hope college annual report 1970–1971
The Changing Scene

The educational scene has changed at an unbelievable rate over the past two years. Graduates of 1971 find the job market crowded rather than offering a variety of choices as it did for the 1969 graduate. Expanding enrollments were predicted two years ago and now many institutions, fearing decreased enrollments, are struggling for survival.

These external problems may have some far-reaching effects on the educational practices within the colleges. Recently, U.S. Commissioner of Education, Sidney P. Marland, Jr. said, "I am convinced that man does live by values, that teachers hold values, parents hold values, that the pseudo-scholarly disdain of values has run its course. I do not ask that we impose our values or coerce their adoption, but by Heaven, if teachers hold deep beliefs they should be free to make them known. Morality is a good word. I have a notion it may be re-emerging with respectability. I think the young want to know it—need it. We should not hold it back."

Emphasis on Values and Competence

The emphasis in education today is clearly more favorable toward the field of values. If we are to escape from the leadership of tight-lipped clever men, we must avoid giving our young people an education devoid of sympathy and insight. We must not only know how to teach, but what to teach. And where can you find institutions of higher learning more qualified to teach values than the liberal arts church-related college such as Hope.

Higher education in general has separated fact from value. Many in the past have said that education cannot be objective, creative, innovative, open-ended, if it is committed. Education in the 1970's will be less detached and more committed to the values the Christian educator has always stressed.

Hope College insists that a recognition of the nature of reality is not enough. Education is a moral enterprise; it is concerned with the "ought." Consequently, the student is constantly being urged, as he explores, to evaluate and to commit himself to some ultimate worth and around which he can organize his life. The College does this explicitly by asking its students to examine the various creeds and beliefs which have preceded them. Recognizing that values are acquired and strengthened, often by experiences other than the formal education process, it seeks to be a Christian community in action. Although it never completely succeeds, it looks upon this as its constant challenge.

We believe in the importance of helping our students gain the special competencies they will need to carry out their unique vocations in this complex and specialized society. To achieve such understandings as well as to develop these competencies, Hope College believes it is important for the student to refine and sharpen his intellectual tools; his power of reasoning, his ability to comprehend, to express himself in word and number, and his sensitivity to the world of line, color, sound and movement as found in nature and the arts.
An Expanded and Strengthened
Curriculum

During the past year, extensive changes have been
made in the College course offerings. The Depart-
ment of Religion has completely revised its course
offerings, grouping these courses into a series of di-
visions of study, including basic studies in religion,
Biblical studies, historical studies, theological-philos-
ophical studies in world religion, and religion in a
culture. The Departments of Sociology and Educa-
tion have greatly strengthened both their staff and
their course offerings, seeking more effective ways
of meeting changing student needs. Studies in the
field of oceanography and ecology have been de-
developed jointly by the Departments of Geology,
Biologv and Chemistry. The Institute on Environ-
mental Quality was formed and is engaged in exten-
sive studies of the environment with support from
the Kellogg Foundation. The Psychology Depart-
ment has reached deeply into the field of experi-
mental psychology and Hope now has one of the
most complete series of course offerings in animal
behavior to be found in the liberal arts colleges.
The Baker Trust Fund has honored Hope College
as the only college in Michigan to receive funding
for students majoring in the field of Business Ad-
ministration and Economics. The new Chapter of
Phi Beta Kappa was installed this year on the cam-
pus, again bringing coveted recognition of the ex-
cellence of Hope's overall educational program.
Eight members of the faculty have received substan-
tial grants from a variety of sources which will en-
able them to pursue postdoctoral studies and re-
search throughout the world during the 1971-72
college year.

It is the overall purpose then of the Hope aca-
demic program to preserve and foster the best of
our past history and to seek new and more effec-
tive ways to provide an education rooted in the
past, but focused upon the current and future needs
of our developing society.

The Campus
Community

This has also been a most interesting year outside
of the classroom on Hope's campus. The more than
2,000 students have played a vital part in bringing
about an evolution. Change has been accommodated
without loss of character.

Many of us were apprehensive about the discon-
tinuance of compulsory chapel last fall, but there
was a determination on the part of some to main-
tain the Christian character on the campus. That
determination was evident this year as we saw the
growth of Bible study groups, prayer breakfasts and
a Religious Emphasis Week that brought John Guest
to our campus. Students and faculty responded in a
very positive way. Plans are being laid to recapture
this enthusiasm in the fall and build on it.

In response to requests of students and faculty
for more opportunities to express themselves in the
governance of the College, a model community gov-
ernment has been established. It's cumbersome and
sometimes inefficient, but it brings faculty, students
and administrators together. It also provides oppor-
tunities to witness, to share and to develop responsi-
bale citizens in our community. It provides opportu-
nities for all of us to struggle responsibly with the
question of how character and change can be com-
bined.

In the area of social activities, students are not
suggesting that we throw away all of our traditions.
All you have to do is come to our annual Freshman-
Sophomore Pull, the Nykerk Cup Contest, Home-
coming, May Day, and you will see that they come
in response to these activities in greater numbers
and with the same wholesome attitudes.

In the final analysis, the standards of a community,
whether they be in a classroom, a residence hall or
in the social activities, are determined by the spirit
of the people who make up the community.
New Buildings
Change Campus Profile

Physical progress is also very evident on campus. During Homecoming weekend 1970, the Wichers addition to the Nykerk Hall of Music was dedicated. Members of the Second Reformed Church of Kalamazoo pledged $100,000 toward this building. Dr. Wynand Wichers, President Emeritus of Hope College and for whom the building is named, attended the ceremonies, one of his last public appearances before his recent death.

The DeWitt Cultural Center will be dedicated later this year. This $2.9 million facility will provide Hope College with an excellent theatre auditorium and excellent areas for student recreation. Over $700,000 has been contributed by Dick and Jack DeWitt to enable the College to undertake this great addition. The Reformed Church Development Fund has also been instrumental in bringing this project to completion.

A Dutch classic tracker organ valued at $42,500 was graciously donated by Mr. and Mrs. Edsko Hekman to Hope College. Professor Roger Davis played the dedicatory concert on this organ which has been installed in the balcony of Dimnent Memorial Chapel.

Presently, funding is being sought for the Academic-Science Center. Hope College has received a government allocation of $3,000,000, consisting of a $1,000,000 grant and a $2,000,000 long-term, low interest loan. The Kresge Foundation has pledged $500,000, challenging Hope to raise a matching amount by September 15, 1971. Approximately $300,000 has been raised and the remaining $200,000 is currently being sought through a science alumni memorial drive to honor Drs. Kleinheksel and Van Zyl, through solicitation of selected Reformed Churches and through various foundations and corporations. When the $4,000,000 funding is completed, construction will start.

Annual Fund solicitations will also be continued. Over $700,000 is contributed yearly to the operational fund of Hope College. One-third is received from alumni and friends, about one-third from the churches and the final one-third from corporations and foundations.

An enriched capital funds project is anticipated during this coming year to obtain the funds necessary to complete the ten-year plan for development. The long-awaited Physical Education Center will be part of this endeavor. A loyal constituency will make it possible for Hope College to continue to move forward.
Hope is completing a truly successful year. We have been spared any type of campus crisis; we are witnessing a revival of spiritual emphasis and we are hoping for a balanced budget. Surely, this must represent utopia for the responsible administrator.

Since the resignation of Dr. VanderWerf, Hope has operated with an Executive Council in lieu of a President. The Executive Council is comprised of five men: Dr. William Vander Lught has served as Chancellor and as Presiding Officer at official functions of the College; Dr. Morrette Rider, Dean for Academic Affairs, has guided the academic program of the College; Mr. Robert De Young, Dean of Student Affairs, has strived for purpose in the out-of-classroom life of students; Dr. William DeMeester, Assistant to the President for Planning and Development, has been responsible for the representation of Hope College to its publics and Mr. Clarence Handlogten, Treasurer and Business Manager, has chaired the Executive Council and served as final decision maker. This rather unorthodox system of governance has served as superbly while a nine-member Presidential Search Committee, chaired by Mrs. Norman Vincent Peale, has searched for presidential candidates.

The Executive Council has met weekly and other times as needed, and has concerned itself with the overall implementation of policy as it is established by the Board of Trustees and the faculty/student committee system.

With guarded optimism, a balanced budget is anticipated for the current fiscal year. With the favorable outcome of last year, as reported in this Annual Report, the College's general and operating fund is in balance and Hope is among the few private colleges that can make such a claim. Continued inflationary pressures directly affect Hope College and every effort is needed to improve the support of our programs. While progress has been made in recent years, the need for additional facilities is unquestionably one of the most pressing needs at Hope College.

The pressures financially are great, but we are dealing with them responsibly with growth and improvement in all areas of the College's activity. We are pleased with our accomplishments and our present situation. We know you share in our pride in Hope College. We offer our thanks to each of you with very special gratitude to all of our loyal area alumni chairmen, to Harvey Buter, chairman of the Holland Community Campaign and to Jack DeWitt, chairman of the Zeeland Community Campaign for the work and the leadership shown by each enlisting financial support for our College. We covet your continued support and good will.

Dear Fellow Alumni and Friends,

The next several pages of this report list the largest number of Hope alumni and friends to participate in the Hope College Annual Alumni Fund. That is the exciting and significant story of this 1970 Annual Fund Report.

I say it is exciting and significant because this loyal support assures the continuation of Hope College as a private, church-related college. Through this financial support we have made a choice. We have chosen to strengthen a free and independent institution which will educate our young people in the liberal arts tradition and within the context of the Christian faith.

I am confident, as I am sure you are, in the future of our Alma Mater. As it is within our purpose, it is within our power to keep Hope College strong and influential.

Very truly yours,

John C. Schrier, President
Hope College Alumni Association

A note about Annual Fund record keeping --
Your contributions are carefully recorded and receipts are mailed to you as soon as possible. If you contribute more than once during the year, a cumulative total is credited to your name for each calendar year. Should you lose a receipt or wish any information regarding your gifts (for income tax purposes, for example), please contact the Alumni Office by mail or phone.
