by junior high young people throughout the United States and Canada in connection with the interdenominational mission study theme, "The Changing City Challenges the Church.

F. H. Moser '28 and A. L. Thomas have published PHTHALOCYANINE COMPOUNDS by Reinhold Publishing Corporation.

Mr. Moser is presently Director of Research of the Standard Ultramarine and Color Company in Huntington, West Virginia.

Book Honors

Hessie E. Yntema '12 has been honored, on the occasion of his seventieth birthday, in a collection of Essays entitled, XIXth Century Comparative and Conflicts Law. Thirty-eight leading scholars from fifteen different countries have contributed to the collection. Professor Yntema is a world-renowned authority in these two fields of law, vice-president of the international Academy of Comparative Law, and editor-in-chief of the American Journal of Comparative law.

The essays are divided into four groups: general problems in comparative law, more specific treatments of foreign law, conflict of laws, and general legal subjects. Also included in the volume are a biographical note on Professor Yntema and a list of his publications.

The first copy of this volume, published by A. W. Sythoff publishers of Leyden, the Netherlands, was presented to Dr. G. John Van Zoeren, donor of the Hope College library.
CLASS NOTES

1920

Miss June Potts retired after a successful career of service to the state's handicapped on May 31. At a large reception and dinner in her honor, 80 friends and colleagues from all over the state paid tribute to her with gifts and congratulatory messages. A citation from the State Board of Control for Vocational Education (composed of Dr. John Hannah, Dr. Havlan Hatcher, Dr. Lynn Bartlett, and others) was especially cherished by Miss Potts. The citation was for having initiated the program for the homebound and severely disabled.

A teacher and personnel director prior to her 28 years with the state, Miss Potts was born and raised in Sheboygan, Wisconsin, moving to Holland in her late teens. She took her master's degree in personnel administration and vocational education from the University of Michigan in 1934.

She became a member of the State Vocational Rehabilitation staff in 1935 as a counselor in the Detroit District Office. In 1943 she was promoted to supervisor of the Grand Rapids District office, a post she held until 1947 when she was moved to Lansing as supervisor of guidance, training and placement in the state office.

She was appointed assistant director in 1953 and in this capacity has directed many of the state programs for the handicapped. Among her responsibilities has been the supervision of case work, the handicraft program, the rehabilitation unit at the University of Michigan Hospital and the Michigan Rehabilitation Institute at Flintwell.

It was through her close association with the disabled in actual case work that Miss Potts first recognized the intense need for a program for those so severely disabled they were forced to remain in their homes.

From this need came Michigan's program for homebound workers, a program developed by Miss Potts to provide sales outlets for goods manufactured by the disabled in their homes.

Since joining the State Vocational Rehabilitation staff in 1935, Miss Potts has seen the program grow from a total of 15 professional staff members serving 1,500 Michigan handicapped to its present scope of 125 staff members serving 9,000 disabled persons.

A member of many professional boards, societies and fraternities, Miss Potts has written articles for several professional journals as well as a chapter for the U. S. Office of Health, Education and Welfare's book, "The Vocational Rehabilitation of the Mentally Retarded", published in 1950.

Dr. Egbert H. Fell, clinical professor of surgery at the University of Illinois College of Medicine, received a distinguished service award for outstanding contributions to medicine from the University of Illinois, from which he received his M.D. in 1931, on June 20.

1929

Roy Bremer is studying at West Virginia University under a National Science Foundation fellowship to the Sanitary Engineering Summer Institute. His work will provide credit toward a doctorate. He has been appointed a part-time Lecturer in Environmental Health at the Graduate School of Public Health at the University of Michigan. He will continue his teaching at the University of Detroit in the College of Engineering where he has been teaching for the past few years. His son, Dan, will enter Hope College in September.

1932

Rev. Theodore Schaap and Mrs. Schaap of Grand Rapids had three children participate in Hope's commencement June 3. Their twin daughters, Dorian and Sharon, and son, Ron, received their diplomas. The daughters, both English majors, will teach in elementary schools in the fall. Ronald is a psychology major and plans a career in business administration.

1934

Miss Gertrude Van Zee, a member of the faculty at Western Michigan University since 1950, was promoted to the rank of associate professor in June. Miss Van Zee heads the catalogue department.

1938

Jack Leenhouts was appointed Holland's city treasurer, effective June 3. A native of Holland, Mr. Leenhouts spent three years in the U. S. Army, followed by 10 years as personnel specialist at the Aberdeen Proving Ground in Maryland where he was responsible for the job evaluation program, involving 6,000 employees. During the 10 years he was a civilian employee of the U. S. Army.

In his new appointment, Mr. Leenhouts is a combination of city treasurer and personnel specialist, the latter position a newly created classification.

Mrs. Leenhouts is Thelma Kooler '39. A daughter, Thelma, has completed her first year at Hope College. There are three other children. Mr. Leenhouts formerly was employed by Parke, Davis Co. as an accountant.

1939

J. Oliver Lampen, Ph.D., Director of the Institute of Microbiology at Rutgers for the past 5 years, has taken a year's leave of absence for research and study. The National Science Foundation has provided him a grant to spend the coming year at the National Institute for Medical Research in Mill Hill near London, England. This institute is essentially the English equivalent of our National Institutes of Health near Washington and has broad interests in fundamental research in biology and biochemistry.

During his stay at the Institute he will carry on research with several scientists who are already investigating problems quite similar to his own. He also plans to visit microbiological and biochemical laboratories in England and on the continent.

Dr. Lampen's year will also include a meeting in Dublin, Ireland in July on the biochemistry of yeasts and fungi. In August he will attend a symposium in Stockholm on Global Aspects of Applied Microbiology under the sponsorship of the International Association of Microbiological Societies. In April 1964, he plans to take part in the International Fermentation Congress in London.

Mrs. Lampen and sons David, 16; Peter, 13; and Richard, 9, will accompany him. They sailed for England on July 10, and are doing some traveling en route to Dublin and Stockholm, before settling down at Golders Green, mid-way between Mill Hill and the center of London, on September 1. The boys will attend English schools for the year.

Should any alumni like to have their children receive mate, visit Hope College, a card or request addressed to the Admissions Office or the Alumni Office will be honored. This offer may be appreciated most by alumni living outside the Reformed Church areas.

JULY, 1963
1940

Alfred T. Joldersma was elected Secretary and Treasurer of the Harvey Hubbel, Incorporated, of Bridgeport, Conn. on June 1. Mr. Joldersma joined the corporation in 1962 as assistant to the executive vice-president. Before that he was Vice-President-Finance of Kaweener Company, Niles, Mich., and formerly Treasurer of Detroit Harvester Company.

A member of the Tax Executives Institute, he and his family now live in Westport.

1944

Roger E. Koeppe, Ph.D., Oklahoma State University professor of biochemistry, became head of the OSU College of Agriculture’s department of biochemistry on July 1.

Dr. Koeppe joined the OSU biochemistry faculty in 1959. Formerly he was successively teaching assistant, research fellow and research associate at the University of Illinois until 1951, having received his M.S. in 1947 and Ph.D. in 1950, from there. During 1951-1959, he was a biochemistry faculty member at University of Tennessee Medical Units in Memphis.

His research has been principally in the field of metabolism in animals. He is co-author of scientific papers in that field and is a member of the American Chemical Society, American Association for the Advancement of Science, American Society of Biological Chemists, Sigma Xi, and Phi Lambda Upsilon.

Dr. Koeppe will become head of a department which has a staff of approximately 60, of whom 13 are full-time senior staff members and 25 are graduate students. Approximately 500 OSU students are enrolled in biochemistry courses each year, and the undergraduate major in biochemistry has become attractive to agricultural students with a bent for the physical sciences.

Grants-in-aid to support the biochemistry staff members’ research now total approximately $225,000 per year. The department is involved in about 65 active research projects, including some that are cooperative with other OSU departments.

The research concerns problems related to control of metabolic processes; the pathway of metabolism of various compounds in bacteria; plants, and animals; alkaloid metabolism, biosynthesis of carotenoids, alkaloids, vitamins, and proteins; isolation and function of natural products; flavor research, wheat protein characterization; pasture and forage composition; and work on meat and horticultural crops.

1949

William A. DeMeester, Ph.D., Richard N. Hoerner Professor of Chemistry and Head of the Department of Chemistry at Parsons College, received the 1963 Parsons College faculty Award for Excellence in Undergraduate Teaching in May.

A member of the Parsons faculty since 1959, Dr. DeMeester was presented a $500 check by the president at the Senior Awards Convocation.

Since he joined the Parsons staff, Dr. DeMeester has accumulated many special honors and awards. Included was a $5,000 grant-in-aid from the Research Corporation of New York in 1960, and appointment as a Danforth Associate with his wife, Marian, for a 2-year term. In his grant work, he has been experimenting with new acid compounds which may be potentially useful, particularly as cholesterol blocking agents.

After doing his graduate work at the University of Vermont (M.S.) and the University of Illinois (Ph.D.), Dr. DeMeester was a research chemist with the duPont Co. He is a member of the American Chemical Society, Phi Lambda Upsilon, Sigma Xi, Iowa Academy of Science and Chi Beta Phi.

The parents of three daughters, Dr. and Mrs. DeMeester reside at 507 South Maple Street, Fairfield, Iowa.

Benjamin G. Hofmeyer has been named head of The Dow Chemical Company’s Automotive Chemicals Laboratory in Midland.

The laboratory is concerned with the development of new and improved coolants, brake fluids, synthetic lubricants, gasoline additives and other materials used by the automotive industry.

Mr. Hofmeyer joined Dow in 1952 after serving as a science teacher at Harbor Springs High School. Since that time he has been involved in research and development assignments. For the past two years he has headed The Dow Industrial Service Research Laboratory at Tulsa, Oklahoma.

Dr. George D. Zuidema, assistant professor of surgery in the University of Michigan Medical School, is the 1963 recipient of the Henry Russel Award, the highest honor the University can bestow on a faculty member below the rank of associate professor.

Awards are nothing new for Dr. Zuidema: in 1960 he won the Markle Award in Academic Medicine; in 1961 he received a Career Development Award from the U. S. Public Health Service. He is chairman of the Junior Medical Staff of University Hospital and chairman or a member of at least 12 active committees in the Medical School.

Dr. Zuidema is the co-author of three books, two primarily for medical students; and 78 articles in professional journals.

1950

William D. Barense has been appointed prosecuting attorney of Washtenaw County. He was named to fill the unexpired term of William F. Ager, Jr., who became circuit judge. It is expected that he will run for election to the office in November, 1964.

Formerly Mr. Barense was chief assistant prosecutor, having been appointed an assistant in 1953 and later chief assistant. He was head of the Ypsilanti office of the department.

A graduate of the University of Michigan Law School in 1951, Mr. Barense served in the U. S. Navy from 1944 through 1946. He is a partner in the law firm of Lawrence, Ulrich, Tripp and Barense which he joined in December, 1951. He is a member of the Washtenaw County and Michigan State Bar Associations and the National District Attorneys Association.

1951

The U. S. Patent Office has granted Kenneth Johnson, 9738 51st Avenue, Oak Lawn, Illinois, his seventh patent. Mr. Johnson, a department supervisor at the Western Electric Company’s Hawthorne Works, was granted the patent for the development of an apparatus for forming and welding, jointly with two other Western Electric engineers.

1952

Lavinda Hoogevzen is going to RasTanura, Saudi Arabia, to teach English and physical education in one of the ARAMCO schools.

Irwin J. Brink, Ph.D., associate professor of chemistry at Hope College, has received a summer research grant of $2,500 from the Petroleum Research Fund of the American Chemical Society. The Brink family left July 10 for an 11 week session at the National Bureau of Standards Laboratories in Washington, D. C.
The project involves the preparation of very pure chemical compounds to be used as standards for assigning numerical values to physical properties of the compounds.

Dr. Brink will learn the techniques used in the preparation of high purity substances in order that a research program in this field may be established in the future on the Hope campus. Such a program would involve Hope chemistry students in on-campus research.

Larry and Connie Veenstra '54 Fabunmi returned to Nigeria on July 3, via stopovers at Glasgow, Copenhagen, London and Rome. Larry has been appointed Director of an Institute of International Affairs, the first of its kind in Africa. Address: Dr. L. A. Fabunmi, Director General/ Nigerian Institute of International Affairs/G.P.O. Box 1727/Lagos, Nigeria.

Dr. Roger Visser and his co-author were winners of a $500 award presented by the American Association of Orthodontists at the national convention held at Miami Beach, Florida.

Dr. Visser and Dr. Donald Coddington were given the award in honor of Milo Hellman for their essay which represents an original investigation and contains new significant material of value to the art and science of orthodontics. The essay was entitled, "The Etiology of Cleft Palate in Mice."

1953

Jack DeWard has been appointed principal of Kentwood High School, Grand Rapids, effective August 1. He has a masters degree from the University of Michigan and has taught in the Kentwood system for the past five years. He will serve as Kent County District president of the Michigan Education Association next year.

1954

Norman C. Gysbers, Ph.D., of Ann Arbor, has been appointed assistant professor of Education at the University of Missouri, effective September 1. He received his M.A. and Ph.D. degrees from the University of Michigan.

This past year he has been assistant director of the National Defense Education Act Counseling and Guidance Institute at the University of Michigan. At the present time Dr. Gysbers is editor of the Vocational Guidance Quarterly, the official publication of the National Vocational Guidance Association.

John R. Scholten, choir director at the Camp Hill (Penn.) Presbyterian Church, had his junior choir participate in a Junior Choir Festival sponsored by the Harrisburg Chapter of the American Guild of Organists in May. Seven junior choirs joined in A Service of Music for the Church Year held at the Lutheran Church in Camp Hill on Sunday afternoon, May 19. Selections were presented for Thanksgiving, Advent, Christmas, Praise, Lent, Easter, Pentecost, Trinity.

1955

Marjorie Bruns Schilling, who received her B.S. in nursing from New York Hospital in September, 1956, is living in Kittery, Maine (22 Mendum Ave.), where her husband, Rex E. Schilling, is working as a field engineer for Sperry Gyroscope. He installs and tests navigational computers on the Polaris Submarines — so far the George Washington, the Abraham Lincoln and John Adams, and also teaches submarine crews the use of this equipment.

The Schillings have three sons and a daughter: Michael Duane, 6; Charles Bernard, 5; John Edward, 4; and Ruth Ann, 2.

1956

Donald A. Charpentier is continuing academic activities in the Nashville University Center of Vanderbilt University-Scarritt College-George Peabody College of Teachers.

After a year's post M.A. work in psychology and education, he will be working in the doctoral areas of philosophy at Vanderbilt; cultural anthropology at Scarritt; history and education at Peabody to earn his Ed.S. degree from Peabody in Social Foundations of Education. Under the direction of Dr. Clifton Hall he will be doing research in the writings of Gabriel Marcel for possible implications for educational philosophy and theory. Later he hopes to work toward a Ph.D. in Educational Psychology for a teaching career.

Mrs. Charpentier, a graduate of Iowa State College in 1958, will complete her work for a masters degree in Social Science at Peabody in 1964.

Clifford Vander Yacht has taken a position as a physicist in the Engineering Department, Spartron Electronics, Jackson, Michigan.

Robert N. DeYoung has accepted a new position as assistant director of admissions and scholarships at Michigan State University. He has been guidance director, athletic director, varsity football and junior varsity basketball coach at Whitehall High School for the past seven years. He began his new duties July 1.

1957

John Van Iwaarden, a member of the Hope mathematics faculty since 1961, has been awarded a summer fellowship by the National Science Foundation. He will attend a summer conference for college teachers of mathematics at Marquette University from August 5 to August 25, specializing in Point-Set Topology and studying Modern Analysis and Probability and Statistics.

1958

David G. Cassie, who received the B.D. degree from Princeton Theological Seminary in June, is a graduate intern for the United Presbyterian Board of National Missions working at the Calvary Presbyterian Church in Detroit.

Zoe Gideon Forsleff graduated from Cornell University School of Nursing in 1960, and is now living in Johnson City, Tennessee, where her husband, Gary, is presently teaching theory and organ. Mrs. Forsleff, a full time housewife and mother of Andy, two years old, is active in music events in her community. She plays viola with the local symphony; is working on a Vivaldi double violin concerto with another music faculty wife. She is also involved in a sextet (violin, viola, cello, oboe, clarinet, bassoon) of 5 sketches by the Dutch composer, Ton de Leeuw. This summer she is assisting her husband with a weekly string class of 4th and 5th graders.

Dwayne "Tiger" Teusink has accepted a new teaching position at Jackson (Michigan) High School. He will be assistant basketball coach and head varsity tennis coach. He has been teaching at Grand Rapids Lee High School, varsity basketball and baseball coach there for the past three years.

William C. Waggoner, Ph.D., has taken a job in New Jersey with Colgate-Palmolive Company as staff biologist.

1959

David L. Mulder, a graduate student at the University of the Pacific, California, received a standing ovation for his original composition performed at the Student Composers Symposium of Western States in Salt Lake City in April. His "Theme and Variations" was one of three orchestral works performed by the 90-piece University of Utah Symphony Orchestra.

"Clarinet Sonata", another work by Mr. Mulder, was premiered during a special music convocation in May. In 1962 his "Fantasia Choral and Fugue for Organ" was
the winning composition in the Pi Kappa Lambda contest. Considered a talented composer, he has been a student of Professor S. R. Beckler, Conservatory of Music at the University of the Pacific since 1959. He is an accomplished performer on the French horn and cornet, and has been active in the Composer's Club of the University. He has also been teaching a course in music appreciation at the Conservatory.

John W. Kray has completed the U. S. Air Force course for communications officers at Tinker AFB, Oklahoma. His training included operation, maintenance and management of radio, teletype and cryptographic communications equipment and systems.

1960

June Anker of South Holland, Illinois, has been approved for a National Institute of Mental Health Traineeship for the 1963-64 school year.

Marshall G. Elzinga, graduate student at the University of Illinois Department of Physiology and Biophysics, has been awarded the Porter Fellowship, awarded by Harvard Apparatus Company. The fellowship, awarded for a two-year period, provides $3,600 per year plus allowance for dependents. It is in honor of the company's founder, the late Prof. William T. Porter of Harvard University.

Mr. Elzinga's research is in cellular physiology. For two years he held a teaching assistantship in physiology and since last June has held a traineeship from the United States Public Health Service.

Lorraine Hellenga, a member of the Hope chemistry faculty, is taking part in a summer chemistry research program at the University of Colorado in Boulder. The program is supported by a National Science Foundation Grant.

Leo Griffis Kortering is one of two, selected from the sixty-some musicians who comprise the International Symphony Orchestra of Port Huron and Sarnia, to receive scholarships from the Port Huron Symphony Association to the National Music Camp at Interlochen, Michigan.

Herman H. Maertens was ordained into the Lutheran ministry on June 6. Thereupon he assumed his duties as an assistant minister at Gloria Dei Lutheran Church, Huntington Station, L. I., New York.

Thomas L. McCarthy joined the Kool-Aid/S.O.S. Division of General Foods Corporation in Chicago in August, 1961 as a Product Assistant. He was transferred to corporate headquarters in White Plains, New York in June 1962; promoted to Promotion Planning Assistant, Kool-Aid and Kool-Pops in December, 1962.

Jan L. Robbert has received a National Defense Graduate Fellowship for three years of study in English at the University of Kentucky, at $9,000 a year, beginning in the fall of 1963.

Robert J. Thompson who has been a counselor in the California School for the Deaf in Berkeley, is going to Gallaudet College, Washington, D.C., on a fellowship in the fall. He will be working on his masters degree in special education, primarily among the deaf.

1961

James E. Betke was one of 7 to receive first year law scholarships to the University of Chicago from the Weymouth Kirkland Foundation. He will enter law school in the fall.

Linda Bruin has been accepted as a student to the International Graduate School for English-speaking students at the University of Stockholm. She is planning to attend.

Jerry L. Hill has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School at Tinker AFB, Oklahoma. He is being reassigned to Montauk Air Force Station, New York, for training as a weapons control officer.

John Hubbard who teaches German in Whitehall has been accepted as a participant in the NDEA Summer Institute in Bad Boll, Germany, under the auspices of Stanford University. A nine week program of travel and study, the Institute is designed to strengthen skills and knowledge in linguistics, methods and techniques, and culture and civilization.

John E Parkes, Jr., with the U. S. Army on the Island of Taiwan, is being transferred to Bangkok, Thailand, in October. He says he had the good fortune to meet Rev. Ted Bechtel '57, a missionary to the Taiwanese, a few weeks ago.

George Steggerda graduated from Michigan State University in January 1963 and is a Junior Probation Officer in Ottawa County.

Emily Hradek has been accepted by the Peace Corps to teach English in secondary schools in Turkey. On June 14 she began her training at Georgetown University. The training includes language study plus intensive study of the history, customs and so forth of Turkey. She has been granted a two year leave from Morton High School in Cicero, Illinois, where she has taught for two years.

1962

Paul Hesselink has received an assistantship at Ohio State University amounting to $1500. He will study organ with Dr. Wilbur Held.

Ingrid von Reitzetenstein will teach French and German in Warren Township High School in Gurnee, Illinois. She travelled to Europe following graduation in 1962 and has been working since her return in Highland Park, Illinois. She is doing her practice teaching this summer at Lake Forest College.

Marriages

Lowell A. Seymour '61 and Leona C. Jansen, April 19, 1962, Wayne, N. J.

Nancy N. Meerman '61 and George Steggerda '61, March 9, Coopersville.

Robert W. Looyenga '61 and Marilyn E. Fugazzotto '61, June 29, Olean, N. Y.

Marcia Anderson '62 and Gerald L. DeGroot, June 29, Muskegon.

Herman H. Maertens '60 and Ruth Ann Mason, July 6, Easton, Md.

Martin J. Riekse '58 and Judith Ann Nienhuis '61, June 29, Overisel.

Celeste Tigelaar '55 and Robert F. Williams, June 28, Monterey Park, Calif.

Anne Wiegerink '60 and Charles A. Anderson, June 29, Ridley, Pa.

Paul J. Brat '59 and Nancy Elaine Johnson, June 22, Iron Mountain.

DEATHS

Rev. Bernard Van Heuvelen '99 died at his home in Huron, South Dakota on April 25 at the age of 94. Born in Holland, Michigan, he moved to Dakota Territory with his parents in 1889, the year Dakota was divided into two states and admitted into the Union. After graduation from Northwestern Academy in 1895 and Hope College, he graduated from Western Seminary in 1902. As a minister of the Reformed Church in America he served churches in Michigan, Kansas, Iowa, Washington, and North and South Dakota. In October 1957, at the age of 89, he preached his final sermon at the Westfield, N. D. church, occupying the pulpit twice that day. He is survived by four children: Mrs. August Lenke, Huron, S. D.; Mrs. Kenneth Stober, Norwalk, Conn.; Willis Van Heuvelen and Harold Van Heuvelen '14, both of Bismarck, N. D.

Marie Meyer Koster '18 of Grand Rapids, died at her home on May 12 at the age of 69. She was the widow of Reverend Edward H. Koster '18 who died October 22, 1960, at the age of 67. Mrs. Koster served with her husband in pastorates in Iowa, New Jersey, Illinois, Wisconsin, and Michigan. They settled in Grand Rapids in 1950 where the Rev. Mr. Koster served Smith Memorial Congregational Church, Fountain Street Church and the Alcoholics Rehabilitation Center. They were charter members of the Mayflower Congregational Church.

Mrs. Koster had taught elementary school in Grand Rapids, East Grand Rapids and Wyoming Township. She is survived by a son, Edward Koster '44, M.D. of Toledo, and a daughter, Janet Koster Albrecht of Chicago.

Miss Mary McLean '49 died on May 14 in Holland Hospital after being stricken with a cerebral hemorrhage at her home. She was 36 years old. Born in Holland, she had lived her life here except for a period of graduate work at Michigan State University. At the time of her death she was assisting in the Herrick Public Library.

Miss McLean had just been elected vice-regent of the Elizabeth Schuyler: Hamilton chapter of the Daughters of the American Revolution. She was active in community affairs, particularly with the Young Republicans and had been a worker in the gubernatorial campaign for Governor Romney. She organized the Romney girls in Holland during that campaign. She was a member of Hope Reformed Church.

She is survived by her mother, Rena Raven McLean '15; her maternal grandfather, John H. Raven, and several aunts and cousins.

Caroline Bogards McNeil '12 died in her sleep at her winter home in Bradenton, Florida, January 31. Her husband Earle McNeil, who survives her, formerly had been a mathematics teacher in Jackson High School. During their residence in Jackson Mrs. McNeil was active in the Women's Society of Christian Service of the First Methodist Church and had taught a Sunday School Class for women in that church for many years. She also was active in the United Church Women and Women's Christian Temperance Union of Jackson. Before her marriage she taught in Oxford and Tecumseh High Schools. At the time of her death, the McNeils also had a home in Tecumseh.

Mrs. McNeil is survived by a son, Charles, and three grandchildren of Pullman, Washington, besides her husband.

James M. DeVries '52 died July 5 following a heart attack he suffered while at work at the Ottawa Beach Food Center. A native of Detroit, Mr. DeVries had lived in Holland for the past 90 years. Since his graduation from Hope College he had been a teacher in Benton Harbor, Grandville and, for the past four years, in Zeeland. He was a member of Sixteenth Street Christian Reformed Church and a member of the American Legion Band.

His wife, LaMae, one son, Thomas Marvin, and his mother, Mrs. Marvin DeVries, all of Holland, survive him.

Marthena Bayles Bosch '26, wife of Randall C. Bosch '26 of Holland, died at Holland Hospital July 15 following a lingering illness. Mrs. Bosch, noted for her family, church, and community interests, was a past president of the Women's League of Hope College, Women's Literary Club, Century Club, and the Women's Aid Society of Hope Church. A long time member of all these organizations, she was also a member of the DAR.

Surviving besides her husband are three sons, Rev. Randall B. Bosch '53, Brielle, N. J.; Theodore B. Bosch '56 and David C. '58, Holland; two daughters, Mary '62, Midland, and Marthena of Holland; five grandchildren, one brother, Dr. Theodore B. Bayles of Weston, Mass.

MICHIGAN DUNES

Tempting dunes of seeping sand
Rise along the wave-scarred strand;
Naked breasted, our descent
Matched young otters pleasure-bent,
When we felt inclined to play,
Students on a holiday.

Climbing dunes in sober mood
Brought us back our fortitude;
Waves upon the mighty lake
Banished each defeat and ache;
Through the furrows bathed in spume
We could see our futures bloom.

Here we slept in fitful lulls,
Saw a cradled flock of gulls
Rocked upon the darksome surge,
Sensed a flash of primal urge
That we could be always free,
Granted loin-cloth liberty.

New President Alumni Board

Lamont Dirkse '50 was elected President of the Alumni Association at the annual June meeting. He has represented the Muskegon Club on the Board since 1959, and has been Vice-President since 1961. He succeeds Donald L. Ihrman '49 who served the two years allowed by the Constitution.

Following graduation from Hope, Lamont went to Northwestern University and received his M.A. degree in 1951. Since then he has been in school work, as teacher and administrator, in the Grand Haven Area. He started in Ferrysburg Junior High School as a teacher in 1951, moved to Grand Haven Junior High in 1954, and on to Principal of Central Elementary School in Grand Haven from 1955 to 1963. This fall he is taking a new position as Coordinator of Elementary Student Teachers in the Muskegon area for Western Michigan University. In addition to the supervising of student teachers, he will be instructing two classes at Muskegon Community College.

During this summer, Lamont is Assistant Director of Community Resources Workshop, Michigan State University, Grand Haven area.

His professional activities have included being representative to the National Department of Elementary School Principals for the state of Michigan, and recipient of the Grand Haven Education Association Honor Award for 1963.

The Dirkse family includes Ruth DeGraaf Dirkse, Lamont's classmate at Hope College, and a son, David, 12 years old; two daughters, Susan, 7 and Nancy 4.

Hope Presented Historical Marker

A marker relating the history of Hope College was unveiled and dedicated at a special Heritage Convocation on May 24 at Graves Place and College Avenue. Hope students and representatives of Holland organizations attended.

Dr. John W. Hollenbach, acting president, accepted the marker, presented to the college by the Michigan Historical Commission. Willard C. Wichers '31, president of the commission, made the presentation.

Dr. Wynand Wichers '09, president of Hope College from 1931 to 1945, gave an address on the highlights of Hope's heritage at a ceremony preceding the unveiling in Dimnent Chapel.

The marker, viewed from the campus, stands at the right of the gate in front of Graves Hall. The history of Hope College is embossed on both sides.
